

Create an Account

The Applicant does not create an Account. The creation of a grant account is dependent on the grant program.

- Public Assistance accounts are created in the Grants Management System (GMS) when a Request for Public Assistance (RPA) is imported from the FEMA Grants Portal, <https://grantee.fema.gov/#applicants/subrecipient>.
- Fire Management Assistance grant accounts are created in GMS when an applicant submits a Request for Fire Management Assistance (RFMA) for the grant program on behalf of their municipality, city, county, private nonprofit, etc.
- Hazard Mitigation and Pre-Disaster Mitigation grant accounts are created when an applicant submits a grant application in GMS on behalf of their municipality, city, county, private nonprofit, etc.
