Introduction

Our latest esTV is already a firm favourite for hotels looking to empower their guests by making entertainment more accessible.

Streaming media on demand is gaining popularity worldwide and we recognize the importance of personal viewing choices.

While Chromecast built-in provides seamless streaming capabilities, popular streaming services like Netflix, Disney+, HBO Go, YouTube & Spotify are also available for your enjoyment.

Features

✔ **Commercial TV with Integrated Interactive Smart Solution**

esTV-Philips features advanced connectivity and versatile configuration settings.

✔ **Built-in Chromecast**

Enable instant and secure wireless casting from smart devices without additional hardware. Simply tap the Chromecast icon on their smart devices to start streaming content.

✔ **Built-in Netflix**

A dedicated Netflix button on the remote control allows instant access to your favourite content.

✔ **Social Entertainment Apps**

Enable games download from Google Play.

✔ **Instant Direct Messages to Any Room**

Hotel can send short messages to any or all rooms. Messages will be displayed instantly and guests will have to use the remote to click away the message. Hotels will then be able to track which rooms have acknowledged the message.

✔ **Hotspot Ready**

Once connected to room wifi, guests can still access the Internet even if TV is switched off.

✔ **Customized Theme**

Design a theme with hotel colours and logo to create brand awareness.

✔ **Cloud CMS**

To easily manage hotel content & messages.
