MILESTONE REPORT

The EMI Kick-off meeting was held at CERN on 26th to 28th of May 2010. It was a successful event with 85 project members from 21 of the 24 beneficiaries participating. The plenary sessions had three main themes:

- Technical presentations from NA2, SA1, SA2 and JRA1 activity leaders on the activities' programme of work and execution plan of the first year.
- In addition to the project overview presentation, NA1 also gave a presentation on the procedures and tools that will be used in the administration and management of the project.
- Summary presentations from NA2, SA1, SA2 and JRA1 on issues and concerns arising from the activity-based parallel sessions.

At this event, activity task leaders were identified. The EMI activity organisation and associated roles are available at <https://twiki.cern.ch/twiki/bin/view/EMI/EmiWpOrganisation> .

Other notable meetings that happened during the kick-off event:

- The first joint PEB (Project Execution Board) - PTB (Project Technical Board) meeting took place on 27th of May 2010. All activity leaders and area leaders (from compute, data, security and infrastructure areas) were present at this meeting.
- The 1st EMI Security workshop was organised on 25th of May 2010. Refer to MS26 (MJRA1.1 - Security Workshop) for more information. The event page is at <http://indico.cern.ch/conferenceDisplay.py?confId=92643> .
