COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS  
INTERNAL SECURITY

Offices receiving copies of this letter are instructed to immediately establish a control file, captioned as above, and to assign responsibility for following and coordinating this new counterintelligence program to an experienced and imaginative Special Agent well versed in investigations relating to black nationalist, hate-type organizations. The field office control file used under this program may be maintained in a pending inactive status until such time as a specific operation or technique is placed under consideration for implementation.

The purpose of this new counterintelligence endeavor is to expose, disrupt, misdirect, discredit, or otherwise neutralize the activities of black nationalist, hate-type organizations and groupings, their leadership, spokesmen, membership, and supporters, and to counter their propensity for violence and civil disorder. The activities of all such groups of intelligence interest to this Bureau must be followed on a continuous basis so we will be in a position to promptly take advantage of all opportunities for counterintelligence and to inspire action in instances where circumstances warrant. The pernicious background of such groups, their duplicity, and devious maneuvers must be exposed to public scrutiny where such publicity will have a neutralizing effect. Efforts of the various groups

RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS

to consolidate their forces or to recruit new or youthful adherents must be frustrated. No opportunity should be missed to exploit through counterintelligence techniques the organizational and personal conflicts of the leaderships of the groups and where possible an effort should be made to capitalize upon existing conflicts between competing black nationalist organizations. When an opportunity is apparent to disrupt or neutralize black nationalist, hate-type organizations through the cooperation of established local news media contacts or through such contact with sources available to the Seat of Government, in every instance careful attention must be given to the proposal to insure the targeted group is disrupted, ridiculed, or discredited through the publicity and not merely publicized. Consideration should be given to techniques to preclude violence-prone or rabble rouser leaders of hate groups from spreading their philosophy publicly or through various mass communication media.

Many individuals currently active in black nationalist organizations have backgrounds of immorality, subversive activity, and criminal records. Through your investigation of key agitators you should endeavor to establish their unsavory backgrounds. Be alert to determine evidence of misappropriation of funds or other types of personal misconduct on the part of militant nationalist leaders so any practical or warranted counter-intelligence may be instituted.

Intensified attention under this program should be afforded to the activities of such groups as the Student Nonviolent Coordinating Committee, the Southern Christian Leadership Conference, Revolutionary Action Movement, the Deacons for Defense and Justice, Congress of Racial Equality, and the Nation of Islam. Particular emphasis should be given to extremists who direct the activities and policies of revolutionary or militant groups such as Stokely Carmichael, H. "Rap" Brown, Elijah Muhammad, and Maxwell Stanford.

At this time the Bureau is setting up no requirement for status letters to be periodically submitted under this program. It will be incumbent upon you to insure the program is being afforded necessary and continuing attention and that no opportunities will be overlooked for counterintelligence action.

This program should not be confused with the program entitled "Communist Party, USA, Counterintelligence Program, Internal Security - C," (Bufile 100-3-104), which is directed

against the Communist Party and related organizations or the program entitled "Counterintelligence Program, Internal Security, Disruption of Hate Groups," (Bufile 157-9), which is directed against Klan and hate-type groups primarily consisting of white memberships.

All Special Agent personnel responsible for the investigation of black nationalist, hate-type organizations and their memberships should be alerted to our counterintelligence interest and each investigative Agent has a responsibility to call to the attention of the counterintelligence coordinator suggestions and possibilities for implementing the program. You are also cautioned that the nature of this new endeavor is such that under no circumstances should the existence of the program be made known outside the Bureau and appropriate within-office security should be afforded to sensitive operations and techniques considered under the program.

No counterintelligence action under this program may be initiated by the field without specific prior Bureau authorization.

You are urged to take an enthusiastic and imaginative approach to this new counterintelligence endeavor and the Bureau will be pleased to entertain any suggestions or techniques you may recommend.

# Memorandum

TO : SAC (100-10382)

FROM : SA GUY HILL COX, JR.

SUBJECT: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS  
INTERNAL SECURITY

DATE: 10/25/67

ReBulet to Albany 8/25/67.

A recent survey conducted by this office during August and September, 1967, failed to reveal the existence of any chapters of SNCC, CORE or RAM in North Carolina. The only black nationalist type group known to be operating in North Carolina is the Nation of Islam, with mosques located in Charlotte, Durham and Winston-Salem.

It does not appear, at the present time, that a suitable opportunity exists for a counterintelligence endeavor against the NOI. However, this case should be reassigned to SA WALTER MCDONALD, who handles the NOI, and who is in a position to detect a counterintelligence opportunity against the NOI.

Pursuant to instructions in relet, this case is being placed in a pending inactive status at the present time, and is being reassigned to SA MCDONALD.

RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS

BACKGROUND

By letter dated 8/25/67 the following offices were advised of the beginning of a Counterintelligence Program against militant Black Nationalist-Hate Groups:

Albany	Memphis
Atlanta	Newark
Baltimore	New Orleans
Boston	New York
Buffalo	Philadelphia
Charlotte	Phoenix
Chicago	Pittsburgh
Cincinnati	Richmond
Cleveland	St. Louis
Detroit	San Francisco
Jackson	Washington Field
Los Angeles	

Each of the above offices was to designate a Special Agent to coordinate this program. Replies to this letter indicated an interest in counterintelligence against militant black nationalist groups that foment violence and several offices outlined procedures which had been effective in the past. For example, Washington Field Office had furnished information about a new Nation of Islam (NOI) grade school to appropriate authorities in the District of Columbia who investigated to determine if the school conformed to District regulations for private schools. In the process WFO obtained background information on the parents of each pupil.

The Revolutionary Action Movement (RAM), a pro-Chinese communist group, was active in Philadelphia, Pa., in the summer of 1967. The Philadelphia Office alerted local police, who then put RAM leaders under close scrutiny. They were arrested on every possible charge until they could no longer make bail. As a result, RAM leaders spent most of the summer in jail and no violence traceable to RAM took place.

The Counterintelligence Program is now being expanded to include 41 offices. Each of the offices added to this program should designate an Agent familiar with black

BLACK NATIONALIST-HATE GROUPS

nationalist activity, and interested in counterintelligence, to coordinate this program. This Agent will be responsible for the periodic progress letters being requested, but each Agent working this type of case should participate in the formulation of counterintelligence operations.

### GOALS

For maximum effectiveness of the Counterintelligence Program, and to prevent wasted effort, long-range goals are being set.

1. Prevent the coalition of militant black nationalist groups. In unity there is strength; a truism that is no less valid for all its triteness. An effective coalition of black nationalist groups might be the first step toward a real "Mau Mau" in America, the beginning of a true black revolution.
2. Prevent the rise of a "messiah" who could unify, and electrify, the militant black nationalist movement. Malcolm X might have been such a "Messiah;" he is the martyr of the movement today. Martin Luther King, Stokely Carmichael and Elijah Muhammed all aspire to this position. Elijah Muhammed is less of a threat because of his age. King could be a very real contender for this position should he abandon his supposed "obedience" to "white, liberal doctrines" (nonviolence) and embrace black nationalism. Carmichael has the necessary charisma to be a real threat in this way.
3. Prevent violence on the part of black nationalist groups. This is of primary importance, and is, of course, a goal of our investigative activity; it should also be a goal of the Counterintelligence Program. Through counterintelligence it should be possible to pinpoint potential troublemakers and neutralize them before they exercise their potential for violence.
4. Prevent militant black nationalist groups and leaders from gaining respectability, by discrediting them to three separate segments of the community. The goal of discrediting black nationalists must be handled tactically in three ways. You must discredit these groups and individuals to, first, the responsible Negro community. Second, they must be discredited to the white community,

Airtel to SAC, Albany  
RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS

both the responsible community and to "liberals" who have vestiges of sympathy for militant black nationalist simply because they are Negroes. Third, these groups must be discredited in the eyes of Negro radicals, the followers of the movement. This last area requires entirely different tactics from the first two. Publicity about violent tendencies and radical statements merely enhances black nationalists to the last group; it adds "respectability" in a different way.

5. A final goal should be to prevent the long-range growth of militant black nationalist organizations, especially among youth. Specific tactics to prevent these groups from converting young people must be developed.

Besides these five goals counterintelligence is a valuable part of our regular investigative program as it often produces positive information.

#### TARGETS

Primary targets of the Counterintelligence Program, Black Nationalist-Hate Groups, should be the most violent and radical groups and their leaders. We should emphasize those leaders and organizations that are nationwide in scope and are most capable of disrupting this country. These targets should include the radical and violence-prone leaders, members, and followers of the:

Student Nonviolent Coordinating Committee (SNCC)  
Southern Christian Leadership Conference (SCLC)  
Revolutionary Action Movement (RAM)  
Nation of Islam (NOI)

Offices handling these cases and those of Stokely Carmichael of SNCC, H. Rap Brown of SNCC, Martin Luther King of SCLC, Maxwell Stanford of RAM, and Elijah Muhammed of NOI, should be alert for counterintelligence suggestions.

#### INSTRUCTIONS

Within 30 days of the date of this letter each office should:

1. Advise the Bureau of the identity of the Special Agent assigned to coordinate this program.

Airtel to SAC, Albany  
RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS

2. Submit a very succinct summary of the black nationalist movement in the field office territory. Include name, number of members and degree of activity of each black nationalist group. Also state your estimate of each group's propensity for violence. This is for target evaluation only, not for record purposes. Second, list Rabble-Rouser Index subjects who are militant black nationalists and any other militant black nationalist leaders who might be future targets of counterintelligence action because of their propensity for violence. Include a minimum of background information on each person listed; a few descriptive sentences should suffice.

3. List those organizations and individuals you consider of such potential danger as to be considered for current counterintelligence action. Briefly justify each target.

4. Submit any suggestion you have for overall counterintelligence action or the administration of this program. Suggestions for action against any specific target should be submitted by separate letter.

5. Submit, by separate letter, suggestions for counterintelligence action against the targets previously listed as field-wide. These should not be general, such as "publicize Stokely Carmichael's travel to communist countries," but should be specific as to target, what is to be done, what contacts are to be used, and all other information needed for the Bureau to approve a counterintelligence operation.

Thereafter, on a ninety-day basis, each office is to submit a progress letter summarizing counterintelligence operations proposed during the period, operations effected, and tangible results. Any changes in the overall black nationalist movement should be summarized in this letter. This should include new organizations, new leaders, and any changes in data listed under number two above. Suggestions for counterintelligence operations should not be set out in this progress letter. Use the following captions:

1. Operations Under Consideration, 2. Operations Being Effected, 3. Tangible Results, and 4. Developments of Counterintelligence Interest. These 90-day progress letters are due at the Bureau the first day of March, June, September, and December, excepting March, 1968.

Airtel to SAC, Albany  
RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS

The effectiveness of counterintelligence depends on the quality and quantity of positive information available regarding the target and on the imagination and initiative of Agents working the program. The response of the field to the Counterintelligence Program against the Communist Party, USA, indicates that a superb job can be done by the field on counterintelligence.

Counterintelligence operations must be approved by the Bureau. Because of the nature of this program each operation must be designed to protect the Bureau's interest so that there is no possibility of embarrassment to the Bureau. Beyond this the Bureau will give every possible consideration to your proposals.

Third, these groups must be discredited in the eyes of Negro radicals, the followers of the movement. This last area requires entirely different tactics from the first two. Publicity about violent tendencies and radical statements merely enhances black nationalists to the last group; it adds "respectability" in a different way.

5. A final goal should be to prevent the long-range growth of militant black nationalist organizations, especially among youth. Specific tactics to prevent these groups from converting young people must be developed.

Besides these five goals counterintelligence is a valuable part of our regular investigative program as it often produces positive information.

#### TARGETS

Primary targets of the Counterintelligence Program, Black Nationalist-Hate Groups, should be the most violent and radical groups and their leaders. We should emphasize those leaders and organizations that are nationwide in scope and are most capable of disrupting this country. These targets should include the radical and violence-prone leaders, members, and followers of the:

Student Nonviolent Coordinating Committee (SNCC)  
Southern Christian Leadership Conference (SCLC)  
Revolutionary Action Movement (RAM)  
Nation of Islam (NOI)

Offices handling these cases and those of Stokely Carmichael of SNCC, H. Rap Brown of SNCC, Martin Luther King of SCLC, Maxwell Stanford of RAM, and Elijah Muhammed of NOI, should be alert for counterintelligence suggestions.

#### INSTRUCTIONS

Within 30 days of the date of this letter each office should:

1. Advise the Bureau of the identity of the Special Agent assigned to coordinate this program.

Airtel to SAC, Albany  
RE: COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST-HATE GROUPS

2. Submit a very succinct summary of the black nationalist movement in the field office territory. Include name, number of members and degree of activity of each black nationalist group. Also state your estimate of each group's propensity for violence. This is for target evaluation only, not for record purposes. Second, list Rabble-Rouser Index subjects who are militant black nationalists and any other militant black nationalist leaders who might be future targets of counterintelligence action because of their propensity for violence. Include a minimum of background information on each person listed; a few descriptive sentences should suffice.

3. List those organizations and individuals you consider of such potential danger as to be considered for current counterintelligence action. Briefly justify each target.

4. Submit any suggestion you have for overall counterintelligence action or the administration of this program. Suggestions for action against any specific target should be submitted by separate letter.

5. Submit, by separate letter, suggestions for counterintelligence action against the targets previously listed as field-wide. These should not be general, such as "publicize Stokely Carmichael's travel to communist countries," but should be specific as to target, what is to be done, what contacts are to be used, and all other information needed for the Bureau to approve a counterintelligence operation.

Thereafter, on a ninety-day basis, each office is to submit a progress letter summarizing counterintelligence operations proposed during the period, operations effected, and tangible results. Any changes in the overall black nationalist movement should be summarized in this letter. This should include new organizations, new leaders, and any changes in data listed under number two above. Suggestions for counterintelligence operations should not be set out in this progress letter. Use the following captions:

1. Operations Under Consideration, 2. Operations Being Effected, 3. Tangible Results, and 4. Developments of Counterintelligence Interest. These 90-day progress letters are due at the Bureau the first day of March, June, September, and December, excepting March, 1968.

**RE: COUNTERINTELLIGENCE PROGRAM**  
**BLACK NATIONALIST-HATE GROUPS**

The effectiveness of counterintelligence depends on the quality and quantity of positive information available regarding the target and on the imagination and initiative of Agents working the program. The response of the field to the Counterintelligence Program against the Communist Party, USA, indicates that a superb job can be done by the field on counterintelligence.

Counterintelligence operations must be approved by the Bureau. Because of the nature of this program each operation must be designed to protect the Bureau's interest so that there is no possibility of embarrassment to the Bureau. Beyond this the Bureau will give every possible consideration to your proposals.

The membership is estimated as follows: Charlotte - 20; Durham - 50; Winston-Salem - 6.

HOWARD LAMAR FULLER (Agitator Index subject) is employed as a "community organizer" with the North Carolina Fund, a local anti-poverty agency allegedly receiving OEO assistance. FULLER traverses North Carolina on a daily basis "conferring with" local poverty workers. In reality, it is our information that he is devoting much of his time to promoting the Black Nationalist theme. In the past 60 days his speeches have been devoid of any pretense of responsibility or moderation. He has spoken at a recent "Black Power Symposium" at Duke University and espoused Black Nationalism. Preliminarily, it appears that the Grass Roots Association of Students (GAS), headquartered in Durham and allegedly directed by HOWARD FULLER, is providing loose co-ordination for these various campus organizations. FULLER has claimed responsibility for organizing and co-ordinating the demonstrations of 2/15/68 and 2/16/68, at six North Carolina campuses by Negro students in sympathy with Orangeburg, South Carolina, students. At this juncture, it would be premature to attempt an estimate of their propensity for violence.

MARY SMITH, a Security Index subject, is the President of the Black Student Unity League (BSUL) at Johnson C. Smith University, Charlotte, N. C. She is a native of Chicago, Illinois and formerly a member of the DuBois Club of America. She resigned from this organization charging white domination. Charlotte is currently investigating SMITH and her organization in order to determine its potential for violence.

3. HOWARD LAMAR FULLER is educated (MA) and eloquent. His influence is felt in numerous North Carolina cities. He is young (26) and both of his employments provide a means and podium to evangelize his black power views. As a "community organizer" for the North Carolina Fund, he is provided an expense account as well as a reason to travel widely in the state organizing the poor of North Carolina, ostensibly to improve their lot through legitimate channels. As a part-time instructor in community organization at North Carolina College, a predominantly Negro institution, he allegedly has organized GAS and is attempting to co-ordinate the activities of Negro student activists in the state.

4. This division feels that the Bureau must strive to eliminate the facade of civil rights and show the American public the true revolutionary plans and spirit of the Black Nationalist movement and its leaders, expose and discredit them in the eyes of responsible individuals and organizations

who contribute financially to their activities as well as pay honorariums for personal appearances. It is felt that by educating state and local officials as well as the general public who are not privy to the knowledge in possession of the Bureau, these leaders could be isolated to influencing the small hard core group of revolutionaries. Charlotte would suggest that this expose could be accomplished through (1) A congressional hearing; (2) leaks to friendly news media; (3) obtaining the mailing lists and bulk mailing permit numbers of the subversive organizations and counterfeiting literature damaging to the organization; (4) fictitious letters to news media exposing their plans. Counterintelligence should also be directed against the individuals personally in an attempt to disrupt their personal and official activities and plans. The following means are suggested:

(1) Intimate knowledge of the individual's daily activities is vital to implement an effective counterintelligence campaign, and therefore, mail, trash and telephone covers as well as fisurs, should be considered in order to obtain leads for counterintelligence purposes.

(2) Prior to appearance of the individual at a campus or public function, fictitious letters should be circulated calling for extreme violence in the name of the subject speaker.

(3) Physical surveillance of the subject's motel room for immoral conduct. When such is detected, an anonymous phone call to the local Police Department and newspapers.

(4) Anonymous calls to the subject's wife alleging infidelity with his traveling companions and/or female co-workers.

(5) Selected personal appearances could be disrupted by anonymous bomb threats at the auditorium.

(6) When sufficient data is collected regarding subject's income, conferences should be had with IRS.

1. Operations Under Consideration

This Division is constantly probing HOWARD LAMAR FULLER for a weakness on which to capitalize. Attempts are being made to provide informant coverage. His gasoline credit tickets are surveyed to keep track of his State-wide travels. To date, he seems to be his own worst enemy. FULLER has a penchant for publicity similar to H. RAP BROWN of SNCC. As a result, he is one of the best known black agitators in this State. He again led a violent demonstration in Durham, N.C., in late June, 1968. This received wide publicity. He has been convicted of resisting arrest following a previous demonstration in Durham, N.C., in February, 1968. As a result, FULLER himself has destroyed his facade of a "neutral community organizer". This would have been the first goal of our counterintelligence program.

With his true revolutionary nature and mission established in the public eye, our next objective is to either neutralize his influence or uncover some illegal act and effect his arrest by appropriate authorities thereby removing him from the scene.

As cited above, his movements around N.C. are traced through gasoline credit purchases.

3. Tangible Results

It is felt that FULLER's influence has declined in the past three months. His charisma affected students and women. However, the emergence of violence in his movement has alienated many heretofore moderate followers.

Six major police departments, as well as N.C. State officials hold regular intelligence conferences on the racial situation and this division attends in an observer status. These local officials are fully aware of FULLER's activities and it is felt this conference could provide a basis for implementing a program against FULLER.

