SUBJECT: COUNTERINTELLIGENCE PROGRAM

DISRUPTION OF HATE GROUPS

DATE: 2/12/70

The Bureau is requested to consider securing copies of income tax returns for the United Klans of America, Inc., Knights of the Ku Klux Klan; ROBERT MARVIN SHELTON, #18 Lake Sherwood, Star Route, Northport, Ala., and the Alabama Rescue Service, a name by which the UKA is sometimes known.

An examination of pertinent income tax returns might furnish information concerning the financial standing of the UKA and ROBERT SHELTON which could be used in this program.

As the Bureau is well aware, Birmingham is continuing to investigate and develop information concerning the alleged source of some income or resources received by the National Office of the UKA. This case is carried as

[REDACTED] It is entirely possible that the above-mentioned tax returns might bear some light on this last mentioned matter.

6. Determine the UKA's and SHELTON's feelings concerning Black Nationalists, such as the Black Panther Party, Communists, Negroes and Jewish people.
7. Question SHELTON as to his and the UKA's feelings toward and cooperation with such "white hate groups" as the National States Rights Party, the American Nazi Party, the Minutemen, the National Knights of the Ku Klux Klan, etc.
8. While SHELTON was in prison in 1969, did conflicts develop between Imperial Officers of the UKA in an effort by some to take over command of the UKA which necessitated demoting or getting rid of some UKA leaders? Were some UKA State and/or National Officers banished in 1969 with SHELTON's approval?
9. Reportedly the UKA has a small number of members in Alabama. Determine how SHELTON is able to maintain control of the UKA and keep the National Office in Alabama under such conditions.

[redacted] would like to have Shelton appear and if Bureau would like to suggest topics or questions to be considered, it would be appreciated. [redacted] is a long and trusted friend of the Bureau and several successful counterintelligence programs have been handled through him in recent years. Miami Office has assured this can be handled without embarrassment to the Bureau. Questions have been submitted by both Miami and Birmingham Office (office of origin) dealing with Klan's finances, secretiveness, activities in Alabama concerning land purchased by Nation of Islam (black militant group), membership, Youth Corps Program, national offices, Klan accomplishments, stand on violence, feelings concerning Black Nationalists and cooperation with other white hate groups.

Miami's proposal provides a timely counterintelligence measure which could provide a means of gaining additional information concerning the Klan as well as putting Shelton in an embarrassing spot in replying to some of the questions posed.

RACIAL MATTERS - KLAN

Reference is made to memorandum from the Miami Office of the Federal Bureau of Investigation (FBI), dated March 3, 1970, captioned, "UKA, INC. KKKK (BANQUET FOR ROBERT M. SHELTON, UKA, IMPERIAL WIZARD, SPONSORED BY KLAVERN 6, FT. LAUDERDALE, FLORIDA, FEBRUARY 28, 1970; UKA STATE MEETING AT KLAVERN 6, FT. LAUDERDALE, FLORIDA MARCH 1, 1970) RACIAL MATTERS - KLAN".

Characterizations for the United Klans of America, Inc., Knights of the Ku Klux Klan (UKA) on a national and state level are contained in the Appendix section of this memorandum.

As previously furnished in referenced communication, ROBERT M. SHELTON, Imperial Wizard of the UKA, appeared at TV Station WCKT, Channel 7, Miami, Florida, on Friday, February 27, 1970, at which time he was interviewed for the "Florida Forum", a local news information panel half-hour show consisting of four panel members and SHELTON. This program was videotaped, to be aired by Channel 7 on Sunday, March 8, 1970.

On Sunday, March 8, 1970, from 6:00 p.m. to 6:30 p.m., this videotape was aired by Channel 7. The four panel members were as follows:

JACK ROBERTS, Columnist for the "Miami News"

During this half-hour presentation SHELTON covered the following items in response to questions put to him by the panel:

He attempted to point out that the term Ku Klux Klan was a term belonging to the public and that he was the Imperial Wizard of the United Klans of America, which has only been in existence since 1961. He admitted that he was a full-time employee of the UKA but would not specifically state his salary other than he was sure that it was less than the salary of many of the Federal snoops. He stated that he holds his position of Imperial Wizard for a period of three years which is an elected position. He pointed out that his Klan was against violence of any type and that should any member of the Klan fail to abide by its constitution, these individuals would be dealt with severely and upon further elaboration SHELTON stated that this meant they would be expelled from the organization.

