

# PEACE CORPS PREP STUDENT GUIDE

The Peace Corps Prep program will prepare you for international development fieldwork and potential Peace Corps service. To accomplish this, you'll build four core competencies through interrelated coursework, hands-on experience, and professional development support. These four competencies are the following:

1. Training and experience in a work sector
2. Foreign language skills
3. Intercultural competence
4. Professional and leadership development

This document explains each of these requirements in detail. ***Use this guide to map out your Peace Corps Prep course of study.*** In particular, refer to this when completing your PC Prep application, where you'll need to document how you plan to fulfill each requirement. **This guide aligns point-by-point with each section of the application!**

## 1. Training and experience in a specific work sector

---

**3 courses + 50 hours related experience**

---

Leveraging concrete knowledge and skills is central to on-the-ground international development work. Through this PC Prep program, you will begin to build a professional specialty, which should serve your career well whether or not you become a Peace Corps Volunteer.

For PC Prep, you need to complete at least **3 courses** that align with a specific work sector (they can but do not need to come from your academic major or minor). You also must accumulate a **minimum of 50 hours of volunteer or work experience in that same sector**, preferably in a teaching or outreach capacity.

**Peace Corps Tip!** *If you intend to apply to the Peace Corps, the best way to assure that you will be a strong candidate is to explore Peace Corps' openings and identify the [type of assignments](#) in which you'd like to serve ([www.peacecorps.gov/volunteer/volunteer-openings](http://www.peacecorps.gov/volunteer/volunteer-openings)), then review the positions' required and desired qualifications and build them up accordingly. In the process, you should fulfill these PC Prep experiential requirements!*

There are [six sectors](#) ([www.peacecorps.gov/volunteer/what-volunteers-do/](http://www.peacecorps.gov/volunteer/what-volunteers-do/)) in which Peace Corps Volunteers serve—detailed below. **Choose one sector to focus on** then complete at least 3 courses + 50 hours of related experience in that sector.

*Note: Actual Peace Corps assignments are based on local needs, and thus may or may not align seamlessly with your qualifications. Flexibility is central to the Peace Corps experience!*

## #1 EDUCATION

**Teach lessons that last a lifetime.** Education is the Peace Corp's largest program area. Volunteers play an important role in creating links among schools, parents, and communities by working in elementary, secondary, and postsecondary schools as math, science, conversational English, and resource teachers or as early grade reading and literacy teacher trainers. Volunteers also develop libraries and technology resource centers.

*If you choose Education, take 3 courses from one of the following areas:*

- Elementary, Middle School, Science, Deaf, or Special Education
- English
- Engineering
- Mathematics and Statistics
- Computing and Info Sciences
- Any Physical or Biological Science

*Recommended courses:*

- EDF1005 - Intro to the Teaching Profession
- EDF2085 - Diversity for Educators
- EEX 3202 - Psychology and Sociology of Learners with Exceptionalities
- EME2040 - Intro to Technology for Educators
- MGF1113 - Math for Teachers

*And build 50 hours of **related field experience** through an activity such as:*

Teaching in one of these or a similar form: in a classroom, with a community outreach organization, or in a formal tutoring capacity

- The subject of the teaching may be English as a Foreign/Second Language, special education, drama, or a STEM subject

## #2 HEALTH

**Serve on the front lines of global health.** Health Volunteers work within their communities to promote important topics such as nutrition, maternal and child health, basic hygiene, and water sanitation. Volunteers also work in HIV/AIDS education and prevention programs to train youth as peer educators, develop appropriate education strategies, provide support to children orphaned by the pandemic, and create programs that provide emotional and financial support to families and communities affected by the disease.

*If you choose Health, take three courses from one of the following areas:*

- Nursing
- Nutrition & Dietetics
- Health Science
- Public Health
- Pre-med
- Biology

*Recommended courses*

- HUN2201 - Basic Principles of Nutrition
- HSC2100 - Personal and Public Health
- HSA2530 - The Language of Healthcare
- HSC3578 - Food, Health and Society (restricted to Nutrition/Public Health Majors)
- SYO4400 - Health, Illness, and Society
- FSS1202/L - Food Fundamentals and Lab

And build 50 hours of **related** field experience through an activity such as:

