

1

00:00:00,150 --> 00:00:04,019

From the Alex Trebek stage  
at Sony Picture Studios,

2

00:00:04,230 --> 00:00:07,860

this is Inside Jeopardy.

3

00:00:08,520 --> 00:00:12,480

Hello and welcome back to Inside  
Jeopardy, your exclusive and official

4

00:00:12,485 --> 00:00:16,020

podcast destination for all things  
happening in the world of jeopardy.

5

00:00:16,020 --> 00:00:19,140

I'm Sarah Foss, and I'm  
joined today by Buzzy Cohen.

6

00:00:19,190 --> 00:00:20,790

Thanks for having me, Sarah.

7

00:00:21,150 --> 00:00:22,530

Always great to have you.

8

00:00:22,530 --> 00:00:25,890

I wanna kick things off today,  
buzzy with a limerick that I came

9

00:00:25,890 --> 00:00:29,070

across on Reddit from chat, g p.

10

00:00:30,165 --> 00:00:31,785

I love Jeopardy limericks.

11

00:00:31,815 --> 00:00:32,235

I don't know.

12

00:00:32,235 --> 00:00:33,285  
I just, I get excited about

13  
00:00:33,285 --> 00:00:33,435  
them.

14  
00:00:33,465 --> 00:00:36,465  
I like that there is There are  
enough of them for you to love them.

15  
00:00:36,525 --> 00:00:37,725  
Yes, but there's more than one.

16  
00:00:37,725 --> 00:00:38,325  
It shocks me.

17  
00:00:38,685 --> 00:00:38,845  
All right.

18  
00:00:38,845 --> 00:00:38,955  
Are you

19  
00:00:38,960 --> 00:00:39,485  
ready for this one?

20  
00:00:39,485 --> 00:00:39,765  
I'm ready.

21  
00:00:39,770 --> 00:00:39,855  
Yeah.

22  
00:00:39,945 --> 00:00:40,305  
Okay.

23  
00:00:40,395 --> 00:00:41,595  
Little holiday spirit here.

24  
00:00:42,225 --> 00:00:44,005

There once was a game  
show called Jeopardy.

25  
00:00:44,910 --> 00:00:47,310  
Where smart folks would answer with glee.

26  
00:00:47,550 --> 00:00:50,850  
They'd rack up the points  
with knowledge and nonce and

27  
00:00:50,850 --> 00:00:53,220  
trebek would smile charmingly.

28  
00:00:53,280 --> 00:00:54,810  
Aw, that is is so

29  
00:00:54,815 --> 00:00:55,019  
sweet.

30  
00:00:55,019 --> 00:00:55,230  
Yes.

31  
00:00:55,260 --> 00:00:58,710  
I like to think he's still  
smiling, charmingly and I would

32  
00:00:58,715 --> 00:01:00,390  
like to think that he's excited.

33  
00:01:00,390 --> 00:01:04,470  
We're bringing back our high school  
kids, the teen reunion folks.

34  
00:01:04,470 --> 00:01:04,530  
Wow.

35  
00:01:04,590 --> 00:01:05,880  
From season 35.

36  
00:01:05,880 --> 00:01:07,380  
That was a big season for Jeopardy.

37  
00:01:07,380 --> 00:01:08,520  
A big season for Alex.

38  
00:01:08,640 --> 00:01:08,730  
Yep.

39  
00:01:08,940 --> 00:01:09,970  
James Hau.

40  
00:01:10,384 --> 00:01:11,125  
All stars.

41  
00:01:11,125 --> 00:01:11,365  
Stars.

42  
00:01:11,365 --> 00:01:11,684  
All stars.

43  
00:01:11,705 --> 00:01:12,574  
Who could forget?

44  
00:01:12,574 --> 00:01:13,294  
All stars.

45  
00:01:13,294 --> 00:01:13,565  
Buzzy.

46  
00:01:13,565 --> 00:01:14,684  
That's when we, I'm trying to

47  
00:01:14,684 --> 00:01:14,964  
forget it.

48  
00:01:15,164 --> 00:01:15,815

. That's where we really

49

00:01:15,815 --> 00:01:16,294  
bonded.

50

00:01:16,365 --> 00:01:17,225  
Yes, yes, that's right.

51

00:01:17,225 --> 00:01:18,725  
Because I was here assigned.

52

00:01:19,125 --> 00:01:23,325  
Producer for my team to, for your team,  
and I had to like get the inside scoop.

53

00:01:23,415 --> 00:01:23,505  
Mm-hmm.

54

00:01:23,945 --> 00:01:28,125  
, I had to know like what you were doing  
to prepare and get footage and I learned

55

00:01:28,125 --> 00:01:30,045  
way too much about your workout routines.

56

00:01:30,105 --> 00:01:30,315  
That's right.

57

00:01:30,375 --> 00:01:33,615  
And how you were intensely  
training both in the gym and outta

58

00:01:33,615 --> 00:01:35,205  
the gym and doing both at once.

59

00:01:35,235 --> 00:01:35,385  
Yep.

60

00:01:35,565 --> 00:01:37,125  
And we trained at altitude.

61  
00:01:37,125 --> 00:01:37,995  
We went to Denver.

62  
00:01:37,995 --> 00:01:38,085  
Yes.

63  
00:01:38,085 --> 00:01:40,995  
So that my team could train at  
altitude very, you know, kind

64  
00:01:40,995 --> 00:01:42,975  
of Olympic athlete approach.

65  
00:01:42,975 --> 00:01:43,245  
But yeah.

66  
00:01:43,245 --> 00:01:44,145  
Season 35.

67  
00:01:44,145 --> 00:01:44,475  
Wow.

68  
00:01:44,895 --> 00:01:49,380  
Um, so much happened, but the, uh,  
I, I just wanna say that you and

69  
00:01:49,380 --> 00:01:52,530  
Michael Davies blindsided me with  
this announcement of the high school

70  
00:01:52,530 --> 00:01:58,710  
reunion, but man, everyone has responded  
so positively and I can't blame 'em.

71  
00:01:58,710 --> 00:02:00,900  
I'm getting excited just thinking about

72

00:02:00,900 --> 00:02:01,050  
it.

73

00:02:01,290 --> 00:02:02,880  
Yeah, 27.

74

00:02:03,435 --> 00:02:07,245  
Students who played in teen tournament  
coming back, they're all in college

75

00:02:07,245 --> 00:02:11,355  
now and they're gonna represent  
themselves in, you know, kind of

76

00:02:11,355 --> 00:02:14,895  
their university, but we didn't have  
a chance to tell you all about them.

77

00:02:14,895 --> 00:02:14,955  
Yeah.

78

00:02:14,960 --> 00:02:17,115  
So we are gonna kind of go through all 27.

79

00:02:17,115 --> 00:02:20,685  
A little later in the show we  
mentioned that 30 students were

80

00:02:20,685 --> 00:02:23,835  
eligible, cuz obviously we had  
two 15 student tournaments.

81

00:02:24,255 --> 00:02:26,085  
Two of them are not available.

82

00:02:26,685 --> 00:02:28,185  
One of them will be our alternate.

83

00:02:28,545 --> 00:02:30,765

I know people are very disappointed.

84

00:02:31,210 --> 00:02:35,320

, Emma Arnold, who finished second place in one of those tournaments

85

00:02:35,320 --> 00:02:39,220

is not gonna be able to join us, but no surprise, someone of her

86

00:02:39,220 --> 00:02:41,350

intelligence is studying at Cambridge.

87

00:02:41,440 --> 00:02:44,650

Yeah, and she can't make it over for the taping, but we'll find a

88

00:02:44,655 --> 00:02:46,329

way to have her back on jeopardy.

89

00:02:46,660 --> 00:02:48,910

Also, Sophia Wang, who was a quarter finalist.

90

00:02:49,075 --> 00:02:53,875

In the fall teen tournament, she has a longstanding engagement with a conference,

91

00:02:53,905 --> 00:02:58,645

and it just happens to be taking place the same weekend that we are shooting.

92

00:02:58,645 --> 00:03:00,655

So we're sad that we can't have her.

93

00:03:00,895 --> 00:03:03,895

And then our alternate is Ryan Pressler.

94

00:03:04,075 --> 00:03:06,475

He finished in second in  
the spring teen tournament.

95

00:03:06,835 --> 00:03:08,395

Hard to believe he was only in.

96

00:03:08,670 --> 00:03:09,960

Eighth grader at the time.

97

00:03:09,960 --> 00:03:10,020

Wow.

98

00:03:10,080 --> 00:03:13,260

So he's actually not even in college

99

00:03:13,260 --> 00:03:13,620

yet.

100

00:03:13,770 --> 00:03:16,310

Not ready for that high school  
reunion cuz he's still in

101

00:03:16,310 --> 00:03:16,750

high school.

102

00:03:17,035 --> 00:03:17,550

Exactly.

103

00:03:17,580 --> 00:03:19,230

He's still living the  
dream in high school.

104

00:03:19,235 --> 00:03:25,020

So he will be our alternate again,  
27 former teens, now current

105

00:03:25,080 --> 00:03:28,710

undergraduates, and they're gonna compete in that 14 day tournament with

106

00:03:28,740 --> 00:03:32,510

Buzz's favorite two day total point affair Grand prize, a hundred thousand

107

00:03:32,515 --> 00:03:38,460

dollars and a spot, most importantly in the 2023 Tournament of Champion.

108

00:03:39,225 --> 00:03:39,885

So what do you say?

109

00:03:39,885 --> 00:03:42,465

We take a look at who is competing.

110

00:03:42,525 --> 00:03:43,305

Yeah, let's do it.

111

00:03:43,695 --> 00:03:46,005

First off, we have Claire Satler.

112

00:03:46,005 --> 00:03:47,415

A lot of people remember Claire.

113

00:03:47,415 --> 00:03:52,935

She won the fall teen tournament and she's currently a senior at Yale

114

00:03:52,995 --> 00:03:57,315

University studying, oh my goodness, I can't even go over all of her majors.

