# Message from the Editor-in-Chief

*Diversity* (ISSN 1424-2818)

is a scholarly journal that covers all areas of biodiversity research. Our distinguished editorial board and refereeing process ensures the highest degree of scientific rigor for publishing. Original research articles and timely reviews are released online, with unlimited free access.

We invite papers and reviews on multidisciplinary topics of diversity that bridge organismic diversity (systematics, phylogeny, population genetics, and evolution) and molecular diversity (phytochemistry and biophysics).
