## A Word from Doug Gellatly, OFSAA Executive Director

Welcome back to another year of high school athletics. If you haven't coached before, I hope you will consider getting involved. If you're a returning coach, thank you for your continuing leadership.

As we head into a new school year, OFSAA will be moving forward with a new strategic plan. The OFSAA Executive Council undertook the development of this plan last winter and finalized it in June. One of the steps in the process was to solicit feedback from people involved in school sport including teacher-coaches, association volunteers, school administrators, and directors of education.

The last time the organization developed a strategic plan was in 2010. Although there were some new directions identified back then, it seemed to be more of a "business as usual" approach as the school sport environment was more settled. The scenario was quite different this time around, as the feedback and analysis indicated that times are changing and there are new challenges and opportunities in school sport and education.

The surveys presented some interesting results. Some of the common themes, opportunities, and challenges that came forward were:

- A need for coach training opportunities
- Recruitment of new teachers into coaching roles
- Athletic director training
- A need to provide student leadership development
- Declining enrolment
- Impact of club sport on high school sport
- Attracting participants – challenges with the growth of club sport, sport specialization, and changing demographics
- Creating more opportunities for high school-trained athletes
- Review sports/championships offered at the OFSAA level
- Financial pressures, particularly on school athletic programs

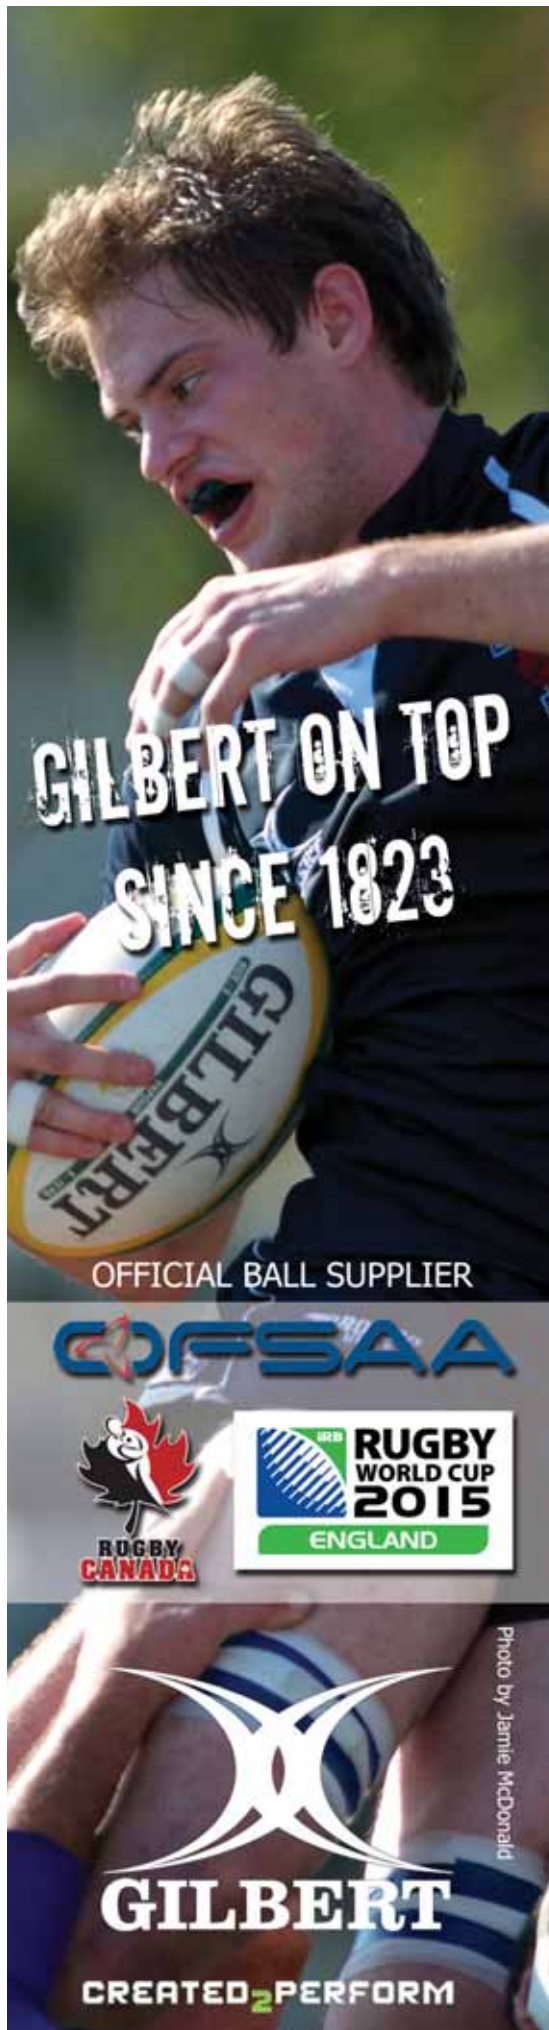

While this is not an exhaustive list, it does provide some of the more frequent responses.

Changing times create new opportunities and compel an organization to review its business. This is a healthy and necessary approach to evolve an organization, and to ensure a proactive approach. For OFSAA, the surveys identified the most important items that need to be addressed in the new strategic plan which will help school sport at all levels.

I hope you have an enjoyable year, and whether you are involved in sport at your school or not, please remember the important role that coaches play in the education of students.

### In Remembrance . . .

On July 23rd, 2014, Don Young passed away. He taught physical education in the London area for 35 years, many of them at Saunders S.S., and coached many athletes throughout his career. Don was a good friend of OFSAA, serving on committees, hosting championships, and supporting school sport in any way he could. As a fellow teacher stated, "he was a dedicated teacher and coach and a wonderful role model for students as well as for his fellow teachers. He will be missed". Our condolences go out to his family and friends.

