

# MAIL-IN

VERSUS

# POLL VOTING

COMPARING WHATCOM COUNTY WA AND  
HARRIS COUNTY TX VOTING

Whatcom County has no risk of COVID-19 because you don't come within 6-feet of anyone

Citizens of Harris County have to wait in line next to people in a county with 36,073 active cases and very possibly growing

It doesn't take much time to vote when your ballot was mailed to you and you just have to mail it back

In Harris County you have to drive to the closest polling place and there are only 8 in all. That is an average of one every 222 square miles.

During the pandemic mail in ballots don't take much time out of your work so people are saving money

During the pandemic polls make people go wait in line for a long time taking time off work they can't afford and put themselves at risk for COVID-19

## What can voters of Harris County do?

Your state legislators are the ones who choose whether you use polls or mail-in ballots.

Write Letters or e-mails to your state legislators about vote by mail
