

Proceedings of Drift-a-LOD2016: the first workshop on Detection, Representation and Management of Concept Drift in Linked Open Data

Drift-a-LOD2016 was held at EKAW2016, the 20th International Conference on Knowledge Engineering and Knowledge Management, in Bologna, Italy, on November 20, 2016.

Organizers

Laura Hollink, Centrum Wiskunde & Informatica, The Netherlands
Sándor Darányi, University of Borås, Sweden
Albert Meroño Peñuela, Vrije Universiteit Amsterdam, The Netherlands
Efstratios Kontopoulos, Centre for Research & Technology Hellas, Greece

Program Committee

Astrid van Aggelen, Centrum Wiskunde & Informatica, NL
Joanna Biega, Max-Planck-Institut für Informatik, DE
Hein van den Berg, University of Groningen, NL
Antonis Bikakis, University College London, UK
Joris van Eijnatten, University of Utrecht, NL
Irina Fundulaki, Foundation for Research and Technology - Hellas (FORTH), GR
Tomi Kauppinen, Aalto University, FI
Tom Kenter, University of Amsterdam, NL
Carlo Meghini, Consiglio Nazionale delle Ricerche (CNR), IT
George Meditskos, Center for Research & Technology Hellas (CERTH), GR
Francesco Osborne, Knowledge Media Institute, UK
Stefan Schlobach, Vrije Universiteit, NL
Thanos Stavropoulos, Center for Research & Technology Hellas (CERTH), GR
Jannik Stroetgen, Max-Planck-Institut für Informatik, DE
Ilaria Tidli, Knowledge Media Institute, UK