115

00:03:57,525 --> 00:04:01,635

Molecular, cellular and developmental biology, and.

116

00:04:02,055 --> 00:04:03,075

Theater and performance.

117

00:04:03,075 --> 00:04:03,795

A well-rounded two.

118

00:04:04,125 --> 00:04:04,845

Great taste that tastes

119

00:04:04,845 --> 00:04:05,525

great together.

120

00:04:06,105 --> 00:04:06,585

a well-rounded

121

00:04:06,585 --> 00:04:07,275

competitor.

122

00:04:07,454 --> 00:04:12,525

Next up, Maya Wright, who came in third place in, um, her teen tournament.

123

00:04:12,855 --> 00:04:18,075

Now a senior at Emory, majoring in public health and Spanish

124

00:04:18,075 --> 00:04:19,154

Linguistics.

125

00:04:19,485 --> 00:04:20,745

We've got Tim Joe.

126

00:04:21,120 --> 00:04:25,650

He was a semi-finalist and he's studying at Columbia University studying history.

127

00:04:25,860 --> 00:04:26,969

That's my alma mater.

128

00:04:27,030 --> 00:04:27,480  
Oh my God.

129  
00:04:27,500 --> 00:04:29,430  
Representing, yes, representing Tim.

130  
00:04:29,700 --> 00:04:32,461  
Buzzy will be cheering you on  
as he will cheer everyone on.

131  
00:04:32,466 --> 00:04:32,550  
Of

132  
00:04:32,550 --> 00:04:33,090  
course, yes.

133  
00:04:33,360 --> 00:04:37,440  
Uh, next up we have Jack Izo, who  
was also a semi-finalist, currently

134  
00:04:37,440 --> 00:04:41,909  
a senior at Northwestern University  
studying journalism and psychology.

135  
00:04:42,185 --> 00:04:42,965  
It's a great major.

136  
00:04:42,965 --> 00:04:45,065  
I studied journalism,  
broadcast journalism.

137  
00:04:45,125 --> 00:04:45,395  
We're gonna

138  
00:04:45,395 --> 00:04:48,935  
find out more about that in a few  
weeks when we bring in the clue crew.

139  
00:04:49,025 --> 00:04:49,415

Oh yes.

140

00:04:49,445 --> 00:04:49,745

Okay.

141

00:04:49,745 --> 00:04:52,685

If you all haven't heard already,  
send us in your questions that

142

00:04:52,685 --> 00:04:53,825

you want to ask Sarah and Jimmy.

143

00:04:54,185 --> 00:04:55,025

That's gonna be good.

144

00:04:55,030 --> 00:04:56,675

Buzzy won't even tell me the questions.

145

00:04:56,675 --> 00:04:58,205

He's wants it to be very special.

146

00:04:58,355 --> 00:04:58,475

Gotcha.

147

00:04:58,475 --> 00:04:59,645

Journalism at its best.

148

00:04:59,675 --> 00:05:00,095

Uh, yes.

149

00:05:00,100 --> 00:05:04,535

But broadcast journalism, usc, I'm  
not represented here with our field.

150

00:05:04,795 --> 00:05:05,575

So impressive.

151

00:05:05,695 --> 00:05:11,155

Moving on now to Rohan Capish Worry, a semi-finalist in the fall teen tournament.

152

00:05:11,585 --> 00:05:16,435

He's at the University of Texas at Austin studying mechanical engineering.

153

00:05:16,885 --> 00:05:21,445

Giving a shout out to UT because obviously there's something in the air over there.

154

00:05:21,445 --> 00:05:26,065

They have Jess Karin Singh, our current Jeopardy National College champion winner.

155

00:05:27,655 --> 00:05:32,984

Alma mater of our intern, Matthew Mendez, who has done a phenomenal job

156

00:05:32,984 --> 00:05:36,765

for us, and we're gonna have to say goodbye to him actually this week.

157

00:05:36,765 --> 00:05:40,215

But aw, he's done so many great things, such a contribution to the

158

00:05:40,215 --> 00:05:44,534

pod, to the show, and to our coffee orders when buzzy isn't taking them

159

00:05:45,525 --> 00:05:47,335

Next up, Caleb Richmond.

160

00:05:47,335 --> 00:05:48,914

Also a semi-finalist in that tournament.

161

00:05:49,100 --> 00:05:53,270

Currently a sophomore at Georgetown University, um, studying culture and

162

00:05:53,270 --> 00:05:54,050  
politics.

163

00:05:54,320 --> 00:05:58,790  
We've got Audrey Satchi, a semi-finalist,  
and she's at Indiana University

164

00:05:58,790 --> 00:06:02,810  
at Bloomington, studying clinical  
psychology and Hispanic linguistics.

165

00:06:02,930 --> 00:06:07,880  
We have Autumn Shelton, another  
semi-finalist, um, currently a junior at

166

00:06:08,060 --> 00:06:10,420  
Princeton University studying anthrop.

167

00:06:11,039 --> 00:06:11,430  
Wow.

168

00:06:11,489 --> 00:06:14,039  
Maggie Brown, one of our  
quarterfinalists, she's studying

169

00:06:14,039 --> 00:06:18,120  
at the University of West Florida  
International Studies and art history.

170

00:06:18,120 --> 00:06:18,840  
She's a junior.

171

00:06:19,539 --> 00:06:22,320  
Romi Kukui was another quarter finalist.

172

00:06:22,320 --> 00:06:26,219  
He is currently a freshman at  
U N UNC Chapel Hill, studying

173

00:06:26,224 --> 00:06:28,049  
health policy and management.

174

00:06:28,675 --> 00:06:30,085  
Next up Anish.

175

00:06:30,090 --> 00:06:34,375  
Matt Poti, another University  
of Texas at Austin.

176

00:06:34,375 --> 00:06:34,854  
Student.

177

00:06:34,914 --> 00:06:37,075  
He's a junior studying public health.

178

00:06:37,705 --> 00:06:41,544  
Next up we have Dan Oxman  
from South Orange, New Jersey.

179

00:06:41,635 --> 00:06:44,155  
My neck of the woods currently  
at the University of Maryland.

180

00:06:44,159 --> 00:06:47,395  
He's a senior studying chemical  
and biomolecular engineering.

181

00:06:47,940 --> 00:06:49,530  
We've got Isabella Pagan.

182

00:06:50,130 --> 00:06:54,480  
She's at Caltech, right nearby  
in Pasadena, California.

183

00:06:54,780 --> 00:06:57,360  
Studying, not surprising, the mechanical

184

00:06:57,360 --> 00:06:58,710  
engineering . So impressive.

185

00:06:58,740 --> 00:07:04,919  
The last member from this fall tournament,  
Rya Sinha from Chatham, New Jersey.

186

00:07:04,920 --> 00:07:06,660  
Man, these are like my neighbors.

187

00:07:06,665 --> 00:07:07,550  
Oh, these are people.

188

00:07:07,550 --> 00:07:08,390  
These are my people.

189

00:07:08,460 --> 00:07:09,350  
Just graduat.

190

00:07:10,005 --> 00:07:13,215  
Cornell University, uh,  
with a major in information

191

00:07:13,215 --> 00:07:13,604  
science.

192

00:07:13,755 --> 00:07:13,995  
Yes.

193

00:07:13,995 --> 00:07:18,405  
So two of our competitors  
will be graduating this month.

194

00:07:18,734 --> 00:07:20,594  
So they'll be very recent graduates.

195

00:07:20,599 --> 00:07:22,365  
Yeah, when we tape in January.

196

00:07:22,664 --> 00:07:25,724  
Alright, let's look at our  
spring teen tournament lineup.

197

00:07:25,724 --> 00:07:27,914  
Starting off with Avi Gupta.

198

00:07:27,974 --> 00:07:29,055  
I remember Avi.

199

00:07:29,085 --> 00:07:29,505  
Yes.

200

00:07:29,505 --> 00:07:31,034  
He was our very, our champion.

201

00:07:31,555 --> 00:07:34,695  
He went on to do many,  
many great things already.

202

00:07:34,905 --> 00:07:35,174  
even.

203

00:07:35,700 --> 00:07:39,510  
He's merely a senior at Stanford  
University, but Avi is up to a lot

204

00:07:39,510 --> 00:07:42,930  
of great things and he is studying  
political science and computer science.

205

00:07:43,260 --> 00:07:47,489  
Lucas Minor came in third place in  
that uh, spring tournament, currently

206

00:07:47,489 --> 00:07:51,780  
a junior also at Yale University  
studying history and global affairs.

207

00:07:51,870 --> 00:07:53,280

I wonder if he's friends with Claire.

208

00:07:53,280 --> 00:07:55,919

I wonder if they hang out and tell old teen tournament stories.

209

00:07:56,280 --> 00:07:56,880

We'll find out.

210

00:07:56,909 --> 00:07:57,479

We'll find out.

211

00:07:57,510 --> 00:07:57,719

Yeah.

212

00:07:57,780 --> 00:07:58,020

Yep.

213

00:07:58,080 --> 00:07:58,950

We'll have it on the pod.

214

00:07:59,280 --> 00:08:02,609

I actually heard from John Barra from the contestant department and many of the

215

00:08:02,609 --> 00:08:06,915

teens have reached out to him to say, Hey, we were so excited to hear the tournament

216

00:08:06,915 --> 00:08:09,885

announced on the pod, and if they wanna have us on, we'd love to do interviews.

217

00:08:09,885 --> 00:08:11,115

So let's do it right.

218

00:08:11,385 --> 00:08:14,235  
I wanna talk to all, I wanna  
line outside of the pod door.

219  
00:08:14,594 --> 00:08:15,465  
Just bring 'em one at a time.

220  
00:08:15,465 --> 00:08:17,295  
Wearing college sweatshirts wearing col.

221  
00:08:17,385 --> 00:08:17,895  
No, I don't.