SHELTON did not elaborate upon whether or not while he was in prison in 1969 internal conflicts developed between Imperial officers within his organization. He pointed out that he had just served time in prison for refusing to name or identify Klan membership or the handling of the money that the Klan obtains from its members. When asked if the number of members in the State of Florida is about 200 according to Grand Dragon of the State of Florida, JOHN PAUL ROGERS, SHELTON refused to make any comment on this number other than he was sure it was much more than 200.

He stated that he felt the integration of the schools was destroying the public school system and mentioned that the Washington officials who are pushing this integration send their own children to all white

RE: UNITED KLANS OF AMERICA, INC.

public or all white private schools in McLean, Virginia. It was his opinion that the law enforcement agencies are being shackled and handcuffed today in fulfilling their legal duties.

He mentioned an article that appeared in a Los Angeles newspaper where the FBI had conspired with a Jewish organization and between the two paid \$76,000 to individuals who would set up a bombing incident in Meridian, Mississippi which end result would be the arrest or killing of the individuals responsible for the bombings in Meridian, Mississippi. As a result of this it was his feeling that the Justice Department should conduct an investigation into the conspiracy and entrapment perpetrated by the FBI and this Jewish organization.

SHELTON was questioned about the Klan's activities in Alabama concerning the leasing and purchasing of land surrounding land that has been purchased or leased by the members of the Nation of Islam. SHELTON was asked whether or not the Klan's action in Alabama is an effort to confront the Nation of Islam and perhaps to push the Muslims out of Alabama. SHELTON replied that maybe it was the "niggers" who came to Alabama and obtained this land who were actually forcing the confrontation.

A characterization of the Nation of Islam appears in the Appendix section of this memorandum.

He also stated that if the Klan was able to get enough land that perhaps it could be placed in a Federal Land Bank and could be subsidized by money from the Federal Government such as other organizations have done and are doing.

One copy of this memorandum is being furnished to the U. S. Secret Service, U. S. Attorney, and 111th M.I. Group, all Miami, Florida, and to 111th M.I. Group, Orlando, Florida, and NISO, Charleston, South Carolina.

NATION OF ISLAM

A source advised on January 12, 1970, the Nation of Islam (NOI), an organization for members of the black race only, had its origin in Detroit, Michigan, in the early 1930's. Headquarters is Muhammad's Temple Number 2, 5335 South Greenwood Avenue, Chicago, Illinois, which affords direction to numerous affiliate branches, commonly referred to as Muhammad's Temples or Mosques, located throughout the United States. The leader is Elijah Muhammad, self-styled "Messenger of Allah" and the only divinely appointed leader of the black race in the United States, who controls all policies and programs.

Muhammad's teachings stress Allah (God) selected him to lead the so-called Negro out of slavery in North America through establishment of an independent black nation in the United States; the white man is the "devil" and open enemy of the black man; black and white races must be separated; the white man, his Government and religion will be destroyed by Allah through the forces of nature in the "War of Armageddon," a war between Allah and the "devil." Muhammad's teachings are spread through weekly radio broadcasts throughout the United States and through "Muhammad Speaks," the official NOI organ which is published weekly in Chicago and distributed to affiliate Mosques for use in weekly sermons and for distribution to the public.

Muhammad and other NOI members have refused to comply with Selective Service Laws stating that they respect laws of the United States provided they do not conflict with NOI laws. They do not believe the Government should force them to participate in wars when they have nothing to gain.

UNITED KLANS OF AMERICA, INCORPORATED
KNIGHTS OF THE KU KLUX KLAN (UKA)

Records of Superior Court of Fulton County, Georgia, show that this Klan organization was granted a corporate charter on February 21, 1961, at Atlanta, Georgia, under the name United Klans, Knights of the Ku Klux Klan of America, Incorporated.

A source advised on February 27, 1961, that United Klans was formed as a result of a split in United States Klans, Knights of the Ku Klux Klan, Incorporated. According to the source, the split resulted from a leadership dispute, and the United Klans has the same aims and objectives as the parent group. These are the promotion of Americanism, white supremacy and segregation of the races.

