CONTRACT HOLDERS

The Chief Information Officer-Solutions and Partners (CIO-CS) Government-Wide Acquisition Contract (GWAC) delivers everything from Commercial-off-the-Shelf commodities to as-a-service solutions and commonly used IT products. Choose to buy direct or with the help of Assisted Acquisitions, available for a low, low fee.

The NITAAC Difference

Quality

CIO-CS Contract Holders have gone through a rigorous source selection process prior to award. This includes criteria such as technical capabilities, past performance and price.

Value

Agencies can use our Best in Class (BIC) Government-Wide Acquisition Contract to make smart buying decisions. This can eliminate repetition, increase efficiency and deliver more value and savings.

Speed

If you don't see what you need online, it can easily be added while the RFQ or Delivery Order Request is still open, in most cases within 24-hours. You set the timeframe for the award, allowing for streamlined acquisition and deployment.

Ease

Submitting your RFQ or Delivery Order Request is easy. Simply upload the DOR, RFQ, RFI or Special Notice into our secure, web-based Electronic Government Ordering System (e-GOS) for automated Fair Opportunity competition, management, awardee selection and notification.

Call NITAAC before your next procurement.
