(b) A pilot shall be subject to nondisciplinary remedial action if, after a hearing, the Board finds that there is a danger to health, safety or welfare of the public due to:

- (1) Physical illness or loss of motor skill, including but not limited to deterioration through the aging process;
- (2) Temporary emotional disorder or mental illness, including alcohol and/or drug abuse; or
- (3) Permanent emotional disorder or mental illness.

(c) If a pilot's physical or mental capacity to practice safely is at issue in a nondisciplinary remedial proceeding, the Board may order a pilot to submit to a reasonable physical or mental examination. Failure to comply with a lawful order to submit to a physical or mental examination shall render the pilot liable to temporary suspension or revocation of license in accordance with § 120 of this title.

(d) Where a pilot fails to comply with the Board's request that the pilot submit to an examination or attend a hearing the Board may petition the Superior Court to order such examination or attendance, and the said Court or any judge assigned thereto shall have jurisdiction to issue each order.

(64 Del. Laws, c. 360, § 12.)

## **§ 120 Disciplinary sanctions.**

(c) In the event of a formal or informal complaint concerning the activity of a licensee that presents a clear and immediate danger to the public health, safety or welfare, the Board may temporarily suspend the person's license, pending a hearing, upon the written order of the Secretary of State or the Secretary's designee, with the concurrence of the Board chair or the Board chair's designee. An order temporarily suspending a license may not be issued unless the person or the person's attorney received at least 24 hours' written or oral notice before the temporary suspension so that the person or the person's attorney may file a written response to the proposed suspension. The decision as to whether to issue the temporary order of suspension will be decided on the written submissions. An order of temporary suspension pending a hearing may remain in effect for no longer than 60 days from the date of the issuance of the order unless the temporarily suspended person requests a continuance of the hearing date. If the temporarily suspended person requests a continuance, the order of temporary suspension remains in effect until the hearing is convened and a decision is rendered by the Board. A person whose license has been temporarily suspended pursuant to this section may request an expedited hearing. The Board shall schedule the hearing on an expedited basis, provided that the Board receives the request within 5 calendar days from the date on which the person received notification of the decision to temporarily suspend the person's license.

(d) Where a license has been suspended due to a disability of the licensee, the Board may reinstate such license if, after a hearing, the Board is satisfied that the licensee is able to practice with reasonable skill and safety.

(e) As a condition to reinstatement of a suspended license, or removal from probationary status, the Board may impose such disciplinary or corrective measures as are authorized under this chapter.

(b) As used in this section, "vessel engaged in foreign trade" shall be defined as any vessel carrying any cargo loaded in a foreign port, or destined for a foreign port, as well as any vessel in ballast, having discharged its cargo of foreign origin, unless such vessel has specific orders to a port in the United States at which it is to load cargo. Orders to a vessel to proceed to Delaware Bay, to sea or any other place for orders or instructions shall not be deemed such specific orders.

(c) If the master of any vessel refuses or neglects to take a pilot, the master, owner, charterer, operator, manager, consignee or agent of such vessel shall:

(1) Forfeit and pay to any such pilot suing for the same a sum equal to the pilotage of such vessel plus attorney fees and costs to be recovered by a suit in the courts of this State or before a Justice of the Peace, or such pilot may pursue a remedy therefore by a suit in admiralty in any United States court either in personam or by proceeding in rem, to enforce the lien given the person on such ship or vessel, as such pilot may see fit and proper to do; and

(2) Be liable to pay a civil penalty of up to \$25,000, payable to the State, which penalty shall be enforceable via an action to be brought by the Attorney General in the courts of this State.

No vessel employed in and licensed for the coasting trade shall be obliged to receive a pilot or be subjected to the payment of pilotage in case of refusal to receive such pilot, except ships or vessels bound to the states, territories or possessions of the United States on the Pacific Ocean, but a coastwise vessel voluntarily taking a pilot shall pay the pilot a fee which is no more than the fee for pilotage as prescribed in the case of a vessel bound to or from a foreign port.

(16 Del. Laws, c. 449, § 6; Code 1915, § 958; 28 Del. Laws, c. 65; Code 1935, § 1070; 23 Del. C. 1953, § 122; 57 Del. Laws, c. 158, § 4; 70 Del. Laws, c. 186, § 1.)

#### **§ 123 Acceptance by inward bound vessel of pilot first offering.**

Such pilot, if required, shall exhibit the license to the master or commander of such ship or vessel. In case the draught of water of such ship or vessel is greater than the pilot is licensed to carry, the pilot may, nevertheless, with the consent of the master, take charge of the ship or vessel until a pilot duly qualified offers. If such qualified pilot

offers before the ship or vessel has passed Brandywine Shoals, bearing east, the qualified pilot shall be received, and the former pilot entitled to pilotage according to the distance the pilot may have conducted such ship or vessel, and the latter to the residue of the pilotage which shall be ascertained by the President of the Board of Pilot Commissioners for the time being.

