

SWOT Data Contributors

A growing, global movement

SWOT's global network of volunteer data providers is the lifeblood of the SWOT initiative. As described in the SWOT Team Update (p. 34–35), SWOT's database now hosts information from more than 3,000 nesting sites and more than 130 countries worldwide. Below, we recognize ALL data providers who have contributed to SWOT since 2004; names are listed by the country from which data were contributed. To all of you who have contributed to making SWOT a success: THANK YOU!