4. Developments of Counterintelligence Interest

There seems to be a lack of interest among Negroes for demonstrations and civil rights programs at this time. Two recent black student conferences held in N.C. were poorly attended. The NOI is faltering in N.C. Attendance at the Charlotte Mosque is down from a high of 100 members several years ago to approximately 15. Thus far, N.C. has experienced one of its calmest summers in recent years.

RE: COUNTERINTELLIGENCE PROGRAM

The Bureau authorized furnishing the source data on a confidential basis and the show appeared 7/7/68. A great deal of research was done by Miami Agents and it resulted in an excellent program. The show, which ended with quotes from the Director on the nature of the New Left, was so well received that the television station received requests for a film of the show by local civic groups.

As you are aware publicity about New Left and black nationalist groups, especially television coverage, sometimes enhances the stature of these groups. At the same time, Miami has demonstrated that a carefully planned television show can be extremely effective in showing these extremists for what they are. Local New Left and black nationalist leaders were interviewed on the show and seemed to have been chosen for either their inability to articulate or their simpering and stupid appearance.

Miami furnished a film of this show for Bureau review and it was apparent that the television source used the very best judgment in editing comments by these extremists. He brought out that they were in favor of violent revolution without their explaining why. But he also brought out that they, personally, would be afraid to lead a violent revolution, making them appear to be cowards. The interview of black nationalist leaders on the show had the leaders seated, ill at ease, in hard chairs. Full-length camera shots showed each movement as they squirmed about in their chairs, resembling rats trapped under scientific observation.

Each counterintelligence office should be alert to exploit this technique both for black nationalists and New Left types. Miami learned from sources that those who appeared on the show realized that it presented them in a most unfavorable light. One even complained to the television station about it. This counterintelligence operation will be of great value in the South Florida area

and the Bureau hopes these results can be duplicated in other offices. Success in this case resulted from hard work and acumen on the part of the Agents who handled the matter. Especially important was the choice of individuals interviewed as they did not have the ability to stand up to a professional newsman. The fine job of interviewing and editing done by the news people involved was also most important.

Each office should be alert to the possibility of using this technique. No counterintelligence action should be taken without Bureau authority. For your information operations of this type must be handled through reliable, established sources and must be set up so that the FBI is not revealed as the source.

Re Charlotte letters to Director dated 7/9/68,  
and 7/31/68.

1. Operations Under Consideration

In connection with HOWARD LAMAR FULLER (Agitator Index Subject), records of FULLER's telephone toll calls were received from the Durham, N. C., Police Department and investigation is presently being conducted to identify all subscribers both within North Carolina and out of state to develop his contacts. On analyzing the results of this investigation, the recommendations will be made based on available information as to what actions may be taken to undermine FULLER's effectiveness as an organizer.

Recent information received from [redacted] to the effect that GOLDEN ASRO FRINKS, Field Secretary, SCLC for North Carolina, is losing favor with the national leadership of SCLC. According to this source, a state-wide convention will be held later this year at which time efforts will be made to replace FRINKS, who is currently conducting daily demonstrations in Hyde County, N. C., in protest of a school desegregation plan accepted by Department of Health, Education and Welfare. Separate letters will be submitted concerning this matter on development of further information.

3. Tangible Results

It should be noted that according to information received, HOWARD LAMAR FULLER's foundation for community development, Durham, N. C., will expend its funds as of 10/1/68. His activities after that date should be curtailed due to lack of money for his travel expenses. This matter is being followed closely to determine the source of many new funds.

4. Developments of Counterintelligence Interest

With the start of the 1968-1969 school year and the re-opening of colleges, racial activity within the Charlotte Division should increase. It should be pointed out that there are numerous predominantly Negro institutions throughout the state, most of which have some type Afro-American organization on the college campus.

Charlotte has alerted its sources for any militant activity in this regard, and the Bureau will be kept advised.

FOIA(b) (7) - (D) is in a position to assist in any counterintelligence program mounted against GOLDEN ASRO FRINKS and to furnish detailed information concerning FRINKS. It is anticipated that if sufficient information is developed through this informant and in view of the voluminous background data in the Charlotte files regarding FRINKS, a proposal for counterintelligence activity will be made.

CE 157-6109

Charlotte was recently quite successful in a counterintelligence program concerning Klan and militant white groups wherein with Bureau permission data of a public source nature was furnished to a trusted newspaper reporter, who wrote a series of articles. It is anticipated that all development of the proper information, the same type operation can be proposed against FRINKS.

BLACK EXTREMISTS  
RACIAL MATTERS  
(BUDED: 11/7/68)

In connection with the Bureau's continuing efforts to counter violence on the part of black extremists, it appears that there may be some way in which the Chamber of Commerce (and perhaps other socially conscious organizations) can make a positive constructive contribution to society in solving this problem and thereby be of assistance to the FBI and law enforcement generally.

Each recipient must submit a letter to reach the Bureau by 11/7/68 setting forth its observations as to how the Chamber of Commerce (national and state) can make a worthwhile contribution within the law enforcement context through its associations and activities among citizens, both black and white, and through businesses in ghetto areas or otherwise. In substance, how can the facilities and good will of such an organization make its contribution in this field?

Through informants and local police department activities, Charlotte feels that an occasion may arise in the future to know the occasion when BARROW [REDACTED]

[REDACTED] and Charlotte feels that such information properly handled could result in this individual being removed as a source of agitation in the Eastern North Carolina area.

FOIA(b) (6)  
FOIA(b) (7) - (C)

[REDACTED] driving while intoxicated, second offense, should result in the immediate loss of his driver's license for probably a year, which would tend to curtail this individual's travel ability, and [REDACTED] could result in an active jail sentence, which would remove him completely from the scene of operation.

REQUEST OF THE BUREAU:

The Bureau is requested to consider and approve, if deemed advisable, the furnishing to the appropriate local and State authorities information concerning this individual [REDACTED] or while driving under the influence, which it is anticipated would result in his arrest and possibly receiving an active jail sentence.

IN RE GOLDEN ASRO FRINKS:

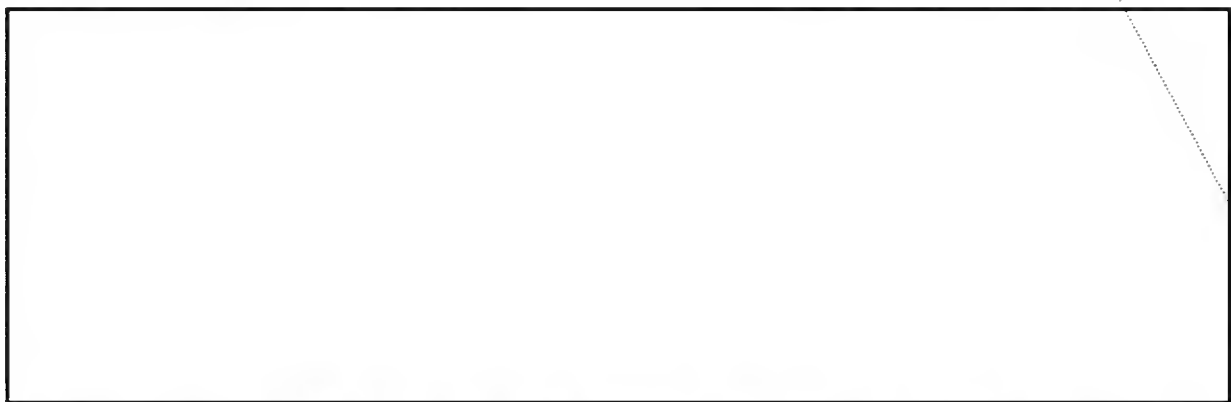

FOIA(b) (6)  
FOIA(b) (7) - (C)

Charlotte File 157-5267  
Bureau File 157-7975

This individual is on the Agitator Index of the Charlotte Division and this individual is Field Secretary and Director of the SCLC and operates primarily in the Hyde County area of North Carolina at the present time. As the Bureau is aware, this individual has been a source of considerable agitation and interference in Hyde County of the operation of the public school system. He is currently leading a boycott of Negro students of Hyde County schools, and this matter has been presented in detail to the Bureau in Charlotte file 173-622, captioned "Desegregation of Hyde County, N. C., Schools, Public Education, CRA-64 (RM) - ARL", Bureau file 173-5889.

CE 157-6109

In addition to the above, FRINKS is known to drive at excessive rates of speed in his travels from one location to another, and it is felt that through proper liaison with the N. C. Highway Patrol, FRINKS can more closely be observed in his travels, which will result in his arrest for traffic violations relating to speed. FOIA(b) (7) - (D)

According to information from [redacted] FRINKS has had some criticism from SCLC leaders concerning his school boycott operations in Hyde County, N. C.

It is felt that the successful handling of either the first or second operations listed above could likely result in charges or possible conviction and an active jail sentence, which would remove FRINKS from the area as an agitator, and at the same time, further discredit him personally and the SCLC generally in the Hyde County, N. C., area. This could lead to his further difficulty with national leaders of the SCLC.

REQUEST OF THE BUREAU:

The Bureau is requested to consider and approve, if deemed advisable, the furnishing of information to the proper authorities concerning FRINKS' [redacted] and the close [redacted]

CE 157-6109

observation of his driving habits by N. C. Highway Patrol, both of which operations are calculated to remove FRINKS from the scene of his disruption tactics, and to discredit him, and to possibly have him removed as Field Secretary and Director of SCLC.

Charlotte will take no action concerning the above counterintelligence operations pending Bureau approval.

SUBJECT: COUNTERINTELLIGENCE

RACIAL MATTERS  
(BUDED: 11/7/68)

Date: 11/6/68

ReBulet to Baltimore dated 10/21/68.

On 11/6/68, JOHN H. MC LAIN, Executive Vice-President and Secretary, and [FOIA(b)(7) - (D)] Greater Pittsburgh Chamber of Commerce, advised as follows:

The Pittsburgh Chamber of Commerce has for sometime been of the philosophy that it should endeavor to make some constructive effort to improve racial relations and to improve the climate in the ghetto areas. It was felt that crime and law enforcement was, to a considerable extent, directly related to race relations and tensions.

[FOIA(b)(7) - (D)] advised that during the Pittsburgh Chamber's initial consideration of how best their agency could constructively contribute to the general situation, he expressed the opinion the problem was similar to the efforts of this country to aid underdeveloped countries. The similarity

being that in this case the aid is needed in underdeveloped areas of our country. A substantial factor in the aid to underdeveloped countries has been the private business factor, which FOIA(b)(7) - (D) felt also applied to the underdeveloped areas of our country. Since the Chamber of Commerce is business-oriented, FOIA(b)(7) - (D) recommended that the Chamber make efforts through business to improve the climate of the ghettos and thereby improve race relations which would, in turn, work to the advantage of law enforcement.

As a result of FOIA(b)(7) - (D) expressed ideas, which became the adopted policy of the Pittsburgh Chamber, [redacted]

[redacted]  
FOIA(b)(7) - (D)

The Pittsburgh Chamber formed a Human Resources Development Committee. The purpose of this committee was to provide a means of communication between the Opportunities Industrial Center and the business-industrial sector. For this purpose, the Chamber organized an Industrial Advisory Committee to the Opportunities Industrial Center. Recognizing the need for the business sector's more inclusive interest in the economic developments of the area, as related to the minority group, the Chamber asked the Industrial Advisory Committee to the Opportunities Industrial Center to accept a dual role as also the Chamber's Human Resources Development Committee.

The projects undertaken by the Human Resources Development Committee are as follows:

1. Business Management Advisory Corps

There had been an expressed viewpoint that black-owned and/or operated businesses seemed to lack managerial know-how. The Chamber felt that experienced businessmen could be drawn upon as volunteers to advise and counsel the owners and managers of black stores and firms of accepted management methods and procedures. The use of this resource will depend on the need for the services as expressed by the prospective recipient.

## 2. Pittsburgh Industrial Show

The sponsors of the Pittsburgh Industrial Show, the Purchasing Management Association of Pittsburgh, traditionally makes a booth available to the Chamber of Commerce free of charge. During the 1968 show, the Chamber felt it could best serve the business interests of the corporate sector by having its booth used by black-owned and/or operated firms which produce articles or supply services of interest to corporate buyers. Difficulty was encountered in locating black-owned businesses; however, some were located and did exhibit with most satisfactory results.

## 3. Special Impact Program

This is a program in which the U. S. Labor Department provides funds to create employment for minority groups by promoting the expansion of existing industry into poverty areas or establishing new businesses in these areas. The committee has been considering the possibility of using the Black Management Advisory Corps, referred to above, to provide direct, short-term management guidance. In this connection also the committee has considered securing as instructors in a formal educational program to develop black management personnel, those Negroes who have already attained responsible positions in area firms.

## 4. Survey of experience of area employers regarding various private and Government organizations in the field of minority group employment.

The committee has designed a questionnaire to obtain a reading on a confidential basis of individual experience by large as well as small firms. The questionnaire has been distributed, but only limited returns have been received to date. It is intended that the results will serve to determine the extent to which an information center should be conducted by the Chamber as to subsidies available and application procedures involved. It is planned also that this questionnaire will probably furnish other information of value, the specific nature of which is not yet apparent.

5. Directory of Pittsburgh Agencies Oriented to the Urban Crises

The committee is conducting a survey to determine the interest in a directory of this type.

6. Cooperation of the Chamber with a local television station in a continuous showing of seven urban crises type films to selected community leaders.

A local television station prepared seven one-half hour programs as a public service on the urban situation. It was felt that these films could be additionally used, other than for television time, in that they would provide an opportunity for a meeting of community leaders involved with the racial problems and urban crises. This meeting proved most beneficial.

From the above, it is apparent that the Pittsburgh Chamber has a definite, active program geared to its interests and capabilities. It is not apparent at this time how specifically the Pittsburgh Chamber could successfully be utilized in a counterintelligence effort; however, this possibility is not being ruled out. Both MC LAIN and FOIA(b)(7) - (D) were most cooperative and it is planned to maintain contact with these individuals. It is planned that FOIA(b)(7) - (D) will be considered as a potential racial confidential source since it appears that certain racial type information comes to his attention by virtue of his position with the Pittsburgh Chamber and his involvement in this program.

Information copies are furnished to designated offices inasmuch as it is believed this information may be of possible interest.

The deepening schism within the Negro community over tactics and goals, gleefully fostered and distorted by insensitive and irresponsible news media, is headed toward a major internal crisis requiring each of us to stand up and be counted. Differences among black folk in this country are not new, but a new ingredient has been added—the attempt by a small minority of black extremists to force compliance with its views and tactics. This nihilistic minority professes disdain for all "white" values while at the same time invoking and utilizing, as instruments of controversy, the worst practices of the most benighted stratum of white society, to wit, obscene name-calling, threats, intimidation, suppression of opposing views and violence.

The emergence of this swaggering band of black extremists demanding abandonment of democratic methods and goals and a reversal of the trend toward integration must be met head-on by the vast majority of Negroes who reject the minority's tactics and goals. To be sure, the new mood has been generated by white America's historic racism. In turn, the new black mood nurtures further white racism.

Campaigning in New York City last month, Senator Edmund S. Muskie, the Democratic nominee for Vice President, challenged responsible people of both races to speak up. "We must break through the terrible cycle of action and reaction, assault and counter-assault, hatred and response to hatred," he said.

"The only way to break this vicious cycle," Senator Muskie continued, "is for the moderates in both communities to cope with the merchants of hate and violence within their own ranks. To date, the moderates—both black and white—have been too silent."

On our part, as on the part of white folk, there is urgent need for strong and unequivocal re-affirmation of our commitment to the democratic processes as a means of attaining, here in our homeland, full, equal and unfettered rights for America's 22,000,000 black folk. This means a repudiation of the nihilism of the extremists who are shrilly and insistently espousing apartheid; racism, including anti-Semitism; intimidation and violence.

Most fatuous of the extremists' exhortations is the call for "black revolution"—the seizure of power by the Negro minority. Any revolution remotely possible in this country at this time would not be one that advances the position and cause of Negroes. Rather it would be a revolution of the Right suppressing not only the black community but also curtailing the basic liberties of the total society.

Repeated surveys and polls by reputable and impartial opinion testers show that this minority misrepresents the true views and aspirations of the majority of the nation's Negro population. A September, 1968, survey by the Columbia Broadcasting System found that the "great majority of Negroes still want integration and want to achieve equality through legal means. Only a very small minority of Negroes approve of violent tactics, nine out of ten in the survey expressing disapproval of violence to achieve equality."

Notwithstanding the evidence that the Negro masses remain committed to the program and tactics which have brought substantial gains in the struggle for equality, the voices within the Negro community which publicly express this majority view have been few and, often, lonely. Partly this has been because of a tendency on the part of the news media to by-pass spokesmen for the majority and to project the minority spokesmen as the authentic voices of the Negro community. There is the additional factor that responsible leaders who speak out against the extremists have been subjected to threats of violence. Moreover, Negro leaders have traditionally been reluctant to speak out publicly in opposition to other black spokesmen.

But the time has come for speaking out loud and clear lest the entire race be branded as hate-mongers, segregationists, advocates of violence, and worse. The silent majority must let its views be known not merely in polls but also in print, on the rostrum, and via radio and television. The time for silence or muted voices is past. The extremists must be answered promptly and forthrightly in the name of the majority. Their racism and anti-Semitism

condemned and repudiated. The infantism of their "governments-in-exile" exposed and scorned. Their advocacy of Jim Crowism rejected as retrogressive. Their suicidal call for violence disavowed.

In a message to the founding conference of the National Association for the Advancement of Colored People in 1909, William Lloyd Garrison expressed the hope "that the Conference will utter no uncertain sound on any point affecting the vital subject. No part of it is too delicate for plain speech."

So it is today. Let there be "no uncertain sound" on the issue confronting us. To make the record clear, let us repeat again and again so that none need be unaware of the Truth: Block America rejects and condemns separation, racism, intimidation, suppression of free speech, and violence. Let it be known that the preachers of hate, the defeatists afraid to compete in the open market, the name callers who substitute epithets and slogans for reason, the exhorters who summon Negro youth to death in futile shoot-outs with the police and the military—let it be known that these media-created "leaders" are not our spokesmen.

Dissent, protest and militancy, yes. Intimidation, disruption, suppression of free speech, extremism and violence, no!

The time to speak up in no uncertain terms, to rally the silent black majority to a constructive program of responsible militancy and resistance to extremism, is now. Tomorrow may be too late.

from "The Crisis," magazine of the National Association for the Advancement of Colored People. This article condemns black nationalist extremists and is one of the first such condemnations by a responsible civil rights organization. The article received some notice in the regular press when it was published.

The Bureau feels this article may be of use in contacting potential sources, to show how responsible Negroes reject violence in racial matters. The article may also be of counterintelligence use. For example, in cases where we might want to alert an individual or organization to the extremist nature of some black nationalist group, we might also want to use the editorial to justify opposing extremists.

Any suggestions for counterintelligence use of the enclosed article should be submitted to the Bureau for approval. The article may be used as necessary in contacts with racial sources or potential sources.

ReBulet to Baltimore dated 11/25/68.

For the information of those offices which were not in receipt of referenced letter, instructions contained therein placed a requirement upon those offices to submit a letter to the Bureau under the counterintelligence caption every two weeks. The biweekly letter consists of proposed counterintelligence measures aimed against the BPP and accomplishments obtained during the previous two-week period. This requirement is now being extended to additional offices which have pending cases on the BPP. Those offices listed below which do not have pending BPP cases should so advise the Bureau.