# 2014 Playing Regulation Updates

## Badminton

- The OFSAA Badminton Championship will be adding a modified double elimination in the "B" and "C" flights similar to the format which currently exists in the "A" flight. This requires the addition of two (2) entries to each division, which will come from the hosting association. The new format guarantees four (4) matches for participants.

## Boys' Golf

- If a special event is arranged, all team members and coaches must attend.

## Volleyball

- Minimum ceiling height has been lowered to seven (7) meters. Any facilities lower than this must be approved by the chairperson of the volleyball sport advisory committee.
- Minimum side space clearance must be two (2) meters. Any facilities lower than this must be approved by the chairperson of the volleyball sport advisory committee.

## Girls' Gymnastics

## News from the greens!

OFSAA and the Golf Association of Ontario have reached an agreement to enhance the student-athlete experience at the OFSAA Boys' Golf Championships.

As part of the agreement (spanning July 1, 2014 - May 31, 2016) the GAO will provide official starters, and four officials to the OFSAA Boys' Golf Championship to help enforce and interpret rules of golf and pace of play, and organize pairings on day 2 of competition. Officials will work with the host committee to mark the course prior to the OFSAA tournament and will be present at the coaches' meeting to answer questions.

GAO officials will also be responsible for tournament scoring and work alongside the Championship convenor to record and post the scores on the OFSAA website. Officials will also assist OFSAA to determine par, course yardage, hole locations, course markings, and other local rules.

OFSAA is pleased to welcome GAO officials to our Championship and look forward to working together in promoting high school golf.

2014 OFSAA Golf takes place October 15-16. Check back for more details soon!

# Planning on hosting a Tournament or Meet, or attending Invitational Events outside the province?

## You MUST obtain OFSAA sanction for:

- Any interprovincial tournament or meet you are attending
- Invitational events you are hosting that involve out-of-province participants
- Any state or NFHS-sanctioned tournaments or meets you are attending in the United States (Some American tournaments do not indicate whether they are sanctioned so it is best to obtain OFSAA sanction to be on the safe side)

Failure to obtain OFSAA sanction will result in sanctioning by the OFSAA Board of Reference - Sanctions, and may cause the invited teams to be sanctioned by their home association.

