

Report Description

TITLE: Hourly and Monthly Charges Report

CONFIDENTIALITY: Public

PURPOSE: This report provides a view of market results.

FREQUENCY: Monthly

UNIT MEASUREMENT: Dollars (\$ CDN) are represented throughout this report, where applicable as \$/MWh.

NOTES:

This report provides insight into a subset of hourly and monthly IESO-administered market charges that transpired during a month and is considered to be final status data. Other notes include:

1. Details for these charge types are found in IESO Charge Types and Equations (IMP_LST_001) <http://www.ieso.ca/en/Sector-Participants/Settlements/Guide-to-Wholesale-Electricity-Charges>.
2. In this report, a negative value represents a charge to the market, while a positive value represents a credit to the market. Nulls, blanks, or charge types that are not listed, indicate no values have transpired.
3. ** 1131 a base charge and is included within the set of charges that make up CT 150.
4. Rounded to the nearest dollar.