222  
00:08:17,895 --> 00:08:18,765  
I'm, I know you're

223  
00:08:18,765 --> 00:08:19,215  
indifferent.

224  
00:08:19,305 --> 00:08:19,755  
I'm indifferent.

225  
00:08:19,755 --> 00:08:21,015  
I just wanna know, you just brought it up.

226  
00:08:21,075 --> 00:08:22,605  
Well, we haven't, we  
haven't reached a decision.

227  
00:08:22,605 --> 00:08:24,255  
I just wanna be informed  
that's still coming.

228  
00:08:25,650 --> 00:08:26,040  
All right.

229  
00:08:26,040 --> 00:08:26,670  
Next up.

230  
00:08:26,880 --> 00:08:28,260  
Justin Bolson.

231  
00:08:28,350 --> 00:08:29,940  
He was a semi-finalist.

232  
00:08:29,940 --> 00:08:34,560  
He's currently a freshman at Brown  
University studying international

233  
00:08:34,560 --> 00:08:36,630  
and public affairs and economics.

234  
00:08:37,289 --> 00:08:40,020  
Next up, Jackson Jones,  
another semi-finalist.

235  
00:08:40,169 --> 00:08:43,140  
Currently a junior at  
Vanderbilt University studying

236  
00:08:43,140 --> 00:08:44,510  
chemistry and economics.

237  
00:08:45,270 --> 00:08:45,480  
You

238  
00:08:45,480 --> 00:08:46,380  
see economics.

239  
00:08:46,380 --> 00:08:48,030  
I say economics, potato, potato.

240  
00:08:48,060 --> 00:08:49,350  
I mean, both are correct.

241  
00:08:49,380 --> 00:08:49,740  
Both are are.

242

00:08:49,740 --> 00:08:51,480

I just wanna point out  
that you and I, we differ

243

00:08:51,480 --> 00:08:51,870

on that one.

244

00:08:51,930 --> 00:08:55,860

Yeah, I, I mean, and you helped me a lot  
with my pronunciation when I was guest

245

00:08:55,860 --> 00:08:58,590

hosting and I think, what was Animals?

246

00:08:58,680 --> 00:08:59,280

Animals.

247

00:08:59,280 --> 00:09:00,630

I say with a real jersey

248

00:09:00,870 --> 00:09:01,410

Santa photo.

249

00:09:01,440 --> 00:09:01,590

Yes.

250

00:09:01,590 --> 00:09:02,070

That was fun.

251

00:09:02,070 --> 00:09:03,000

We had so much fun with that.

252

00:09:03,005 --> 00:09:03,090

Yep.

253

00:09:03,360 --> 00:09:04,440

Lots of zoom sessions.

254

00:09:05,160 --> 00:09:05,700

. All right.

255

00:09:05,705 --> 00:09:10,530

We have Hannah Neitz, a senior at Brandeis University, another one of

256

00:09:10,530 --> 00:09:14,010

our semi-finalists from that spring teen tournament, and she is study.

257

00:09:14,700 --> 00:09:16,320

Neuroscience.

258

00:09:16,380 --> 00:09:16,500

Geez

259

00:09:16,500 --> 00:09:16,920

Louise.

260

00:09:17,340 --> 00:09:18,270

These people are so smart.

261

00:09:18,480 --> 00:09:20,520

Uh, next up, Tegan o Sullivan.

262

00:09:20,640 --> 00:09:21,900

Another semi-finalist.

263

00:09:21,900 --> 00:09:26,760

Currently a freshman at American University in DC studying statistics.

264

00:09:27,090 --> 00:09:30,630

We have Isha Sohail, also a semi-finalist.

265

00:09:30,990 --> 00:09:33,570

She's one of these most recent graduates.

266

00:09:33,570 --> 00:09:37,020

By the time we're taping, she's just finishing up finals as we speak.

267

00:09:37,020 --> 00:09:38,910

I think she is at ucla.

268

00:09:39,320 --> 00:09:41,510

And received her degree in biology.

269

00:09:41,840 --> 00:09:44,330

Next up, Shia Yala.

270

00:09:44,330 --> 00:09:49,430

Gata was another semi-finalist, um, currently a sophomore

271

00:09:49,430 --> 00:09:50,630

at Harvard University.

272

00:09:50,635 --> 00:09:51,020

Heard of it.

273

00:09:51,020 --> 00:09:53,180

It's one of the better second tier schools, I'm told.

274

00:09:53,180 --> 00:09:53,270

Mm-hmm.

275

00:09:53,600 --> 00:09:54,860

, majoring in government.

276

00:09:55,040 --> 00:09:56,930

Next up, Rohit Kataria.

277

00:09:56,985 --> 00:09:58,245  
One of our quarter finalists.

278  
00:09:58,245 --> 00:10:02,805  
He is currently a junior at Vanderbilt  
University studying public policy studies

279  
00:10:03,165 --> 00:10:06,225  
with advanced quantitative methods.

280  
00:10:06,855 --> 00:10:06,945  
Sure.

281  
00:10:06,945 --> 00:10:07,965  
I've never heard of that.

282  
00:10:08,175 --> 00:10:10,755  
. It sounds very important and

283  
00:10:10,755 --> 00:10:11,415  
very impressive.

284  
00:10:11,685 --> 00:10:14,265  
Advanced quantitative methods feels  
like it's one of those things that

285  
00:10:14,270 --> 00:10:16,755  
someone would apply to Jeopardy  
and be like, I've cracked it.

286  
00:10:16,755 --> 00:10:19,155  
I've figured out the game, and  
then they come in and just like

287  
00:10:19,155 --> 00:10:20,685  
mess it up because they forget.

288  
00:10:20,930 --> 00:10:24,709  
You know, snuffle Opus was only

visible by Big Bird in the beginning

289

00:10:24,709 --> 00:10:25,370

or something like that.

290

00:10:25,370 --> 00:10:28,579

Kind of like John Folk with all  
of his research into gameplay and,

291

00:10:28,790 --> 00:10:31,170

but when he actually got in there,  
I didn't wanna call out John Folk.

292

00:10:31,170 --> 00:10:32,250

No, John, but okay, we're friends.

293

00:10:32,255 --> 00:10:35,359

John, you would even say yourself  
as you did in the pod, that once you

294

00:10:35,364 --> 00:10:38,359

got in there and really looked at  
all the elements that you decided

295

00:10:38,719 --> 00:10:42,229

that you can't actually analyze it in  
the same way that you can baseball.

296

00:10:42,229 --> 00:10:43,489

So we'll see.

297

00:10:43,550 --> 00:10:47,599

I didn't mean to call out your  
major Rohit, but I am fascinated.

298

00:10:48,320 --> 00:10:52,820

We next up we have Shikar Mabuchi  
from Basking Ridge, New Jersey,

299

00:10:52,820 --> 00:10:54,140  
man, new Jersey's representing.

300  
00:10:54,170 --> 00:10:56,810  
He was a quarter finalist in  
that spring teen tournament.

301  
00:10:57,110 --> 00:11:01,070  
Currently a junior at Georgia  
Tech studying computer science.

302  
00:11:01,550 --> 00:11:02,960  
We've got Stephanie Pearson.

303  
00:11:03,230 --> 00:11:06,950  
She is from Macon, Georgia, but  
she's currently studying at U N C.

304  
00:11:06,955 --> 00:11:08,910  
Chapel Hill History is

305  
00:11:09,240 --> 00:11:09,600  
her major.

306  
00:11:09,740 --> 00:11:10,520  
She's a junior.

307  
00:11:10,730 --> 00:11:11,120  
All right.

308  
00:11:11,120 --> 00:11:16,550  
Next up, Alison Perel, uh, currently  
another University of Texas at Austin.

309  
00:11:16,555 --> 00:11:17,540  
She's a senior study.

310  
00:11:18,074 --> 00:11:18,915  
Biology.

311

00:11:19,214 --> 00:11:19,454

Yeah.

312

00:11:19,454 --> 00:11:25,364

So three competitors out of the field of  
27 from the University of Texas at Austin.

313

00:11:25,395 --> 00:11:29,474

I imagine that Rohit could, uh, help  
us with the quantitative methods on

314

00:11:29,474 --> 00:11:33,675

terms of what kind of advantage that  
gives the University of Texas and Austin

315

00:11:33,675 --> 00:11:34,204

hook 'em.

316

00:11:34,209 --> 00:11:34,995

Horns on jeopardy.

317

00:11:35,864 --> 00:11:40,214

. Next up Audrey Sorin  
from Redmond, Washington.

318

00:11:40,214 --> 00:11:44,385

She's currently a senior at Cal  
Poly's San Lu Obispo studying

319

00:11:44,390 --> 00:11:45,464

marine science.

320

00:11:45,810 --> 00:11:46,589

Slow town.

321

00:11:46,589 --> 00:11:47,040

Love it.

322

00:11:47,339 --> 00:11:48,599

Well, that is our field.

323

00:11:48,599 --> 00:11:52,949

We already mentioned our alternate Ryan Pressler, who's still in high school,

324

00:11:52,949 --> 00:11:58,020

so doesn't have a major, but man, I am so looking forward to this tournament.

325

00:11:58,199 --> 00:12:00,890

I, I want to get to see where these players.

326

00:12:02,010 --> 00:12:02,310

Have gone.

327

00:12:02,314 --> 00:12:04,439

They were already so impressive as teens.

328

00:12:04,770 --> 00:12:05,640

I want to talk to them.

329

00:12:05,640 --> 00:12:06,719

Let's get 'em in the pod.

330

00:12:06,719 --> 00:12:07,800

Let's chop it up.

331

00:12:08,010 --> 00:12:12,180

But first we have lots to discuss today as our 21 day super champ.

332

00:12:12,300 --> 00:12:16,530

Chris Pan's Run came to an end after a Come From Behind

333

00:12:16,530 --> 00:12:17,880  
Defeat by Andy Terre also.

334  
00:12:18,420 --> 00:12:18,900  
Let's dive

335  
00:12:18,900 --> 00:12:19,079  
in.