## At Sanctioned events:

- All participants must be eligible under the rules and regulations of the Provincial or State Association of which they are members
- A teacher-coach will be present and responsible for the athletes throughout the duration of your event.

Note: OFSAA sanction is not required for one exhibition game out-of-province.

## The Process:

- All forms are on the OFSAA website.
- Apply for OFSAA sanction at least 30 days prior to the start of the event.
- Indicate in your promotional mailing that the event is 'OFSAA-sanctioned'.
- The form to obtain OFSAA sanction to host an event must first go to one of your Association Representatives for their approval and they will then forward the request to OFSAA.
- Applications for out-of-province sanction come directly to OFSAA.

Once you have applied for sanction, check the OFSAA website to make sure your paperwork has been received and processed ([ofsaa.on.ca/Events/Sanctioned Events](http://ofsaa.on.ca/Events/Sanctioned%20Events)), and that all the details are accurate. Questions regarding sanctions should be directed to Diana Ranken, Sanctions Coordinator, at [diana@ofsaa.on.ca](mailto:diana@ofsaa.on.ca).

He will be responsible for the OFSAA Coaching Symposium, and will oversee all OFSAA girls' championships and festivals. Shamus and his wife Stacey have three children: Noah (13), Joshua (11), and Hannah(10).

Jim Barbeau of Belleville is our new part-time special projects coordinator and replaces Ken Coffin who retired at the end of the school year. ## CAO Fundamental Movement Skills - High School Program

The Coaches Association of Ontario has developed a program based on Fundamental Movement Skills for teacher-coaches to pass along their knowledge to a new generation of coaches-in-training.

With the Fundamental Movement Skills - High School Kit Program, certified PHE teachers can transfer knowledge of FMS to high school students, many of whom are summer camp leaders, community centre recreation workers, and after school programs leaders, who then can pass along these essential skills to future student-athletes.

In Ontario to date 150+ schools have joined the program and over 1500 students have been trained in teaching Fundamental Movement Skills. As a result 1000s of children have received better instruction, gained improved physical literacy, and hopefully, greater athletic confidence.

The program is affordable, sustainable, designed to fit into existing high school course structure, and provides students with a nationally recognized NCCP credit. Coaches are encouraged to use these lessons to develop future teacher-coaches and transfer these skills to the next generation of student-athletes.

For more information visit the Coaches Association of Ontario website ([www.coachesontario.ca](http://www.coachesontario.ca)) to find links and more information on FMS and the High School Kit Program.

# Brian Maxwell Scholarship Recipients 2014

OFSAA and the Brian Maxwell Memorial Scholarship Fund are pleased to announce the student-athletes awarded the 2014 scholarships and Ontario Awards for Excellence.

The scholarship fund is in memory of Brian Maxwell, a successful distance runner and entrepreneur, and co-founder of PowerBar, who later suffered a heart attack that claimed his life. Brian competed in Track & Field and Cross Country and achieved success as an OFSAA champion, Canadian junior, juvenile and senior champion, numerous international marathons, and as a member of the 1980 Canadian Olympic Marathon team.

The Brian Maxwell Memorial Scholarship is awarded each year to two student athletes that will be continuing their post secondary education at a Canadian College or University, and display qualities of honesty, integrity, compassion and an unwavering quest to accomplish their best academically and athletically while supporting his fellow team members.

One male and one female are awarded separate scholarships in the amounts of \$5,000 each. The 2014 recipients are **Mark Schmidt** of Stratford, and **Maggie Scheunert** of Ottawa.

**Mark Schmidt** recently graduated from Stratford Northwestern Secondary School with a 90% average. As a distance runner, Mark finished 20th in OFSAA cross country in grade 12 and 10th in grade 10 as the three-time MVP of both his track and cross country team. Mark is also an award-winning youth hockey

coach and has fundraised for the Alzheimer Society, Muscular Dystrophy, and St. Martin of Tours Church. Mark will be studying engineering at Queen's University this fall.

