
Table of Contents

1	Introduction	1
2	Radioactivity, Radiopharmacy, and Quality Assurance	3
3	Radiation Safety	19
4	Instrumentation and Quality Assurance	31
5	Image Presentation and Computers	45
6	Skeletal System Scintigraphy	49
7	Central Nervous System Scintigraphy	59
8	Cardiovascular System Scintigraphy	67
9	Respiratory System Scintigraphy	83
10	Gastrointestinal Tract Scintigraphy	93
11	Genitourinary System Scintigraphy	103
12	Neoplasm and Infection Scintigraphy	115
13	Thyroid, Parathyroid, and Salivary Gland Scintigraphy	123
14	Non-Imaging Procedures and Radionuclide Therapy	133
15	Patient Care	143
16	Positron Emission Tomography	149

viii Table of Contents

Appendix 1	Mock Examination	159
Appendix 2	Answers to Chapter 2	183
Appendix 3	Answers to Chapter 3	195
Appendix 4	Answers to Chapter 4	203
Appendix 5	Answers to Chapter 5	213
Appendix 6	Answers to Chapter 6	217
Appendix 7	Answers to Chapter 7	225
Appendix 8	Answers to Chapter 8	231
Appendix 9	Answers to Chapter 9	243
Appendix 10	Answers to Chapter 10	249
Appendix 11	Answers to Chapter 11	257
Appendix 12	Answers to Chapter 12	265
Appendix 13	Answers to Chapter 13	271
Appendix 14	Answers to Chapter 14	277
Appendix 15	Answers to Chapter 15	287
Appendix 16	Answers to Chapter 16	293
Appendix 17	Mock Examination Answers	301