**§ 126 Outward bound vessel to discharge pilot; penalty.**

Every master or commander of a ship or vessel outward bound shall remain 6 hours after arrival at the Capes to give to the pilot on board such ship or vessel an opportunity to be taken out. If the master or commander of such ship or vessel refuses to do so, and if the same can be done without endangering the vessel, the master, owner or consignee of such ship or vessel shall forfeit and pay to such pilot, the pilot's executors or administrators any sum not exceeding the applicable pilotage rate, to be recovered in any court of record in which the same may be sued for by a civil action or otherwise.

(a) A person finding or having in that person's own possession a vessel that was adrift or abandoned, or any lost, abandoned, or stolen property relating to a vessel, shall turn the vessel or property over to the Department of Natural Resources and Environmental Control for disposition pursuant to subsection (b) of this section.

(b) (1) Notwithstanding § 8026 of Title 29, whenever a vessel or property relating to a vessel comes into the custody of the Department and the person entitled to possession of the vessel or property cannot be located and fails to claim possession for a period of 6 months, the Secretary of the Department may dispose of the vessel or property at public sale at a place which is convenient and accessible to the public, provided that the time, place, and terms of the sale, together with a description of the vessel or property, are published in 1 or more daily newspapers in the State at least once each week for 2 successive weeks prior to the sale. The Secretary shall, in the Secretary's discretion, fix the terms of sale and may employ an auctioneer to conduct the sale. If the vessel or property is of a kind for which a certificate of title or registration has been or should have been issued by the Department, the Secretary shall cause notice by registered mail to be sent at least 10 days before the sale to the owner and lienholder, if any, shown on the records of the Department, or to the person entitled to possession of the vessel or property, if the person's address is known or if it can be ascertained by the exercise of reasonable diligence. If an address cannot be ascertained, then notice under this paragraph is not required to be given.

(2) Notice pursuant to this subsection is not required when an abandoned vessel or property relating to a vessel is removed in an emergency situation which creates an actual or potential hazard to navigation.

(c) The proceeds from any vessel or property relating to a vessel sold pursuant to subsection (b) of this section must be placed in the General Fund, but only after any liens on the vessel or property are paid and any expenses incurred by the Department or by the person who turned over the vessel or property to the Department are paid. Reimbursable expenses include all direct expenses associated with the seizure, removal, transportation, preservation, storage, and disposal of a vessel or property relating to a vessel.

b. A vessel that has been found adrift or unattended in or upon the public waters or public subaqueous land of the State, and is found in a condition of disrepair that constitutes a hazard or obstruction to the use of public waters or subaqueous land of the State or that presents a potential or actual health or environment hazard;

(2) "Department" means the Department of Natural Resources and Environmental Control;

(3) "Vessel" means every description of watercraft, other than a seaplane, used or capable of being used as a means of transportation on water or ice.

(e) The Department may seize, remove, transport, preserve, store, and dispose of any abandoned vessel or property relating to a vessel. For this purpose, the Department may use its own personnel, equipment, and facilities or use other persons, equipment, and facilities. The Department may not be held liable for any damage to an abandoned vessel or property relating to a vessel which may occur during seizure, removal, transportation, preservation, storage, or disposition.

(f) If an abandoned vessel or property relating to a vessel is in such a condition of disrepair that the Department cannot remove it intact,

the Department may dispose of it in whatever manner is reasonable without providing the notice required under paragraph (b)(1) of this section.

(g) The Department may delegate to any local jurisdiction the Department's authority under this chapter to seize, remove, transport, preserve, store, and dispose of abandoned vessels and property relating to a vessel.

(h) This § 1303 and § 1304 of this title do not apply to archaeological resources, including shipwrecks embedded in or located on the State's subaqueous lands, which are regulated by the Department of State, Division of Historical and Cultural Affairs pursuant to Chapter 53 of Title 7.

In case of a conflict arising from the divergence or convergence of the lines of the littoral proprietors or of the public streets, the Attorney General may settle the lines outside of the river bank so that equal justice shall be done to all concerned.

