

Metal-Nonmetal Transitions in Expanded Liquid Metals .....		
.....N. E. Cusack	81	
Metal-Nonmetal Transition in Liquids .....	Hirohisa Endo	100
Metal-Nonmetal Transition in Metal Solutions ....	Yoshio Nakamura	125
A Lattice Model of Liquid Metal— <i>Wilson-Type Transition in</i> <i>Divalent Metals</i> — .....		
.....Tohru Ogawa, Shigetoshi Nara and Takeo Matsubara	140	
Metal-Nonmetal Transition and Annealing Effects on Electrical Conduction in the Mercury-Argon System .....		
.....Haruo Nakajima, Ryoichi Hanawa and Kazuaki Sajiki	150	
On the Nature of Bi in Molten Bi-BiI <sub>3</sub> Mixtures and In in Molten In-InI <sub>3</sub> Mixtures.....	Kazuhiko Ichikawa	156
Metal-Nonmetal Transition in Si:P .....	Wataru Sasaki	169
A Computer Study on the Metal-Nonmetal Transitions in Heavily Doped Semiconductors .....		
.....K. A. Chao, A. Ferreira da Silva and R. Riklund	181	
Theoretical Model on the Interplay of Disorder and Electron Correlations .....	Hiroshi Kamimura	206
Localization of Eigenstates in One-Dimensional Disordered Systems .....	Masaki Goda	232
Numerical Calculation of the Electrical Conductivity of the Anderson Model— <i>Three-Dimensional Model</i> — .....		
.....Komajiro Niizeki	247	

### Supplement No. 73 (1982)

<i>Electroweak Theory</i> — <i>Frameivork of On-Shell Renormalization</i> <i>and Study of Higher-Order Effects</i> —....	Ken-ichi Aoki, Zenrō Hioki, Rokuo Kawabe, Michiji Konuma and Taizo Muta	1
1. Introduction .....		4
2. Structure of Electroweak Theory .....		13
3. On-Shell Renormalization in Electroweak Theory. 1. ....		49
4. On-Shell Renormalization in Electroweak Theory. II .....		100
5. Electroweak Radiative Corrections to Leptonic Processes. ....		140
6. Order $a$ Corrections to Physical Quantities .....		166
7. Brief Survey of Studies on Electroweak Radiative Corrections. ....		177
8. Conclusion and Outlook .....		184
Appendices .....		188
References .....		220
Contents to Supplements 1981 & 1982 .....		i
Author Index to Supplements 1981 & 1982 .....		iv