For the information of all recipient offices, the BPP has publicly embarked on a series of steps designed to create a new and better image of itself. As part of this program, Bobby Seale, BPP chairman, has announced he is conducting a purge of the party. This purge includes expelling "Police agents" (police informants) from the BPP. Furthermore, a San Francisco informant has advised that BPP leaders are talking about "cooling it" for a while because of unfavorable press and fear of informers.

RE: COUNTERINTELLIGENCE PROGRAM

This presents an opportunity to further plant the seeds of suspicion concerning disloyalty among ranking officials in order to further disrupt and exploit BPP fears in this regard. This should be done in such manner as to preclude endangering Bureau informants; moreover, counter-intelligence in this regard should throw off suspicion from Bureau informants and should be aimed at those BPP officials who, for some reason or other, are already suspect.

The "Central Committee" of the BPP is attempting to assume total power over BPP affairs on a national scale, to the exclusion of BPP leaders in other parts of the country. This is a sensitive area since many local BPP leaders such as Joudan Ford of New York, Bobby Rush of Chicago and other local leaders present leadership, speaking and potential abilities which are more impressive than those of Bobby Seale.

Additionally, the spending of BPP funds by officials of that organization is a sensitive point among BPP members which presents an exploitable avenue for counterintelligence action.

These and other vulnerabilities of the BPP should be the subject of hard-hitting imaginative counterintelligence proposals which will render this black extremist organization ineffectual. You are again reminded that all counterintelligence actions must be approved at the Bureau prior to taking any steps to implement them. The next biweekly letter in this matter is due at the Bureau by 2/3/69 for those offices previously required to submit same.

COUNTERINTELLIGENCE PROGRAM  
BLACK NATIONALIST - HATE GROUPS  
RACIAL INTELLIGENCE  
BLACK PANTHER PARTY (BPP)

Re Director letter to Albany, 1/30/69.

The Black Panther Party (BPP) within the Charlotte Division consists of chapters being in the organizational stages in Charlotte and Greensboro, N. C. At Charlotte, the group consists of approximately five members, one of whom is an informant. This group is making no organizational efforts at this time or attempting to gain new members and has not been chartered by the National BPP Organization. At Greensboro, there are approximately fourteen members or persons who have attended organizational meetings of the BPP, one of whom is an informant. Two additional informants are being directed into the Greensboro organization. At the present time, Charlotte's informant coverage and the organizational status of the chapters is not such that a counterintelligence program could be conducted through the use of the informants without endangering their status within the BPP. Charlotte is in the process of identifying the members and developing background data on which a counterintelligence program can be based.

Informants have on occasion obtained information concerning proposed violence of a local nature which is immediately disseminated to appropriate local, state, and Federal authorities. If any arrests are made based on this information, the Bureau will be immediately advised.

TO : SAC, CHARLOTTE (157-6171) DATE: 3/11/69

FROM : SA THOMAS H. GEORGE

SUBJECT: BLACK PANTHER PARTY  
RACIAL MATTERS

By airtel dated 2/28/69, captioned "BLACK PANTHER PARTY, POSSIBLE FEDERAL PROSECUTION, ANTIRIOT LAWS", the Bureau advised that the Criminal Division of the department has advised it will, after conferring with appropriate U.S. Attorney, authorize arrest of all Black Panther Party members who are in violation of Title 7, Section 1202(a), of the Omnibus Crime Control and Safe Streets Act of 1968, Gun Control Act of 1968 and violations of Title 18, Section 231, under certain conditions. It is noted that Title 7, Section 1202(a), Omnibus Crime Control and Safe Streets Act of 1968, prohibits possession of firearms by convicted felons, veterans discharged under dishonorable conditions, mental incompetence, persons who have renounced citizenship and aliens illegally or unlawfully in United States. Mere possession of a shotgun or rifle is sufficient and it is not necessary to establish interstate transportation.

The Gun Control Act of 1968 contained enumerable prohibitions involving dealers, manufacturers, purchasers and others and are set forth in manual of instructions, Volume III, Section 74.

CE 157-6171

Antiriot Laws, Title 18, Section 231, prohibits teaching or demonstrations without application or making of any firearm, explosive or incendiary device for use in furtherance of civil disorder. Witnesses are extremely difficult to obtain in these investigations and successful prosecution cannot be based upon the uncorroborated testimony of a single witness.

General instructions furnished by the Bureau are that all Black Panther Party members who are convicted felons, veterans discharged under dishonorable conditions and others who are prohibited from possessing firearms under Title 7, Section 1202(a), Omnibus Crime Control and Safe Streets Act of 1968, up to date identification records complete with dispositions are to be obtained. In addition, obtain whatever documentary evidence is necessary to prove the classification of all who are within this statute. This is to be handled immediately in order that it might be immediately available when it is determined that one of the prohibited individuals has obtained a firearms. Investigation is also to be instituted to identify all members who are in possession of shotguns and rifles along with investigation to develop admissible evidence to support Federal prosecution under Title 7. All offices were also directed to develop competent witnesses willing to testify, particularly in cases involving Title 18, Section 231-A1.

Agents should also note that Charlotte is required to submit a letter every two weeks captioned "COUNTER INTELLIGENCE, BLACK PANTHER NATIONALIST - HATE GROUPS, RACIAL INTELLIGENCE, BLACK PANTHER PARTY", setting forth Bureau approved counter intelligence operations proposed or effected. Each Agent handling investigation of Black Panther Party individuals will be required to participate in this program and are to remain alert for suggested targets or methods of counter intelligence operations.

It is noted that recently a Charlotte informant traveled to New York where he visited with Black Panther Party leaders. This source furnished information that younger members

CE 157-6171

of the Black Panther Party were being forced out by their parents due to the fact interviews by law enforcement agencies were making the parents cognizant of their children's activities.

Informants at Greensboro, N.C., have indicated that a number of Black Panther Party members are of high school age and Agents having a case assigned within this category should immediately submit appropriate recommendation.

A copy of this memo has been directed to the individual files of persons identified as being in attendance at Black Panther Party meetings at either Greensboro, N.C., or Charlotte, N.C. Each Agent having a case assigned on an individual should immediately insure that credit and identification checks are conducted, submitting FD-9 to the Bureau in all cases. Informants should be canvassed for any specific information in their possession regarding the individual and SAC or Bureau authority requested for an interview of the individual, pursuant to instructions. In selected cases, telephone toll records should be obtained which would indicate possible contacts of leaders and other active members outside their respective cities. Members current residence, employment and affiliations with other organizations other than Black Panther Party should also be obtained. These instructions are not all inclusive and each Agent conducting investigation is to use his own ingenuity, it being noted that investigation should be directed to breaking up the organization or neutralizing Black Panther Party members and not merely following the activities of the organization.

SUBJECT: COUNTERINTELLIGENCE PROGRAM

RACIAL INTELLIGENCE  
BLACK PANTHER PARTY (BPP)

ReSftel to Director 4/8/69 captioned "Black Panther Party, Racial Matters."

Referenced teletype disclosed that about twenty dissidents from the BPP led by Tommy Jones and Richard Anderson held a press conference two doors away from BPP National Headquarters, Berkeley, California. This press conference was in response to one held by Bobby Seale, BPP chairman, the day before at which time Seale had denounced Jones as an FBI informant and agent provocateur. Seale stated that Jones had been expelled from the BPP for armed robbery. Jones in return accused the Panthers of assassination and denied being an informant. Jones stated that the dissidents were not going to take this kind of treatment lying down. Another of the dissidents, Richard Anderson, charged that he was thrown out because he wanted to follow the ten point program laid down by Huey Newton. He charged that Panthers changed their beliefs every day, sometimes following Stalin, Lenin or Marx and then switching to MAO Tse-tung. Anderson estimated that more than 100 persons had been expelled from the BPP in recent months. Unidentified women said that they left the BPP in disgust when they learned the Panthers did not respect Party doctrine concerning the protection of black women.

The above situation presents a definite potential for counterintelligence, which could result in the disruption of the BPP on both a national and local level. Each office receiving copies of this communication should review this material with the view in mind of disrupting its local chapter and assisting San Francisco as office of origin in a disruption of the group on a national level.

Each office should specifically comment on this turn of events as it relates to its chapter and how it could relate nationally. These comments may be placed in the next biweekly letter. Specific proposals for counterintelligence on a local level concerning this matter should be furnished the Bureau for action and San Francisco for information. The Bureau has not received any such material in some time and the material on hand is becoming dated. Each office, therefore, should furnish any further material available.

Photographs of scenes of racial violence, sniping attacks on police, arsenals of black extremists, diagrams of sabotage devices and photographs of black extremists in uniform or drilling are examples of material needed. Photographs furnished should be glossy, 8" X 10" in size if available and material submitted will not be returned, thus only copies should be furnished.

BLACK NATIONALIST - HATE GROUPS  
RACIAL INTELLIGENCE

Each recipient office is required to submit a letter every 90 days regarding the overall Counterintelligence Program in addition to a letter every two weeks concerning counter-intelligence action against the Black Panther Party (BPP).

San Francisco has suggested that this procedure is a partial duplication of effort. In the future your 90-day counterintelligence letters need not repeat information contained in the two-week letters concerning BPP counter-intelligence. It will be sufficient to note the dates on which bi-weekly letters regarding BPP counterintelligence were submitted.

1. Operations Under Consideration

In connection with the activities of GOLDEN ASRO FRINKS, Field Secretary, SCLC in North Carolina, it should be noted at the present time FRINKS is inactive due to lack of funds and the fact that his demonstrators from Hyde County, N. C., are not available to assist him. The majority of the persons previously led by FRINKS have been arrested during the last eight months for various charges stemming from the demonstrations resulting in fines and in some cases active sentences which has left FRINKS with little manpower.

FOIA(b) (7) - (D) who follows the activities of FRINKS, has advised the SCLC leadership of FRINKS activities, however,

FOIA(b) (7) - (D)

In connection with the BPP within North Carolina, it should be noted that JEROME CLIFTON JOHNSON, self-described area captain at Charlotte, is a fugitive of the Charlotte Police Department on conspiracy to commit armed robbery and armed robbery charges. Without his leadership the group's activities have been curtailed. At the present time in Charlotte a civil suit is pending against law enforcement officials charging harassment of persons seeking to become members of the BPP and the USA has recommended no further contact with JOHNSON's associates until civil action is adjudicated.

The obtaining of background data continues, however, and Charlotte will submit a proposal concerning counterintelligence operations as soon as the civil suit is adjudicated in Federal Court.

At Greensboro, N. Informant also reports members of the BPP at Greensboro who are students at A and T University have departed Greensboro for the summer and that may be one reason why there is a lack of organizational activity.

It is noted that at Charlotte, JEROME CLIFTON JOHNSON, local BPP leader is presently a fugitive and not in the Charlotte area where he can maintain control of his group. HOSEA LEWIS BANKS, a close associate of JOHNSON's was arrested 5/24/69 in possession of a stolen automobile. On 5/27/69, JAMES CURTIS COVINGTON, another close associate of JOHNSON's was arrested by Federal Alcohol, Tobacco and Firearms Division Agent charged with violation of Title 7, Sec. 1207, Omnibus Crime Control and Safe Street Act of 1968 and that COVINGTON, a convicted felon, falsified firearms purchase document. MICHAEL GRANT LANEY was arrested at the same time as COVINGTON by the Federal Agents because of his interference in the arrest and threatening comments made to the arresting officers. GEORGE BENJAMIN HAIRSTON, JR. is another associate of JOHNSON's, a suspect in a recent arson of a grocery store at Charlotte, however, no warrant is outstanding for his arrest. Re Charlotte letter to Bureau dated 6/24/69.

On 8/5/69, HOWARD COVINGTON, Staff Writer, Charlotte Observer, Charlotte, N. C., contacted SA THOMAS H. GEORGE of the Charlotte Office. It should be noted that COVINGTON in the past has written favorable articles concerning the United Klans of America, Knights of the Ku Klux Klan, and has been furnished information for assistance in writing these articles with Bureau approval. Bureau is requested to refer to Bureau file 157-9-8 captioned, "COUNTERINTELLIGENCE PROGRAM, DISRUPTION OF HATE GROUPS, UNITED KLANS OF AMERICA (UKA) INC., KKKK," Charlotte Division, Charlotte file 157-281, which contains results of articles written by COVINGTON in connection with the UKA in N. C.

COVINGTON advised that he plans to write an article or series of articles concerning Black Nationalist activities in North Carolina with specific emphasis on HOWARD LAMAR FULLER, Agitator Index subject of Charlotte Office. COVINGTON advised that he wants the article or articles to show FULLER's connections either before, during, or after various incidents of racial violence throughout North Carolina, and also in connection, if any, between groups who are anti-white yet receive support and encouragement from white groups. COVINGTON advised that he has interviewed a number of people and in connection with these articles, however, noting the assistance rendered by FBI in past, he was at this time requesting assistance from the FBI. COVINGTON noted that he is well aware of the fact the FBI can only furnish information of a general or public source nature, and Bureau cannot be disclosed as source.

Re Director's letter to Charlotte 8/18/69.

On 9/18/69 a preliminary discussion concerning HOWARD LAMAR FULLER and Black Extremists Activities was held with HOWARD COVINGTON of the "Charlotte Observer". Public source type data was furnished COVINGTON. He stated from this and other information available to him he planned to interview a number of individuals throughout N. C. who have either been connected with FULLER or would have knowledge of FULLER's activities along with that of other Black Extremists.

After conducting these interviews he will assemble his article and recontact the FBI, Charlotte. COVINGTON understands that the Bureau cannot be disclosed as a source of any information and his planned interviews should insure that the Bureau's interest is not disclosed.

Charlotte will follow this matter and advise the Bureau of any results, it being noted that COVINGTON was unsure of the exact date this article is to appear in print which could be as late as November, 1969.

On 9/18/69, the facts of the "Guardian" article of 8/16/69 concerning the split between the BPP and the SDS were furnished to COVINGTON. COVINGTON noted that due to the lack of an active SDS group in Charlotte obtaining publicity, it may not be possible for him to write an article specifically setting forth the split between the BPP and the SDS; however, he noted that in his article concerning HOWARD LAMAR FULLER, and black extremists within North Carolina, it might be possible for him to bring these facts out.

Bureau should note that in the counterintelligence program, Black Nationalists - Hate Groups racial intelligence, Charlotte has received Bureau authority to furnish public source type data concerning HOWARD LAMAR FULLER and black extremists activities to COVINGTON.

RE: INSPECTION  
CHARLOTTE DIVISION  
SEPTEMBER, 1969

GENERAL RACIAL SITUATION

During the inspection, it was pointed out that there were occasions wherein the Charlotte Division did not advise the Bureau of incidents of racial violence in a timely manner. It is noted that this information concerning activity which occurs during the night within the Charlotte Division must be brought to the attention of the Bureau prior to 6:00 A. M. the following morning. You should establish your liaison in such a manner that this information will be received on a timely basis.

The inspector also pointed out that, in connection with the continuing survey captioned "Possible Racial Violence, Major Urban Areas," this must give an accurate assessment of the potential for violence in the major areas of the territory and should not only include checks of police officials and community leaders but the checks of liaison sources and other "grassroot" informants.

COUNTERINTELLIGENCE PROGRAM, BLACK NATIONALIST -  
HATE GROUPS

The inspector instructed that, with regard to counterintelligence action in the black extremist field, the program in Charlotte is to be pursued more aggressively, noting that any proposed counterintelligence action contemplated must be first furnished to the Bureau for approval.

In view of the fact black extremist activity occurs in almost all areas of the state, each Agent should be alert to possible counterintelligence activities which would result in the disruption or curtailment of black extremist activities.

BLACK PANTHER PARTY

The inspector pointed out that, although the Charlotte Division penetrated the Black Panther Party (BPP) during its formation, additional coverage at Charlotte and Winston-Salem, North Carolina, is considered necessary and must be developed at the earliest possible date.

The inspector also instructed that every logical avenue be explored to develop violations of local or federal laws by BPP members.

BLACK EXTREMIST ACTIVITIES ON COLLEGE CAMPUSES

The inspector pointed out that violence has occurred on college campuses in North Carolina in the past, and there is no reason to believe that there will not be a re-occurrence of disturbances on campuses within the Charlotte Division during the forthcoming school year. This is further evidenced by the fact HOWARD LAMAR FULLER (Agitator Index subject), presently organizing Malcolm X Liberation University at Durham, North Carolina, is currently engaged in activities in opposition to court-ordered desegregation of schools. Additional targets for informant development are to immediately be obtained in the Malcolm X Liberation University.

NATION OF ISLAM

The inspector commented that the Nation of Islam (NOI) has three mosques within the Charlotte Division, and individual BPP members have attended NOI meetings. It is likely additional

efforts will be made to involve members of the NOI in extremist activity, and this should be followed closely through a member informant.

#### INFORMANT COVERAGE

With the resumption of the fall semester, it can be expected that black extremists will again be active on the campuses of colleges located in the Charlotte Division. The inspector instructed that Charlotte must be in a position to furnish advance information concerning the plans of black extremists on college campuses. Reliance upon administrative authorities on campus will not provide the information required in this respect.

The inspector noted that many FD-209s list positive contacts with informants and also record file numbers and titles in cases concerning which the informant furnished information. Page 8, Section 107, of the Manual of Instructions provides that, when positive information is received, the informant's administrative file should only show the dates positive data was secured. The file number is only required relative to negative contacts, and the title should not be set forth regarding negative contacts unless the inquiry concerned a portion of the subjects listed in the title of a case involving numerous subjects.

#### GHETTO INFORMANT PROGRAM

The inspector instructed that the ghetto informant program must be immediately intensified in all areas. He pointed out that, while it is not possible to set hard and fast rules as to the number of ghetto informants required to afford adequate coverage in a given ghetto area, it is obvious, for example, that there are no ghetto informants at all in several Resident Agency territories and several others are totally inadequate.

#### AGITATOR INDEX

The inspector noted Charlotte has 28 subjects on the Agitator Index and reminded that the standards for inclusion of an individual are that he be a prominent agitator who

(1) has demonstrated by his actions and/or speeches that he has a propensity for fomenting disorders of a racial and/or security nature and (2) he has attracted such attention nationally or locally as to be of significant interest in regard to the overall civil disorders picture.

#### OBSERVATIONS AND INSTRUCTIONS

The inspector noted that all investigative personnel are to be alert for any foreign involvement in the racial movement, particularly with regard to black extremist organizations, and to be alert to the possibility of arms and ammunition coming into the possession of black nationalists and other black extremists, pointing out that the thefts of arms and ammunition from military establishments have increased.

The inspector pointed out that racial matters must receive the SAC's continuous personal attention and demand the full cooperation and effort of all Agents regardless of assignment. It is the SAC's responsibility to obtain advance information concerning potential violence and to keep the Bureau and interested federal and local authorities immediately advised of all pertinent developments. Nothing less is acceptable, and the best intelligence is of no consequence without timely dissemination.

As the Bureau is also aware, MXLU is to be used as a training center for a black extremist group recruiting former Black Panther Party members. One source has advised that reported plans would be formulated in the near future to promote student unrest among Negroes on all campuses in an effort to promote the need for the MXLU concept. This source also stated that financial backing to operate this liberation university would be through funds made available from the various black student union groups at other colleges and universities and through fund-raising ventures.

Contacts with appropriate informants and Detective Sergeant A. J. EUROPA, Charlotte, N. The only interest has been evidenced by MICHAEL LANEY, who keeps in close contact with the National Office of the BPP by telephone. LANEY no longer receives the Panther newspaper, and his most recent shipment was refused by him due to the fact it was sent "collect." LANEY is to appear in U. S. District Court during the second week of December, 1969, in connection with his federal charges of interfering with an arrest and assaulting a federal officer.

