**VI. Off-balance sheet exposures**

	<b>31 Dec 2022</b>	<b>30 Jun 2022</b>

Contingent liabilities and commitments arise from credit-related instruments which include letters of credit, guarantees and commitments to extend credit. The risk involved in these credit-related instruments is essentially the same as the credit risk involved in extending loan facilities to customers. The contractual amounts represent the amounts at risk should the contract be fully drawn upon and the client default. As the facilities may expire without being drawn upon, the contract amounts do not represent expected future cash flows.