The first source and a second source advised in July, 1961, that United Klans, Knights of the Ku Klux Klan of America, Incorporated, merged with Alabama Knights, Knights of the Ku Klux Klan. The merged organization established headquarters in Suite 401, Alston Building, Tuscaloosa, Alabama. (The organization is directed by Robert M. Shelton, Imperial Wizard, and is the dominant Klan group in the South, with units in several southern states.)

Second source advised that at a meeting in Prattville, Alabama, on October 22, 1961, the United States Klans, Knights of the Ku Klux Klan, merged with the United Klans of America, Incorporated, Knights of the Ku Klux Klan.

Third source advised on May 7, 1969, that the UKA is currently an active organization with Klaverns in several states. This source said that Robert M. Shelton is the Imperial Wizard of this organization and was elected to this position on September 3, 1967, at a "National Klonvocation" in Tuscaloosa, Alabama. Source stated that during April, 1966, the National Office was moved from Suite 401, Alston Building, Tuscaloosa, Alabama, to the carport of Shelton's residence, #18 Lake Sherwood, Star Route, Northport, Alabama, which space he had converted into a room.

On January 29, 1966, a source advised that the United Klans of America, Inc., Knights of the Ku Klux Klan, Realm of Florida, has its headquarters at P. O. Box 1764, Titusville, Florida. This unit is affiliated with the national organization of the United Klans of America, Inc., Knights of the Ku Klux Klan, and has the same aims and objectives as the parent group; that is, to advocate segregation of the races and white supremacy.

Robert Shelton from a past era

Columnar text, partially obscured and illegible.

Nevertheless, it irritated me to see the Imperial Wizard of the United Klans of America, having so confident. "I've been in 15 states in 15 days and I was well received wherever I went," said Shelton. "People now understand what we've been talking about for years. People are sick of black violence."

We were standing outside Channel 7's studios after taping a show which was shown on Florida Forum this Sunday and Shelton was ready to go. "I'm the only one on the Klan list who will have nothing to do with violence."

I said that I remember the cross burnings in Atlanta as a boy and I knew the symbols of hate were intended to frighten Negroes, Catholics and Jews.

He refuses and violence

"You're talking about another period," said Shelton. "I go back to 1921. The United Klans of America don't believe in violence. We work within the framework of the law. I make speeches daily and I've been sued for libel. Do you understand what I'm saying?"

I understood. It was the same old baloney. Shelton had just admitted on the show that the U.K.A. was behind an effort to acquire the Klan Museum that had purchased in rural Alabama. It clearly indicated to me the Klan intended to push the Muslims. They were looking for trouble. The same old busy boys I watched on an Atlanta street corner with my dad taking the only coward's but behind robes and masks.

Shelton served nine months of a one year sentence for contempt of Congress last year and he now assumes the mantle of a hero. He refused to answer questions about Klan membership or the handling of all the money the Klan rakes in from its members. That's how he finally got in trouble.

Shelton said he would answer a series of questions which were asked about his new book, "The Klan: A History of a Young Fascist Party" and the Klan has about 200 members in the state and he said he had heard the statement.

He said his expenses for travel of his staff were defrayed by Klan dues, but he wouldn't comment on how much the Klan pulls in for its dues each year.

Klan looking for members

It is very obvious the Klan is looking for members and Shelton puts on a smooth front when makes it appear he is not a racist. He tries to be one of Americans. God bless him. He is a member of the Black Panthers, the Church and the New York in the same group. He makes a lot of money in the Klan. He is opposed to the Klan and the Klan.

It is all very silly. The Klan was discredited and stripped of its city and influence many, many years ago. It will never rise again. A few extremists will cluster around Shelton, but the Klan will remain obscure to most Americans.

I think Shelton is entirely correct in his assessment of the American situation. Our country is full of people who are full of senseless destruction of our resources and racial hatred, but it doesn't need any more figures that will just add to the chaos. As for the number of friends who are, I don't agree entirely with Sproul's "Agony Column."

I think, and fervently hope, that most Americans can still keep cool. I see no difference between Black Panthers and Ku Klux Klansmen. Both would try to bully me. Both would try scare tactics.

The disaster would come when a majority of Americans just looking for a little peace and quiet would swing for some smooth talking fellow who would sell them on the idea that a dictatorship, a kindly one, would give us all a little rest.

When we go for that, forget freedom.

ReBHlet to Bureau dated 12/24/69.