It was the opinion of the Agents handling racial matters at Charlotte, after contacts with informants, that, due to the lack of BPP activity at Charlotte, no efforts should be made to publicize the BPP at this time.

It is noted that in referenced communications authority was sought by Columbia to confidentially advise

of the nature of the Malcolm X Liberation University. This authority was not granted by the Bureau. It is noted that in the hearings before the Permanent Subcommittee on Investigations of the Committee on Government Operations, United States Senate, concerning Riots, Civil and Criminal Disorders, Part 22 contains information concerning Voorhees College, Denmark, South Carolina, and A and T State University, Greensboro, N. C. Among those testifying were Chief of Police PAUL B. CALHOUN and Lieutenant S. N. FORD of the Greensboro, N. C., Police Department concerning the situation at Greensboro, N. C., and the Reverend J. KENNETH MORRIS concerning Voorhees, Denmark, South Carolina.

This would be considered public source-type data; and although there is little reference to the Malcolm X Liberation University, there is a great deal of information concerning HOWARD LAMAR FULLER, founder of Malcolm X Liberation University, and the Foundation for Community Development at Durham, N. C. The testimony of Chief of Police CALHOUN and Lieutenant FORD shows participation by FULLER and other representatives of the Foundation in racial disorders and violence.

Re Columbia airtel to Bureau dated 10/23/69, and Bureau letter to Columbia dated 11/4/69.

It is noted that in referenced communications authority was sought by Columbia to confidentially advise

FOIA(b) (7) - (D)

of the nature of the Malcolm X Liberation University. This authority was not granted by the Bureau. It is noted that in the hearings before the Permanent Subcommittee on Investigations of the Committee on Government Operations, United States Senate, concerning Riots, Civil and Criminal Disorders, Part 22 contains information concerning Voorhees College, Denmark, South Carolina, and A and T State University, Greensboro, N. C. Among those testifying were Chief of Police PAUL B. CALHOUN and Lieutenant S. N. FORD of the Greensboro, N. C., Police Department concerning the situation at Greensboro, N. C., and the Reverend J. KENNETH MORRIS concerning Voorhees, Denmark, South Carolina.

This would be considered public source-type data; and although there is little reference to the Malcolm X Liberation University, there is a great deal of information concerning HOWARD LAMAR FULLER, founder of Malcolm X Liberation University, and the Foundation for Community Development at Durham, N. C. The testimony of Chief of Police CALHOUN and Lieutenant FORD shows participation by FULLER and other representatives of the Foundation in racial disorders and violence.

I. OPERATIONS UNDER CONSIDERATION

Malcolm X Liberation University (MXLU), under the leadership of HOWARD LAMAR FULLER, was dedicated in 10/69. A portion of its funds were publicly announced as coming from the Episcopal Church. It is noted that the Columbia Division submitted a proposal concerning the making available information concerning MXLU to [redacted]

[redacted] FOIA(b)(7) - (D) It is noted that the Bureau did not grant authority to carry out this plan due to the possibility of embarrassment. After a review of appropriate files, Charlotte will make a recommendation as to the furnishing of public source type data concerning MXLU to [redacted] FOIA(b)(7) - (D)

Concerning JOSE RENE GONZALVEZ, JR., formerly Black Panther Party (BPP) Captain in New Haven, now residing at Greensboro, N. C., no positive information could be located by New Haven and New York as to an actual marriage of GONZALVEZ, however, he continued to reside with [redacted] FOIA(b)(6) at Greensboro, N. C., without benefit of a known marriage. GONZALVEZ has been inactive in the Black Nationalist situation in Greensboro, and due to the fact positive proof of a previous marriage could not be located, no further action will be taken at this time. In the event GONZALVEZ again becomes active, an appropriate counterintelligence plan will be submitted to the Bureau.

It is noted that the Bureau suggested that, in view of the fact that MICHAEL LANEY, Charlotte, N. C., had advised the BPP Headquarters that he had had difficulty in distributing the BPP Paper in Charlotte, and was quoted as saying that some of the "niggers" in Charlotte say that LANEY is a Communist, that the paper is a Communist paper, this line of thinking should be further engendered in the responsible Negro population. However, due to lack of BPP activity at Charlotte, Charlotte has suggested that no efforts be made to publicize the BPP at this time. It is noted that the only active group actually seeking affiliation with the BPP is now located at Winston-Salem, N. C. On the development of the appropriate means, efforts will be made at Winston-Salem, N. C., to publicize the connections of the BPP with foreign Communist Nations and the BPP support of racial violence in the United States.

## II. OPERATIONS BEING EFFECTED

Bureau permission has been received to furnish public source type data concerning HOWARD LAMAR FULLER and black extremist activities to HOWARD COVINGTON of the "Charlotte Observer."

Preliminary discussions have been held with COVINGTON, however, to date he has not completed his article concerning FULLER and is withholding further preparation pending developments in MKLU.

## III. TANGIBLE RESULTS

As noted in Charlotte letter to the Bureau dated 9/23/69, FOIA(b) (7) - (D) has been successful in curtailing the activities of GOLDEN ASRO FRINKS, Agitator Index subject of Charlotte. This resulting in the stopping of demonstrations which could have led to violence in two situations.

## IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

The internal struggle within the BPP at Charlotte, N. C., resulted in a blanket denunciation of that group by the National Office of the BPP through an article in the Black Panther Newspaper.

CE 157-6109

# Bishop Interrupts N.C. Diocese Support To National Church Unit

In the midst of a financial crisis brought on by parishioners' reaction to the national Episcopal Church's \$45,000 grant to Malcolm X Liberation University in Durham, the bishop of the North Carolina Diocese has temporarily withdrawn the diocese's support of the national church.

Bishop Thomas A. Fraser has informed Leon E. Modeste, director of special programs for the national General Convention, that the withdrawal of support will stand until the Diocesan Convention meets in Salisbury Jan. 30-31.

He told Modeste "the whole picture of involvement of the diocese in the national church picture" will be considered at the Salisbury convention, and that, "At the present time, we are \$164,525 short of meeting our diocesan's church's program budget."

Financial deficits in individual church and diocesan budgets are reported throughout the nation as a result of the church's Urban Crisis Program grants, including the \$45,000 grant to black separatist Malcolm X Liberation University, and a \$200,000 grant to the National Committee of Black Churchmen by the Episcopal General Convention Special Program.

The Malcolm X grant has been felt in the Every Member

fund canvass just conducted by Durham Episcopal churches, with many parishioners' reducing or restricting their pledges or not making them at all.

At least one church here is known to have eliminated the post of assistant rector because of a lack of funds.

Fraser told Modeste, "We are faced with drastic cuts in our diocesan program and in our quota to the national church.

He said it is impossible to draw up a budget for 1970 "since many of our quota acceptances are tentative, some acceptances have been reduced or withdrawn and others are dependent upon our Diocesan Convention" this month.

"We cannot determine the extent of our deficit in spite of vigorous efforts . . . to arrive at a firm figure," Fraser wrote Modeste.

"If we eliminate the national church almost completely the diocesan programs can survive. If the diocese shares the deficit with the national church, the support of our own urban crisis program, St. Augustine's College, St. Mary's Junior College and our summer conference centers are highly threatened."

Fraser has also been refused a copy of the Malcolm X project's grant application and of the General Convention staff field appraisal of it, as re-

quested by the North Carolina Diocesan Council in October.

In correspondence to all clergymen and senior wardens in the diocese, Fraser said he feels the handling of business involving Malcolm X Liberation University violates "simple management procedures" and that Modeste's action in refusing reports on the grant puts the diocese in "an impossible position in providing leadership for that program in the diocese."

Fraser wrote Modeste, "At the advice and with the consent of standing committee, I must give notice that as bishop of North Carolina I cannot further support the procedures of the General Convention Special Program without a full copy of the application by the project to the General Convention Special Program and a copy of the staff field appraisal, as requested by our Diocesan Council on Oct. 31, 1969.

"The history of this diocese has been one of full cooperation with the national church. We regret the necessity of this action but it must stand until Jan. 30-31 when our Diocesan Convention meets."

Fraser said the coming convention will be "decisive" in determining "the diocese's relationship with that of the national church organization."

Re Charlotte letters to Bureau dated 12/10/69 and

Bulet to Columbia dated 2/11/70.

I. OPERATIONS UNDER CONSIDERATION

Concerning JOSE RENE GONZALVEZ, JR., former BPP Captain for Connecticut, now residing in Greensboro, N. C., he and one of his followers, BRADFORD BELCHER, also of Connecticut, during 12/69, indicated a renewed interest in the BPP; however, during 1/70, GONZALVEZ announced the formation of a new group known as the Southern Vanguard Revolutionary Party (SVRP). This has caused some consternation among the BPP members of Winston-Salem, N. C., who have been in contact with the National Office of the BPP in this regard. From their conversations there will apparently be efforts to discredit GONZALVEZ in the BPP newspaper. As this will further the split between the group and decrease the likelihood of BPP organization at Greensboro, N. C., Charlotte is considering an anonymous letter writing campaign. It is believed that this type campaign will cause both groups to attempt to discredit each other.

II. OPERATIONS BEING EFFECTED

Recontacts with HOWARD COVINGTON of "The Charlotte Observer" have determined that COVINGTON has still not completed his article concerning HOWARD LAMAR FULLER and Malcolm X Liberation University (MXLU). He is withholding preparation pending developments in MXLU. This will be followed and the Bureau kept advised.

It is noted that on January 20, 1970, "The Durham Morning Herald," a Durham, N. C., newspaper, carried an article under the caption, "Bishop Interrupts N. C. Also mentioned in the article was the fact that financial deficits in individual churches were being reported throughout the nation as a result of the Episcopal Church's "Urban Crisis Grants" program.

Re Charlotte letters to Bureau dated 12/10/69 and

Bulet to Columbia dated 2/11/70.

I. OPERATIONS UNDER CONSIDERATION

Concerning JOSE RENE GONZALVEZ, JR., former BPP Captain for Connecticut, now residing in Greensboro, N. C., he and one of his followers, BRADFORD BELCHER, also of Connecticut, during 12/69, indicated a renewed interest in the BPP; however, during 1/70, GONZALVEZ announced the formation of a new group known as the Southern Vanguard Revolutionary Party (SVRP). This has caused some consternation among the BPP members of Winston-Salem, N. C., who have been in contact with the National Office of the BPP in this regard. From their conversations there will apparently be efforts to discredit GONZALVEZ in the BPP newspaper. As this will further the split between the group and decrease the likelihood of BPP organization at Greensboro, N. C., Charlotte is considering an anonymous letter writing campaign. It is believed that this type campaign will cause both groups to attempt to discredit each other.

II. OPERATIONS BEING EFFECTED

Recontacts with HOWARD COVINGTON of "The Charlotte Observer" have determined that COVINGTON has still not completed his article concerning HOWARD LAMAR FULLER and Malcolm X Liberation University (MXLU). He is withholding preparation pending developments in MXLU. This will be followed and the Bureau kept advised.

RACIAL INFORMANTS  
RACIAL MATTERS

St. Louis advised at a recent conference concerning the handling of racial informants that it instructed one of its racial informants who held a leadership position in the now defunct "Black Liberators," a black extremist organization, to have the United States Post Office forward mail addressed to the defunct organization to a post office box under control of the racial informant. On January 15, 1970, the racial informant furnished an envelope addressed to the "Black Liberators" bearing a return address in Cuba containing a request that the recipient acknowledge receipt of the letter to an individual at an address in Prague, Czechoslovakia.

The technique used by St. Louis in this instance developed information concerning an apparent attempt by a foreign power to make contact with a black extremist organization. This same technique could enable us to develop information concerning plans being made by extremist groups within the United States.

Each Special Agent in Charge should not overlook the success St. Louis achieved through the use of a racial informant in this instance. Insure that racial informants logically situated to employ this technique are afforded guidance and direction so that no opportunity is lost to develop highly significant information available to them.

3. Association of Afro-American Students (AAAS), University of South Carolina (USC), Columbia, S. C.
4. Student League for Black Identity (SLBI), Clemson University, Clemson, S. C. (not active).
5. Nation of Islam (NOI).

Columbia is following the construction of this Mosque which is being done by the Brothers Builders, a construction firm owned by the NOI minister, THOMAS HINES, and it has been determined that the Mosque is only being worked on when the firm has nothing else to do. Columbia will request permission from the Bureau to contact appropriate inspectors to insure that the building codes are being complied with.

2. JAMES MELVIN REDFERN, a local independent Black Nationalist militant, has been interviewed by Special Agents of the FBI, and his investigation has been closed since it was determined by the interview that he is not agreeable to furnishing any information to the Bureau, and investigation has determined that he has no following nor is it believed that he is connected with any organization that advocates violence.

### III. OPERATIONS BEING EFFECTED

1. It has previously been reported that the Episcopal Church has given the Malcolm X University, Durham, N. C., \$45,000. The Bureau has approved the Columbia Office to contact

with certain information. The purpose of this is to try to prevent the Episcopal Church from furnishing financial aid to militant groups such as the Malcolm X University. It was recently observed in the 5-9-70 edition of the "Afro-American," a newspaper published in Baltimore, Maryland, that LEON E. MODESTE, Director of the Episcopal Churches' three year old program to assist poor and powerless minorities to help themselves, planned a network of youth groups which could be tied in with the General Convention Special Program (GCSP) of the Episcopal Church funded programs and with such national organizations as the Black Student Union and the Student Organization for Black Unity (SOBU).

Re Charlotte teletype to Bureau and New Haven  
6/1/70, captioned "BLACK PANTHER PARTY - RM," and "DOUGLAS  
PAUL MIRANDA, RM - BPP."

As noted in referenced teletype, a split has occurred  
in the BPP group at Winston-Salem, N. C. In order to  
capitalize on this split, Charlotte desires to obtain  
publicity concerning the fact that DOUGLAS PAUL MIRANDA has  
been brought in to a position of possible leadership over  
local individuals. In addition, it would appear that  
publicity concerning the fact that ROBERT TAYLOR GREER,  
former leader at Winston-Salem who is now out of the group,  
would be beneficial, as GREER had a better reputation than the  
present leadership.

In order to accomplish this, Charlotte desires to  
contact RAY SNYDER of the News Department, Radio Station WTOB,  
Winston-Salem, N. C., and discreetly furnish SNYDER information  
concerning the fact that MIRANDA is now in Winston-Salem, along  
with information that he is formerly a leader in New Haven.  
Also, information should be furnished SNYDER concerning the  
fact that GREER is no longer affiliated with the group, and is  
possibly bitter toward these individuals, it being noted that  
SNYDER is acquainted with GREER due to his coverage of news  
events, including BPP rallies.

Bureau should note that SNYDER has been cooperative in past in making available tape recordings of BPP rallies and speeches; has an interest in news affairs at Winston-Salem, and has an entree to both factions in the BPP; however, is apparently better acquainted with subject.

Bureau permission is requested to immediately contact SNYDER, as it would appear publicity concerning the split within the BPP, and the fact that outside leadership has been brought in should decrease community support for the BPP group.

No action will be taken concerning this matter pending Bureau advice.

In order to further publicize the split which has occurred in the BPP group at Winston-Salem, N. C., and also to highlight the fact that "outside leadership" has been brought in, the Charlotte Division proposes that a leaflet be prepared and distributed by mail in Winston-Salem, N. C. Approximately 100 copies of the leaflet should be prepared and sent to legitimate news services, including radio and television stations, and to three to four residents of each block in the vicinity of the BPP Headquarters, 1602 East 14th St. These addressees would be obtained from Winston-Salem City and Cross Reference Directories. The newsletter would be mailed in commercially purchased envelopes with the return address listed only as S. V. R. P., Winston-Salem, N. C. The leaflet to be enclosed would be so signed at the end, the reason being that a recent issue of the Black Panther Newspaper contained an article critical of the Southern Vanguard Revolutionary Party, a now defunct group started by JOSE RENE GONZALVEZ, at Greensboro, N. C.

GONZALVEZ was area captain at New Haven, Conn., prior to the advent of DOUGLAS PAUL MIRANDA. Animosity should exist between the two individuals and members of the S. V. R. reporter at New Haven, Connecticut, who advised that Douglas Miranda, former area captain of the Black Panther Party at New Haven, has transferred to Winston-Salem, North Carolina.

Information on the local scene indicates Miranda is slated to take over the local Winston-Salem Branch of the National Committee to Combat Fascism, replacing the more responsible Robert T. Greer. Greer, and the more stable portion of the local NCCF, have disassociated themselves from the group due to the self-styled dictatorial policies of Larry Little, who was formerly known as the Lieutenant of Information.

It is little wonder that the membership of the local NCCF remains at less than 10, when consideration is given to the complete lack of community support for the radical program of Little, now that Robert T. Greer and his friends have publicly disassociated themselves from the group.

Greer impressed this reporter as a true servant of the people, while Little gives the impression of being a community parasite, similar to the avaricious businessmen of the black community. Little lives off the people and returns nothing. It is rumored Little and his friends support themselves on 'donations,' which they obtain in the name of the 'Breakfast for Children Program.'

In addition to the above information, on receipt of Bureau approval to circularize this newsletter, a last paragraph containing something of local interest to the black community, such as a recently reported public housing development, job program, or other items of interest, will be added. Thereafter, the article will be signed S. V. R. P., Winston-Salem, N. C.

After a short period of time, the copy would subsequently be furnished to the BPP, Ministry of Information, San Francisco, California.

ReBuairtel to Charlotte, 5/27/70.

In compliance with instructions set forth in reairtel to the effect that NY submit Counterintelligence proposals designed to create disruption in BPP activities in its area, the following is suggested:

That a letter be sent to BPP headquarters in NYC which would indicate that the anonymous writer of said letter overheard DOUGLAS MIRANDA, BPP member from NH, indicate that he, MIRANDA, was dissatisfied with his future assignment to Winston-Salem, N.C. and that the writer of the letter believed that MIRANDA could possibly end up working for a police agency in the future.

The letter would be written as follows:

"Chief, Black Panther Party  
New York City

Gentlemen:

About two weeks ago I met a young man at a social occasion who was very loud and I think he was drunk. He said he was a Black Panther and that he was an officer in the Party.

As I said before he was rapping very loud about being stuck down south with the niggers because he was having too much fun with his friends up North.

He said he could get back at those niggers in New York by being a "Pork Chop" down south.

Watch his man! His name is Doug Miranda and I think he is going to work for the pigs if he is not already working for them.

Power to the People

A friend"

It is further suggested that the Columbia and New Haven offices prepare similar type anonymous letters which would indicate dissatisfaction on the part of DOUGLAS MIRANDA with his current assignment, and mail them to the NY BPP Headquarters.

NY feels that any disclosure to the news-media of factionalism within the BPP would only enhance the prestige of the BPP by making it appear to the news reader that there were different points of view concerning BPP concepts and ideals.

It is also felt by NY that a particular individual or thing should be the target of a counterintelligence proposal. Therefore, NY has limited its proposal to a particular member of the BPP.

Intelligence developed indicates rift between MIRANDA and

 keeping HOWARD aware of CARTER's collaboration with MIRANDA

"that MIRANDA is slated to take over the local Winston-Salem Branch of the National Committee To Combat Fascism replacing the more responsible ROBERT T. GREER (phonetic). GREER and the more stable portion of the local NCCF have disassociated themselves from the group due to the self styled dictatorial policies of LARRY BETTLE who was formerly known as the Lieutenant of Information. It is little wonder that the membership of the local NCCF remains at less than ten when consideration is given to the complete lack of community support for the radical program of BETTLE. Now that ROBERT T. GREER and his friends have publically disassociated themselves from the group. GREER impresses the reporter as a true servant of the people while BETTLE gives the impression of being a community parasite. BETTLE lives off the people and returns nothing. It is rumored that BETTLE and his friends support themselves on donations they obtain in the name of the Breakfast Program."

