## TABLE OF CONTENTS

<i>When is an Embedded MT System "Good Enough" for Filtering?</i> Clare R. Voss and Carol Van Ess-Dykema .....	1
<i>Task Tolerance of MT Output in Integrated Text Processes</i> John S. White, Jennifer B. Doyon, and Susan W. Talbott.....	9
<i>At Your Service: Embedded MT As a Service</i> Florence M. Reeder .....	17
<i>Mandarin-English Information (MEI): Investigating Translingual Speech Retrieval</i> Helen Meng, Sanjeev Khudanpur, Gina Levow, Douglas W. Oard, and Hsin-Min Wang .....	23
<i>Towards Translingual Information Access using Portable Information Extraction</i> Michael White, Claire Cardie, Chung-hye Han, Nari Kim, Benoit Lavoie, Martha Palmer, Owen Rambow, and Juntae Yoon.....	31
<i>Pre-processing Closed Captions for Machine Translation</i> Davide Turcato, Fred Popowich, Paul McFetridge, Devlan Nicholson, and Janine Toole .....	38
<i>TransType: a Computer-Aided Translation Typing System</i> Philippe Langlais, George Foster, and Guy Lapalme.....	46
<i>Stochastic Finite-State models for Spoken Language Machine Translation</i> Srinivas Bangalore and Giuseppe Riccardi .....	52