(1) Potential Counterintelligence Action

Birmingham continues to feel that the mailing of cartoons, anonymous untraceable cards, leaflets and similar type literature to known Klansmen can serve as a very important disruptive action in the Counterintelligence Program. The Birmingham Office is also definitely of the opinion that the proper use of anonymous telephone calls on a selective basis to certain UKA leaders and for active members can be, and in the past has been, used successfully by the Birmingham Office. At the appropriate time or times in the future, Birmingham plans further use of such calls in appropriate situations with Bureau approval and the Bureau will be contacted concerning same in all such cases.

(2) Pending Counterintelligence Action

During the current reporting period, Birmingham requested the Bureau to consider securing copies of income tax returns for the United Klans of America, Inc., Knights of the Ku Klux Klan; ROBERT MARVIN SHELTON, #18 Lake Sherwood, Star Route, Northport, Ala., and the Alabama Rescue Service, a name by which the UKA is sometimes known.

By letter dated 3/3/70, the Bureau instructed Birmingham to resubmit its request for such returns after the 4/15/70 deadline, if such action is desired. The Bureau stated no action was then being taken to obtain the requested returns as a time after 4/15/70 appeared more desirable.

[redacted] and Birmingham, in this airtel, submitted a list of nine (9) questions, etc., to be asked Imperial Wizard ROBERT M. SHELTON, UKA, on a visit to Florida and appearance on a TV show.

By Bureau letter of 2/24/70, Miami was authorized to take the action requested by Birmingham as mentioned in the preceding paragraph, if the proper occasion should arise.

(3) Tangible Results

As Birmingham has previously expressed, it is felt that great significance should be attributed to instant program concerning the fact that there has been almost no trouble, violence or disturbance on the part of the UKA or any other hate group in the Birmingham Division for many months. As Birmingham also has previously expressed, Birmingham continues to feel that such lack of activity on the part of the UKA and the other hate groups quite logically and easily can be attributed or considered to be tangible results of the counterintelligence activity of the Bureau and various FBI offices participating in captioned matter.

b7c/s
It is also quite apparent, in the opinion of Birmingham, that ROBERT SHELTON, [redacted] and other high-ranking officials of the UKA are greatly concerned in regard to the activity of the FBI, the probability that the FBI has highly placed informants in the UKA, and the fact that the FBI is probably in a position to have immediate and/or advance notice of any plans of any nature on the part of the UKA.

ReBHlet, 2/12/70, and Bulet, 3/3/70.

Referenced Birmingham letter requested the Bureau to consider securing copies of income tax returns for the United Klans of America, Inc., Knights of the Ku Klux Klan; ROBERT MARVIN SHELTON, #18 Lake Sherwood Star Route, Northport, Alabama, and the Alabama Rescue Service, a name by which the UKA is sometimes known.

ReBulet advised that no action was then being taken on the above mentioned. It was stated that Birmingham should resubmit its request after the 4/15/70 deadline for filing tax returns.

Birmingham herewith requests the Bureau to consider attempting to obtain the 1969 income tax returns for the UKA, aka the Alabama Rescue Service, and ROBERT MARVIN SHELTON.

To advise of positive results achieved from counter-intelligence measures and effective utilization of racial informant.

Following the release from prison of Robert M. Shelton, Imperial Wizard, United Klans of America, Inc. (UKA)

AL

In order to capitalize on this unique opportunity,

It is interesting to note that Shelton was main speaker at a UKA Rally in Maryland on 5/16/70. Two informants who attended this rally reported that Shelton's speech was less racist and more anticommunist than usual. He also denounced violence saying that the answer to country's problems was not guns, bombings, riots or destruction of property. He urged legal means to effect change, urging audience to write lawmakers concerning those things that they disliked.

Referenced airtel requested Charlotte and Birmingham to submit ideas for appropriate counter-intelligence measures to be utilized during the National Klavokation to be held at Catawba College, Salisbury, N. C., 8/27-28/70. In compliance with referenced Bureau airtel, Birmingham submits the following ideas for Bureau consideration and approval: PUBLICATION

1. Bureau authorize the Charlotte Office to furnish a copy of the June, 1970 issue of "The Christian Cross" to appropriate friendly news sources in Salisbury and/or other North Carolina cities. Such reliable sources should be requested to not divulge the Bureau's interest in the matter but to suggest and/or urge these news sources to arrange coverage of "open meetings"

of the UKA on 6/27/ and 6/28/70. It is to be noted that UKA literature has pointed out that the public will be welcomed to certain meetings and other activities of this National Klonvokation other than closed UKA meetings. Probably these news sources can furnish the Bureau with photographs of persons attending these meetings.

