	<i>Preface</i>	<i>page vii</i>
	Judith S. Weis and Daniel Sol	
	<i>Contributors</i>	ix
1	Introduction	1
	Andrew V. Suarez and Phillip Cassey	
Part I Behaviour and the Invasion Process		
2	The Role of Behavioural Variation across Different Stages of the Introduction Process	7
	David G. Chapple and Bob B.M. Wong	
3	Invading New Environments: A Mechanistic Framework Linking Motor Diversity and Cognition to Establishment Success	26
	Andrea S. Griffin, D. Guez, I. Federspiel, Marie Diquelou and F. Lermite	
4	Invader Endocrinology: The Regulation of Behaviour in Pesky Phenotypes	47
	Lynn B. Martin, Amber J. Brace, Holly J. Kilvitis and Stephanie S. Gervasi	
5	Life History, Behaviour and Invasion Success	63
	Daniel Sol and Joan Maspons	
6	Behaviour on Invasion Fronts, and the Behaviour of Invasion Fronts	82
	Ben L. Phillips	
7	The Role of Dispersal Behaviour and Personality in Post-establishment Spread	96
	Jennifer S. Rehage, Julien Cote and Andrew Sih	
Part II Behavioural Interactions Between Invaders and Native Species		
8	Invasive Plants as Novel Food Resources, the Pollinators' Perspective	119
	Ignasi Bartomeus, Jochen Fründ and Neal M. Williams	

vi	Contents	
9	In the Light of Introduction: Importance of Introduced Populations for the Study of Brood Parasite–Host Coevolution	133
	Tomáš Grim and Bård G. Stokke	
10	Flight Behaviour of an Introduced Parasite Affects its Galápagos Island Hosts: <i>Philornis downsi</i> and Darwin’s Finches	158
	Sonia Kleindorfer, Katharina J. Peters, Leon Hohl and Frank J. Sulloway	
11	Eat or be Eaten: Invasion and Predation in Aquatic Ecosystems	180
	Judith S. Weis	
12	Evolutionary Novelty and the Behaviour of Introduced Predators	199
	Edwin D. Grosholz and Elizabeth H. Wells	
Part III Case Studies		
13	Behaviours Mediating Ant Invasions	221
	Jules Silverman and Grzegorz Buczkowski	
14	Invasions by Mosquitoes: The Roles of Behaviour Across the Life Cycle	245
	Steven A. Juliano and L. Philip Lounibos	
15	How Behaviour Contributes to the Success of an Invasive Poeciliid Fish: The Trinidadian Guppy (<i>Poecilia reticulata</i>) as a Model Species	266
	Amy E. Deacon and Anne E. Magurran	
16	How Behaviour Has Helped Invasive Crayfish to Conquer Freshwater Ecosystems	291
	Elena Tricarico and Laura Aquiloni	
17	Behaviours of Pacific Lionfish Facilitate Invasion of the Atlantic	309
	Mark A. Albins	
18	Wildlife Trade, Behaviour and Avian Invasions	324
	Martina Carrete and José L. Tella	
	<i>Index</i>	345
