Assaf Rappaport – Chief Executive Officer & Co-Founder

Assaf Rappaport is the Chief Executive Officer and co-founder of Wiz. Previously, Assaf was CEO and co-founder of Adallom, a leading Cloud Access Security Broker (CASB), before its acquisition by Microsoft in July 2015. At Microsoft he led the Cloud Security group and served as the General Manager of Microsoft Israel's R&D Center. With 1,500 employees, Microsoft Israel was named Israel's best place to work 2 years in a row under his leadership. In his earlier days, Assaf managed several strategy-focused projects in Israel and Australia while working for McKinsey & Company. Assaf is a former Captain of the elite 8200 intelligence unit of the Israel Defense Forces. He holds an M.Sc. in Computer Science from the Technion Israel Institute of Technology and a B.Sc. in Computer Science, Physics, and Mathematics from the Hebrew University. He has been recognized by both Cisco and Intel for innovations in CDN.

Ami Luttwak – Chief Technology Officer & Co-Founder

Ami Luttwak is Chief Technology Officer and co-founder of Wiz. He has more than 15 years of experience in information security and is an expert in cloud security, spanning infrastructure, networks, and application development. Previously, Ami was the CTO of Adallom, a leading Cloud Access Security Broker (CASB), prior to its acquisition by Microsoft in July 2015. At Microsoft he was the CTO of the Cloud Security Group and led product innovation for Microsoft Israel's R&D group, overseeing acquisitions and incubation projects for leading products such as Azure Security Center, Azure Sentinel, and Azure Advanced Threat Protection. Before Adallom, Ami served as an R&D team leader and group architect in the Intelligence Corps of the Israel Defense Forces. He holds an M.Sc. and a B.Sc. in Computer Science from the Hebrew University. He has been featured as a cybersecurity expert in Forbes and ranked #24 on Globes Israel's people of the year list in 2016.

Roy Reznik – VP, R&D & Co-Founder

Roy Reznik is Vice President of R&D and co-founder of Wiz. He is an expert in cybersecurity and web application development. Previously, he was the VP of R&D and co-founder of Adallom, a leading Cloud Access Security Broker (CASB), prior to its acquisition by Microsoft in July 2015. Roy served as an officer and R&D leader in the Intelligence Corps of the Israel Defense Forces, and he is a graduate of the Israel Defense Forces' most prestigious software and security program. He was named on Forbes Israel's 30 under 30 list in 2016.

Yinon Costica – VP, Product & Co-Founder

Yinon Costica is Vice President of Product and co-founder of Wiz. Previously, he was the VP of Adallom, a leading Cloud Access Security Broker (CASB), prior to its acquisition by Microsoft in July 2015. At Microsoft, he led Product for the Cloud Security Group as it became a $1.5 billion revenue business. Yinon is a veteran of the elite 8200 intelligence unit of the Israel Defense Forces, where he headed a cyber division and was awarded the Israel Secretary of Defense award for excellence. He holds an M.Sc. in Operations Research from the Naval Postgraduate School and a B.Sc. in Computer Science, Physics, and Mathematics from the Hebrew University.