2. Bureau is requested to consider furnishing information concerning the above-mentioned Klonvokation to selected, reliable syndicated news sources of the Bureau for such unfavorable publicity as such sources may be able to give certain UKA officials and the UKA organization in connection with this forthcoming national meeting.

3. Will authorize the Charlotte Office to furnish selected information and other details concerning the forthcoming National Klonvokation to appropriate friendly and reliable state and local law enforcement officers in Salisbury and/or other North Carolina cities with a request that these agencies arrange for proper law enforcement coverage of the entire Catawba College area during the entire period while this Klonvokation is being held in Salisbury. If possible, these law enforcement officers and agencies should be requested to arrange for the obtaining of licenses and other data concerning the persons attending this National Klonvokation. It is considered possible that with certain of these law enforcement agencies and/or individuals, they may in their own manner participate in counterintelligence activities or disturbing procedures in connection with this matter.

4. Birmingham is herewith enclosing two letters bearing the UKA realm of North Carolina letterhead and the signatures of J. ROBERT JONES, Grand Dragon of North Carolina, for the UKA. These letters state that Klansmen receiving these letters should feel free to contact him (JONES), at any time, day or night, and set up an appointment.

UNITED KLANS OF AMERICA INC

USA

MM 157-835

Both letters show the phone to be used could be reached through Area Code 704-279-9470. Birmingham suggests that the Bureau may give the Charlotte Office specific authorization to arrange for anonymous calls to be placed to this phone to cause confusion and/or disruptive action by the sending of incorrect information, then request that some of the Klansmen known to be attending the Klonvokation from other cities to call their home or their individual state offices or to use the telephone situation for other disruptive activities.

5. Birmingham suggests that the Bureau, if time permits, fix short letters of cancelation on letterheads of either the UKA realm of North Carolina or the letterheads of the Imperial Office of the UKA. Such letters should be as brief as possible and only show that the National Klonvokation which was to have been held as above mentioned has been canceled without any additional explanation. Such a letter if on the Imperial Office stationary should be furnished the Birmingham Office to be sent to the various state offices of the UKA and will be mailed by Birmingham from Tuscaloosa, Ala., as authorized by the Bureau. If the UKA realm of North Carolina stationary is used, the Bureau should furnish same to the Charlotte Office to be sent by the Charlotte Office. It is to be noted that Birmingham is herewith enclosing an envelope and a letterhead of the Imperial Office of the UKA to be used by the Bureau in preparing such a letter. Should this procedure be authorized, the various UKA state headquarters and state UKA officials may be obtained from the last nonprosecutive summary report submitted by the Birmingham Office in February, 1970.

Esteemed Klansmen & Klansladies,

After talking this week with the Lady in charge of reservations she tells me they are being taken care of as fast as possible, but in order to get confirmation on them she has requested that your reservations be in no later than June 15th.

Request for Banquet tickets should be in this office by June 15th, so we will know how many to prepare for. We will have some tickets at the door but it will be impossible for us to prepare for an extra 500 at the last minute. We are doing our best to make your stay in North Carolina a pleasant one and ask your cooperation in getting your reservations and request for Banquet tickets in as soon as possible.

As this is the first National Klonvocation to be held on a College campus we need to make every effort to see that this is a complete success and it will take everyone from every State to do this. Every Unit in every State should have representatives at this meeting. If everyone cannot come, money should be pooled so that your Unit will be represented at this important meeting. So everyone make an effort to show the people in the United States that the United Klans of America, Inc. is the biggest and best Klandestine organization in the world.

For you Klanspeople who can come to our State early, rallies will be held Friday, Saturday and Sunday, June 19th, 20th and 21st. During the week preceding the National Klonvocation a T.V. program series will be taped that we hope to cover the United States with. Any that can come, will be more than welcome.

When you get to Salisbury call our office and we will do everything we can to make your stay in our State a pleasant one. The office number is: 704-279-9470.