In concluding KATHY said Community workers and all the stores in Winston-Salem got it. She said it probably is a "pig" and was from "SVRP" adding "whatever that is."

As noted in the enclosures, the newsletter is a counterintelligence operation in the Charlotte Division and from the information furnished by FOIA(b) (7) - (D) it appears that this newsletter is causing some consternation among BPP members.

For the information of New York, San Francisco and New Haven, it should be pointed out that the March 18, 1970, issue of the Black Panther Newspaper, page 13 contains an article captioned "To the People of North Carolina," which was derogatory toward JOSE GONZALVEZ and his Southern Vanguard Revolutionary Party.

The Southern Vanguard Revolutionary Party is now defunct and GONZALVEZ was last known to be in the area of Tampa, Fla.

In the event this newsletter comes to the attention of live informants in your division, it is requested that you refer your informants to the above mentioned page of the Black Panther Newspaper, a copy of which is being furnished all offices by San Francisco. This will assist in placing blame for the newsletter on the Southern Vanguard Revolutionary Party and cause additional disruption of the BPP. Additional suggestions along counterintelligence lines will be made as developments occur.

Through your misdirected concern for black people you are assisting the Black Panther Party. The attached reprint of an article appeared in the April 11, 1970 edition of "The Black Panther," the official newspaper of the Black Panther Party. The article concerning the tragic death of four California Highway Patrolmen should revolt any fair-minded person. How can you in good conscience continue to assist the development of an organization that advocates killing police officers as a step toward the revolutionary overthrow of the United States?

# FOUR PIGS WERE OFFED THIS WEEK... A VICTORY FOR THE PEOPLE

Four pigs were offed this past week... a victory for the people, a tactical example--moves of oppressed people for their ultimate attainment of liberation. It would be a great event if we could attribute this act to some brother who righteously got down and went out to deal with the oppressor's troops in he community, this however, is not the

rebellion where Niggers ruled the streets for days; the pigs further say that they suffered very few casualties in the midst of the sniper fire in Detroit. In very altercation between pigs and the people, the pigs have always maintained that they held the upper-hand or control of the situation throughout the 'disturbance.'

JAMES PENCE JR.

WALTER FRAGO

ROGER GORE

GEORGE ALLEYN

case. These four pigs were killed by two men trying to escape capture for another crime they had supposedly already committed; their reasoning was not to deal with the oppressor or the symbols of his 'presence' - it was a matter of survival. When I say survival, I'm not relating to the survival of a race or group of people as is the concern of revolutionaries, but I am referring in this case to individual survival.

What then is the reason for even dealing with the deaths of these four pigs since it cannot be labeled 'revolutionary' or as having been done in the 'service of the people'....the reason is simple enough. The deaths of these four pigs and especially their dying in this manner should point out the fallacy of the 'superman' image of the pigs and the plausibility of dealing with them in such a manner in the interest of the masses and the liberation of the oppressed people of Babylon.

The pigs have always tried to maintain an image of being 'indestructable,' In the past whenever there were shoot-outs or confrontations between the pigs and the people, there was never any pig killed, one never died even in the face of such over-whelming evidence that no one could have lived,

There are brothers and sisters who have been involved in these so-called "disturbances", and they can testify that in many cases it would have been impossible for the pigs to have come out with so few casualties and/or deaths. This whole myth of indestructibility has been perpetuated to make the pigs look unbeatable, to discourage the people from righteously dealing with these scurvy punks as the snakes and cowards that they are. This superman image has been maintained at all costs but the image is slipping; as the people prepare to deal with their enemies, the 'supermen in blue' seem to be losing their ability to soar through the air.

There are four dead pigs, killed by two men with guns...the pigs can and will die but not from a wish and a pray. Relate to pigs as men, less than men, rather as foul perverts, and see that they can be dealt with. Pigs are only flesh and bone, and they will bleed: they will die. When the hour of reckoning comes, as you move into the streets to fight for your survival, remember the lesson taught by this one simple sentence...FOUR PIGS

DEAD!  
ALL POWER TO THE PEOPLE  
TAKE THE STRUGGLE TO THE  
STREETS.

COUNTERINTELLIGENCE PROGRAM

Re memo SA THOMAS H. GEORGE, 5/5/70.

On 6/16/70, [FOIA(b)(7) - (D)] was contacted and the topic of attempting to expose, disrupt, misdirect, discredit or otherwise neutralize the activities of the NOI in Charlotte was discussed.

[FOIA(b)(7) - (D)]

Informant continued that all of the members within Muhammad's Mosque #36 are completely dedicated to the rules and regulations as set forth by ELIJAH MUHAMMAD and he could think of no program which would misdirect, discredit or disrupt the already neutralized activities of the members of Mosque #36.

It is the feeling of the writer that [FOIA(b)(7) - (D)] is doing a successful job in neutralizing the activities of the small muslim group in Charlotte and that any effort on the part of the Bureau locally to discredit or disrupt this group, could possibly result in engendering more interest locally and thereby naturally increase the current active membership. If by chance active membership in Muhammad's Mosque #36 were to increase appreciably, the successful program by the informant could in itself be neutralized.

NEWS OF INTEREST TO THE BLACK CITIZENS OF WINSTON-SALEM

A recent development of possible interest at Winston-Salem was received from a corresponding reporter at New Haven, Connecticut, who advised that Douglas Miranda, former area captain of the Black Panther Party at New Haven, has transferred to Winston-Salem, North Carolina.

Information on the local scene indicates Miranda is slated to take over the local Winston-Salem Branch of the National Committee to Combat Vascism, replacing the more responsible Robert T. Greer. Greer, and the more stable portion of the Local NCCF, have disassociated themselves from the group due to the self-styled dictatorial policies of Larry Little, who was formerly known as the Lieutenant of Information.

It is little wonder that the membership of the local NCCF remains at less than 10, when consideration is given to the complete lack of community support for the radical program of Little, now that Robert T. Greer and his friends have publicly disassociated themselves from the group.

Greer impressed this reporter as a true servant of the people, while Little gives the impression of being a community parasite, similar to the avaricious businessmen of the black community. Little lives off the people and returns nothing. It is rumored Little and his friends support themselves on "donations", which they obtain in the name of the "Breakfast for Children Program."

At Winston-Salem State University the roof of Fries Auditorium collapsed last Saturday night, June 13, 1970. This was during a rain storm and was blamed by authorities on the fact that the storm drains on the roof were stopped up, which caused water to remain on the roof. The Auditorium, built in 1939, contained approximately 1,000 seats and was a campus landmark. The only thing left standing was the front of the building, which is considered a total loss.

June 22, 1970

It was learned that a group of ten or twelve young Negro males have formed a local organization that they call "SOUL Machettes" and that this group apparently is attempting to pattern themselves as a black militant group. These individuals seem to stay in the area of Patterson and 10th and at Cleveland and 10th Streets, but the identity of none of these individuals is known. It was noted that the leader of this group was supposedly kicked out of the Black Panther Party several months ago, but no factual information is known, and it should be noted they appear to be a local group with no interstate connections and are more properly considered a street gang.

It has also been learned that from recent contacts with one or more Black Panther members, it was noted the panthers have recently been in very bad need of money, and in order to conserve this money they themselves are eating only one meal a day, and they do not know how they are going to replace the clothes they now have.

Several young Negro males have been noted laughing about the Panther party and commenting on a letter received in the Black Panther neighborhood recently depicting LARRY LITTLE as a parasite and an avaricious business man. From comments noted in the Negro neighborhood, it is felt this letter probably had quite an effect and may serve to further reduce donations. It was noted by the source of this information that if more letters were forthcoming from whoever sent this one, it could have a profound effect on the effectiveness of the Black Panther Party in Winston-Salem.

The Winston-Salem, North Carolina Mosque of the Nation of Islam is still located on English Street, between east 15th and east 16th Streets and holds regular Sunday afternoon meetings at 2:00 p.m. Acting minister, IRVIN X. WILLIAMS and member MARION X. BROWN had an argument over BROWN's having attended a meeting of another black nationalist group and as a result of the argument BROWN has been put out of this Mosque until July 19, 1970.

This Mosque has only two regular members at the present time, IRVIN X. WILLIAMS and JAMES X. COLEMAN.

Dr. L. A. X. TROUP misses many of the meetings, and GEORGE X. FULP, the only other individual who attends at all, frequently is often out of town visiting or living in Philadelphia.

MAXIE LEE OWENS used to attend occasionally but has not been seen recently. This Mosque has continued with a handful of members for several years time and does not at the present time appear to be on the verge of closing down, even with this small membership. Acting minister WILLIAMS has been instructed by the Muslims in Chicago that he should intensify his recruiting efforts; however, to date no new members have been recruited in this Mosque.

It seems likely that should all of the members except WILLIAMS and COLEMAN leave, these two would still continue to get together at least in the spirit of the Black Muslims.

TIM HARRIS, of Malcolm X Liberation University (MXLU) is presently driving a blue Volkswagen which has been loaned to him by some unknown individual associated with MXLU. HARRIS continues to visit Greensboro, North Carolina, occasionally where he supposedly is working with some group which is to either be associated with MXLU or to be somewhat like MXLU. It is noted that there is something similar to MXLU in Greensboro at the present time, although probably much smaller.

HARRIS, on several occasions during the spring of 1970, took books from MXLU, Durham, to somewhere in Greensboro, North Carolina.

It is further noted that during the spring of 1970, HOWARD FULLER had told HARRIS to go to Greensboro and attempt to recruit people. It was noted that ERIC EVANS may also go by the nickname NIKWA (ph).

On July 30, 1970, two white males wearing white pants and sport shirts, having long sideburns, were observed outside MXLU on the railroad tracks taking pictures of the building and students, using 35 mm cameras. The white males were unknown to any of the MXLU people and they did not appear to be associated with the police or local newspapers.

The MXLU building on Pettigrew Street is well stocked with supplies and has at least three electric typewriters upstairs.

Re Charlotte airtel to the Bureau, 7/31/70.

Referenced airtel pertained to a counterintelligence mailing made under the name of the S.V.R.P., 7/29/70, at Winston-Salem, N. C. Comment from informants indicates that there continues to be dissension between the BPP group at Winston-Salem and LARRY LITTLE has not determined who is writing the letters referred to above.

More and more members drop out due to dissatisfaction; however, it cannot be positively ascertained that these letters are the cause. But according to FOIA(b) (7) - (D) they are discussed among BPP members. It is noted that they are mailed to addresses in the vicinity of the BPP headquarters. In this connection it is noted that six individuals, including LARRY DONNELL LITTLE, were arrested on 7/28/70 for disorderly conduct and released on bond.

LITTLE appeared in court on 8/12/70 and charges against him were nol prossed with leave to reinstate due to failure of prosecution witnesses to appear. In all likelihood these charges will be, in fact, instituted at a later date and LITTLE rearrested; however, in the interim Charlotte

desires to put out an additional issue which is to be Volume 1, Issue #3, of the "News of Interest to the Black Citizens of Winston-Salem" which letter would be prepared in the manner of the previous issues with the caption in large letters "Bulletin" and the body as follows:

The SVRP noted the arrest of LARRY LITTLE, July 28, 1970, for disorderly conduct. This appeared to be somewhat odd as it was our information that LITTLE and his associates were the ones who had the crowd gathered to yell at the pigs as they arrived. LITTLE was arrested, booked, and released without resistance on his part. This really looked odd since LITTLE as the big Panther pig-hater did not defend one of the sisters or himself when the sister was slapped as she bit a pig. The crowning touch came when LITTLE appeared in court on August 12 and was released.

Is it possible that we have a pig among us inside SVRP, Winston-Salem, North Carolina?

It is hoped that the above letter will implant the idea that LITTLE is possibly an informant or in some way received favored treatment from the Winston-Salem PD. LITTLE is not known to be an informant of the PD and according to FOIA(b) (7) - (D) there has been some discussion about the fact that LITTLE did not resist arrest or take other action as he has called for the other Panthers to do in the past.

The Bureau is requested to expeditiously authorize this counterintelligence operation and upon approval, Charlotte will mail it to addresses in the vicinity of BPP headquarters at Winston-Salem, N. C. The newspaper will be reproduced on unwatermarked paper and sent out in plain envelopes with stamps attached and not franked.

(BLACK PANTHER PARTY)

Re Charlotte airtel to Bureau, 8/14/70.

It is noted that under the name S.V.R.P., which allegedly stands for the Southern Vanguard Revolutionary Party, Charlotte has been submitting a newsletter with the caption "News of Interest to the Black Citizens of Winston-Salem." This letter is written in the vein that it is a newsheet from a black group at Winston-Salem of a slightly higher caliber than the BPP group.

These letters have been primarily derogatory concerning the leadership. At the present time, the group is in financial difficulty and is pushing for donations in the black community, primarily from businesses, either black owned or with predominantly black trade. In this connection, Charlotte desires to institute the following plan, noting that it is to be aimed primarily at business and religious groups and is to be written in terms of a citizen or neighborhood organization with religious orientation.

The caption of this newsheet which is to be prepared and mailed in Winston-Salem will be "The Committee of Twenty-Five" and will read as follows:

CE 157-6109

The Committee of Twenty-Five was organized by responsible black people of East Winston and was formed in secret to avoid repression by the hoodlum element. Its reason for existence is to expose and destroy any group which is enslaving our people.

The chains of past slavery are almost gone; yet, a new master, Chinese-style Communism in the name of the Winston-Salem Committee to Combat Fascism, is now using the blood of our children to lead us back into slavery. The Black Panther Party which operates in Winston-Salem as the Winston-Salem National Committee to Combat Fascism has the purpose of overthrowing the present system of Government by force, using our children as cannon fodder, dying for a godless, impossible, and unjust cause.

We want everyone to know that each time you pay 25 cents for a Black Panther newspaper, one half of this money goes to support Black Panther leadership in California and the rest to support those who prey upon us local people. A small amount of the money donated by well-intentioned but ill-informed people actually feeds children in the Panther breakfast program while a much larger part supports the local Black Panther leadership who then have no need to do honest work and can prey upon the local people. The rent, electricity, and food for a dozen people, even if they are going under the pretext of helping the community is quite an amount.

CE 157-6109

If interested in improving the lot of the black people in East Winston, they could do much more good by working for better education, employment opportunities and such. They now, in fact, preach the gospel of dropping out of school and "getting your education in the streets" which is not the way that we have made progress.

The Panthers publicly oppose our fathers, sons and daughters who fought in Korea and now Vietnam since they support the teachings of MAO TSE TUNG of Red China and KIM IL SUNG of North Korea who were the leaders of the enemy during the Korean War and support the North Vietnamese at the present time.

The Committee of Twenty-Five will from time to time point out these things to the people in our area. Due to our limited funds, we can do little but we hope that if other citizens are interested they will form similar groups in their immediate areas and will make contact with the Committee of Twenty-five in order that we may go forward together.

Charlotte proposes to prepare the above on unwatermarked, commercially-purchased blue or red paper, using inexpensive envelopes, not like those used by the SVRP projects in order they will not be connected.

On receipt of Bureau approval, approximately 200 copies will be mailed out to churches and businesses in the eastern half of Winston-Salem, N. C. It is hoped that this project will create enough opposition to the Panthers to cut down their funds and generate some type of community group in opposition.

CE 157-6109

Upon receipt of Bureau approval, the operation will be carried out in such a manner as the Bureau will not be identified.

Re Charlotte letter to Bureau, 5/30/70.

I. OPERATIONS UNDER CONSIDERATION

At the present time Charlotte has two proposals for future operations, one of which is continuation of the "News of Interest to the Black Citizens of Winston-Salem" newsletter which will attempt to discredit LARRY DONNELL LITTLE, leading Black Panther Party (BPP) member at Winston-Salem. The other is a new series of leaflets under the guise of the "Committee of Twenty-five" which is to be a more responsible black group and set forth the true aims and purposes of the BPP. In addition

[REDACTED] A proposal is forthcoming in this regard in order to discredit HOWARD LAMAR FULLER.

II. OPERATIONS BEING EFFECTED

It is noted that Charlotte has had two Bureau-approved mailings of the "News of Interest to Black Citizens of Winston-Salem." These newsletters, mailed to the vicinity of the BPP headquarters in Winston-Salem, have caused some consternation among the BPP members as they cannot determine the source of this letter which

is attacking them. In addition, due to the split in the BPP group at Winston-Salem, Charlotte, on Bureau authority, has discreetly contacted RAY SNYDER, Radio Station WTOB, Winston-Salem, advising SNYDER of the split and the fact that DOUGLAS PAUL MIRANDA, formerly BPP Captain in New Haven, had been sent to Winston-Salem.

### III. TANGIBLE RESULTS

In connection with previously mentioned newsletter, information has been received from [redacted] FOIA(b)(7) - (D)

[redacted] FOIA(b)(7) - (D) that this has caused great concern among the BPP leadership as to misinforming the people as to their true status. BUTLER noted that young Negro males had been laughing about LARRY LITTLE being depicted as a parasite and avaricious businessman and was of the opinion that these letters would keep the people from taking LITTLE seriously and decrease his financial donations.

In a continuation of this, the additional counter-intelligence proposals concerning letters have been submitted.

### IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

It is noted that DOUGLAS PAUL MIRANDA, against whom a portion of the counterintelligence proposals were directed, is no longer in North Carolina, therefore, a different direction will be used due to his departure and will not be directed at the fact that outside leadership was sent into North Carolina.

Re Charlotte letter to Bureau, 5/30/70.

I. OPERATIONS UNDER CONSIDERATION

At the present time Charlotte has two proposals for future operations, one of which is continuation of the "News of Interest to the Black Citizens of Winston-Salem" newsletter which will attempt to discredit LARRY DONNELL LITTLE, leading Black Panther Party (BPP) member at Winston-Salem. The other is a new series of leaflets under the guise of the "Committee of Twenty-five" which is to be a more responsible black group and set forth the true aims and purposes of the BPP. In addition

A proposal is forthcoming in this regard in order to discredit HOWARD LAMAR FULLER.

II. OPERATIONS BEING EFFECTED

It is noted that Charlotte has had two Bureau-approved mailings of the "News of Interest to Black Citizens of Winston-Salem." These newsletters, mailed to the vicinity of the BPP headquarters in Winston-Salem, have caused some consternation among the BPP members as they cannot determine the source of this letter which

is attacking them. In addition, due to the split in the BPP group at Winston-Salem, Charlotte, on Bureau authority, has discreetly contacted RAY SNYDER, Radio Station WTOB, Winston-Salem, advising SNYDER of the split and the fact that DOUGLAS PAUL MIRANDA, formerly BPP Captain in New Haven, had been sent to Winston-Salem.

### III. TANGIBLE RESULTS

In connection with previously mentioned newsletter, information has been received from [REDACTED] FOIA(b)(7) - (D)

[REDACTED] FOIA(b)(7) - (D) that this has caused great concern among the BPP leadership as to misinforming the people as to their true status. BUTLER noted that young Negro males had been laughing about LARRY LITTLE being depicted as a parasite and avaricious businessman and was of the opinion that these letters would keep the people from taking LITTLE seriously and decrease his financial donations.