## Chapter 19

### DAMS

#### § 1901 Building on unnavigable streams.

Any person may erect or raise a dam to raise water for working any mill upon and across any stream in this State, where it is not navigable, upon the terms and conditions and subject to the regulations hereinafter expressed. No such dam shall be erected to the injury of any mill lawfully existing above it upon the same stream, nor to the injury of any mill site above it on the same stream, where the fall is more than 3 feet upon the lands of any 1 person lying on or upon the stream, above the land of the person who makes application for the building or raising of such dam, nor unless the person applying shall be the owner of the land where the abutment of the dam is built on 1 side of the stream. The Superior Court within each county shall have jurisdiction on all applications to authorize the building or raising of any dam in such county. The proceedings shall be by petition to the Court upon 14 days' notice, in writing, to all persons owning or holding land that will be affected by raising or building such dam. Such notice may be served upon persons residing in the county personally or by leaving a copy at their dwelling house, and persons residing out of the county by a copy sent to their address by mail. The Court shall by order appoint 5 disinterested and substantial freeholders of the county as commissioners, directing them to go upon and view the premises embraced within the application for authority to raise or erect any dam. In conformity with this section, after due and careful examination of the premises, they shall determine to what height the person making application may raise or build such dam, and they shall affix some durable mark at some place convenient and contiguous to such dam to designate the height thereof. They shall also assess the full value of the damages that each owner of the lands may sustain by reason of the erection or raising of such dam, taking into consideration the benefit as well as damages accruing to such owners, and shall make return in writing, on the first day of the next term of the Court held after their appointment, of their proceedings, clearly set forth in writing under their hands or the hands of a majority of them. Before the commissioners shall enter upon the discharge of their duties under this section, they shall severally take and subscribe an oath or affirmation to perform their duty with fidelity. The commissioners may employ a surveyor or civil engineer to go upon the premises with them, if they deem it necessary. The commissioners and surveyor or civil engineer shall be paid the sum of \$2.00 for each day they may be employed under the order. If any owner of land affected by raising or building any dam shall be dissatisfied with the damages assessed to the owner, as returned by the commissioners or a majority of them on an order for viewing, and shall apply to the Court, within 6 days after the return, for an order of review, the Court shall grant such order and appoint 5 other suitable persons to review the premises and reassess the damages to the lands of such persons as join in the application for a review, and which are or will be damaged by the raising or building of the dam. If no greater damages are allowed to the owner of any land than were given on the first order, the owner shall not receive any larger sum than is assessed by the commissioners appointed on the order of review.

All expenses on each order of Court shall be paid by the person who applies for the order. Whenever any person who makes any application to raise or build any dam shall have paid the damages assessed in conformity with this section, or, in case of a refusal to receive any of the damages, shall have made a lawful tender of the sums so refused, the person may raise or build such dam to the height as returned by the commissioners, or a majority of them, who were appointed upon the petition.

(11 Del. Laws, c. 537; 11 Del. Laws, c. 645; Code 1915, § 3669; Code 1935, § 4221; 23 Del. C. 1953, § 1901; 70 Del. Laws, c. 186, § 1.)

#### § 1902 Procedure to condemn materials for building and repair of dams.

Whenever earth, sand, gravel, stone or other material requisite for the construction or repair of any lawful dam shall lie contiguous or adjacent to such dam, the owner of such dam may proceed by petition, setting forth the facts, to the Superior Court of any county in term time, or to any Judge thereof in vacation, upon 10 days' notice to the owner of such earth, sand, gravel, stone or other material, if resident within the State, or, if nonresident, to the tenant residing upon the premises. The Court or any Judge thereof shall thereupon by order appoint 5 disinterested freeholders of the county as commissioners, directing them to go upon the premises described in the petition and assess the value of such earth, sand, gravel, stone or other material stated in the petition to be required, and also to determine the damages sustained by the owner thereof by reason of taking the same, and make return thereof under their hands or the hands of a majority of them, which return shall be forthwith filed in the office of the Clerk of the Court in the county wherein the proceedings shall take place. Upon amount of damages so being paid unto the person entitled, or deposited to their credit in any state or national bank having an office or a branch in the county where the proceedings shall have been commenced, the owner of such dam may enter in and upon the premises described in the petition, containing such earth, stone, sand, gravel or other material, and take and remove and use the same for the construction or repair of their dam. If either party be dissatisfied with the amount of damages awarded, upon notice and petition filed within 30 days after the return of the commissioners, the Court or any Judge thereof shall grant an order of review and appoint 5 other freeholders, who shall review the premises and reassess the damages and make return.

If greater damages are allowed than were given on the first order, such increase shall be forthwith paid or deposited by the owner of the dam, and if less damages shall be allowed, the difference between the sums so awarded shall be refunded, the costs of such review to be borne by the unsuccessful party. Proceedings for a review shall not delay the right of the owner of the dam to take and use the materials in question in the repair or construction of such dam after having paid or deposited the amount first awarded.

**§ 2202 Child safety on recreational boats.**

- (a) Every operator of a recreational boat shall be responsible for providing for the protection of any child 12 years of age or under by having any such child who is aboard a recreational boat upon the waters of this State, properly wear a Type I, II, III or V Coast Guard-approved personal flotation device which is in good serviceable condition and of the proper size. This section shall not apply to any child who is below deck or in an enclosed cabin or while said recreational boat is anchored or moored.
  - (b) Whoever violates subsection (a) of this section shall be guilty of a class D environmental violation. The failure to provide a flotation device for more than 1 child in the same recreational boat at the same time, as required by this section, shall be treated as separate offenses.
- (66 Del. Laws, c. 193, § 1; 69 Del. Laws, c. 60, § 2; 79 Del. Laws, c. 421, § 15.)