- Volunteer or work experience in such areas as HIV/AIDS outreach, hospice, family planning counseling, emergency medical technician (EMT) or CPR teaching/certification, maternal health, and hands-on caregiving in a hospital, clinic, or lab technician setting
- Counseling or teaching in health subjects
- Working as a resident advisor in a dormitory, as a peer nutritionist, or as a sexually transmitted infections counselor
- Significant experience in mechanical repairs, construction, carpentry, masonry, plumbing, hydrology, or set design

### #3 ENVIRONMENT

|| **Help forge a global movement to protect our planet.** Volunteers lead grassroots efforts in their communities to protect the environment and strengthen understanding of environmental issues. They teach environmental awareness in elementary and secondary schools and to youth groups and community organizations, empowering communities to make their own decisions about how to protect and conserve the local environment. Volunteers also address environmental degradation by promoting sustainable use of natural resources.

If you choose Environment, take three courses from one of the following areas:

- Biology (Biomedical Sciences, Coastal Biology, Coastal Environmental Sciences)
- Environmental Studies

Recommended courses:

- PCB3043C - Principles of Ecology (pre-reqs of Bio 1, 2 and 3)
- PHI3640 - Environmental Ethics
- BSC3057 - Intro to Environmental Studies
- BSC3052 - Conservation Biology (pre-reqs of Bio 1, 2 and 3)

And build 50 hours of **related** field experience through an activity such as:

- Educating the public on environmental or conservation issues, or working on environmental campaigns
- Conducting biological surveys of plants or animals
- Gardening, farming, nursery management, organic or low-input vegetable production, or landscaping
- Providing technical assistance and training in natural resource management

### #4 AGRICULTURE

|| **Lead grassroots efforts to fight hunger in a changing world.** Agricultural Volunteers work with small-scale farmers and families to increase food security and production and adapt to climate change while promoting environmental conservation practices. They introduce farmers to techniques that prevent soil erosion, reduce the use of harmful pesticides, and replenish the soil. They work alongside farmers on integrated projects that often combine vegetable gardening, livestock management, agroforestry, and nutrition education.

If you choose Agriculture, take three courses from one of the following areas:

- Business or Economics
- Biology (Biomedical Sciences, Coastal Biology, Coastal Environmental Sciences)

Recommended courses:

- HUN2201 - Basic Principles of Nutrition
- BSC3052 - Conservation Biology (pre-reqs of Bio 1, 2 and 3)
- GEB1011 - Foundations of Business
- GIS3043 - Intro to Geographic Information Systems
- GEO2420 - Cultural Geography

And build 50 hours of **related** field experience through an activity such as:

- Working with a large-scale or family-run business involving vegetable gardening, farming, nursery work, tree planting or care, urban forestry, landscaping, livestock care and management, or fish cultivation and production
- Teaching or tutoring the public in environmental or agricultural issues/activities
- Working on the business management or marketing side of a commercial farm

## #5 YOUTH IN DEVELOPMENT

Empower the next generation of changemakers. Volunteers work with youth in communities on projects that promote engagement and active citizenship, including gender awareness, employability, health and HIV/AIDS education, environmental awareness, sporting programs, and info technology.

If you choose Youth in Development, take three courses from one of the following areas:

- |                  |                    |
|------------------|--------------------|
| ○ Social Work    | ○ Psychology       |
| ○ Social Welfare | ○ Child Psychology |
| ○ Gender Studies | ○ Sport Management |

Recommended courses:

- |                                    |  |
|------------------------------------|--|
| ○ DEP2002- Child/Adol Psychology   | ○ SYG2000- Intro to Sociology          |
| ○ SYO4100- Sociology of the Family | ○ PSY2012 – Intro to Psychology        |
|                                    | ○ SPM2000 – Intro to Sports Management |

And build 50 hours of **related** field experience through an activity such as:

- Teaching or counseling in at-risk youth programs
- Activities that involve planning, organizing, assessing community needs, counseling, and leadership, in areas such as education, youth development, health and HIV/AIDS, the environment, and/or business

## #6 COMMUNITY ECONOMIC DEVELOPMENT

Harness 21<sup>st</sup>-century tools to help communities lift themselves. Volunteers work with development banks, nongovernmental organizations, and municipalities to strengthen infrastructure and encourage economic opportunities in communities. They frequently teach in classroom settings and work with entrepreneurs and business owners to develop and market their products. Some Volunteers also teach basic computer skills and help communities take advantage of technologies such as e-commerce, distance learning, and more.