336  
00:12:19,199 --> 00:12:19,800  
All right, cue

337  
00:12:19,800 --> 00:12:20,400  
the beep boos.

338  
00:12:25,680 --> 00:12:30,599  
We kicked off the week with 20  
Game Champion Chris Pineo coming up

339  
00:12:30,599 --> 00:12:32,939  
against Steph Martin and Ben A Bear.

340  
00:12:32,939 --> 00:12:35,189  
And I have to say, starting  
off this Monday game, you're

341  
00:12:35,189 --> 00:12:36,479  
thinking, Chris is unstoppable.

342  
00:12:36,479 --> 00:12:38,609  
This run is gonna keep going and going.

343  
00:12:38,880 --> 00:12:42,479  
Ken kicks off this show and  
it's become kind of traditional

344  
00:12:42,479 --> 00:12:44,010  
around the 20 game mark.

345

00:12:44,040 --> 00:12:44,790

I feel like we.

346

00:12:45,510 --> 00:12:48,689

Let everyone know a little bit more about our champion in case you've missed it.

347

00:12:48,689 --> 00:12:52,710

So I usually put in that open some, some nuggets, if you will, . So

348

00:12:52,980 --> 00:12:56,100

just a reminder, Ken told you he's a former poker player.

349

00:12:56,160 --> 00:12:58,500

He likes big daily double wagers.

350

00:12:59,040 --> 00:13:03,689

He's not a big risk taker in life, which was surprising to me even though.

351

00:13:03,910 --> 00:13:08,530

You know, he is so non-risk averse to doing these big wagers, and he

352

00:13:08,530 --> 00:13:11,920

has a 10 year old pet rabbit who can forget lentils, girlfriend's

353

00:13:11,920 --> 00:13:15,160

birthday, February 21st, uses two twenty one often in the wagers.

354

00:13:15,160 --> 00:13:17,170

He's the oldest of five siblings.

355

00:13:17,590 --> 00:13:21,280

Loves the movies, baseballs, he's

seen it more times than he can count.

356

00:13:21,690 --> 00:13:22,980

Does not like olives.

357

00:13:23,070 --> 00:13:26,370

Hates them, in fact, hates  
olives and his lunch of choice.

358

00:13:26,370 --> 00:13:30,870

We've discussed it, A salad with chickpeas  
and chicken with a banana on the side.

359

00:13:30,930 --> 00:13:33,000

Yeah, very, very strong game.

360

00:13:33,030 --> 00:13:38,250

Once again, Chris just looked  
unstoppable up there and another

361

00:13:38,255 --> 00:13:40,350

runaway, two big daily doubles really.

362

00:13:40,350 --> 00:13:42,060

The first one was an all-in daily double.

363

00:13:42,180 --> 00:13:44,490

Then the 7,000 daily first daily double.

364

00:13:45,170 --> 00:13:49,930

Interestingly enough, I think Ben  
played a better game on paper.

365

00:13:50,354 --> 00:13:55,515

then maybe it appears, you know, 23  
buzz in attempts in the jeopardy round

366

00:13:55,515 --> 00:14:00,704

20, matching Chris in the attempts in

the, um, double jeopardy, round, better

367

00:14:00,704 --> 00:14:04,395  
buzzer percentage, but just not getting  
those high value clues, a couple of eggs

368

00:14:04,395 --> 00:14:06,344  
and not getting those daily doubles.

369

00:14:06,614 --> 00:14:10,545  
That was the difference I think, for  
Ben, uh, being in it or not in it.

370

00:14:10,724 --> 00:14:12,689  
Then of course, Missed final.

371

00:14:12,694 --> 00:14:16,800  
So hard to win when you missed final,  
but really impressive, impressive game.

372

00:14:16,859 --> 00:14:17,130  
Yeah.

373

00:14:17,219 --> 00:14:17,490  
Yet

374

00:14:17,490 --> 00:14:19,109  
another runaway for Chris.

375

00:14:19,229 --> 00:14:19,380  
I

376

00:14:19,380 --> 00:14:22,530  
also, uh, would love to point  
out in this game, uh, you know,

377

00:14:22,709 --> 00:14:24,270  
I, I spoke about Ben's strength.

378  
00:14:24,275 --> 00:14:28,290  
Ben ran the let's play quarters  
category, but Chris of course also ran

379  
00:14:28,290 --> 00:14:30,719  
another category history on the double.

380  
00:14:30,880 --> 00:14:32,670  
Um, and Chris found all  
three of those daily

381  
00:14:32,670 --> 00:14:32,910  
doubles.

382  
00:14:32,910 --> 00:14:34,319  
Chris found all three  
of those daily doubles.

383  
00:14:34,319 --> 00:14:35,520  
So that's, and he converted

384  
00:14:35,520 --> 00:14:35,729  
all.

385  
00:14:36,205 --> 00:14:40,315  
and at this point he had found  
48 of 63 during his games.

386  
00:14:40,315 --> 00:14:40,615  
Incredible.

387  
00:14:40,615 --> 00:14:46,975  
And he's earned almost \$175,000  
just in daily double earnings.

388  
00:14:46,975 --> 00:14:48,685  
That's just phenomenal.

389

00:14:48,690 --> 00:14:51,745  
So like I said, we, we finish  
Monday, we think, okay, this guy,

390  
00:14:51,745 --> 00:14:53,065  
he's gonna keep going and going.

391  
00:14:53,065 --> 00:14:56,755  
But wait, we move on to Tuesday  
where Chris Pan comes up.

392  
00:14:57,310 --> 00:14:59,920  
Andy Terrell, the giant killer, and

393  
00:14:59,925 --> 00:15:03,819  
Megan Mellow, and at this point  
Chris has surpassed Julia Collins

394  
00:15:03,819 --> 00:15:06,310  
20 game and is really just behind.

395  
00:15:07,370 --> 00:15:10,870  
Amy Matam, Modio, James  
Holt Tower and Matt Mate.

396  
00:15:11,010 --> 00:15:14,940  
But he's actually at this point  
ahead of Matt Mate in terms of money.

397  
00:15:14,940 --> 00:15:19,230  
One, he's getting into really  
rare air of the, the Legends.

398  
00:15:19,230 --> 00:15:20,880  
That's why we have the  
leader Board of Legends.

399  
00:15:20,885 --> 00:15:25,680  
But he's right in there and comes  
up against Andy Terrell, who I was,

400

00:15:25,770 --> 00:15:28,390  
uh, fascinated to learn was an a.

401

00:15:28,935 --> 00:15:30,375  
In the professor's tournament.

402

00:15:30,615 --> 00:15:31,005  
Yeah.

403

00:15:31,215 --> 00:15:36,135  
This game was fun to watch because nine  
lead changes between Chris and Andy.

404

00:15:36,135 --> 00:15:37,425  
It was like a ping pong

405

00:15:37,430 --> 00:15:38,295  
totally game.

406

00:15:38,300 --> 00:15:39,375  
It's like now you're in the lead.

407

00:15:39,375 --> 00:15:40,155  
Now you're in the lead.

408

00:15:40,215 --> 00:15:40,225  
Uh,

409

00:15:40,665 --> 00:15:42,945  
really And a huge comeback  
because at one point, Andy.

410

00:15:43,954 --> 00:15:45,135  
Negative 2000.

411

00:15:45,194 --> 00:15:47,535  
So let's, and he was negative

at the end of the Jeopardy

412

00:15:47,535 --> 00:15:47,895  
round.

413

00:15:47,895 --> 00:15:47,985  
Yes.

414

00:15:47,985 --> 00:15:51,135  
To think that he came back, that  
has to be one of the, Hey, I don't

415

00:15:51,140 --> 00:15:53,834  
know, jeopardy Honors biggest  
comeback of the year comeback.

416

00:15:53,834 --> 00:15:54,156  
I don't know.

417

00:15:54,161 --> 00:15:55,214  
Is that an award we're gonna have?

418

00:15:55,305 --> 00:15:58,245  
We can, um, if you guys aren't  
doing it, I'm gonna do it all.

419

00:15:58,275 --> 00:16:01,875  
So, um, the Buzzy Cohen Honors , the  
Buzzy Cohen Honors, uh, yeah.

420

00:16:01,875 --> 00:16:07,640  
And of course Chris, you know,  
That \$6,600 daily Double miss.

421

00:16:07,645 --> 00:16:07,670  
Yeah.

422

00:16:07,670 --> 00:16:09,050  
Big Miss Consequential.

423

00:16:09,230 --> 00:16:13,040  
But you know, you live, you know,  
as Michael Harris likes to say,

424

00:16:13,040 --> 00:16:14,270  
you live by the daily doubles.

425

00:16:14,270 --> 00:16:14,430  
Mm-hmm.

426

00:16:14,510 --> 00:16:15,680  
, you die by the daily doubles.

427

00:16:15,685 --> 00:16:18,710  
And that really, he's still  
in the lead going into final.

428

00:16:18,710 --> 00:16:19,460  
It just made it.

429

00:16:19,640 --> 00:16:19,670  
He

430

00:16:19,670 --> 00:16:23,300  
got game, he got that lead with those  
last two clues that he regained the lead.

431

00:16:23,300 --> 00:16:25,520  
And that was that ninth lead change.

432

00:16:25,610 --> 00:16:27,320  
And then we hit final and we hit final.

433

00:16:28,125 --> 00:16:33,074  
I have to say, I, I was surprised that  
Chris and Megan missed this one, but you

434

00:16:33,074 --> 00:16:34,545  
know, when you're up there, it's hard.

435  
00:16:34,545 --> 00:16:39,675  
I, I, that was sort of an instigate for  
me and Ken actually introduced the final

436  
00:16:39,675 --> 00:16:44,625  
Jeopardy category plays with the, plays,  
the thing, which is a reference to Hamlet.

