V. PLAYERS

All provisions in the Regulations for European Club Competitions apply unless stated otherwise in these regulations.

16. PROVISIONS CONCERNING THE ELIGIBILITY OF PLAYERS:

- 16.1 The principle of free circulation within FIBA Europe applies to the European Club Competitions for nationals from Countries belonging to the European Zone.
- 16.2 Each club participating in EuroLeague Women may register an unlimited number of players who:
- 16.2.1 Have **only** the Legal Nationality of a Country or Countries belonging the European Zone; **or**
- 16.2.2 Have or had the legal nationality of a Country that does not belong to the European Zone and have acquired the legal nationality of a Country belonging to the European Zone by naturalisation or by any other means **before** having reached the age of sixteen (16). For the sake of clarity and for the purpose of this article (and art. 16.4), it is considered that a player acquires a legal nationality only when she claims such right, regardless if the player has the right to acquire a second nationality at birth or is legally considered having acquired it retroactively by birth when she claims it.
- 16.2.3 For purpose of article 16.2.2, the player's passport will be considered by FIBA Europe as the principal mean of evidence to support the acquisition and the date of acquisition of a nationality.
- 16.3 Each club participating in EuroLeague Women may register a maximum of:
- 16.3.1 **two (2) players** who do not have the Legal Nationality of a Country belonging to the European Zone; and,
- 16.3.2 **one (1) additional player** who has or had the Legal Nationality of a Country that does not belong to the European Zone and has acquired the Legal Nationality of a Country belonging to the European Zone by naturalisation or by any other means **after** having reached the age of sixteen (16).

For the sake of clarity, players naturalised after 16 as per art. 16.3.2 may be included in the limited amount of two foreign players provided under art. 16.3..

As a result, the three following options of registration shall be authorized for the clubs:

1	NON-European	NON-European	Naturalized after 16
2	NON-European	Naturalized after 16	Naturalized after 16
3	Naturalized after 16	Naturalized after 16	Naturalized after 16

- 16.4 These provisions on eligibility **do not** apply retroactively. Therefore, any player that has been registered or had the opportunity (by fulfilling the requested conditions) to be registered for EuroLeague Women/EuroCup Women without any restriction (not part of the quotas) under the previous regulations before 18th of March 2019, shall maintain such status.
- 16.5. Once a player is registered for the current basketball season, no change of the player's national status for European Club Competitions purposes shall be permitted in the course of that season. This provision applies irrespective of the player acquiring a new legal nationality during this period (i.e the national status of a player as indicated at the time of her initial registration at the beginning [or in the course] of the respective season remains unchanged until the end of the season).
The Club and its National Federation are jointly and severally responsible for the eligibility of Club's players at all times and will bear the consequences of any infractions of the Regulations governing the EuroLeague Women, the Competitions Regulations of FIBA Europe and the FIBA Internal Regulations governing Eligibility, National Status, International Transfer and Age of Players.

17. LICENCES

- 17.1 FIBA "B" Licences for Players are subject to a payment.
- 17.2 If a club does not qualify for the next round of the competition, a FIBA "A" Licence for Foreign Players may be requested upon cancellation of the FIBA "B" Licence for Players. This procedure is valid only as long as the player continues to play with the club.

18. PRELIMINARY ROSTER

- 18.1 National Federations shall enter into the FIBA Management and Administration Platform (MAP) all Preliminary Rosters for clubs participating in FIBA European Club Competitions.
- 18.2 The Preliminary Roster will open in the FIBA Management and Administration Platform (MAP) sixty (60) days prior to the start of respective rounds as per Article 18.3.

- 18.3 All necessary documents to establish the eligibility of players must be uploaded in the FIBA Management and Administration Platform (MAP) by the given deadlines:
 Qualifiers: Preliminary Roster opens on [Friday 19th July 2024](#) and closes on [Wednesday 11th September 2024](#) (last day for changes)
 Regular Season: Preliminary Roster opens on [Saturday 10th August 2024](#) and closes on [Thursday 3rd October 2024](#) (last day for changes)
- 18.4 The Preliminary Roster is considered “final and irrevocable” for the Qualifiers and the Regular Season, as per Article 18.3 deadlines.
- 18.5 Only the FIBA Europe date is valid for the above-given deadlines regardless of whether the club changed the date of the first game at the Draw.

19. PROCEDURE FOR CHANGES

- 19.1 Any changes must be made by the club through its National Federation.
- 19.2 For the Clubs participating in the Regular Season, up to three (3) players of any given nationality may be added / replaced on the Club Delegation Roster from [Thursday 10th October 2024](#) until [Tuesday 31st December 2024](#). Unused additions/replacements cannot be carried over; therefore, any changes not utilized by the club until [31st December 2024](#) will be forfeited. Two (2) more additions/replacements of Players of any given nationality will be allowed until [Monday 17th February 2025](#).
- 19.3 Any of those five (5) additions/replacements to the Club Delegation Roster must be finalised, i.e. the complete documentation (including the Letter of Clearance) must be submitted in MAP by the National Federation by specific days. For games taking place on Tuesday or Wednesday of a given week, documents must be received by no later than Monday at 16:00 CET. For games taking place on Thursday or Friday, documents must be received by no later than Tuesday at 16:00 CET.
- 19.4. Each club participating in EuroLeague Women may register U20 players without it counting towards the additions/replacements as follows:
- 19.4.1 U20 players who meet the following requirements are exempt from the limit of five (5) additions or replacements:
- They hold the legal nationality of a country or countries belonging to the European Zone;
 - They have had the legal nationality of a country outside of the European Zone and acquired the legal nationality of a country belonging to the European Zone before the age of sixteen (16). For the purpose of Art. 19.4.1 above, the player's passport will be considered by FIBA Europe as the principle mean of evidence to support the acquisition and date of acquisition of a given nationality.
- 19.4.2 To be eligible, players must be part of the club's youth structure and already registered in their youth/senior teams for the current season by the Preliminary Roster closure of the Regular Season. Players, are registered after this date or loaned to another club outside the country (with a Letter of Clearance issued) and subsequently return to their original club within the same season, would not meet the eligibility criteria and will be part of the five additions/replacements.
- 19.4.3 The age limit for U20 is defined as players who are 20 years old or younger on the first day of a competition's season. To determine the age limit, subtract 20 from the year in which the competition begins, with the understanding that the year begins on January 1st. For example, for the 2024/2025 season, players born on or after January 1st, 2004, are considered U20.