- (1) "Approved personal flotation device" shall mean any United States Coast Guard approved type I, II, III or V personal flotation device.
  - (2) "Headway speed" shall mean the minimum speed necessary to maintain steerage and control of a personal watercraft while such personal watercraft is moving.
  - (3) "Personal watercraft" shall mean any class A in-board vessel (less than 16 feet in length) as defined by the United States Coast Guard which uses either an internal combustion engine powering a water jet-pump or a propeller as its primary source of propulsion and which is designed to be operated either by a person or persons sitting, standing or kneeling on the vessel, or by a water skier via remote control, instead of in the conventional manner of vessel operation, such as riding in the vessel.
- (68 Del. Laws, c. 185, § 3.)

**§ 2212 Restrictions and regulations relating to the operation of personal watercraft.**

- (a) No person shall operate a personal watercraft unless such person is 16 years of age or older, except that a person between 14 and 16 years of age may operate a personal watercraft if such operation occurs under the direct supervision of said person's parent or legal guardian.
- (b) No person shall operate a personal watercraft at any time between sunset and sunrise and at times of restricted visibility unless the personal watercraft is equipped with navigation lights.
- (c) No person shall operate or ride in a personal watercraft unless such person is wearing an approved personal flotation device.

(d) No person shall operate a personal watercraft unless the personal watercraft is equipped with a self-circling device or a lanyard-type engine cutoff switch. If the personal watercraft is equipped with a lanyard-type engine cutoff switch, no person shall operate such personal watercraft unless the lanyard is attached to the person, clothing or personal flotation device of the operator of such personal watercraft.

(e) No person shall remove, alter or tamper with any part of the spring-loaded throttle mechanism on a personal watercraft which immediately returns the engine to an idle speed upon release of the operator's hand from the throttle control, or any feature of an engine cut-off switch on a personal watercraft which is installed by a manufacturer.

(f) A personal watercraft shall at all times be operated in a reasonable and prudent manner. Maneuvers which may endanger the safety of persons or property shall include but are not limited to:

(1) Weaving through congested vessel traffic;

(2) Jumping or attempting to jump the wake of another vessel within 100 feet of such other vessel, or when visibility around such other vessel is obstructed;

(3) Following within 100 feet of a water skier; or

(g) No person who is the owner of a personal watercraft or who has charge or control over a personal watercraft shall permit another person to operate such personal watercraft in violation of any provision of this subchapter.

(h) No person shall operate a personal watercraft at any speed greater than headway speed while within or at the entrance to a marina or other place utilized as an anchorage.

(i) Except for the waters of Delaware's Inland Bays contiguous to incorporated areas, on Delaware waters other than the Atlantic Ocean, no person shall operate a personal watercraft at any speed greater than headway speed unless said personal watercraft is at least 100 feet from all wharfs, piers, docks, boat launching areas, pilings, bridge structures or abutments, moored, drifting or anchored vessels, all nonmotorized vessels, and any shoreline, and at least 300 feet from all people in the water; provided however, that the provisions of this subsection shall not apply to the waters of the Nanticoke River.

(j) Within the waters of Delaware's Inland Bays contiguous to incorporated areas, no person shall operate a personal watercraft at any speed greater than headway speed unless said personal watercraft is at least 300 feet from all wharves, piers, docks, boat-launching areas, pilings, bridge structures or abutments, moored, drifting or anchored vessels, all nonmotorized vessels, any shoreline and all people in the water.

(k) Within the Delaware waters of the Atlantic Ocean, no person shall operate a personal watercraft at any speed greater than headway speed unless such personal watercraft is at least 300 feet from all wharfs, piers, docks, boat launching areas, pilings, bridge structures or abutments, moored, drifting or anchored vessels, all nonmotorized vessels, all people in the water and any shoreline.

(l) No person shall operate a personal watercraft in an area where motorized vessels are prohibited.

(m) No person shall operate a personal watercraft to tow a water skier, aquaboard or other similar device unless there is in such vessel a competent observer, in addition to the operator, and the personal watercraft is designed by the manufacturer to carry the operator, the observer and the person or persons being towed. The observer shall be considered competent if the observer is facing toward the person or persons being towed.

(68 Del. Laws, c. 185, § 3; 68 Del. Laws, c. 346, §§ 1, 2; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 268, §§ 1, 2; 71 Del. Laws, c. 206, § 1; 71 Del. Laws, c. 427, § 4; 72 Del. Laws, c. 358, §§ 1-3.)

### **§ 2213 Rentals of personal watercraft.**

(a) No person shall rent a personal watercraft to any person who does not hold a valid automobile driver's license.

(b) No person shall rent a personal watercraft to any person unless and until such personal watercraft is conspicuously marked with the word "rental" and such other markings as are designated by the Department of Natural Resources and Environmental Control.

(c) No person shall rent a personal watercraft to any person without explaining to the person the areas where the personal watercraft is and is not allowed to be operated. A printed map or chart of the area where the person is permitted to operate shall be provided by the person from whom the personal watercraft is rented.