Looking forward to seeing you in Klansville the month of June, I remain,

REALM OF NORTH CAROLINA

Esteemed Klansmen,

I am writing this letter and addressing you as Klansmen because although you may have joined the league of drop-outs, you are nevertheless Klansmen and shall always be deemed so.

First and foremost I want to make a plea right at the outset of this letter so you know exactly why I'm writing before you waste your time reading any further. I am interested in only one thing—I want you back actively in the United Klans of America, Inc. and I want you back NOW, and letting humility prevail, I need your support, North Carolina needs your support, and this entire country needs your support, as does the white Christian race.

I don't have all the facts on why you decided to "drop-out" of the United Klans of America, but I do know that whatever "thing" may have made you decide to quit—let's bring it out in the open and talk. I want you to know that as your Grand Dragon I intend to keep hounding you until you at least agree to inform me of the reason you are no longer in there fighting for your race and your country.

After spending over nine months in Federal Prison for holding out for you I think that is the least amount of consideration you owe me. I'm not asking for any special consideration, even though I feel I deserve it, all I'm asking is that you give me a chance to work out whatever problem or question concerning the United Klans of America, Inc. you may have on your mind.

There isn't anything so terribly important that can't be taken care of in one way or the other, and you can bet your life that I'll do everything in my power to get to the bottom of the matter.

I'm well aware of the destruction that took place in North Carolina the minute I was gone, and I am happy to tell you that most of that mess has been cleaned up and out! If there are further bad apples, they will also be taken care of.

There are many men out there just waiting to join United Klans of America, but before I even attempt to enlist the aid of new members I want our old members back doing the work that only you are capable of doing.

Please reconsider the reasons, whatever they may be that made you leave the company of good men with a good cause and let's get together at your earliest convenience and discuss the matter in detail.

Feel free to contact me at any time day or night and set up an appointment. Phone Area Code 704-279-9470.

ReBHlet to Bureau dated 3/26/70.

(1) Potential Counterintelligence Action

Birmingham continues to feel that the mailing of cartoons, anonymous untraceable cards, leaflets and similar type literature to known Klansmen can serve as a very important disruptive action in the Counterintelligence Program. The Birmingham Office is also definitely of the opinion that the proper use of anonymous telephone calls on a selective basis to certain UKA leaders and for active members can be, and in the past has been, used successfully by the Birmingham Office. At the appropriate time or times in the future, Birmingham plans further use of such calls in appropriate situations with Bureau approval and the Bureau will be contacted concerning same in all such cases.

(2) Pending Counterintelligence Action

[REDACTED SECTION]

As instructed by the Bureau in its airtel dated 6/10/70, Birmingham submitted an airtel under date of 6/12/70 in which several ideas were set forth for the Bureau's consideration and approval in regard to captioned

program. These suggestions dealt with counterintelligence measures to be utilized during the National Klonvocation to be held at Catawba College, Salisbury, North Carolina, June 27 and 28, 1970. By airtel dated 6/23/70, the Bureau notified Birmingham and Charlotte of the approval of suggestions made by Charlotte and Birmingham concerning this forthcoming National Klonvocation. These counterintelligence measures are pending at the present time.

(3) Tangible Results

As Birmingham has previously expressed, it is felt that great significance should be attributed to instant program concerning the fact that there has been almost no trouble, violence or disturbance on the part of the UKA or any other hate group in the Birmingham Division for many months. As Birmingham also has previously expressed, Birmingham continues to feel that such lack of activity on the part of the UKA and the other hate groups quite logically and easily can be attributed or considered to be tangible results of the counterintelligence activity of the Bureau and various FBI offices participating in captioned matter.

b7c
It is also quite apparent, in the opinion of Birmingham, that ROBERT SHELTON, [REDACTED] and other high-ranking officials of the UKA are greatly concerned in regard to the activity of the FBI, the probability that the FBI has highly placed informants in the UKA, and the fact that the FBI is probably in a position to have immediate and/or advance notice of any plans of any nature on the part of the UKA.