437  
00:16:44,630 --> 00:16:49,334  
So he, he, there's a, another  
little hint in there, but, um,

438  
00:16:50,084 --> 00:16:53,685  
yeah, and then of course James  
dropped his conspiracy theory tweet.

439  
00:16:54,109 --> 00:16:55,579  
I don't know if you saw this one, Sarah.

440  
00:16:55,579 --> 00:16:55,849  
I did.

441  
00:16:55,939 --> 00:16:59,780  
Uh, super champs final  
game, 1399 Shakespeare.

442  
00:16:59,780 --> 00:17:04,310  
Jason final Jeopardy, uh, you  
know, in James' final category,

443  
00:17:04,310 --> 00:17:06,589  
Shakespeare's time, he waged 1399.

444  
00:17:06,589 --> 00:17:08,089  
Chris ends with 1399.

445

00:17:08,480 --> 00:17:13,755  
Um, What a great run though Chris  
had very, you know, uh, maybe not the

446  
00:17:14,305 --> 00:17:19,275  
fireworks of the six figure dollar amounts  
that we saw with James, but man, what a

447  
00:17:19,275 --> 00:17:24,285  
great player's definitely setting himself  
up to be the, at least at this point,

448  
00:17:24,290 --> 00:17:25,515  
the one to beat in the next tournament

449  
00:17:25,545 --> 00:17:25,935  
champions.

450  
00:17:25,935 --> 00:17:26,595  
Absolutely.

451  
00:17:26,595 --> 00:17:28,935  
And great support Madam Modio tweeting.

452  
00:17:28,935 --> 00:17:30,225  
Congrats on a great run.

453  
00:17:31,020 --> 00:17:34,860  
I also saw Sam Buttrey, uh, you  
know, giving some love to Andy

454  
00:17:34,860 --> 00:17:38,340  
Terrell, obviously as the professor's  
tournament alternate, and we've

455  
00:17:38,340 --> 00:17:39,510  
talked about the alternate before.

456  
00:17:39,510 --> 00:17:40,340

You were an alternate.

457

00:17:40,370 --> 00:17:43,889

I was an alternate on your tape day, and  
I have to think, being in the studio,

458

00:17:43,920 --> 00:17:47,610

getting to experience it all without  
having the pressure of performing

459

00:17:48,030 --> 00:17:50,040

might be some sort of an advantage.

460

00:17:50,040 --> 00:17:52,020

I don't know, it worked out well for

461

00:17:52,020 --> 00:17:52,560

Andy.

462

00:17:52,620 --> 00:17:52,950

Yeah.

463

00:17:52,950 --> 00:17:53,850

And if Andy was.

464

00:17:54,629 --> 00:17:57,270

I, I don't know how long it took to  
tape the professor's tournament, but

465

00:17:57,270 --> 00:17:58,439

I believe it was a little longer.

466

00:17:58,439 --> 00:17:58,530

Mm-hmm.

467

00:17:58,770 --> 00:18:02,879

yet the format, uh, more time in the  
studio, you know, more time looking

468  
00:18:02,879 --> 00:18:07,409  
at that material, more time watching  
what makes a player successful.

469  
00:18:07,649 --> 00:18:08,280  
Doesn't hurt.

470  
00:18:08,790 --> 00:18:09,030  
Yeah.

471  
00:18:09,060 --> 00:18:10,020  
Two extra days.

472  
00:18:10,110 --> 00:18:12,270  
Yeah, to watch 10 episodes of Jeopardy.

473  
00:18:12,780 --> 00:18:13,560  
That has to help.

474  
00:18:13,800 --> 00:18:18,360  
Well, I did catch up to Chris  
right after that loss, and so

475  
00:18:18,360 --> 00:18:20,820  
much to celebrate with 21 wins.

476  
00:18:21,300 --> 00:18:22,980  
Let's hear about his experience.

477  
00:18:23,370 --> 00:18:28,169  
Chris Pineo, you're leaving us for now  
with some pretty impressive numbers.

478  
00:18:28,439 --> 00:18:33,330  
21 wins and nearly three  
quarters of a million dollars.

479  
00:18:33,389 --> 00:18:33,750

How does that.

480

00:18:34,379 --> 00:18:35,100

Incredible.

481

00:18:35,129 --> 00:18:39,629

Uh, everybody loses on jeopardy, but very, very few people win 20 games.

482

00:18:39,629 --> 00:18:43,980

Very few people win a three quarters of a million dollars or a half a million

483

00:18:43,985 --> 00:18:46,440

dollars or a quarter of a million dollars or a hundred thousand dollars.

484

00:18:46,445 --> 00:18:50,639

So, uh, I can't be anything other than ecstatic, even, even having just lost.

485

00:18:50,700 --> 00:18:50,820

And

486

00:18:50,820 --> 00:18:52,770

we know this is only goodbye for now.

487

00:18:52,770 --> 00:18:57,210

Obviously, you are gonna be coming back for our next tournament of Champion.

488

00:18:57,659 --> 00:19:00,149

, what does it mean to you to know that this is not your last

489

00:19:00,149 --> 00:19:01,649

time on the Alex Dreck stage?

490

00:19:01,680 --> 00:19:05,820

It makes it a lot more optimistic for me, just knowing that I, I'll be back

491

00:19:05,820 --> 00:19:08,940  
and that this isn't the end and that I have a lot of studying to do and that

492

00:19:08,945 --> 00:19:12,750  
I'll be watching Jeopardy for moving forward, you know, scouting my opponents.

493

00:19:13,200 --> 00:19:14,860  
So category plays.

494

00:19:15,450 --> 00:19:17,850  
What went into that final, final jeopardy for you?

495

00:19:17,879 --> 00:19:18,690  
It was a few things.

496

00:19:18,690 --> 00:19:21,810  
When plays came up, I sort of disregarded Shakespeare cause I thought they may

497

00:19:21,815 --> 00:19:23,639  
have mentioned Shakespeare specifically.

498

00:19:23,639 --> 00:19:26,399  
So I was thinking American playwrights or French or Irish play.

499

00:19:27,240 --> 00:19:28,470  
Or other English pro playwrights.

500

00:19:28,470 --> 00:19:31,380  
And then they mentioned Bul, a Bulgarian play.

501

00:19:31,380 --> 00:19:33,160  
So I was stuck in the Balkans.

502  
00:19:33,690 --> 00:19:36,570  
I just, if I had like, opened my  
mind a little bit more and not gotten

503  
00:19:36,570 --> 00:19:38,220  
so, you know, pigeonholed in there.

504  
00:19:38,310 --> 00:19:41,130  
I, I think I may have come up with it,  
but you can't come up with them all.

505  
00:19:41,220 --> 00:19:41,340  
We

506  
00:19:41,340 --> 00:19:44,580  
talked about the player who  
came in the giant killer.

507  
00:19:44,790 --> 00:19:47,250  
Any thoughts about him when  
you were first seeing him in

508  
00:19:47,250 --> 00:19:48,870  
rehearsal or playing against him?

509  
00:19:49,110 --> 00:19:49,470  
I loved

510  
00:19:49,470 --> 00:19:50,670  
his hair in his glasses.

511  
00:19:50,730 --> 00:19:53,820  
Um, he did have a very like strong  
college professor look and he

512  
00:19:53,820 --> 00:19:56,880

ended up being a really strong  
player and, and got tempest right.

513

00:19:57,315 --> 00:19:59,325  
His mine was just a little more  
open than mine at that moment.

514

00:19:59,415 --> 00:20:02,025  
So Heather's birthday, your  
girlfriend, I think all of the

515

00:20:02,025 --> 00:20:03,555  
Jeopardy community will remember it.

516

00:20:04,025 --> 00:20:04,935  
February 21st.

517

00:20:05,205 --> 00:20:07,935  
I have to know how you gonna  
celebrate this one coming up?

518

00:20:08,505 --> 00:20:09,015  
Uh, I don't know.

519

00:20:09,385 --> 00:20:12,105  
Probably just go out to dinner,  
have a nice dinner, and then a

520

00:20:12,105 --> 00:20:14,535  
quiet night at home, which is,  
you know, most of our nights.

521

00:20:14,535 --> 00:20:18,265  
And I think this will really help  
solidify her birthday in my head,

522

00:20:18,265 --> 00:20:20,475  
so I'll never, ever forget it  
and neither will a lot of other

523

00:20:20,475 --> 00:20:21,045  
people, which.

524

00:20:21,719 --> 00:20:24,810  
You said before you came on to compete,  
you and Heather would watch Jeopardy,

525

00:20:24,810 --> 00:20:29,340  
particularly final Jeopardy and make that  
guess kind of the jeopardy blind guesser.

526

00:20:29,610 --> 00:20:31,860  
Will that be part of  
your prep for the t o c?

527

00:20:31,860 --> 00:20:32,879  
Is that gonna continue?

528

00:20:32,969 --> 00:20:33,419  
I think so.

529

00:20:33,425 --> 00:20:33,479  
I

530

00:20:33,479 --> 00:20:36,719  
think it has real life, um, you  
know, implications in jeopardy.

531

00:20:36,719 --> 00:20:39,149  
Like every time a category comes  
up while I was here, I would.

532

00:20:39,600 --> 00:20:41,970  
Start to go through all of the  
potential answers it can be.

533

00:20:41,970 --> 00:20:44,490  
And for some things like famous  
Americans, it doesn't really help.

534

00:20:44,490 --> 00:20:47,850

But for state capitals or world capitals, like if you prime your brain,

535

00:20:47,850 --> 00:20:49,950

I think it, it really does have a, a

536

00:20:50,379 --> 00:20:50,820

positive impact.

537

00:20:51,060 --> 00:20:53,310

What has been the best part of your Jeopardy journey?

538

00:20:53,430 --> 00:20:54,840

Um, the money.

539

00:20:55,230 --> 00:20:59,100

Um, but beyond the money, um, having heard from so many of my friends and

540

00:20:59,100 --> 00:21:02,460

family, having gotten to meet all of the crew here, they've been incredible.