(d) No person shall rent a personal watercraft to any person without providing, at the site where such personal watercraft is rented, a vessel equipped to render assistance, guidance and policing of rented personal watercraft.

(e) The Department of Natural Resources and Environmental Control shall prepare educational material setting forth excerpts from or a summary of the pertinent provisions of this subchapter and subchapter III of this chapter and information pertinent to personal watercraft safety. Any person who is in the business of renting personal watercraft shall be furnished this material without charge.

(f) No person who is in the business of renting personal watercraft shall rent a personal watercraft to any person without obtaining from such person a written acknowledgment that the educational material prepared by the Department of Natural Resources and Environmental Control pursuant to subsection (e) of this section has been read and understood.

(68 Del. Laws, c. 185, § 3; 72 Del. Laws, c. 358, §§ 4, 5.)

### **§ 2214 Exceptions.**

The restrictions and prohibitions of this subchapter shall not apply to law-enforcement vessels operated by law-enforcement personnel in the performance of their duties, nor shall the provisions of this subchapter apply to any person engaged in a professional exhibition or participating in a regatta, race, marine parade, tournament or exhibition held in compliance with § 2120 of this title.

(68 Del. Laws, c. 185, § 3.)

**§ 2215 Enforcement; penalties.**

(a) The Department of Natural Resources and Environmental Control shall be the State agency authorized to promulgate such rules and regulations as are necessary for the safe and proper administration of this subchapter.

(b) The State, each county within this State and each municipality within this State shall have concurrent authority to enforce, each within its respective jurisdiction, the provisions of this subchapter. (c) A person who is subject to the provisions of subsection (a) of this section shall:

(1) Maintain in the person's possession, at all times while operating a vessel or recreational boat on the waters of this State, the certificate of boating safety education issued by the Department; and

(2) Upon demand of a Fish and Wildlife Agent or any other law-enforcement officer, show the certificate of boating safety education issued by the Department to such agent or officer.

(d) It shall be a defense to any charge under subsection (c) of this section if the person so charged produces in court a Certificate of Boating Safety Education theretofore issued to such person and valid at the time of arrest.

(69 Del. Laws, c. 60, § 4; 70 Del. Laws, c. 105, § 24; 71 Del. Laws, c. 427, § 6.)

**§ 2222 Exemptions.**

(69 Del. Laws, c. 60, § 4.)

**§ 2223 Powers and duties of the Department.**

(a) The Department shall coordinate and provide a statewide course of instruction in boating safety education for certification, and insure that courses are available at regular intervals within each county.

(69 Del. Laws, c. 60, § 4; 71 Del. Laws, c. 427, § 7; 79 Del. Laws, c. 421, § 15.)

Chapter 23

OPERATION OF A VESSEL OR BOAT WHILE UNDER THE INFLUENCE OF INTOXICATING LIQUOR AND/OR DRUGS

§ 2301 Definitions.

(a) "Alcohol concentration of 0.08 or more" shall mean:

- (1) An amount of alcohol in a sample of a person's blood equivalent to 0.08 or more grams of alcohol per 100 milliliters of blood; or
- (2) An amount of alcohol in a sample of a person's breath equivalent to 0.08 or more grams per 210 liters of breath.

(b) "Chemical test" or "test" shall include any form or method of analysis of a person's blood, breath or urine for the purposes of determining alcohol concentration or the presence of drugs which is approved for use by the Division of Forensic Science, the Delaware State Police Crime Laboratory, any state or federal law-enforcement agency, or any hospital or medical laboratory. It shall not, however, include a preliminary screening test of breath performed in order to estimate the alcohol concentration of a person at the scene of a stop or other initial encounter between a law-enforcement officer and the person.

(c) "Operating a vessel or vessel operation" shall include driving, operating or having actual physical control of a vessel or boat.

(d) "Prior or previous offense" shall mean:

(1) A conviction pursuant to this chapter, or a similar statute of any state, local jurisdiction or the District of Columbia, within 5 years immediately preceding the date of the present offense; or

(2) A conviction, under a criminal statute encompassing death or injury caused to another person by the person's operation of a vessel, where operating a vessel under the influence or with a prohibited alcohol concentration was an element of the offense.

For the purpose of computing the periods of time set out in § 2305 of this title, the period shall run from the date of the commission of the prior or previous offense to the date of the commission of the charged offense. In any proceeding under § 2305 of this title, a person may not challenge the validity of any prior or previous conviction unless that person first successfully challenges the prior or previous conviction in the court in which the conviction arose and provides written notice of the challenge in the present proceeding to the prosecution at least 20 days before trial.

(e) "Underway" shall be defined as any vessel which is not at anchor or made fast ashore.

(f) "Vessel" shall mean every device in, upon or by which any person may be transported upon the water excepting devices moved by human power.

(g) "While under the influence" shall mean that the person is, because of alcohol or drugs or a combination of both, less able than the person would ordinarily have been, either mentally or physically, to exercise clear judgment, sufficient physical control, or due care in the operation of a vessel or boat.