Indianapolis recommended that Birmingham assure that the information concerning this be made known to appropriate persons within the Klan in Tuscaloosa, Alabama. Birmingham airtel of 8/26/70 recommended that Bureau authorize to be granted for Indianapolis to send anonymous letter to [redacted] at his address in Alabama. (1) Potential Counterintelligence Action

Birmingham continues to feel that the mailing of cartoons, anonymous untraceable cards, leaflets and similar type literature to known Klansmen can serve as a very important disruptive action in the Counterintelligence Program. The Birmingham Office is also definitely of the opinion that the proper use of anonymous telephone calls on a selective basis, to certain IKA leaders and for active members can be, and in the past has been, used successfully by the Birmingham Office. By airtel dated 8/19/70, Birmingham made several recommendations to the Bureau in connection with counterintelligence measures to be used concerning the National Klavokation of the United Klans of America, Inc., (UKA) to be held at the Ramada Inn, Tuscaloosa, Alabama, 11/26-29/70.

By letter dated 8/26/70, the Bureau granted Birmingham authority to implement the counterintelligence proposals set out in the Birmingham airtel mentioned above.

(3) Tangible Results

As Birmingham has previously expressed, it is felt that great significance should be attributed to instant program concerning the fact that there has been almost no trouble, violence or disturbance on the part of the UKA or any other hate group in the Birmingham Division for many months. As Birmingham also has previously expressed, Birmingham continues to feel that such lack of activity on the part of the UKA and the other hate groups quite logically and easily can be attributed or considered to be tangible results of the counterintelligence activity of the Bureau and various FBI Offices participating in captioned matter.

b7c It is also quite apparent, in the opinion of Birmingham, that ROBERT SHELTON, [REDACTED] and other high-ranking officials of the UKA are greatly concerned in regard to the activity of the FBI, the probability that the FBI has highly placed informants in the UKA, and the fact that the FBI is probably in a position to have immediate and/or advance notice of any plans of any nature on the part of the UKA.

BH 157-835

The Bureau by letter dated 6/1/70, commented upon the efforts and activity of the above-mentioned highly placed Birmingham informant in regard to the preparation of Imperial Wizard SHELTON's speeches as authorized by the Bureau and stated that "it appears positive results are being achieved" in regard to this situation.

Re CE airtel to Bureau, 10/27/70.

Referenced airtel set forth five (5) well-thought-out counterintelligence suggestions for possible use during the forthcoming National Klonvokation at Tuscaloosa.

As to the above-mentioned suggestions, Birmingham makes the following recommendations:

1. As to CE's suggestion (1), which deals with the failure of the National Office of the UKA to give a detailed accounting of expenditures amounting to over \$100,000.00 for fiscal 1968-1969, Birmingham requests authority to have informants attending the forthcoming meeting apprized of this dissatisfaction and instructed to demand more detailed accounting of large expenditures for fiscal 1969-1970. noted that for several years, Imperial Wizard SHELTON and [redacted] and their wives have lived in lovely homes, driven late model autos and controlled the receipts and accounting for UKA Imperial Office funds as they so desired.

b7c
2. As to CE's suggestion (2), which deals with the reported dictatorial policy of North Carolina [redacted] relating to how he "handpicked" a candidate for the position of Imperial Night Hawk and "flew into a rage" when another nomination was made, Birmingham requests authority to alert informants as to what took place at the North Carolina Klonvokation and to object if a similar situation arises at Tuscaloosa.

3. As to CE's suggestion (3), which accuses [redacted] of collecting \$5.00 for the dinner at the North Carolina Klonvokation and making a \$2.00 profit per plate, Birmingham recommends informants attending the forthcoming klonvokation be apprized of what went on and have them discuss it with other delegates or complain if it occurs at Tuscaloosa. (3)

As to CE's suggestion (4), which deals with the UKA's possible liability to a klanman's family in cases where the klanman has been injured or killed while taking part in a klan "protection-type" racket, Birmingham recommends that the possible serious liabilities of the various UKA officials and the organization be raised to prevent such a racket from succeeding in any locality.

As to CE's suggestion (5), which deals with the money making scheme of the Imperial Office of the UKA re \$25.00 fee for the "Second Degree of Klancraft", Birmingham recommends that informants attending the forthcoming National Klonvokation be instructed to attempt to spread the thought that the "National Office" is only interested in money-making schemes otherwise there would be no cause for charges for such a deserved recognition.

157-835

Birmingham will await Bureau authority before taking any further action concerning the above. The Bureau is also requested to advise whether it would be more expeditious for the Bureau to advise interested offices having informants to be notified of authorized action or whether Birmingham should do so.

