

F.M. Law Park Capital Campaign

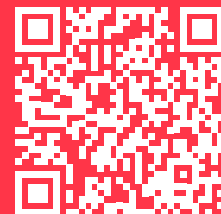

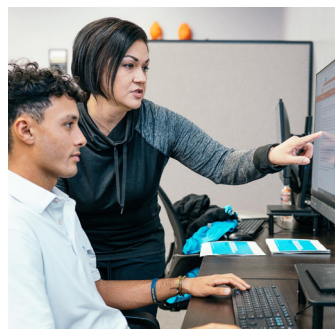

A Transformational Investment
In Houston's Youth

A Safe and Welcoming Destination for Youth, phase I of the Campaign will:

- Construct a new kid-friendly facility with more classroom learning space
- Upgrade existing buildings and create more kid-friendly recreational areas
- Further the mission of First Tee
- Renovate the course, driving range and practice areas
- Improve irrigation and drainage

F.M. Law Park spans 2,473 yards of natural turf at Houston's only nine-hole municipal golf club for kids of all skill levels. The park is in an underserved part of the community and positively impacts thousands of youth annually through First Tee – Greater Houston – a program that builds character, instills life-enhancing values and promotes healthy choices through the game of golf.
