

Debt Reorganization

A DMFAS Training Course

Context

A country considering reorganizing its debt, or which is even in the process of doing so, will need to be trained on the concepts and mechanisms of debt reorganization, before incorporating such data in DMFAS.

Objective of this course

Teach the details and mechanisms of the debt reorganization process.

Target audience

DMFAS users.

Learning objectives

At the end of the course, you should be able to:

- ✓ Define what debt reorganization is and the different types of reorganization
- ✓ Explain the main characteristics of the Paris Club and the different debt treatments it offers
- ✓ Explain the functioning of the London Club
- ✓ List the main steps for a sovereign debt reorganization process

Delivery mode

Self-study material in form of PowerPoint presentations, with a final quiz to test your knowledge.

Module 1

DEBT REORGANIZATION

Module 2

THE PARIS CLUB
