Annual Update for National Qualifications
(*updated August 2024)

This report lists additions, revisions and withdrawals to SQAs portfolio of National Qualifications. It covers National Units, National Courses and National Qualification Group Awards (Awards, National Certificates and National Progression Awards). The report is aimed at SQA Co-ordinators and practitioners in SQA approved centres to assist with planning for the academic session by providing:

♦ information about the currency of units, National Courses and Group Awards
♦ early notification to staff delivering units that are being withdrawn
♦ information to help raise staff awareness of new units, National Courses and Group Awards in their specialist areas.

The information in this report is also contained in the Catalogue of National Qualifications. The catalogue is updated regularly throughout the year and contains the most up-to-date information about available NQ provision. Further information about new and revised National Units, National Courses and National Qualification Group Awards can be found in the NQ section of SQA's website. The Unit Search allows you to search for National units by keyword, title or code.

The NQ Notification of Changes to Unit Specifications and Frameworks is also updated regularly. It shows:

♦ a summary of changes to units that warrant a new version number
♦ where a finish date has been removed or extended
♦ framework changes
♦ verification group changes
♦ qualifications that have been withdrawn

This report has five sections:

Section 1: New: a list of National Courses developed for implementation in **2024-25**
Section 2: New: a list of Group Awards developed for implementation in **2024-25**
Section 3: New: a list of National units developed for implementation in **2024-25**
Section 4: Withdrawal: a list of National Qualifications withdrawn from SQA's portfolio
Section 5: Withdrawal: a list of National units withdrawn from SQA's portfolio

*Updates since the original April 2024 report have been marked with an asterisk *

Glossary of Terms

Approval

This report includes information about the approval implications for new and revised National Courses, Group Awards and units.

'**Automatic approval**' means that a qualification is automatically approved for schools and colleges in Scotland. Other centres that are not approved to offer the full range of auto-approved products and wish to offer a new qualification can contact our Business Development and Customer Support Team on 0303 333 0330, complete the [centre enquiry form](#) or refer to [Deliver SQA qualifications](#) website for further guidance

Devolved Approval (designated Scottish colleges only) When approval for a qualification is '**devolvable'** to centres, this refers only to centres that have gained devolved authority for approval (designated Scottish colleges only). Other centres seeking to offer these qualifications can contact our Business Development and Customer Support Team on 0303 333 0330, complete the [centre enquiry form](#) or refer to [Deliver SQA qualifications](#) website for further guidance

'**Approval extended**' means that a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it. Where centres were approved to offer the existing qualification, approval has been extended to them for the new one. For schools and colleges, this applies to qualifications not on the automatically approved list. For other centres, this applies in any case where a qualification is replacing an existing qualification and there are no significant changes that would affect a centre's ability to deliver it.
