**CASE-LAW REFERENCES
OF JUDGMENTS, ADVISORY OPINIONS AND PUBLISHED DECISIONS**

This document is a master list of all judgments delivered by a Grand Chamber or Chamber, all advisory opinions issued by the Court under Article 47 of the Convention and all decisions that have been published or selected for publication in the Court's official series.¹ It replaces the former alphabetical and chronological lists, which have been discontinued.

The references below set out the exact citation of the cases concerned according to the Court's citation rules, which can be consulted [here](#). Please remember to complete, amend or delete as required the reference to paragraph numbers "§ ..." in each individual citation and that, when citing the Court's case-law in submissions etc., the term "*Reports of Judgments and Decisions*" should be used for the first reference only and become "*Reports*" for all subsequent references.