In a continuation of this, the additional counter-intelligence proposals concerning letters have been submitted.

### IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST

It is noted that DOUGLAS PAUL MIRANDA, against whom a portion of the counterintelligence proposals were directed, is no longer in North Carolina, therefore, a different direction will be used due to his departure and will not be directed at the fact that outside leadership was sent into North Carolina.

He said the green letters were apparently from some small church group who had formed to drive the Black Panthers out. He added he felt many people felt this way but were afraid to speak out. He also notes letters of this type would probably sway a lot of people who were on the fence in their thinking about the Black Panthers. Re: Cato Depina Jamb

James Cato 26 yrs. old was arrested on the morning of 8-20-70 at his house during the wee hour of the morning. (5:00 am)

Bro. Cato, who just recently returned from Germany in the International pig force, was arrested by two Winston-Salem pigs accompanied by 8 carloads of pigs (2 in a car). His charge at the time of arrest was robbery but was changed to storebreaking and larceny later.

Brother Cato's preliminary hearing is scheduled for Monday 8-24-70 in the District Court (criminal) of the Forsyth County Courthouse.

We need funds for the defense of the brother. His bond is \$5,000. We are asking that you come to our aid in this hour of need.

FROM THE OFFICE OF THE  
COMMITTEE OF TWENTY-FIVE

The Committee of Twenty-five was organized by responsible black people of East Winston and was formed in secret to avoid repression by the hoodlum element. Its reason for existence is to expose and destroy any group which is enslaving our people.

The chains of past slavery are almost gone; yet a new master, Chinese-style Communism in the name of the Winston-Salem Committee to Combat Fascism, is now using the blood of our children to lead us back into slavery. The Black Panther Party which operates in Winston-Salem as the Winston-Salem Committee to Combat Fascism has the purpose of overthrowing the present system of Government by force, using our children as cannon fodder, dying for a godless, impossible, and unjust cause.

We want everyone to know that each time you pay 25 cents for a Black Panther newspaper, one half of this money goes to support Black Panther leadership in California and the rest to support those who prey upon us local people. A small amount of the money donated by well intentioned, but ill-informed people actually feeds children in the Panther breakfast for children program while a much larger part supports the local black Panther leadership who then have no need to do honest work and can prey upon us local people. The rent, electricity, and food for a dozen people, even if they are going under the pretext of helping the community is quite an amount.

If interested in improving the lot of the black people in East Winston, they could do much more good by working for better education, employment opportunities and such. They now in fact, preach the gospel of dropping out of school and "getting your education in the streets" which is not the way that we have made progress.

The Panthers publicly oppose our fathers, sons and daughters who fought in Korea and now Vietnam since they support the teachings of Mao Tse Tung of Red China and Kim Il Sung of North Korea who were the leaders of the enemy during the Korean War and support the North Vietnamese at the present time.

The committee of 25 will from time to time point out these things to the people of our area. Due to our limited funds, we can do little but we hope that if other citizens are interested they will form similar groups in their immediate areas and will make contact with the Committee of 25 in order that we may go forward together.

and gave the address of the BPP office as their home address. COON reported that plans had been made to put an individual underground. This person was identified only as KATHY HARRIS' other half and was recently seen leaving the Renegade House. The Renegades were not identified.

RICHARD ALLEN CARTER came to Winston-Salem from New Jersey with KATHY HARRIS and was subsequently arrested by Bureau Agents at Winston-Salem as a deserter. At the time of arrest he was in the company of WILLIAM RANDOLPH RICE who has now dropped out of the BPP group. CARTER was given a discharge by the military and returned to Winston-Salem, continuing to be friendly with RICE although RICE is out of the BPP. The Bureau should note that Charlotte has, with Bureau approval, distributed a number of letters under the guise of the SVRP favorable to GREER and running down LARRY DONNELL LITTLE and the current BPP membership at Winston-Salem. In addition, under the guise of "The Committee of Twenty-five," an additional newsletter has been submitted in Winston-Salem primarily to businesses and churches in the eastern half of Winston-Salem. This, written in the vein of a neighborhood organization with religious orientation, was an effort to drive a wedge between the BPP and the local Negro residents in Winston-Salem. LET'S COMPARE THE TEN-POINT PROGRAM OF THE  
BLACK PANTHER PARTY WITH "LIKE IT IS"

BLACK PANTHER PARTY

1. We want Freedom.
2. We want power to determine the destiny of our Black Community.
3. We want full employment of our people.

We want an end to the robbery by the capitalist of our Black Community.

4. We want decent housing, fit for shelter of human beings.

"LIKE IT IS"

1. Ask any member how long he or she can be out of contact with the Party without being disciplined. "No freedom in the Party." Ask Alex Rackley and Anderson about Freedom!
2. The destiny of the Black community is to be ruled by the Party. Have you ever told a Black Panther "no" when they asked something of you?
3. The words "our people" is the catcher. This really means the people of the BPP. Have you ever been helped by a BPP member to get a job? No! Ask any member the last time he tried to get a job for himself. THE ANSWER WILL BE, "I GOT ONE," "I WORK FOR THE MOVEMENT."

Webster's New World Dictionary states that a capitalist is one who has capital. With that definition, the BPP is a capitalist organization, for the gross income of that organization would far exceed your wildest dreams. Where does this money come from? You and me. Ever get any money from the Party? Who is robbing who?

4. The finance of the BPP is out of sight, yet dig the pads that are set up as headquarters. You will say that it is the best they can do, or it is symbolic. Good, check the labels in the clothes of the leaders and then go price that "front" in the clothing store. Have you ever asked a Panther to aid in getting a pad, and all you get is double talk but no help.

5. We want education for our people that exposes the true nature of this decadent American society.

We want education that teaches us our true history and our role in the present-day society.

6. We want all Black men to be exempt from military service.

7. We want an immediate end to police brutality and murder of Black people.

5. That old Uncle Tom talk, "I ain't got no good means of obtaining an education." The party or no one else can say that a good education is only for whites. Ask to go to any school, and you can go. This is a great talking point for persons who have not gone to school any longer than was necessary.

I say to this part of Point 5, Right-on, but I can't say Right-on to the Party that takes kids that can't think for themselves on any subject, but play and drill into them to kill. Don't take my word for it, drop by some times and lend an ear. You be the judge.

6. Let's call a club a club and believe it, a club will be used by all countries, at odds with the U. S. on any person in the U. S. Man, because you are Black, don't exempt you if we lose!

7. Again, we have a standard cry of most persons who are known to break the law, and violently object to being apprehended and punished for same. In today's work-a-day world the word brutality has had its fair share of abuse. Any time one is arrested and carried in for questioning the standard vanguard cry is "police brutality." Is it really brutality? Or just a means of drawing attention? Then put Black in front of it, and everyone gets up in arms.

8. We want freedom for all Black men held in federal, state, county and city prisons and jails.

9. We want all black people when brought to trial to be tried in court by a jury of their peer group or people from their Black Communities, as defined by the Constitution of the United States.

10. We want land, bread, housing, education, clothing, justice and peace. And as our major political objective, a United Nations-supervised plebiscite to be held throughout the black colony in which only black colonial subjects will be allowed to participate, for the purpose of determining the will of black people as to their national destiny.

8. As has often been stated by those in authority or rule of Black Panther Party, we are in existence only to serve the people. Now I ask you does this statement release all Black men from prisons sound as though they are looking out for the best interests of the community? As in any judicial system certain people that may be innocent, white or black, may be sentenced unjustly, but the statement, "free all" is a little irrational.

9. On this point I have but one question as is the question in the minds of many in the community when the Panthers state that all Blacks brought to trial should be tried by their peers. Are they referring to the type of trial that was held for their former brother members Alex Rackley and Eugene Leroy Anderson? The point of one being tried by his peers is just and a good law, but a kangaroo court by anybody is a kangaroo court. If Rackley and Anderson were here, I'm sure they could tell you "like it is."

10. Every item that is mentioned in point ten can be obtained by any individual that has the gumption to obtain same. The poetic statement used in point ten which implies black separatism closely parallels that of another archaic group better known as the KKK. Black Panthers, Kluxers and any other group that feels that the races can live alone should only look at any country in the world and try to pick one that you find only one kind of individual or race. Impossible, isn't it?

To the Panthers and any other group tell it like it is and not like it ain't!

Re Charlotte airtel to Bureau dated 8/17/70; Bureau airtel to Charlotte dated 9/18/70; and Charlotte airtel to Bureau dated 9/25/70.

It is noted that the Charlotte Office mailed out a news sheet captioned "The Committee of Twenty-five" pursuant to Bureau authority. Response was good; and, in fact, Reverend J. T. McMILLAN, local head of the NAACP at Winston-Salem, N. C., and pastor of a Negro church, produced one of the letters noting that he considered it a good move by some small church group who were afraid to speak out publicly and believed that the letter would sway people who were "on the fence" in their thinking about the Black Panthers. In addition, information from the Winston-Salem, N. C., Police Department indicates this proposal may have caused a decrease in donations and other community support of the Black Panther Party noting they are having extreme difficulties in disposing of their newspapers.

Due to the apparent success of this operation, Charlotte desires its continuance; and the following proposed letter under the caption "The Committee of 25" is presented for the Bureau's approval:

Joe Waddell and Leo Woodberry are in jail in High Point for a vicious armed robbery where the lives of many black people were endangered. They don't really care about us as long as they can grab something off for themselves.

"Larry Little who Panthers say have been stealing newspaper money said in open court some time ago he would rather go to jail than work for 30 days. If he would work he could keep himself up and not be begging from us under the disguise of the breakfast program. This shows he and the other Black Panthers are just one more slumlord we have to contend with.

"This group has grown so fowl they can not get members from the decent people of the neighborhood and are now taking in punks and sissies like Larry's brother Percell. It is becoming a queer house and no wonder they want our children there for 'breakfast.'

"Our contributions and buying the Black Panther paper help support these lazy bandits who refuse to work and then rob from us. (Watch the Black Panther member when he comes to your store carrying a package. It has a door in it and they steal from us by placing meat or close inside the package and carrying it out. Protect yourself from them or they will steal you blind no matter what your color.)

started with the police in hopes some of us in the neighborhood will be killed while they are safe in their hole. They will then try to blame the police to gain our support for themselves. Even worse if no one in the neighborhood is killed they talk of killing one of the children there themselves and blaming it on the police. Be alert to this.

"We see their constant lies in the Black Panther Party and hear their constant demands for money and we know they are just another communist backed Mafia as far as we are concerned.

"We The Committee of 25 charge Julius Cornell, Nelson Malloy, Larry Little, Rickie Hooper, and the Mack family as leeches and traitors to the black people and support the growing effort to remove these fools from our community. Those Black Panthers we have not named may be saved and we urge you to leave the Black Panther Party now before the wrath of the people smashes you.

"Wrap about this among yourselves and pray for us and our work to free the black people from all leeches and masters."

It is noted that there are misspellings and other errors; however, this is to make the newsletter more realistic. It is believed that the newsletter if prepared in this manner will be an attack on the Panthers for commission of armed robberies; LARRY LITTLE, their leader, for his public refusal to work instead of going to jail; and the fact that the Panthers are shoplifting from local stores. In addition, in the event a violent confrontation does occur between the police and the Panthers, no matter who provoked it, the ground-work will be laid for the Panthers to lose support.

**On receipt of Bureau approval, approximately 200 copies prepared on commercially purchased, unwatermarked, colored paper, using inexpensive envelopes, will be mailed.**

RACIAL MATTERS

ReBuairtel 10/13/70, concerning the forwarding of an anonymous letter to MELVIN NEWTON.

It is the opinion of the San Francisco Office that HILLIARD continues to wield a great deal of power in the BPP not through subverting NEWTON's position but rather because NEWTON has surrendered a portion of his leadership through default. He only occasionally appears at headquarters and leaders in Oakland have complained that he is not relating to all their problems.

At the present, NEWTON also appears to be avoiding many local speeches that are handled at the last moment by other members. It appears that he is contented with the arrangement.

At present there are several members of the NCCF from Dallas at National Headquarters and it is suggested that an anonymous letter be mailed from another branch. Why not mail it from Winston-Salem, North Carolina and possibly foment some trouble with a new chapter?

For the information of the Bureau, mail may be directed to MELVIN NEWTON, 1033 - 60th St., Apt. #1, Oakland, California. KATHY HARRIS, who recently departed Oakland for Winston-Salem, would logically be in a position to know MELVIN's address.

On 10/19/70, Winston-Salem PD Officer JEFF LANDRETH advised that two Negro males and two Negro females in a black over red Dodge Duster with black wall tires and aluminum rims followed Police Officers TAYLOR and McDONALD while they were investigating a complaint in the area of Glenn and Trade Streets in the Negro section. He advised that the information he received indicated that they were intentionally obviously shadowing the police officers while on duty in that area.

One Negro male wore a baseball cap, gray jacket and gray work uniform and the second Negro male wore a white trench coat, purple shirt and maroon tie with light colored pants and gold rimmed glasses. Both Negro females had on white uniforms and one wore a red sweater. They were all in their late teens or early twenties.

He noted also that Officer SPILLMAN in Winston-Salem PD was run off the road late Sunday night or early Monday morning by what appeared to be a carload of young Negro males. He got to a lighted area before he went off the road, and when he came out of the car with his gun, they were approaching him with sticks but when they saw the gun, they left. He allegedly fired at the car as they fled.

No further information was available concerning the above incident and it is not known whether this was a racial incident or a case of mistaken identity or what the situation was.

Dear Brother Melvin:

I am writing on behalf of myself and many black brothers who are deeply concerned over what appears to be Huey's declining power in the Party. Huey is our leader, our hero but we don't see him doing much. How come he is not making more speeches and giving us more guidance? Is Huey a victim of some sort of power struggle for Party control? Are David and Pat Hilliard shelving Huey for their own benefit?

We want Huey! We waited too long for him to bust from the fascist dog pig pen to be disappointed like we are. Sure Hilliard did a good job while Huey was on ice but man he's out now and Hilliard's got to give the ball back to Huey so let's get on with it and have Huey run the Party. Could it be that Huey's lost interest in the people's revolution --- all brothers will be sick if Huey has forgotten that we're still being squeezed in the vice of this pig infested blood-sucking, capitalistic society ---- Free Huey.

I'm sending this letter to you as I don't feel a letter to Huey would ever reach his eyes.

Right on

RE: COUNTERINTELLIGENCE MEASURES

Portion of column deals with proposal that union members refuse to handle shipments of BPP newspapers. Obviously if such a boycott gains national support it will result in effectively cutting off BPP propaganda and finances; therefore, it is most desirable this proposal be brought to attention of members and officials of unions such as Teamsters and others involved in handling of shipments of BPP newspapers. These shipments are generally by air freight. The column also deals with repeated calls for murder of police that appear in BPP paper; therefore, it would also be desirable to bring boycott proposal to attention of members and officials of police associations who might be in position to encourage boycott.

Each office anonymously mail copies of enclosed to officials of appropriate unions, police organizations or other individuals within its territory who could encourage such a boycott. Use commercially purchased envelopes and take appropriate measures to insure mailing cannot be traced to Bureau. Make no dissemination of this column other than anonymously.

Handle promptly and advise Bureau of any positive results noted. Any publicity observed concerning proposed boycott should be brought to attention of Bureau.

Be alert for any other opportunities to further exploit this proposal. Submit any suggestions to Bureau for approval prior to taking action.

He asked if this agent had any knowledge of the COUNCIL OF TWENTY FIVE. He noted this group had organized but secref opposition to the BPP and he wanted to join them. Re Charlotte airtel to Bureau, 9/25/70.

It is noted that Charlotte has previously received Bureau permission to disseminate two news sheets through the guise of the "S.V.R.P." both of which were critical of the current leadership of the BPP group at Winston-Salem, N. C. Information from sources, the Winston-Salem Police Department, and other contacts in the black community of Winston-Salem indicates that these leaders, particularly when they point out either mistakes or failures, cause the people of the community to cease supporting the BPP group. It is noted that previous counterintelligence letters pointed out the fact that half of each \$.25 paid for a BPP newspaper was forwarded to California and subsequently there has been a drop in newspaper sales from 2,500 to 1,500 per week, and on two occasions the group failed to order newspapers because they did not have money to pay for them. In one of the previous letters LARRY LITTLE, current leader, was described as an "avaricious businessman" and this caused the people in the area to laugh at him and his reaction further lost him respect.

Due to the success of the previous letters and the current situation within the BPP nationally concerning the Revolutionary People's Constitutional Convention (RPCC), the following proposed letter is submitted contingent upon the complete cancellation of the RPCC:

It appears that CORNELL and LARRY LITTLE are keeping up with everyone's homework but their own. Keep your wives, girl friends, and daughters away from that place!

"We have heard all this talk of the big Revolutionary People's Constitutional Convention which was to be held last weekend in Washington, D. C. Panthers have been all over Winston-Salem and for that matter, North Carolina telling everyone they would pay all expenses for anyone wanting to attend. They are speaking of spending money for buses, trains, food, and rooms, when they are being evicted from their community center on Wilson

CE 157-6109

"Street for not paying the rent and can't pay their back phone bill. Their national leaders must have the same delusions since the black officials at Washington, D. C., ask for their money in advance for use of Howard University buildings and shortly the convention was cancelled.

"JULIUS CORNELL has talked of traveling to Georgia, South Carolina, and Tennessee for the big failure known as the Revolutionary People's Constitutional Convention and attending staff meetings in New York. Maybe a lot of the money meant for the Convention and other things was spent on CORNELL and other leaders trying to be the 'Big Nigger.'

"A word of caution! Watch out for your women and money when in the presence of a fool who calls himself a 'Panther.'

"S.V.R.P."

It is hoped that the above will point out the failure locally of the BPP and continue to decrease their community support and finances with the blame being placed on the defunct Southern Vanguard Revolutionary Party (S.V.R.P.) of purged Panther JOSE GONZALVEZ.

As in the past, if Bureau authority is received, Charlotte will mail the letter to addresses in the area of the BPP Headquarters, Winston-Salem, N. C. The newsletter will be reproduced on unwatermarked paper and mailed in plain envelopes with stamps affixed.

"Since they won't pay their telephone bill, the company removed the phone. There is no way to contact them in case of an emergency situation.

"Of the five or six girls who stay or work at the BPP Headquarters, only one, the wife of JULIUS CORNELL, is married. Mrs. JULIUS CORNELL is not pregnant, but all the rest are 'in a family way.' It appears that CORNELL and LARRY LITTLE are keeping up with everyone's homework but their own. Keep your wives, girl friends, and daughters away from that place!

*Winston-Salem*  
"We have heard all this talk of the big Revolutionary People's Constitutional Convention which was ~~to be~~ held last weekend in Washington, D. C. Panthers have been all over Winston-Salem and for that matter, North Carolina telling everyone they would pay all expenses for anyone wanting to attend. They are speaking of spending money for buses, trains, food, and rooms, when they are being evicted from their community center on Wilson

CE 157-6109

"Street for not paying the rent and can't pay their back phone bill. Their national leaders must have the same delusions since the black officials at Washington, D. C., ask for their money in advance for use of Howard University buildings and shortly the convention was cancelled.

"JULIUS CORNELL has talked of traveling to Georgia, South Carolina, and Tennessee for the big failure known as the Revolutionary People's Constitutional Convention and attending staff meetings in New York. Maybe a lot of the money meant for the Convention and other things was spent on CORNELL and other leaders trying to be the 'Big Nigger.'

"A word of caution! Watch out for your women and money when in the presence of a fool who calls himself a 'Panther.'

