

## Execution of the sentence with electronic monitoring - who does this apply to?

If you have been sentenced to unconditional imprisonment for a term of six months or less, you can apply to serve the entire sentence at home with electronic monitoring (full execution of sentence).

If you are already in the process of serving a prison sentence, you can apply to be transferred to electronic monitoring for the final six months prior to your release (partial execution of sentence). At least one-third of the unconditional prison sentence must have been served before you can potentially be transferred. Make sure you apply well in advance!

You must have the ankle bracelet on you at all times.

If you attempt to remove it, an alarm will be triggered.

The ankle bracelet is small and can be covered.

The ankle bracelet is waterproof and you may therefore shower and bathe.

### Some conditions