(67 Del. Laws, c. 216, § 2; 70 Del. Laws, c. 565, § 1; 75 Del. Laws, c. 437, § 1; 79 Del. Laws, c. 265, § 17.)

§ 2302 Operation of a vessel or boat while under the influence of intoxicating liquor and/or drugs.

(a) No person shall motor, sail, row, operate, command or have actual physical control of any vessel or boat underway on Delaware waters:

- (1) When the person is under the influence of alcohol;
- (2) When the person is under the influence of a drug;
- (3) When the person is under the influence of any combination of alcohol and any drug;
- (4) When the person's alcohol concentration is 0.08 or more; or
- (5) When the person's alcohol concentration is, within 4 hours after the time of vessel operation, 0.08 or more.

(b) Any person charged under subsection (a) of this section whose blood alcohol concentration is  $\frac{8}{100}$  of 1% or more by weight as shown by a chemical analysis of a blood, breath or urine sample taken within 4 hours of the alleged offense shall be guilty of violating subsection (a) of this section. This provision shall not preclude a conviction based on other admissible evidence.

(c) The fact that any person charged with violating this section is or has been legally entitled to use alcohol or a drug shall not constitute a defense against any charge of violating this section.

(d) It shall be an affirmative defense to a prosecution premised on paragraph (a)(5) of this section if the person proves by a preponderance of evidence that the person consumed a sufficient quantity of alcohol after the time of actual vessel operation and before any sampling to cause the person's alcohol concentration to exceed 0.08. Such evidence shall not be admitted unless notice of this defense is given to the prosecution at least 20 days before trial.

(e) The charging document may allege a violation of subsection (a) of this section without specifying any particular paragraph of subsection (a) of this section and the prosecution may seek conviction under any of the paragraphs of subsection (a) of this section.

(67 Del. Laws, c. 216, § 2; 70 Del. Laws, c. 565, §§ 2, 3; 75 Del. Laws, c. 437, §§ 1, 2.)

§ 2303 Consent to submit to chemical test.

(a) Any person who motors, sails, rows, commands, operates or has actual physical control of a vessel or boat underway on the waters of this State shall be deemed to have given consent, subject to this section and § 2302 of this title, to a chemical test or tests of the person's

blood, breath and/or urine for the purpose of determining the presence of alcohol or a drug or drugs. The testing may be required of a person when an officer has probable cause to believe the person is in violation of § 2302 of this title or a local ordinance substantially conforming thereto.

(b) At the time that a chemical test specimen is required, the person may be informed that if testing is refused, the person shall be prohibited from operating a vessel upon Delaware's waters for a period of 1 year.

(c) If there are reasonable grounds to believe that there is impairment by a drug or drugs which are not readily subject to detection by a breath test, a blood and/or urine test may be required even after a breath test has been administered.

(d) *Alternative tests; physical incapacity.* — If for any reason a person is physically unable to supply enough breath or complete the chemical test, the person shall submit to other chemical tests as designated by the officer, subject to the requirements of subsection (a) of this section. Any person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal shall be deemed to not have withdrawn the consent provided in this section and any test may be performed as provided in subsection (a) of this section.

(e) *Refusal to submit as admissible evidence.* — Upon any trial of any action or proceeding arising out of the acts alleged to have been committed by any person while in violation of § 2302 of this title, the court may admit evidence of the refusal of such person to submit to a chemical test of the person's breath, blood or urine.

(f) *Admissibility in evidence of results of chemical test.* — For purposes of a conviction premised upon § 2302(a) of this title or any proceeding pursuant to this code in which an issue is whether a person was operating a vessel while under the influence, evidence establishing the presence and concentration of alcohol or drugs in the person's blood, breath or urine shall be relevant and admissible. Such evidence may include the results from tests of samples of the person's blood, breath or urine taken within 4 hours of operating the vessel or at some later time. In any proceeding, the resulting alcohol or drug concentration reported when a test, as defined in § 2301(b) of this title, is performed shall be deemed to be the actual alcohol or drug concentration in the person's blood, breath or urine without regard to any margin of error or tolerance factor inherent in such tests.

(g) Evidence of an alcohol concentration of 0.05 or less in a person's blood, breath or urine sample taken within 4 hours of operating a vessel and tested as defined in § 2301(b) of this title is prima facie evidence that the person was not under the influence of alcohol within the meaning of this chapter. Evidence of an alcohol concentration of more than 0.05 but less than 0.08 in a person's blood, breath or urine sample taken within 4 hours of operating a vessel and tested as defined in § 2301(b) of this title shall not give rise to any presumption that the person was or was not under the influence of alcohol, but such fact may be considered with other competent evidence in determining whether the person was under the influence of alcohol.

(h) Evidence obtained through a preliminary screening test of a person's breath in order to estimate the alcohol concentration of the person at the scene of a stop or other initial encounter between a law-enforcement officer and the person shall be admissible in any proceeding to determine whether probable cause existed to believe that a violation of this Code has occurred. However, such evidence shall not be admissible in the determination of guilt under this section.