Consideration has been given to the suggestions made by the Charlotte Division and the comments concerning the suggestions made by the Birmingham Division. While these suggestions have merit, it is noted that each suggestion involves the use of racial informants; therefore, authority is not being granted to implement these suggestions. The reason authority is not being granted is that our informants may possibly be identified as informants if they were utilized on a large scale in connection with the suggestions made.

The Birmingham and Charlotte Divisions should submit suggestions to bring out the same ideas as suggested in reairtel; however, this should be brought about without the use of racial informants.

Airtel to SAC, Birmingham
RE: COINTELPRO - KLAN

NOTE:

UNITED KLANS OF AMERICA INC

The Charlotte Division recommended and the Birmingham Division agreed that informants should be used to: (1) to get more detailed accounting of large expenditures of UKA for the fiscal year 1969-70. The national office of the Klan reported a total income of over \$100,000 but there was no detailed explanation of the expenditures covering this \$100,000. (2) It was reported that [redacted] of the North Carolina Realm nominated a "hand picked" candidate for an imperial office and when another nomination was made from the floor [redacted] became irate. It was recommended that informants be given instructions to be alert for this type of situation and to bring up the fact that candidates for the imperial board were "hand picked" and, therefore, should be removed from office and a new election held. (3) It was reported that [redacted] at the Klonvokation held in North Carolina last year had a catered dinner and charged each person in attendance \$5; however, information was received that the caterer only charged [redacted] \$2.50 for each person. Again it was recommended that informants bring this matter to the attention of the national board. (4) It was again recommended that informants bring up pertinent questions concerning the Klan's liability in connection with the "500 Club". This club is basically a protection-type racket in which the Klan attempts to secure from individual merchants a commitment to pay from \$100 to \$500 per year as protection for their businesses during times of riots and racial strife. (5) The imperial office of the UKA has a scheme for making money wherein it charges a \$25 fee for the "Second Degree of Klancraft." It was recommended that informants attending the National Klonvokation be instructed to attempt to spread the idea that the national office is only interested in money making schemes. While the above have merit, it is believed it would be dangerous to have informants identified with all the above.

As the Bureau is aware, Birmingham submitted several recommendations to the Bureau in connection with counterintelligence measures to be used concerning the National Klonvokation of the UKA which was held in Tuscaloosa, Alabama, during the latter part of November, 1970. Several of these recommendations made by the Birmingham Office were approved by the Bureau. One of these recommendations dealt with the making available of information concerning the National Klonvokation to various newspapers, radio stations and other communication media in the Birmingham territory.

The Bureau has been apprised of the fact that considerable newspaper publicity of an exceedingly critical nature appeared in various newspapers and newspaper articles in regard to the National Klonvokation of the UKA, and some of the political figures who either attended the Klonvokation by invitation or reportedly declined to attend for various reasons. These newspaper articles specifically named several of the various political figures involved and in the main were highly critical of the UKA, the UKA's activities, and the fact that the political individuals attending the National Klonvokation of the UKA or reportedly giving reasons why they could not attend, and are believed to have resulted in very damaging effects upon the UKA and all persons involved.

It is further to be noted that the Birmingham Office, shortly prior to the holding of the National Klonvokation of the UKA, received information that Imperial Wizard SHELTON was making efforts to employ a polygraph operator to give numerous polygraph tests to quite a number of UKA officials and/or Klansmen attending this

BH 157-835

national meeting November, 1970. Birmingham was able to control this situation in such a manner that Imperial Wizard SHELTON did not learn that the polygraph operator, whom he had engaged to give the tests, would not be available until such time that it was impossible for SHELTON to replace this polygraph operator and arrange for any such test to be given to any Klansmen on this occasion.

(3) Tangible Results

As Birmingham has previously expressed, it is felt that great significance should be attributed to instant program concerning the fact that there has been ~~almost no~~ LIMITED trouble, violence or disturbance on the part of the UKA or any other white hate group in the Birmingham Division for many months. To Birmingham, this is clearly shown by the many statements made by Imperial Wizard SHELTON prior to, at the time of, and subsequent to the National Klonvokation of the UKA held in Tuscaloosa, Ala., in November, 1970, concerning the loyalty of even the Imperial Officers of the UKA, and the various state officials of the UKA, and rank and file members of the UKA.
