RACHEL D'AMICO

UNF'S ONLINE ENROLLMENT SPECIALIST

Rachel joined UNF Online in 2022 to cultivate strong partnerships in and beyond the Jacksonville community and to promote healthcare degrees to professionals who are seeking to advance their education. Before joining UNF Online, Rachel was a Career Coordinator at UNF's Career Services, specializing in Brooks College of Health programs. She is a proud two-time alumna of UNF, earning a Bachelor of Science in Psychology and a Master of Arts in Counseling Psychology.

WHAT IS YOUR PROFESSIONAL BACKGROUND?

"My career began at Hope Haven, securing jobs for disabled adults and providing on-the-job training for them. However, when I discovered a job opening at UNF as a Career Coordinator in the Brooks College of Health, I leaped at the opportunity to return to my alma mater. I worked for 15 years providing career guidance to health students and working with healthcare industry partners to hire our students after graduation. This experience prepared me well to join UNF Online in my current capacity."

WHAT DO YOU MOST ENJOY ABOUT YOUR CURRENT ROLE?

"I appreciate the opportunity to be a part of the decision-making process with prospective students; it is a big step to consider educational and career advancement. In addition, I truly believe in the value of our online degrees; helping individuals see that their goal is achievable through our programs is a rewarding experience."

WHAT DO YOU THINK MAKES UNF'S ONLINE NURSING DEGREE 'UNIQUELY UNF'?

"Our online degrees offer a high level of quality at a very affordable price, a combination that is not always easy to find in a university. We also strive to provide our online ospreys with opportunities to feel a part of our tight-knit community. Enrolling in a degree program can feel overwhelming, and adding another stressful life factor to our student's busy life can be difficult. Our faculty completely understand that, and many have followed this same path. We are here to rally with you when you are ready to begin!"

WHAT DO YOU SEE FOR THE FUTURE OF UNF ONLINE?

"UNF has been a trusted source of quality education in our community. I aim to expand our nest by building relationships with professionals and companies outside our region. I want UNF Online to become an established home base for online learners to continue their educational journey."