If you choose Community Economic Dev., take three courses from one of the following areas:

- Public Admin/Public Policy
- Urban and Metropolitan Studies
- Accounting
- Finance
- Entrepreneurship
- Mass Communications
- International Business
- Computing and Info Science

Recommended courses:

- PAD4003 - Public Administration
- GEB2112 - Planning a New Business
- GEO3502 - Economic Geography
- ECO3701 - Contemporary International Economics
- GEO2420 - Cultural Geography

And build 50 hours of **related** field experience through an activity such as:

- Working with businesses, organizations, or cooperatives in accounting, finance, microfinance, management, project management, budgeting, or marketing
- Starting and running your own business or other entrepreneurial activity
- Training others in computer literacy, maintenance, and repair
- Website design or online marketing
- Founding or leading a community- or school-based organization

**Peace Corps**      *Nearly two-thirds of Peace Corps Volunteers serve in Education or Health. Coursework and meaningful experience in one of these areas—especially teaching English as a second/foreign language—produce some of the strongest candidates.*

**Tip!**

## 2. Foreign language skills

Requirements vary by language

Working across cultures often entails verbal and nonverbal languages distinct from your own. Building foreign language skills is thus a second key component of the PC Prep curriculum.

*Where would you like to serve?* PC Prep minimum course requirements align with those needed by applicants to the Peace Corps itself, which vary by linguistic region.

- Latin America: Individuals wanting to serve in Spanish-speaking countries must apply with strong intermediate proficiency. This typically means completing **two 200-level courses**.
- West Africa: Individuals wanting to serve in *French-speaking* African countries should be proficient in French (or, in some cases, any Romance Language), usually through **one 200-level course**.

- *Everywhere else:* The Peace Corps has **no explicit language requirements** for individuals applying to serve in most other countries. However, you will still likely learn and utilize another language during service, so it is only helpful to have taken at least one foreign language class.

*Note: If you are a strong native speaker and hope to serve in a country that speaks your same language, you can skip this requirement!*

### **3. Intercultural competence**

**3 approved courses or 1-2 courses + substantive intercultural experience**

Engaging thoughtfully and fluidly across cultures begins with one's own self-awareness. With this learning objective, you will deepen your cultural agility through **a mix of three introspective courses** in which you learn about others while reflecting upon your own self in relation to others. The goal is for you to build your capacity to shift perspective and behavior around relevant cultural differences.

**You'll take at least 1 of these core courses:**

- MMC 2701      Communicating Across Cultures
- LDR 3240      Inter-Group Dialogue Among Diverse Populations
- SYG 2013      Sex, Race and Class

**And choose 2 additional electives from the above list or these below:**

You may choose any two of the cultural diversity (CD) courses listed in the UNF catalog to fulfill the elective requirement.

[\(http://www.unf.edu/catalog/degrees/gened/cultural\\_diversity\\_requirement/\)](http://www.unf.edu/catalog/degrees/gened/cultural_diversity_requirement/)

*Is there another course in the catalog that you feel meets this requirement? Please discuss it with your PC Prep Coordinator.*

NOTE 1: You should consult with the Taylor Leadership Institute (Bldg. 9, Rm 1103) to learn how, with the proper planning, you will be able to obtain a Leadership Minor while fulfilling the requirements for the PC Prep program

NOTE 2: On a case by case basis, the PC Prep Coordinator **may** allow a substantive intercultural experience to substitute for one of the electives. Examples would be working with a local refugee resettlement office or volunteering in a diverse school. The experience must be for a minimum of forty hours.

**Peace Corps** *Prolonged intercultural experiences—such as studying or volunteering abroad, supporting new immigrants or refugees acculturate to the United States, or volunteering in diverse schools—would also strengthen your Peace Corps candidacy significantly.*

**Tip!**

## 4. Professional and leadership development

### Resume and interview support + Leadership experience

Peace Corps service and similar international development work opportunities are highly professional and selective. PC Prep requires **three specific activities** that will strengthen your candidacy for the Peace Corps (or any other professional endeavor):

1. Have your **resume** critiqued by a career counselor in Career Services.
2. Schedule an **interview** preparation session with a career counselor in Career Services.
3. Develop at least one significant **leadership experience** and be prepared to discuss it thoughtfully. For example, organizing a campus event, leading a work or volunteer project, or serving on the executive board of a student organization. *You should consult with the UNF Taylor Leadership Institute (Bldg. 9, Rm 1103) before you decide on your project.*