541

00:21:02,460 --> 00:21:07,110

Like every single day has been remarkable and like just a true.

542

00:21:07,875 --> 00:21:11,625

We've talked about your stats on the Jeopardy leaderboard of Legends.

543

00:21:11,985 --> 00:21:13,985

How do you want to be remembered?

544

00:21:13,990 --> 00:21:16,785

What type of Jeopardy champion,

when they talk about Chris

545

00:21:16,785 --> 00:21:18,855

Pineo, what do you hope they say?

546

00:21:19,185 --> 00:21:19,995

Uh, exciting.

547

00:21:19,995 --> 00:21:23,205

Like I, I want to be remembered as an exciting player who bet big when it

548

00:21:23,205 --> 00:21:24,915

mattered, who made the right decisions.

549

00:21:25,305 --> 00:21:27,255

Um, a lot of close games.

550

00:21:27,255 --> 00:21:29,925

So someone who was worth watching from beginning

551

00:21:29,925 --> 00:21:30,255

to end.

552

00:21:30,735 --> 00:21:33,555

Well, you were certainly worth watching Chris, and we can't

553

00:21:33,560 --> 00:21:34,665

wait to see you play again.

554

00:21:34,665 --> 00:21:35,445

We have to wait a little.

555

00:21:36,090 --> 00:21:38,730

But that Tournament of Champions, we'll look forward to seeing you then.

556  
00:21:38,970 --> 00:21:39,480  
I'll be back.

557  
00:21:39,480 --> 00:21:40,950  
Congratulations on a great run.

558  
00:21:41,070 --> 00:21:41,580  
Thank you so.

559  
00:21:42,240 --> 00:21:42,600  
All right.

560  
00:21:42,600 --> 00:21:46,440  
We say goodbye to Chris Pineo for now  
and tell the t o c, but let's just

561  
00:21:46,440 --> 00:21:48,720  
take a look back at his impressive run.

562  
00:21:48,720 --> 00:21:50,610  
A little bit of a stat roundup.

563  
00:21:50,640 --> 00:21:51,180  
Okay.

564  
00:21:51,210 --> 00:21:52,320  
Leaderboard of Legends.

565  
00:21:52,320 --> 00:21:53,730  
Buzzy mentioned it earlier.

566  
00:21:53,940 --> 00:21:55,830  
He is now sixth place.

567  
00:21:55,890 --> 00:21:56,340  
Right behind.

568

00:21:57,015 --> 00:21:58,905  
Matt mate Roach with 23 games.

569  
00:21:59,325 --> 00:22:03,855  
In terms of highest winnings during the regular season, he's in fifth place.

570  
00:22:03,855 --> 00:22:06,405  
He actually bumped Matt mate outta the top five.

571  
00:22:06,405 --> 00:22:09,795  
She's now sixth in terms of all-time winnings.

572  
00:22:09,825 --> 00:22:11,205  
He's in seventh place.

573  
00:22:11,205 --> 00:22:15,345  
He has surpassed Larissa Kelly and just barely behind.

574  
00:22:15,435 --> 00:22:16,304  
David Madden.

575  
00:22:16,305 --> 00:22:18,315  
David Madden's at 7 63.

576  
00:22:18,315 --> 00:22:19,365  
7 33.

577  
00:22:19,785 --> 00:22:22,125  
He's at 7 48, 2 86.

578  
00:22:22,695 --> 00:22:23,085  
Those stats.

579  
00:22:24,060 --> 00:22:25,380  
. They could change in the t c.

580

00:22:25,410 --> 00:22:26,070

Yeah, exactly.

581

00:22:26,445 --> 00:22:28,230

. Those totals can change in the t c.

582

00:22:28,960 --> 00:22:31,260

Interestingly enough, even if he wins the t c, he's gonna be

583

00:22:31,620 --> 00:22:33,330

just shy of a million dollars.

584

00:22:33,480 --> 00:22:33,800

Mm-hmm.

585

00:22:33,880 --> 00:22:34,890

, but hey, who's counting?

586

00:22:35,130 --> 00:22:35,220

Yeah.

587

00:22:35,220 --> 00:22:38,610

In terms of those daily doubles, he found 50 of 66.

588

00:22:38,615 --> 00:22:41,700

That's 76%, 45, correct.

589

00:22:41,730 --> 00:22:42,780

Five incorrect.

590

00:22:42,780 --> 00:22:44,340

A 90% accuracy rate.

591

00:22:44,490 --> 00:22:44,550

Wow.

592

00:22:44,970 --> 00:22:45,660

In daily doubles.

593

00:22:45,660 --> 00:22:47,881

That's, that's really,  
really, that's really good.

594

00:22:47,886 --> 00:22:48,330

Impressive.

595

00:22:48,390 --> 00:22:48,600

Yeah.

596

00:22:48,780 --> 00:22:50,100

Average daily, double winning.

597

00:22:50,835 --> 00:22:57,195

\$7,644 per game Overall, just  
general game stats after 22 games.

598

00:22:57,195 --> 00:23:00,105

Again, he played in 22,  
even though he only won 21.

599

00:23:01,125 --> 00:23:06,074

Average score \$34,077 17 out of 22.

600

00:23:06,435 --> 00:23:06,855

That's incredible.

601

00:23:06,855 --> 00:23:07,965

Runaways, incredible.

602

00:23:08,235 --> 00:23:12,435

Responded to a total of 692 clues.

603

00:23:12,495 --> 00:23:13,034

Of those.

604

00:23:13,034 --> 00:23:16,215  
He was correct on 650 of them.

605

00:23:16,485 --> 00:23:18,435  
That's a 94% accuracy rate.

606

00:23:18,584 --> 00:23:18,794  
Wow.

607

00:23:19,104 --> 00:23:21,024  
Average correct clues per game.

608

00:23:21,115 --> 00:23:21,594  
30.

609

00:23:21,774 --> 00:23:23,334  
Also so impressive.

610

00:23:23,365 --> 00:23:26,245  
Anything in the thirties is just so  
impressive, and to think that that's

611

00:23:26,274 --> 00:23:30,084  
his average and he was averaging  
two incorrect clues per game.

612

00:23:30,564 --> 00:23:31,254  
All right, here we go.

613

00:23:31,254 --> 00:23:32,395  
The best of Chris Stats.

614

00:23:33,419 --> 00:23:34,050  
Best ever.

615

00:23:34,169 --> 00:23:36,090

36 correct responses in one game.

616

00:23:36,870 --> 00:23:37,800

Biggest correct.

617

00:23:37,800 --> 00:23:38,760

Daily double wager.

618

00:23:39,120 --> 00:23:40,320

12,400.

619

00:23:40,560 --> 00:23:42,270

Highest winning total in a single game.

620

00:23:42,270 --> 00:23:44,159

\$71,821.

621

00:23:44,190 --> 00:23:44,490

Whew.

622

00:23:44,730 --> 00:23:47,460

All right, well now we  
move on to Wednesday.

623

00:23:47,899 --> 00:23:48,929

Everyone was expecting.

624

00:23:49,169 --> 00:23:49,590

Okay.

625

00:23:49,590 --> 00:23:50,580

Andy Terrell.

626

00:23:50,610 --> 00:23:52,409

He's a giant killer here.

627

00:23:52,409 --> 00:23:57,330

Begins his long run as he faces

Tammy Groaner and Ron Chung.

628

00:23:57,750 --> 00:23:58,020

But,

629

00:23:58,110 --> 00:24:00,540

uh, as Ken pointed out, the.

630

00:24:01,235 --> 00:24:04,895

The, there is the curse of the giant  
Killer, which has been discussed,

631

00:24:04,895 --> 00:24:07,955

um, not, not a strict curse anymore.

632

00:24:08,015 --> 00:24:10,895

I think, uh, Emma, actually,  
Emma Becher broke that.

633

00:24:10,900 --> 00:24:12,785

She ended up winning three games.

634

00:24:13,205 --> 00:24:15,815

Um, but Jonathan Fisher  
went on a long run.

635

00:24:15,815 --> 00:24:19,115

But there is a little bit of  
this, um, you know, Nancy Zurich

636

00:24:19,120 --> 00:24:20,855

who beat, Ken lost the next day.

637

00:24:21,305 --> 00:24:22,775

Ron Tasma, who.

638

00:24:23,595 --> 00:24:25,185

Amy did not continue.

639

00:24:25,185 --> 00:24:29,955

So as much as we can expect from Andy,  
clearly there's something about taking

640

00:24:29,955 --> 00:24:34,485

down a big player like that could maybe  
be a little bit draining or overwhelming.

641

00:24:34,485 --> 00:24:34,665

Let's

642

00:24:34,670 --> 00:24:39,045

say one fun thing about this show  
was the Ginger Z Talks, meteorology.

643

00:24:39,045 --> 00:24:40,905

I had the chance to shoot this category.

644

00:24:41,170 --> 00:24:43,810

With Ginger on the Good  
Morning America Set.

645

00:24:44,080 --> 00:24:46,510

Ginger is another real fan of Jeopardy.

646

00:24:46,510 --> 00:24:48,640

She's competed in Celebrity Jeopardy.

647

00:24:48,970 --> 00:24:53,320

Uh, she loves this show and it was really  
fun to welcome her back on the show.

648

00:24:53,320 --> 00:24:53,800

This time.

649

00:24:53,800 --> 00:24:57,250

As a clue, presenter, she reached  
out to me after her category played.

650

00:24:57,250 --> 00:24:59,710

She had such phenomenal response.

651

00:24:59,740 --> 00:25:01,240

She gets a lot of comments.

652

00:25:01,290 --> 00:25:06,030

On, of course, her work on Good Morning America, but so many other people were

653

00:25:06,030 --> 00:25:07,590

so excited to see her on Jeopardy.

654

00:25:07,590 --> 00:25:10,139

So we're actually hoping to have more of Ginger Z.

655

00:25:10,145 --> 00:25:15,149

She's doing so many travels around the world talking about climate and different

656

00:25:15,149 --> 00:25:19,620

issues, so hoping to feature again and, um, great to have her on as a category.