"S.V.R.P."

It is hoped that the above will point out the failure locally of the BPP and continue to decrease their community support and finances with the blame being placed on the defunct Southern Vanguard Revolutionary Party (S.V.R.P.) of purged Panther JOSE GONZALVEZ.

As in the past, if Bureau authority is received, Charlotte will mail the letter to addresses in the area of the BPP Headquarters, Winston-Salem, N. C. The newsletter will be reproduced on unwatermarked paper and mailed in plain envelopes with stamps affixed.

**COINTELPRO - BLACK EXTREMIST  
RACIAL MATTERS**

Re Charlotte letter to Bureau, 8/20/70.

**I. OPERATIONS UNDER CONSIDERATION**

At the present time Charlotte has under consideration at the Bureau a proposal for a continuation of the "News of Interest to the Black Citizens of Winston-Salem" newsletter, a series which has been extremely successful in the past against the BPP at Winston-Salem, N. C. This letter attacks the BPP attempting to discredit them in the eyes of the community and thereby decreasing their support on the basis of their failure to pay their bills, pregnancy of the female workers, and failure in the organizing for the Revolutionary People's Constitutional Convention (RPCC). In addition, information from SF 3215-R\* indicates there may be some animosity between JULIUS WHITE CORNELL, JR. and LARRY DONNELL LITTLE, the two top men in the BPP at Winston-Salem. On a determination of a correct approach, a proposal will be submitted in order to widen this gap.

**II. OPERATIONS BEING EFFECTED**

Two newsletters under the guise of the "Committee of Twenty-five" have been submitted. These newsletters, under the guise of a responsible black church-oriented group developed in opposition to the BPP, have attempted to cut off BPP funds and reduce their newspaper sales. In addition, pursuant to Bureau instructions, a letter was prepared and mailed from Winston-Salem, N. C., to MELVIN NEWTON, brother of HUEY NEWTON, to assist San Francisco in a counterintelligence operation to plant the seeds of doubt in HUEY NEWTON's mind concerning his status within the BPP.

**III. TANGIBLE RESULTS**

In connection with the previously mentioned newsletters which were basically directed to a decrease in the BPP newspaper sales and a decrease in community donations, it is noted that during 8/70 the BPP group was receiving 2,600 copies of the newspaper, however, sales decreased and during 10/70 they were down to receiving 1,500 copies of the newspaper. During 11/70, on three occasions they were unable to purchase their weekly supply. In addition, information was received on 9/9/70 from Reverend J. T. McMILLAN, head of the NAACP at Winston-Salem, and on 11/18/70 from Reverend McDANIEL of the Union Baptist Church, both in Winston-Salem (both of whom received the "Committee of Twenty-five" newsletters) that they considered the "Committee of Twenty-five" to be a church group formed in opposition to the BPP. Reverend McDANIEL indicated the desire to join the "Committee of Twenty-five" and it was suggested to him that he start his own group in opposition to the BPP until such time as he could locate the "Committee of Twenty-five." Reverend McMILLAN had the opinion that the newsletter would sway people who were on the fence in their thinking concerning the BPP into opposition to the Panthers and considered it a good idea to generate resistance.

**IV. DEVELOPMENTS OF COUNTERINTELLIGENCE INTEREST**

Noting that BPP members from Winston-Salem traveled throughout the state advertising for people to attend the RPCC reporting that they would pay all expenses for transportation, meals, etc., this ultimately resulted in the Panthers' transportation being a Hertz Rental truck and private automobiles along with poor food and accommodations at the RPCC which was very disorganized. Charlotte will submit additional counter-intelligence proposals in this regard as the opportunity arises.

SEARCHED INDEXED  
SERIALIZED FILED  
NOV 25 1970  
FBI - CHARLOTTE

September 18, 1970

A photograph of JAMES CATO was identified, and it was noted he had been a semi-active member of the National Committee to Combat Fascism (NCCF). However, his activities seem to be dropping off.

It was noted VERNARD SPEASE was no longer a member of the NCCF noting he had left the group sometime in early spring; and although he returned to Winston-Salem during the fall of this year, he did not go back with the NCCF again.

The source advised he felt the Black Panther Party (BPP) referred to the former members of the Black Panthers in Winston-Salem as renegades as they said they turned against the people when they left the group.

It was noted there had not been any meetings of the ex-Black Panthers; however, they do socialize together but there is no ad hoc group or committee.

1\*

September 30, 1970

Photographs of NANCY WITHERSPOON (SMITH), NELSON MALLOY, JAMES FORD, ED McQUEEN, SAM McQUEEN, LARRY LITTLE, HAZEL MACK, and WILLIAM GARY were identified. Of this group all are active members of the National Committee to Combat Fascism (NCCF) except SAM McQUEEN, who has had some relationship with this group as his brother, ED McQUEEN, is a member but has recently had nothing to do with them. It was noted FOIA(b) (6) likes to drink and "hang around the corner" too much to get himself into something organized like the Panthers.

The source was unable to identify photographs of JOE NEWTON, CLARA VINCENT, RANDY JENNINGS, or LINDA (LAST NAME UNKNOWN), or RUTH (LAST NAME UNKNOWN), and could not pick any photograph as being that of the individual he knew as MALIK. He advised he was very confident that neither NEWTON nor VINCENT were in the Winston-Salem area.

The source noted that DONALD SHORE and ROBERT GREER had been at a shopping center recently where they had seen NANCY WITHERSPOON and RICKIE HOOPER and an unknown girl. This other girl said "hello" to the above-named individuals, and NANCY and RICKIE pulled her away and told her not to talk to SHORE or GREER as they had "abandoned the peoples' cause."

1\*

October 30, 1970

Efforts by the source to locate a time and place for interview of WILLIAM RANDOLPH RICE has been negative, and the source noted he has not seen RICE in Winston-Salem in approximately two weeks.

It was learned that the individual referred to as "PAPADOC" (phonetic) is really GRADY FULLER. GRADY FULLER was a "hanger on" with the National Committee to Combat Fascism (NCCF) unit in Winston-Salem when it was headed by ROBERT T. GREER.

FOIA(b) (7) - (D)

ED McQUEEN has been in or near Fayetteville, North Carolina, organizing what appears to be an information center. McQUEEN and FORD were intentionally split up by LITTLE as they were very close friends.

It was understood that RICKIE HOOPER was pregnant, but this is not positive information. JULIUS CORNELL has allegedly been somewhere around Augusta, Georgia, organizing some kind of Black Panther type group or affiliate;

FOIA(b) (6)

FOIA(b) (6)

ROBERT T. GREER has been living from one girlfriend or relative to another and did live with JACKIE PEOPLES for a short time. He still works at Western Electric and is not doing or planning anything as far as community organizing is concerned.

It has been rumored that JESSIE STITT went north, to Ohio or somewhere in that vicinity, about two months ago. He allegedly told people that the NCCF was a "bust" and he might as well try to live a straight life and take care of himself.

TERESA THOMAS is pregnant, [redacted] FOIA(b) (6)  
[redacted] FOIA(b) (6) but not for sure. During conversation it  
was understood she went to the NCCF Headquarters approxi-  
mately one or two weeks ago to talk to them about them  
paying her telephone bill. She has advised individuals  
that they yelled at her and cursed her and ran her off.

2\*

November 4, 1970

During the evening of November 3, 1970, it was noted that NELSON MALLOY was at National Committee to Combat Fascism (NCCF) Headquarters at 1602 East 14th Street, Winston-Salem, with a few children sitting around on the front porch. There was no one else in the area, and general conversation gathered no information.

WILLIAM RICE was seen driving his Toyota downtown on this date, and it was noted this is really his car as he makes the payments but it is in his girlfriend's name as she has credit and he does not.

RICE was apparently en route to visit another girlfriend, BARBARA (LAST NAME UNKNOWN), whose telephone number is 725-6700. It is again noted that he lives from one friend, girlfriend, and relative to another; has no permanent base; and is not employed.

1\*

November 5, 1970

It was noted that HARRY LITTLE still maintains a permanent address with his mother at 1326 Oak Street in Winston-Salem, North Carolina, and still works full time at the National Committee to Combat Fascism (NCCF), 1602 East 14th Street.

GREER now lives with his wife at 931 North Cleveland, Apartment 1, in the Colony Place Apartments. [REDACTED]

but he appears to live at this address more than anywhere else.

It was also noted that JAMES ACKERS, who had been kicked out of the NCCF and chastised by them on several occasions [REDACTED] is now out of the NCCF and has been for several weeks. It would appear from conversation with individuals near the NCCF group that ACKERS is out for good.

It is noted that Charlotte has previously received Bureau permission to disseminate two news sheets through the guise of the "S. V. Information from sources, the Winston-Salem, N.C., PD and other contacts in the black community of Winston-Salem, N.C., indicates that these letters, particularly when they point out mistakes or failures, cause the people of the community to cease supporting the BPP group.

The previous letters were directed toward finances, pointing out half of the \$.25 cost of each BPP newspaper was returned to California and subsequently there was a drop in newspaper sales per week from 2,500 to 1,500. In addition, some weeks they could not pay for their papers.

There appears to be no adverse reaction to fire on Police Department at Winston-Salem, N.C., at this time in connection with the fire at BPP headquarters, 11/27/70; therefore, Charlotte is requesting the following letter be approved:

On 12/24/70, Inspector GRAVES of the Winston-Salem Fire Department, Fire Prevention Bureau, advised he had contacted knowledgeable sources in the area of Sixteenth Street and Jackson Avenue where Black Panther Headquarters was recently burned. He advised these sources, all Negro, all agree that a group known as the "Committee of Twenty-Five" is made up of ex-BPP members and that they burned down Black Panther Headquarters. He said these individuals state the Committee of Twenty-Five has sent out letters exposing the Black Panthers for what they really are and that four young Negro men were seen running from the back of Black Panther Headquarters just before the fire started and everyone is sure they are ex-BPP members.

RE: RACIAL MATTERS AND INFORMANTS  
INSPECTION OF THE CHARLOTTE OFFICE  
NOVEMBER 19, 1970

During the inspection of the Charlotte Office, the inspector made the following suggestions and recommendations for the improvement of racial investigations and the informant program in the Charlotte Office among which are the following.

Additional assignments are to be given to all racial informants and particularly FOIA(b) (7) - (D) to increase their productivity and insure that all informants are alerted to the thefts of weapons and other instruments of violence and that all information is reported promptly. Member informant coverage must be obtained in Black extremist or white extremist groups and of unaffiliated individuals who reportedly are capable of racial violence. Particularly, member informant coverage must be obtained or maintained in the Afro-American Society, Fayetteville State College, Student Organization for Black Unity and Malcolm X Liberation University. The inspector

also noted no member informant coverage in the Afro-American Society at Duke University or Black Student Movement, University of North Carolina, Chapel Hill, however, since the inspection, an up-to-date survey has been made of these groups and the Bureau advised UACB that due to their not appearing to be extremist oriented at the time or under extremist leadership at the time, they will be followed through established campus sources and existent non-member informants.

The inspector desired more information concerning the stockpiling of weapons and particularly the theft of weapons, therefore, you should be alert to this information from informants and other sources and channel it to the appropriate files including 157-5757.

Concerning the BPP and other extremist groups, informants should be directed to obtain positions of leadership noting that decisions of the upper level leaders may not be known to the rank and file members.

There must be continuous interest in counter-intelligence activities whereby Black and white extremist groups may be neutralized. This program, all procedures of which must be authorized by the Bureau, must continue to receive imaginative and aggressive attention.

In connection with the overall investigative operations, it was noted that the delinquency in racial matter investigations has been above the office average and efforts must be made to improve this situation. In addition, you must insure that you adhere to the Bureau deadlines in the submissions of reports on all individuals and organizations.

All agents should alert their informants concerning the possibility of airplane hijackings and kidnapings of government officials by extremist groups and, in addition, insure that the informants are indoctrinated in accordance with existing instructions with the prompt reporting of information when the informant is in travel status in another division.

In connection with the speeches at rallies and demonstrations by Black extremists, efforts must be made to record these proceedings in accordance with current Bureau instructions.

The following suggestion is being submitted to the Bureau and San Francisco by the Charlotte Division for development as a possible counterintelligence recommendation. Purpose of the operation is to make the Black Panther Party plans for an underground section work to the Bureau's advantage.

It appears that the rank and file of the Black Panther Party have some knowledge that a BPP underground may exist, however, due to the secrecy involved no one has the full information other than highly placed BPP officials. In view of this the following is submitted for recommendations of Bureau and San Francisco, if deemed feasible.

A carefully chosen member of the BPP, either an extremely dangerous individual or very effective worker will be telephonically contacted by a male voice. This voice could be

either as agent in another division or a black extremist informant. The BPP member contacted will be advised that he is being selected to go underground and will be directed by the caller, allegedly from national headquarters, in procedures for going underground, part of which will be instructions to slowly drop out of the BPP and melt into the black community telling no one, not even members of his local group of his underground status which he will explain as being dissatisfied with the BPP. The BPP member will be instructed that he will be contacted by the caller and for security reasons he is to advise no one of his exact status but will be furnished instructions at a later date.

After the BPP member has appeared to follow these instructions he will be contacted telephonically again and given an innocuous assignment such as the photographing of some public building and the submission of the undeveloped film or negative to a post office box in another state, preferably San Francisco. At ever increasing intervals the individual will be given additional innocuous tasks until such time that he is completely divorced from the BPP.

It is believed that under certain restricted circumstances it might be possible to direct these individuals to do some work actually beneficial to the Bureau while they consider themselves members of an underground BPP cell.

In any event, if an extremely able and active worker is made inoperative by this method the Bureau should consider it a success noting that it will take very little time or money to effect this operation and the possibility exists it will decrease the investigative time and expense involved in following the activities of an active BPP member.

The Bureau and San Francisco are requested to give this consideration and furnish recommendations in order that it may be more fully developed and either submitted for the Bureau's approval or efforts discontinued, whichever appears to be the logical course of action.

The following suggestion is being submitted to the Bureau and San Francisco by the Charlotte Division for development as a possible counterintelligence recommendation. Purpose of the operation is to make the Black Panther Party plans for an underground section work to the Bureau's advantage.

It appears that the rank and file of the Black Panther Party have some knowledge that a BPP underground may exist, however, due to the secrecy involved no one has the full information other than highly placed BPP officials. In view of this the following is submitted for recommendations of Bureau and San Francisco, if deemed feasible.

A carefully chosen member of the BPP, either an extremely dangerous individual or very effective worker will be telephonically contacted by a male voice. This voice could be

**Concerned Negroes  
 Form 'Watch Group'**

The killing of a white grocer in East Winston last week upset many black citizens — so much so that some of them have decided to form a watch group or safety system for the black community.

Otha Bud McManus, unsuccessful candidate for county commissioner last November, said yesterday that several young black men would hold a closed meeting last night to discuss how they would inform the Winston-Salem Police Department of suspicious

activities. The safety system will probably become effective next weekend, McManus said.

McManus said the shooting of Roy Minor last Wednesday night on Cameron Avenue as he was walking to his car made several of his friends decide that something had to be done to help protect both blacks and whites. Minor had just locked his store and was carrying a money bag.

"All we are concerned with is people being safe in our part of the town," McManus said. McManus said the watch group would not have formal patrols and does not intend to form a club with uniforms, signs or badges. "But we will have a way of getting in touch with each other," he said.

Members of the watch group will be on the streets as they normally are, and if someone happens to see something contact the police, or perhaps another member of the group, to investigate, McManus said.

The watch group will not attempt to interfere in any way with the activities it reports, he said.

If the police want to check on calls from the watch group the decision is theirs, McManus said.

## Soph Class examines recent Panther rejections

What is the Black Panther Party doing to its Black community? Are they expressing unity or disunity among Black People?

On September 25, 1970, Huey P. Newton was invited by Project Awareness to speak at Howard University for \$1000.00. This was agreed upon and later rejected after the Black Panther Party decided that Howard University could afford more. It would seem that Huey P. Newton would want to come and speak to the D.C. community for free. If a leader has information and a program for his people to adopt, why is it that the people should have to pay for it. This has never happened in the history of any revolutionary country.

On November 15, 1970, members of the Panther Organization in D.C. were asked to speak at Meridian Hill. Five minutes before they were scheduled to speak, a Panther member came and informed the residents that there were orders from National Headquarters that no one was to leave the Panther office, therefore no one could come to speak. If no one was supposed to leave the office why did they come and tell us that? Why didn't they call us? Do the Panthers think Black people are fools?

November 20, 1970, Huey P. Newton was scheduled by the Sophomore Class of Liberal Arts to speak at Howard. Six days before he was to speak, the coordinator (Raymond Johnson) received a call which informed him of the fact that the Sophomore Class had to move his speaking time up from 8:00 P.M. to 1:00 P.M. He was told that Huey P. Newton had to speak at 8:00 in Virginia. It is now said that he spoke at a White university. Did Huey P. Newton put a Black University second to a white one? Four days before he was to speak the coordinator contacted the Black Panther Party Headquarters. He was then told that Huey Newton's speaking engagement was cancelled. The reason being that, they got the impression from a Howard student that if Huey Newton came, no one would come to see him (the admission was free), and that Howard University could not afford the \$500.00 honorarium to pay him. The coordinator then asked them to re-schedule it. Later, the opinion of Sophomore Class officers and other student leaders was to cancel it.

The coordinator was later told by a Panther that the \$500.00 for Huey was "not shit," and that Georgetown University was paying him \$2500.00. We would guess that they had forgotten that Howard was premitting them to hold their convention here for

\$7,377.98 (They would have to pay the D.C. Armory \$10,000.00 a day). For that low cost Huey should have spoken here for free.

The Black Panther Party wanted us to pay the seven thousand dollars for their convention. Federal Laws states that federal funded school cannot fund political activities. The Panthers know this. Are the Panthers using Howard University as an issue to explode upon, only to gain recognition of their party? Is this unity?

The Black Panther Party has constantly attacked Howard University its students and Black Leaders. As Stockley, Howard has never attacked the Panther Party. Attacking in this manner would only divide Black People. This is a fatal step for any revolutionist.

Why won't the Panthers explain to the people their collision with SDS, their reasons for supporting the Gay Liberation, and Woman's Liberation movement?

When the Panthers hold a convention, why do more whites show up than Blacks? Who are the oppressed? We as Black people should analyze that closely, maybe those white boys know something we don't.

We as Black people have a right to know the answers to those questions. If we are denied that right, then maybe it is true that the Black Panther Party is an organization existing only to exist.

ReCEairtel 1-14-71; San Francisco and Bureau  
airtels both dated 1-22-71.

The suggestion outlined in Charlotte referenced airtel is believed premature at this time. This is based on the extensive investigation being presently conducted by the Bureau concerning the activities of certain Black Panther Party (BPP) individuals probably related to the underground. The possibility exists, in connection with the investigation of these individuals, that the implementation of Charlotte suggestion may have some adverse effect on our extensive BPP underground investigations. Because of this, Bureau feels no action should be taken at this time.

In the event that future developments in the investigation of the BPP underground present circumstances which warrant implementation of this suggestion, further consideration will be given at that time. Your continued interest in submitting suggestions on captioned matter is appreciated.

RACIAL MATTERSReCEairtel 1-14-71; San Francisco and Bureau  
airtels both dated 1-22-71.

The suggestion outlined in Charlotte referenced airtel is believed premature at this time. This is based on the extensive investigation being presently conducted by the Bureau concerning the activities of certain Black Panther Party (BPP) individuals probably related to the underground. The possibility exists, in connection with the investigation of these individuals, that the implementation of Charlotte suggestion may have some adverse effect on our extensive BPP underground investigations. Because of this, Bureau feels no action should be taken at this time.