(i) Nothing in this section shall preclude conviction of an offense defined in this chapter based solely on admissible evidence other than the results of a chemical test of a person's blood, breath or urine to determine the concentration or presence of alcohol or drugs.

(j) A jury shall be instructed by the court in accordance with the applicable provisions of this section in any proceeding pursuant to this chapter in which an issue is whether a person was operating a vessel while under the influence.

(k) For the purpose of introducing evidence of a person's alcohol concentration pursuant to this section, a report signed by the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist who performed the test or tests as to its nature is prima facie evidence, without the necessity of the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist personally appearing in court:

- (1) That the blood delivered was properly tested under procedures approved by the Division of Forensic Science or the Delaware State Police Crime Laboratory;
- (2) That those procedures are legally reliable;
- (3) That the blood was delivered by the officer or persons stated in the report; and
- (4) That the blood contained the alcohol therein stated.

(l) (1) Any report introduced under subsection (k) of this section must:

- a. Identify the Forensic Toxicologist, Forensic Chemist or State Police Forensic Analytical Chemist as an individual certified by the Division of Forensic Science, the Delaware State Police Crime Laboratory or any county or municipal police department employing scientific analysis of blood, as qualified under standards approved by the Division of Forensic Science or the Delaware State Police Crime Laboratory to analyze the blood;
- b. State that the person made the analysis of the blood under the procedures approved by the Division of Forensic Science or the Delaware State Police Crime Laboratory; and
- c. State that the blood, in the person's opinion, contains the resulting alcohol concentration within the meaning of this chapter.

Nothing in this section precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the report entered pursuant to subsections (k) and (l) of this section.

(2) For purposes of establishing the chain of physical custody or control of evidence defined in this section which is necessary to admit such evidence in any proceeding, a statement signed by each successive person in the chain of custody that the person delivered it

to the other person indicated on or about the date stated is prima facie evidence that the person had custody and made the delivery stated, without the necessity of a personal appearance in court by the person signing the statement, in accordance with the same procedures outlined in § 4331(3) of Title 10.

(3) In a criminal proceeding, the prosecution shall, upon written demand of a defendant filed in the proceedings at least 15 days prior to the trial, require the presence of the Forensic Toxicologist, Forensic Chemist, State Police Forensic Analytical Chemist or any person necessary to establish the chain of custody as a witness in the proceeding. The chain of custody or control of evidence defined in this section is established when there is evidence sufficient to eliminate any reasonable probability that such evidence has been tampered with, altered or misidentified.

(m) The informing or failure to inform the accused concerning the implied consent provision shall not affect the admissibility of such results in any prosecution for a violation of § 2302(a) of this title.

(n) The doctor-patient privilege shall not apply to the disclosure to law-enforcement personnel nor the admissibility into evidence in any criminal proceeding of the results of a chemical test of a person's blood, breath or urine for the purpose of determining the alcohol or drug content of the person's blood irrespective of whether such test was done at the request of a treating physician, other medical personnel or a peace officer.

(67 Del. Laws, c. 216, § 2; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 565, §§ 4, 5; 75 Del. Laws, c. 437, § 1; 79 Del. Laws, c. 265, § 18.)

### **§ 2304 Refusal to submit to chemical test.**

(a) If any person requested refuses to submit to a chemical test pursuant to § 2303 of this title, after being informed of the penalty for said refusal, that person shall be prohibited from operating a vessel upon Delaware waters for a period of 1 year. This prohibition shall begin the day of said refusal.

(b) The Secretary of the Department shall notify in writing said persons of this prohibition and its duration and shall maintain a list of these individuals.

(c) Operation upon Delaware waters during the period of prohibition provided in subsection (a) of this section shall be punished by a fine of not less than \$500 nor more than \$2,000 and/or 30 days in jail.

(67 Del. Laws, c. 216, § 2.)

### **§ 2305 Penalties; jurisdiction.**

Whoever is convicted of a violation of § 2302 of this title shall:

(1) For the first offense, be fined not less than \$200 nor more than \$1,000, or imprisoned not less than 60 days nor more than 6 months, or both.

(2) For a second offense occurring within 5 years from a prior offense, be fined not less than \$500 nor more than \$2,000 and imprisoned not less than 60 days nor more than 18 months. No person sentenced under this paragraph shall receive a suspended sentence.

(3) For a third offense occurring within 5 years from a prior offense, be guilty of a class G felony, be fined not less than \$1,000 nor more than \$3,000 and imprisoned not less than 1 year nor more than 2 years. The provisions of § 4205(b)(7) or § 4217 of Title 11 or any other statute to the contrary notwithstanding, the first 3 months of the sentence shall not be suspended, but shall be served at Level V and shall not be subject to an early release, furlough or reduction of any kind. No conviction for violation of this chapter for which a sentence is imposed pursuant to this paragraph shall be considered a predicate felony conviction for sentencing pursuant to § 4214 of Title 11. No offense for which sentencing pursuant to this subsection is applicable shall be considered an underlying felony for a murder in the first-degree charge pursuant to § 636(a)(2) of Title 11.

