It is a source of considerable pleasure to the editors of this *Festschrift* that the majority of contributions come from colleagues in Spanish studies, but also that some of the essays were earlier presented as papers in the Emblem Sessions at Kalamazoo, which would never have come about without the initiative and energy of Pedro F. Campa.

Professor Cull and I wish to thank Tobias Koerner for helping to make this publication possible, and we also thank Professor Dieter Wuttke for accepting the work into his prestigious series *Saecvla Spiritalia*.

Articles originally submitted in Spanish have been translated into English by John T. Cull with the collaboration of the authors.