657

00:25:19,625 --> 00:25:20,250

Getting

658

00:25:20,370 --> 00:25:25,649

into the game, Ron made two important daily double wagers

659

00:25:25,649 --> 00:25:27,090

that ended up being correct.

660

00:25:27,330 --> 00:25:28,830

What a, an incredible.

661

00:25:29,310 --> 00:25:32,550  
Spread of scores going into final.

662  
00:25:32,670 --> 00:25:37,140  
We've got Tammy in the lead with  
22,200, Ron, right on her heels

663  
00:25:37,140 --> 00:25:42,270  
with an even 22,000, and then  
Andy in the game with 11,000.

664  
00:25:42,275 --> 00:25:42,810  
Yes, 200.

665  
00:25:42,810 --> 00:25:45,240  
So it really came down to final for.

666  
00:25:45,615 --> 00:25:46,515  
, all three players.

667  
00:25:46,520 --> 00:25:48,765  
Sometimes it's like, you know,  
two players, it's down to final.

668  
00:25:48,885 --> 00:25:53,775  
Really, it came down for all of them, and  
I thought this was a very tricky, very

669  
00:25:53,775 --> 00:25:55,785  
difficult final, and none of them got it.

670  
00:25:55,965 --> 00:25:59,415  
And it turned out to be the  
kind of more conservative wager

671  
00:25:59,415 --> 00:26:02,055  
from Ron gives him the win.

672  
00:26:02,055 --> 00:26:05,925

But that could have easily ended  
up, if Andy's correct on this,

673

00:26:05,925 --> 00:26:09,825  
even if, you know Tammy and Ronnie  
get it wrong, he's a champion for

674

00:26:09,825 --> 00:26:10,815  
another day, so it just goes to.

675

00:26:12,135 --> 00:26:15,165  
how often, you know, we we're,  
we're coming out of the Chris era.

676

00:26:15,255 --> 00:26:15,525  
Yes.

677

00:26:15,525 --> 00:26:19,545  
The pin era where, uh, you know,  
there's so many runaways, you kind

678

00:26:19,545 --> 00:26:22,965  
of forget that final jeopardy is  
almost a part of the game here.

679

00:26:22,965 --> 00:26:25,335  
We're right back into it  
with a great nail biter.

680

00:26:25,605 --> 00:26:26,745  
Um, and Andy.

681

00:26:26,975 --> 00:26:28,925  
Andy spoke about his loss.

682

00:26:28,925 --> 00:26:29,915  
Did, did you see this,

683

00:26:29,915 --> 00:26:30,155

Sarah?

684

00:26:30,155 --> 00:26:30,485

Yes.

685

00:26:30,485 --> 00:26:31,115

On Reddit.

686

00:26:31,265 --> 00:26:34,745

Uh, he said, you know, it's an utter whirlwind of adrenaline.

687

00:26:34,775 --> 00:26:36,665

I feel like I blacked out.

688

00:26:36,670 --> 00:26:38,795

I couldn't honestly remember much when it was over.

689

00:26:39,365 --> 00:26:42,455

Had no clue what the categories were, apart from a couple of memorable

690

00:26:42,455 --> 00:26:46,655

ones, , until I saw the show air, and I've heard that from so many champions.

691

00:26:46,940 --> 00:26:49,010

. But once they do watch the show, then they will forever

692

00:26:49,370 --> 00:26:50,750

remember the ones they missed.

693

00:26:50,840 --> 00:26:51,260

Of course.

694

00:26:51,260 --> 00:26:51,320

Yeah.

695

00:26:51,380 --> 00:26:53,900

Um, he said it was a fugue state  
and you had just asked him.

696

00:26:53,980 --> 00:26:54,780

I had just said him.

697

00:26:54,780 --> 00:26:56,540

You had just said, is  
it like a fugue state?

698

00:26:56,540 --> 00:26:58,700

And Andy confirms that it is.

699

00:26:58,970 --> 00:27:02,690

He talked about how incredible  
Tammy's buzzer timing was.

700

00:27:02,750 --> 00:27:03,020

Yeah.

701

00:27:03,110 --> 00:27:04,640

And that Ron was just strong.

702

00:27:05,130 --> 00:27:09,990

All around and Ron Chung is back  
on Thursday going up against

703

00:27:09,990 --> 00:27:12,450

Sriram Krishnan and AZ Madonna.

704

00:27:13,320 --> 00:27:13,470

The

705

00:27:13,470 --> 00:27:17,430

jeopardy round was very tight and  
then all of a sudden Sriram just saw

706

00:27:17,430 --> 00:27:23,220  
some daylight and did not stop 19  
buzzer attempts with a 63% get rate.

707

00:27:23,220 --> 00:27:24,150  
13, correct?

708

00:27:24,150 --> 00:27:24,900  
No incorrect.

709

00:27:24,960 --> 00:27:25,590  
None incorrect.

710

00:27:25,680 --> 00:27:26,610  
A \$2,000.

711

00:27:26,640 --> 00:27:28,500  
I thought he should, I thought he  
should have wagered more on that.

712

00:27:28,500 --> 00:27:29,040  
Dylan double.

713

00:27:29,040 --> 00:27:29,740  
Yeah, I was surprised on that.

714

00:27:29,740 --> 00:27:30,180  
Daily double.

715

00:27:30,180 --> 00:27:33,180  
But, uh, finishes with a runaway 20 1008.

716

00:27:33,630 --> 00:27:36,840  
And, uh, a z I love a  
zero wager on a runaway.

717

00:27:36,840 --> 00:27:38,010  
That's just, that's my move.

718  
00:27:38,010 --> 00:27:38,070  
Yeah.

719  
00:27:38,070 --> 00:27:38,160  
You're

720  
00:27:38,470 --> 00:27:40,140  
not trying to put an  
exclamation point on it.

721  
00:27:40,230 --> 00:27:40,770  
You're happy

722  
00:27:40,770 --> 00:27:44,750  
with the win, and especially coming  
in seeing Chris Pineo then get.

723  
00:27:45,375 --> 00:27:46,455  
You know Beat.

724  
00:27:46,505 --> 00:27:46,945  
Yeah.

725  
00:27:46,950 --> 00:27:49,875  
And then that person gets  
beat and now you're playing.

726  
00:27:49,875 --> 00:27:50,235  
Okay.

727  
00:27:50,235 --> 00:27:52,365  
Yeah, just I live to see another day.

728  
00:27:52,365 --> 00:27:53,625  
So I feel you.

729  
00:27:53,955 --> 00:27:55,755

Sriram, buzzy has all the feels about

730

00:27:55,760 --> 00:27:55,845

that.

731

00:27:55,845 --> 00:27:57,765

I've got all the feels about  
that Shram and we're heading into

732

00:27:57,765 --> 00:27:59,265

Friday, closing out the week.

733

00:27:59,265 --> 00:28:01,545

He's going up against Ellen and Matthew

734

00:28:01,965 --> 00:28:02,835

with this game.

735

00:28:03,315 --> 00:28:07,425

Sriram becomes our third one  
and done Champion after Chris.

736

00:28:07,425 --> 00:28:10,035

I think we're getting a little bit of  
payback for just an incredible yes.

737

00:28:10,680 --> 00:28:14,880

Spoiled by these super champions and now  
we're gonna remember the good old days.

738

00:28:14,880 --> 00:28:18,270

A lot of times the champion just  
wins one, which is impressive.

739

00:28:18,270 --> 00:28:20,790

They're a jeopardy champion  
for the rest of their life, but

740

00:28:20,790 --> 00:28:22,020

this week they're one and done.

741

00:28:22,230 --> 00:28:27,330

Um, I did enjoy the TV final episodes when Ken Ru, you know, say we just revealed

742

00:28:27,330 --> 00:28:28,860

the spoiled, the ending of killing.

743

00:28:28,860 --> 00:28:30,000

He certainly did for me.

744

00:28:30,000 --> 00:28:31,110

I'm like a season behind.

745

00:28:31,110 --> 00:28:32,940

So, uh, thanks Ken.

746

00:28:33,060 --> 00:28:33,900

And yeah, well

747

00:28:33,900 --> 00:28:36,360

I guess it's anyone who else, who hadn't watched the end of Friday Night

748

00:28:36,360 --> 00:28:38,220

Lights or this, this is US or Silicon

749

00:28:38,220 --> 00:28:38,580

Valley.

750

00:28:39,080 --> 00:28:39,500

Yes.

751

00:28:39,500 --> 00:28:42,060

At this point, Friday Night Lights, it's, it's been a while.

752

00:28:42,060 --> 00:28:44,370  
You've seen the end If you  
wanted to see it, you've seen it.

753  
00:28:44,550 --> 00:28:48,360  
But, um, I'll, I guess I'll, I'll  
send Billy and Michelle a strongly

754  
00:28:48,360 --> 00:28:48,960  
worded letter.

755  
00:28:49,060 --> 00:28:49,540  
Strongly worded letter.

756  
00:28:49,545 --> 00:28:50,970  
Were you gonna get to Killing Eve?

757  
00:28:50,970 --> 00:28:51,720  
Did you think I was,

758  
00:28:51,820 --> 00:28:51,940  
yeah.

759  
00:28:51,940 --> 00:28:52,420  
Okay.

760  
00:28:52,420 --> 00:28:52,660  
Oh yeah.

761  
00:28:52,665 --> 00:28:53,430  
I've, I'm enjoying it.

762  
00:28:53,820 --> 00:28:55,500  
Um, but not now or you'll still power.

763  
00:28:55,505 --> 00:28:56,070  
I'm still watch it.

764

00:28:56,075 --> 00:28:56,220  
Yeah.

765  
00:28:56,220 --> 00:28:57,780  
It doesn't, you know, I'm one  
of those people that I can

766  
00:28:57,785 --> 00:28:58,740  
know what happens in the movie.