(4) For a fourth or subsequent offense occurring any time after 3 prior offenses, be guilty of a class E felony, be fined not less than \$2,000 nor more than \$6,000 and imprisoned not less than 2 years nor more than 5 years. The provisions of this title or any other statute notwithstanding, a court may consider prior offenses outside a 5-year period for sentencing pursuant to this paragraph. The provisions of § 4205(b)(5) or § 4217 of Title 11 or any other statute to the contrary notwithstanding, the first 6 months of the sentence shall not be suspended, but shall be served at Level V and shall not be subject to any early release, furlough or reduction of any kind. No conviction for violation of this chapter for which a sentence is imposed pursuant to this paragraph shall be considered a predicate felony conviction for sentencing pursuant to § 4214 of Title 11. No offense for which sentencing pursuant to this paragraph is applicable shall be considered an underlying felony for a murder in the first-degree charge pursuant to § 636(a)(2) of Title 11.

(5) In addition to the penalties otherwise authorized by this section, a person convicted of a violation of § 2302(a) of this title, committed while a person who has not yet reached that person's seventeenth birthday is on or in the vessel shall:

a. For the first offense, be fined an additional minimum of \$200 and not more than an additional \$1,000 and sentenced to perform a minimum of 40 hours of community service in a program benefiting children.

b. For each subsequent like offense, be fined an additional minimum of \$500 and not more than an additional \$2,000 and sentenced to perform a minimum of 80 hours of community service in a program benefiting children.

c. Violation of this paragraph shall be considered as an aggravating circumstance for sentencing purposes for a person convicted of a violation of § 2302(a) of this title. Nothing in this paragraph shall prevent conviction for a violation of both § 2302(a) of this title and any offense as defined elsewhere by the laws of this State.

d. Violation of or sentencing pursuant to this paragraph shall not be considered as evidence of either comparative or contributory negligence in any civil suit or insurance claim, nor shall a violation of or sentencing pursuant to this paragraph be admissible as evidence in the trial of any civil action.

(6) A person who has been convicted of prior or previous offenses under this chapter need not be charged as a subsequent offender in the complaint, information or indictment against the person in order to render the person liable for the punishment imposed by this chapter on a person with prior or previous offenses under this chapter. However, if at any time after conviction and before sentence, it shall appear to the Attorney General or to the sentencing court that by reason of such conviction and prior or previous convictions, a person should be subjected to paragraph (3) or (4) of this section, the Attorney General shall file a motion to have the defendant sentenced pursuant to those provisions. If it shall appear to the satisfaction of the Court at a hearing on the motion that the defendant falls within paragraph (3) or (4) of this section, the Court shall enter an order declaring the offense for which the defendant is being sentenced to be a felony and shall impose a sentence accordingly.

(7) The Justice of the Peace Courts shall have jurisdiction for violations of this chapter, except those offenses which must be sentenced pursuant to paragraph (3) or (4) of this section.

(8) In addition to the penalties prescribed in paragraphs (2), (3) and (4) of this section, anyone convicted of a subsequent like offense shall be ordered to complete a program of education or rehabilitation which may include inpatient treatment and be followed by such other programs as established by the training facility, not to exceed a total of 15 months, and pay a fee not to exceed the maximum fine.

(67 Del. Laws, c. 216, § 2; 70 Del. Laws, c. 186, § 1; 70 Del. Laws, c. 565, § 6.)

### **§ 2306 Enforcement of chapter.**

In addition to any other powers of arrest, any law-enforcement officer is hereby authorized to arrest without warrant any person who the officer has probable cause to believe has violated the provisions of this chapter, regardless of whether the alleged violation was committed in the presence of such officer. This authority to arrest extends to any hospital or other medical treatment facility located beyond the territorial limits of the officer's jurisdiction provided there is probable cause to believe that the violation of this chapter occurred within the officer's jurisdiction. This authority to arrest also extends to any place where the person is found within 4 hours of the alleged operation of a vessel if there is reason to believe the person has fled the scene of an accident in which the person was involved, and provided there is probable cause to believe that the violation of this chapter occurred within the officer's jurisdiction.

(67 Del. Laws, c. 216, § 2; 70 Del. Laws, c. 565, § 7.)

### **§ 2307 Persons qualified to administer tests.**

Any person qualified under § 2746 of Title 21 shall be qualified for the purposes of this chapter to withdraw blood from a person submitting to a chemical test or obtaining a specimen of breath or urine under this chapter.

(67 Del. Laws, c. 216, § 2.)

### **§ 2308 Disposition of vessel and property.**

(a) Where the only person on a vessel is an individual suspected of violating this chapter, the following procedure shall apply:

(1) The vessel shall be towed to a safe port and be secured.