In the event that future developments in the investigation of the BPP underground present circumstances which warrant implementation of this suggestion, further consideration will be given at that time. Your continued interest in submitting suggestions on captioned matter is appreciated.

This dissension coupled with financial difficulties offers an exceptional opportunity to further disrupt, aggravate and possibly neutralize this organization through counterintelligence. In light of above developments this program has been intensified by selected offices and should be further expanded to increase measurably the pressure on the BPP and its leaders.

San Francisco and New York are already involved in counterintelligence actions and should continue to be alert for further opportunities. All other recipients should immediately devise at least two counterintelligence proposals and submit same to Bureau by 2/10/71. First proposal should be aimed strictly at creating dissension within the local branch. Second proposal should be aimed at creating dissension or problems between local branch and/or its leaders and BPP national headquarters. Submit each proposal in a separate airtel referencing this communication and in first paragraph specifically indicate whether proposal aimed at local dissension or national dissension.

In order for these proposals to be effective it is imperative that a close analysis be made of weaknesses and problems within the local BPP branch and that all proposals submitted be imaginative and timely. No proposal should be implemented without specific Bureau approval.

Re Bureau airtel to Albany and other offices, 2/2/71.

The following counterintelligence proposal is submitted pursuant to Bureau instructions in referenced airtel and aims to create dissension between the leadership of the BPP at Winston-Salem, N. C. and BPP National Headquarters.

As the Bureau has previously been advised, a house at 1127 E. 23rd St., Winston-Salem, was raided by Winston-Salem, N. C. PD on 1/12/71, and two individuals arrested in connection with the theft of meat. The Journal, a daily Winston-Salem, N. C. newspaper, in its issue of 1/13/71, contained an article captioned, "Confiscated Items Labeled as Stolen." A portion of this article was a photo of Mjr. THOMAS A. SURRATT of the Winston-Salem, N. C. PD and LARRY LITTLE, one of the top leaders at Winston-Salem who is on priority 1 SI and has been designated a key Black extremist.

It is noted that LITTLE took no part in the Panther activities at the scene of the raid or in any way assisted the two BPP members who were in the house.

LITTLE is the most effective organizer and speaker at Winston-Salem and creation of distrust might possibly result in his expulsion. In the event the article is brought to LITTLE's attention, it should further widen the gap between he and HAZEL MACK who has been functioning as the local Communications Secretary and create dissension within the local group.

# Anonymous Panther Letter Has Blacks Here in a Swivet

By Roy Thompson  
Staff Reporter

Anonymous letters mailed to people believed to be supporters of the local Black Panthers are creating a stir in the city's black community.

Taken at face value, the letter would appear to be an appeal for such people to give their support to needy individuals and established groups rather than to the militants.

Few, apparently, are taking the letter at face value. It is being read between the lines, and the message found there seems to be almost as varied as the viewpoints of the readers.

Some black leaders believe the letter is "police propaganda," a charge denied flatly by police Maj. Thomas A. Surratt.

Others see in the letter a subtle piece of psychological warfare prepared by the Panthers themselves to cast suspicion on the police and lend credence to their contention that they are being systematically harassed.

The letter was mailed here Jan. 29. Neither the envelopes nor the letters themselves gave any clue to the identity of the sender.

## "Avaricious Individuals"

The letter:

"It has come to our attention that you have been considered as a source of contributions to the Black Panther Party and may have even made donations of money, food or services available to this group, which is considered by the black community of Winston-Salem to be, to use their terms, 'avaricious individuals preying on the black community.' If you feel that you should donate money or services to uplift the black people of Winston-Salem, it is hoped that you will donate this to needy individuals or groups and not to the Black Panther Party since they are using your money and goods for their own benefit and not that of the black community."

A great many copies of the letter have been received. There may have been hundreds.

Most recipients were black. A few were white.

Many recipients were, indeed, contributors to the Black Panthers. Some were not.

Some blacks are calling the letters "police propaganda."

Such suspicion is apparently based on the following:

1. Many blacks believe that police here are persecuting the Panthers and that in two recent incidents in which officers evicted Panthers from their headquarters the police used more force than was necessary.

2. After a fire at one such headquarters, firemen here removed Panther records and other belongings from the building, carried them away and kept them for a time before returning them.

People who suspect that the police are involved in circulation of the anonymous letters reason this way:

The police could have gotten a list of contributors to the Panthers while the firemen had the records.

Police Chief Justus Tucker was not in the city yesterday, and Surratt, head of operations for the department, was asked to comment.

Surratt said he knew nothing about the letter except for the fact that police records show that a woman called police Jan. 30 and asked officers to come to her home and see a letter she had received.

Surratt said other similar — but not identical — letters have been mailed here before. He said the department had made no investigation of them because no law was being violated.

#### To Avoid Looting

He said Panther possessions removed from the headquarters by firemen were removed to avoid looting.

If anything had been stolen, he said, the police and firemen would have been held responsible by the Panthers.

"Everything removed from the house was inventoried and listed," Surratt said. "No such list came into our possession."

Do the police have such a list acquired in any other way?

Surratt said, "We have had calls from people asking us to talk with them about the Panthers' asking for donations. All such calls are placed in our records. We haven't made a list of them. If a person didn't call us, his name would not be in our records."

Did the police have any hand whatever in the circulation of the most recent letter?

Surratt: "That wouldn't be good law enforcement. We just wouldn't do it. Counterintelligence is not our business."

Re Charlotte airtel to the Bureau dated 2/9/71 and  
Director's airtel to Charlotte dated 2/23/71.

Enclosed for the Bureau is one copy and San Francisco  
one copy xerox of newspaper article appearing on pages one and  
two of the Winston-Salem, N. C., Journal under the caption,  
"2 Arrested After Gunfire at House." It is noted that this is  
the same day's paper as mentioned in referenced Charlotte airtel  
containing an article captioned, "Confiscated Items Labeled As  
Stolen," however is of later edition and contains primarily the  
same information.

It is noted that LITTLE is apparently no longer at  
odds with HAZEL MACK; therefore, the signature of WALTINA BANGER,  
a Negro female who associated with the Panther group for a  
short period of time and then dropped out, will be used. The  
letter will be directed to CATHY HARRIS at the East Oakland  
Community Information Center, 1321 - 99th Avenue, Oakland, Calif.  
HARRIS was acquainted with BANGER when HARRIS was at Winston-  
Salem, N. C.

The Bureau is requested to approve this counterintelli-

It is noted that referenced Charlotte airtel enclosed for the Bureau and San Francisco a copy of a newspaper article which appeared on page 1 and 2 of the Winston-Salem, N. C., Journal, a daily Winston-Salem newspaper, under the caption "2 Arrested After Gunfire at House". Charlotte's counterintelligence plan for the use of this article is as follows, it being noted that LARRY DONNELL LITTLE, both pictured and identified in the article as being present at the shootout 1/12/71 at Winston-Salem, N. C., and ~~is~~ talking with Major SURRATT of the Winston-Salem PD. LITTLE was present for the shootout but in no way assisted those inside the house. WALTINA BANGER is a Negro female who was affiliated with the Black Panther Party group in Winston-Salem, N. C., but has now become inactive. She was at odds with the leadership, including LITTLE, at the time she dropped out and was reported to be friendly with KATHY HARRIS, who is now located at the East Oakland Community Information Center, 1321 99th Avenue, Oakland, California, at the time HARRIS was active at Winston-Salem.

Charlotte proposes to take the complete page 1 and its reverse side, page 2, of the newspaper article, and in a feminine handwriting similar to that of WALTINA BANGER, place the wording on the article, "I think this is two pigs oinking", and thereafter mail it to HARRIS at the Oakland address.

The Winston-Salem, N. C., National Committee to Combat Fascism (NCCF) has remained aligned with the Newton or main body of the BPP and information received from FOIA(b) (7) - (D) that RUSSELL EDWARD McDONALD represented the Winston-Salem group at Oakland, Calif., during the first week of March, 1971 where the latest word was received from HUEY P. NEWTON concerning the split. Also mentioned was ZAYDE SHAKUR. Subsequent information indicates that SHAKUR has returned to New York and is aligned with the Cleaver faction. It is noted that SHAKUR has made speaking appearances in North Carolina in the past and is familiar with the group and operations in North Carolina.

It is believed that the group at Winston-Salem, if aligned with the New York or Cleaver faction, would be less able to survive since sales of the BPP newspaper as received now from California appear to be one of the major means of support. In this connection, Charlotte is setting forth the following proposal for consideration of the Bureau, New York and San Francisco:

New York requested to advise if it is feasible through their informants or other means to sell the Cleaver faction of the BPP in New York on the idea of attempting to sway the BPP in North Carolina into allegiance to Cleaver, accomplishing this through either visits by New York members to North Carolina preferably informants or the planting of information at New York that the North Carolina group is possibly aligned with New York infurnishing this information to California.

It is noted that the top leadership within North Carolina are all under indictment for various charges and with them out of the way and some other cause for either factionalism or dissention within the group would assist in destroying it completely. It is noted LARRY DONNELL LITTLE would in all likelihood be loyal to Newton at all cost; however, JULIUS WHITE CORNELL, JR. and other leaders who have traveled to New York and are more familiar with the New York people than California could possibly be swayed to the Cleaver faction.

Charlotte is taking no action in this regard at this time, however, is requesting the Bureau, New York and San Francisco give this matter consideration as to desirability, feasibility, and method of operation. In the event it appears practical, additional suggestions will be made for its implementation.

ReCEairtel to the Bureau, dated 4/9/71.

New York believes that Charlotte's proposal to sell the BPP - Cleaver faction in NYC on the idea of bringing the North Carolina BPP into their fold merits attention.

Due to the chaotic state of affairs of both the Cleaver and Newton factions of the BPP in NYC. at this time as evidenced by the recent violent death of SAM NAPIER, BPP National Circulation Manager of the BPP newspaper, and the burning of the Queens, NYC BPP Office, it is felt that the interests of both factions of the BPP would be more concerned with consolidating their present forces rather than making an attempt to recruit new members from a distant state.

New York does not feel that it would be beneficial to send sources to North Carolina at this time when it appears that their services can be better utilized in the NYC area to report on the ever changing status of the BPP in that place.

August 6, 1971

On August 6, 1971, it was learned that some of the Black Panther Party members planned to go to High Point, North Carolina, on August 7, 1971, concerning bond for the "High Point Four".

A revolutionary school is being planned and conducted at 1333 North Patterson with the primary teacher being MARY MC DONALD. She is a graduate of A& T University in Greensboro, and her husband is RUSSELL MC DONALD, who is head of distribution for the Black Panther Party paper in North Carolina.

It is increasingly evident that there appears to be some wealthy individual providing funds for the Panthers, and general conversation indicates that a Dr. MC CLOUD has provided financial and medical aid to the Black Panther Party.

From conversation, it is indicated that they have \$7,000 in pledges toward the bond money for the "High Point Four" and they want to get out either the man with the bad heart or the one who got shot first.

Conversation indicates the Black Panther Party is aware of a girl named PAULINE BOWMAN from Walkertown, North Carolina, who was at one time in the Malcolm X Liberation University in Durham, North Carolina. She is allegedly a graduate of Winston-Salem State University and her mother is MILDRED BOWMAN, and her brother is WALTER BOWMAN. There was no indication, however, that she was either a Panther member or a sympathizer at this time.

A photograph of WILBERT LEE ALLEN was displayed and it was noted that individual has never been seen in or around the Winston-Salem or High Point area.

1\*

August 8, 1971

On August 8, 1971, it was learned that RAY FREEMAN, SHIRLEY BROWN, and MARY MASTRONI (phonetic), are all here from Lumberton, along with TOMMY FREEMAN, who is RAY's brother. They are learning about the Black Panther Party and will go back to Lumberton to set up an organization there.

The Panther party here has written a letter to BOBBY SEAL inviting him to come to the trial of the "High Point Four" in High Point. He has written a letter in return saying that at this time he planned to come for the trial and unless something bigger came up he would be here. He stated this was of course if the panther party here could guarantee protection for him as he said there had been several attempts on his life.

A letter has been received from San Francisco Headquarters indicating they want this chapter to send \$300 out there for a contribution toward the bond of RACHEL MC KEE, whom they describe only as a political prisoner.

The Panthers here are also trying to get DAVID HILLIARD to come here for the "High Point Four" trial.

A revolutionary school was held on August 8, 1971, and those noted were:

NELSON MALLOY

DARREL HOPKINS

RAY FREEMAN

BERNARD PATTERSON

TOMMY FREEMAN

WALTER DURHAM, also known as JUDD

SHIRLEY BROWN

MARY MASTRONI (phonetic)

HAZEL MACK

CLARA MACK

LEE FAYE MACK

WALTER DURHAM appears to be the Information Officer and he alone is allowed in the Information Room upstairs at 1333 North Patterson, which is locked.

The Panthers are trying very hard to get the "High Point Four" out of jail, but the bondsmen will not go for the money and they have pledges but not very much real money.

A copy of a list indicating those cities that are considered target cities in North Carolina for Black Panther Party development was stolen from Black Panther Headquarters and those cities listed are as follows:

Winston-Salem

Greensboro

High Point

Burlington

Eden

Sedalia

Thomasville

Wilmington

Morehead City

Camp Lejeune

Greenville

Lumberton

Whether or not there has been any effort to develop Panther Party in these cities was not indicated on the list and conversation by Panthers about this list indicate they also want to link up with cities in Virginia, such as Danville, Virginia, but these cities will all be under the control of Winston-Salem.

During conversation, FREDDIE RICHARDSON from Greensboro, North Carolina, was mentioned. It was indicated he was not a Black Panther Party member, but was close to the party and he lived on Hibler Street, possibly 315 Hibler. He is close to black students at A & T and UNC-G, and was described as a "hustler"

and "pusher". He is 205 pounds, has an Afro, possible a beard, and has a pimply, medium black, complexion. He is 25 years old, 5 feet 9 inches, may have a burn scar on his right arm, and works at the Burlington Finishing Mill, Kernersville, North Carolina.

3\*

August 9, 1971

On August 9, 1971, contact with the Panthers at 1333 North Patterson indicated that WALTER DURHAM went to Guilford Technical School in Guilford County and studied to be an artist. His residence is approximately five miles west of Chapel Hill, North Carolina. He is now taking up the function of doing the art work for the party.

BERNARD PATTERSON is supposed to live in a small community called "I May Grow" in Danville, Virginia, and his address is 122 Warren Street, with telephone number 792-3019. He is getting ready to leave here for Danville, Virginia, as he hurt a leg playing basketball and must go to a doctor there.

HAVEN HENDERSON and TOMMY FREEMAN are on the streets selling Black Panther Party papers today. HAZEL MACK was noted on the street and she has been to Pittsburgh as she states a brother passed away there recently.

Conversation indicates the Panthers have \$800 to try to get people out of jail in High Point, and this is not enough as the bondsman is demanding 15 per cent rather than 10 per cent of the bond. The Panthers are trying to find someone to put up a property bond to get them out.

When questioned concerning four "brothers" that might have been up north on approximately July 25, 1971, it was noted all the panther members were seen at the High Point rally in High Point, North Carolina, on July 25, 1971, and it is not believed any of them, much less four, could have been up north during that period.

It is noted the panthers are listed in order of their apparent power in the party as follows:

LARRY LITTLE, first  
WALTER DURHAM, second  
JULIUS CORNELL, third  
RUSSELL MC DONALD, fourth  
NELSON MALLOY, fifth

It should be noted that HAZEL MACK was at one time a strong second, but she is fading out in power rapidly.

BUDED: 1/23/75

FBIHQ is in receipt of a request under the Freedom of Information Act (FOIA) for documents relating to captioned discontinued program. In accordance with policy established earlier this year, HQ has reviewed all sections of its files relating to this program and individually classified all serials determined to be classifiable, it being noted the Department has previously been advised we would take this action when documents become subject to a request for public disclosure.

Enclosed for each recipient is a work paper setting forth identities of copies of documents which have been currently classified which must also be classified in respective field office files. Each recipient of the work paper is instructed to review it to insure all copies of the documents listed as classified at HQ are classified in the same manner in the respective field office program file. In each instance where a document has been classified in the HQ file, it will be necessary that the same classification, number of classifying officer, exemption category and date classified be noted on the field office original or copy of the communication. In every instance, the date of declassification will be indicated as "Indefinite."

In instances where the information set forth in the enclosed work paper is not clear, or set forth in a manner which does not permit location of the field office document to be classified, HQ should be advised and further information will be forwarded. All correspondence concerning this matter should, if possible, contain the number of the work paper page(s) (located at center top) in question.

In connection with this classification project, you should refer to the Manual of Rules and Regulations, Part II, Section 4, pages 53-57b, for instructions relating to classification procedures. Any questions regarding classification matters should be directed to FBIHQ, attention: Classification Officer.

In addition to classifying documents in field office files which have already been classified at HQ, it will be incumbent upon each recipient having a Black Extremist Cointelpro file to review it to insure all other documents which are classifiable are appropriately classified. This will include both intraoffice documents as well as documents furnished to other offices. In instances where another office has been furnished copies of a document, it is the responsibility of the originating office to furnish all recipients (excluding FBIHQ) sufficient information so they may classify their copies of the document in the same manner as the originator. Recipients should review indices to insure any classifiable Black Extremist Cointelpro material in their files is classified.

In classifying a document on a retroactive basis, bear in mind it is necessary to include the date the document was classified at FBIHQ, and the date the classification is actually affixed if classified in the field.

You will note the enclosed work papers indicate other FBIHQ files which contain copies of documents which appear in this program file, which also must be classified. FBIHQ is

This project must be handled on an expeditious basis and be completed by 1/23/75. Insure sufficient personnel are assigned to meet this deadline. On or before 1/23/75 FBIHQ must be advised by each recipient of the completion of the project. Page 23 of the work papers furnished to Charlotte shows as the first item: "Buairtel to Charlotte 1/14/71, captioned 'Cointelpro - BE - RM', 100-448006-2168."

The only communication of the above description located in Charlotte file references Charlotte airtel 1/5/71. This Bureau airtel of 1/14/71 does not appear classifiable.

It is believed the item referred to in the workpaper should have been listed as "Charlotte airtel to Bureau, 1/14/71, entitled 'Cointelpro - Black Extremists, RM (BPP)'", Charlotte 157-6109-125. The first line of this Charlotte airtel reads: "It is noted that in the past, Charlotte has distributed...". This Charlotte airtel contains classifiable information.

UACB, Charlotte is considering that the workpaper item set out refers to the above described Charlotte airtel to Bureau of 1/14/71, and Charlotte will classify its airtel in accordance with the workpaper instructions.

Review of Charlotte file reveals there was placed in the above file a copy of Charlotte teletype of 6/1/70, to Bureau and New Haven, under the dual captions

"BLACK PANTHER PARTY, (BPP), RM," Bufile 105-165706 Sub 8, New Haven file 100-19186, Charlotte file 157-6171; and

"DOUGLAS PAUL MIRANDA, RM - BPP," Bufile 157-12976, New Haven file 157-1316, Charlotte file 157-7615.

Because that teletype names a then active informant, (discontinued in 1972), Charlotte has classified the teletype in that file and all other files in which copies were placed, as "confidential," classified by 4838, exempt from GDS, Category 2, Date of Declassification Indefinite, date classified January 15, 1975.

FBIHQ and New Haven are requested to classify their copies of the teletype accordingly.