767  
00:28:58,740 --> 00:28:59,520  
I'm still gonna watch it.

768  
00:28:59,850 --> 00:29:03,510  
Uh, speaking of movies, that was  
our final jeopardy, 1970s movies.

769  
00:29:03,570 --> 00:29:07,100  
Uh, I thought this was a very,  
very fun, I loved this final.

770  
00:29:07,170 --> 00:29:07,530  
Yeah.

771  
00:29:07,710 --> 00:29:08,540  
And also it.

772  
00:29:08,655 --> 00:29:11,985  
You know, it's a great clue  
because you don't need to know the

773  
00:29:11,985 --> 00:29:14,205  
fact, but you can figure it out.

774  
00:29:14,415 --> 00:29:17,625  
And also it gives you something that you  
can share with your friends the next day,

775  
00:29:17,625 --> 00:29:19,125

which is, yes, in case you missed it.

776

00:29:19,774 --> 00:29:24,465  
1970s movies is the final, a 1975  
premiere of this comedy advertised

777

00:29:24,465 --> 00:29:27,075  
Free coconuts for the first thousand.

778

00:29:27,105 --> 00:29:31,245  
In the audience, of course, the correct  
response, Monty Python and the Holy Grail.

779

00:29:31,665 --> 00:29:32,085  
I knew.

780

00:29:32,850 --> 00:29:36,270  
Well, I knew this for a couple of reasons,  
but one years ago we went to Broadway and

781

00:29:36,270 --> 00:29:42,210  
we did clues of the Broadway show, and of  
course I did a clue about the coconuts,

782

00:29:42,210 --> 00:29:43,650  
the horse hooves and the coconuts.

783

00:29:43,650 --> 00:29:46,980  
And I had the prop because they used  
the coconuts in the show as a prop

784

00:29:46,980 --> 00:29:47,430  
as well.

785

00:29:47,910 --> 00:29:51,120  
Another little tidbit that we can  
talk about on our upcoming interview.

786

00:29:51,120 --> 00:29:51,390

Oh, sorry.

787

00:29:51,390 --> 00:29:51,650

With you.

788

00:29:51,650 --> 00:29:51,890

Oh, sorry.

789

00:29:51,890 --> 00:29:51,970

I

790

00:29:52,130 --> 00:29:52,560

should save it.

791

00:29:52,560 --> 00:29:52,980

I'm sorry.

792

00:29:52,980 --> 00:29:53,370

I will tell.

793

00:29:53,370 --> 00:29:53,940

No clue.

794

00:29:53,940 --> 00:29:54,600

Crew stories.

795

00:29:54,700 --> 00:29:55,110

No, tell

796

00:29:55,110 --> 00:29:55,230

,

em

797

00:29:55,230 --> 00:29:55,470

all.

798

00:29:55,475 --> 00:29:56,131

Tell the interview.

799

00:29:56,136 --> 00:29:57,130

Tell 'em all I got.

800

00:29:57,700 --> 00:30:00,730

You can stop talking about clue crew notes when I can stop relating

801

00:30:00,730 --> 00:30:02,170

to this as a former contestant.

802

00:30:02,170 --> 00:30:02,620

So that's,

803

00:30:02,650 --> 00:30:07,390

oh, well that will be never, um, there was a funny note that we pointed out.

804

00:30:07,570 --> 00:30:12,790

Uh, company name Origins was the category and there was in fact a clue about h and

805

00:30:12,795 --> 00:30:15,850

r Block because that was the final jeopardy, the h and

806

00:30:15,850 --> 00:30:18,220

r block, uh, FedEx snafu.

807

00:30:19,050 --> 00:30:21,360

Resulted in Ken's loss to Nancy Zurich

808

00:30:21,480 --> 00:30:25,919

and he always jokes it's best to lose on a clue for a large corporation because,

809

00:30:25,919 --> 00:30:30,300

you know, he's got tax assistance from h and r Block for the rest of his life.

810

00:30:30,300 --> 00:30:32,909

Like that was one of his  
gifts that they gave him.

811

00:30:33,149 --> 00:30:33,419

Yep.

812

00:30:33,840 --> 00:30:35,250

What a, what a week.

813

00:30:35,520 --> 00:30:36,149

Um, what week?

814

00:30:36,149 --> 00:30:39,060

I mean, just e emotional highs and lows.

815

00:30:39,120 --> 00:30:41,909

Um, we've, we, we have  
to say goodbye to Chris.

816

00:30:41,909 --> 00:30:43,050

That's an emotional low for me.

817

00:30:43,050 --> 00:30:47,970

However, we had really fun games and  
great categories, so, you know, the show

818

00:30:47,970 --> 00:30:51,389

goes on, the show goes on, and in  
addition to knowing that, we'll see Chris

819

00:30:51,389 --> 00:30:55,800

in the t o c also, great to know that  
we have second chance, like we don't

820

00:30:55,800 --> 00:30:57,060

even know who else we're gonna see.

821  
00:30:57,060 --> 00:30:58,590  
And there were certainly some standouts.

822  
00:30:58,590 --> 00:31:00,270  
I think Tammy was one of them this week.

823  
00:31:00,270 --> 00:31:03,960  
But again, we have to keep  
looking at it as the season goes.

824  
00:31:04,415 --> 00:31:08,135  
See how things line up at  
the end, but what a week

825  
00:31:13,205 --> 00:31:13,534  
It is.

826  
00:31:13,540 --> 00:31:15,534  
Time now for viewer questions.

827  
00:31:15,875 --> 00:31:18,965  
Nathan asks, very excited  
about the new competition.

828  
00:31:19,295 --> 00:31:23,435  
Those contestants in both tournaments  
were fabulous, but I was wondering

829  
00:31:24,455 --> 00:31:27,575  
if there are gonna be 14 games,  
will there be an exhibition game

830  
00:31:27,855 --> 00:31:31,295  
between the two winners and the  
highest runner up like in the t o c?

831  
00:31:31,815 --> 00:31:33,045  
Great question, Nathan.

832

00:31:33,675 --> 00:31:34,515

The answer is no.

833

00:31:34,845 --> 00:31:39,135

Uh, we did that exhibition game because of the potential for stations

834

00:31:39,135 --> 00:31:42,074

to have to preempt the show because of election day on November 8th.

835

00:31:42,135 --> 00:31:45,855

In this case, the high school reunion tournament will actually end on a

836

00:31:45,855 --> 00:31:50,025

Thursday and then we'll pick back up with regular games on that following Friday.

837

00:31:50,030 --> 00:31:50,575

Alright,

838

00:31:50,805 --> 00:31:53,535

and Jake asks another question about this new tournament.

839

00:31:53,995 --> 00:31:57,205

The high school reunion tournament is a great idea, but four years

840

00:31:57,205 --> 00:31:58,794

ago seems like a long time.

841

00:31:58,794 --> 00:32:02,814

I know you typically can't post full episodes online, but is there any

842

00:32:02,814 --> 00:32:06,114

way that something can be worked out

so we can see the original episodes

843

00:32:06,114 --> 00:32:08,304

again before the new tournament airs?

844

00:32:08,784 --> 00:32:09,024

I think

845

00:32:09,024 --> 00:32:11,034

this is a great suggestion, Jake.

846

00:32:11,034 --> 00:32:14,554

I don't know that we'll be able to broadcast the full episodes, but we're

847

00:32:14,554 --> 00:32:17,665

certainly gonna be putting together highlights from these episodes that

848

00:32:17,665 --> 00:32:22,195

you'll get to see those best moments from each of the 27 competitors.

849

00:32:22,705 --> 00:32:24,985

and get a great refresher so that you kind of remember them

850

00:32:24,985 --> 00:32:26,034

or remember their gameplay.

851

00:32:26,215 --> 00:32:29,905

So that will definitely be provided and don't you worry you're gonna

852

00:32:29,909 --> 00:32:32,935

see each of them from their initial run when we introduce

853

00:32:32,939 --> 00:32:35,125

them even during the show because.

854

00:32:35,685 --> 00:32:36,794

I'm living for that moment.

855

00:32:36,794 --> 00:32:40,425

I wanna see the side by side and I know the glow up, the jeopardy glow up.

856

00:32:40,485 --> 00:32:41,534

Absolutely.

857

00:32:41,534 --> 00:32:45,135

You know, a lot happens in four years for teenagers

858

00:32:45,419 --> 00:32:47,534

And, um, we're gonna, we're gonna show

859

00:32:47,534 --> 00:32:49,305

that . All right, thanks.

860

00:32:49,514 --> 00:32:53,415

Um, Nathan and Jake for these questions, listeners, you can send your questions

861

00:32:53,419 --> 00:32:55,754

to inside jeopardy podcast gmail.com.

862

00:32:55,845 --> 00:33:00,555

And also, as I keep alluding to, we are gonna have a special q and a with Sarah

863

00:33:00,555 --> 00:33:03,044

and Jimmy, formerly of the, of the now.

864

00:33:03,480 --> 00:33:07,890

Clue crew to hear more fun, to hear more about their experiences.

865

00:33:07,890 --> 00:33:11,970

So send in your questions for them and  
I'll be grilling them in a, in a no

866

00:33:11,970 --> 00:33:15,030

holds barred, uh, Barbara Walters style.

867

00:33:15,300 --> 00:33:17,400

Uh, there will be tears,  
there will be tears.

868

00:33:18,060 --> 00:33:21,090

Um, but anyway, that brings  
us to the end of today's show.

869

00:33:21,090 --> 00:33:24,870

We'll be back next week to discuss more  
gameplay and we'll see if Matthew OT will

870

00:33:24,870 --> 00:33:29,620

become a multi-day champion or if we're  
back to the series of one and done, like I

871

00:33:29,850 --> 00:33:29,910

know.

872

00:33:29,910 --> 00:33:30,120

Yeah.

873

00:33:30,120 --> 00:33:32,010

What will the one day streak continue?

874

00:33:32,340 --> 00:33:34,470

And as always, make sure you subscribe.