**Maggie Scheunert** is a graduate of Ecole secondaire catholique Garneau and finished with an average of 85%. She competed in OFSAA cross country grades 10, 11, and 12, and won gold in 1500 steeple chase at 2014 OFSAA Track & Field. She helped coach school teams, set up Nordic skiing

and volleyball teams, finished third in an Ottawa business competition, first in the Waterloo mathematics competition, and participated in a humanitarian trip to Jamaica. Maggie will also be studying engineering at Queen's University and plans to pursue a career in research and development of prosthetics.

The Brian Maxwell Memorial Scholarship Fund also organizes the Ontario Award for Excellence that presents a \$1000 scholarship to student-athletes continuing to Canadian University or College. This year, the Fund elected to recognize a record four student-athletes with this award. The 2014 recipients are **Paige Nock**, **Cailie McGuire**, **Brandon Thomas**, and **Nicholas Vukelic**.

**Paige Nock** recently graduated from Courtice Secondary School (Courtice) with a 90% average, overcoming a learning disability and reading disorder. Paige qualified for OFSAA cross country every year, and this year at Track & Field placed fourth at 800m and fifth at 1500m, and will compete in the World

Junior Championships at the 800m. Paige organized cross country events in elementary schools and will be studying psychology at Simon Fraser University to pursue a career helping children with learning disabilities.

**Cailie McGuire** graduated from Loyola Catholic Secondary School (Mississauga) with a 91% average. Cailie qualified for OFSAA cross country every year since grade nine and achieved success on the track culminating with OFSAA silver in steeple chase this year. She was instrumental organizing intramurals

and fitness clubs at school, and organized workshops to teach skating to new Canadians. Cailie will study physical education at the University of New Brunswick.

**Brandon Thomas** wrapped up his high school career at Paris District High School (Paris) with a 92% average, and finished in the top-15 at OFSAA Cross Country every year including bronze in grade 10. Brandon prepared a video called "The Myth of Lactic Acid", coordinated fundraising events for the Canadian

Cancer Society, and tutored and coordinated programs for the younger grades. Brandon will study science at Queen's University with plans to pursue a career in medicine.

**Nicholas Vukelic** graduated from St. Aloysius Gonzaga Secondary School (Mississauga) with a 97% average. Nicholas qualified for OFSAA cross country his final two years of high school and placed tenth in steeple chase this year. He was valedictorian of his class, traveled to Dominican Republic on an

outreach mission, served as head prefect of his school's leadership organization and won the Edward King Memorial Award for leadership and academics. Nicholas will study a combined engineering and business degree at the University of Western Ontario Richard Ivey School of Business.

"I am very proud and impressed by each and every one of the Brian Maxwell Scholarship recipients," said Jennifer Maxwell, wife of Brian and co-founder of PowerBar Corporation. "I'm so glad that running and academics have been such an important part of all your lives. I wish you much continued success as you go on to college and beyond."

Congratulations to all scholarship recipients and we wish you the best of luck in continuing your educations and athletic careers at the post-secondary level!

# 2014 OFSAA Alumni Scholarship Recipients

Students in EOSSAA, ROPSSAA, and SOSSA schools applied for the Alumni scholarships this year. It is encouraging to know there are so many student-athletes in our high schools who are also involved in other aspects of school life, are active members of the community, and still maintain an excellent academic standing. Thanks to all the applicants, and all the best as you move on to a Canadian university in the fall - the decisions were difficult.

## Curtis Richards

Curtis attended St. Aloysius Gonzaga SS in Mississauga. During his 4 years, he participated in football, volleyball, hockey, and track and field. As team captain he showed tremendous leadership in terms of his work ethic, responsibility, and ability, and earned the respect of his peers and coaches. Curtis was also involved in other areas of school life including several fundraisers, the house system, and the athletics club. In the community he volunteered as a boys' soccer coach and at a hockey camp. He applied the skills he learned through sport to his academic studies also, and was on the honour roll throughout high school. To quote his coach, "Curtis represents the 'true ideals' of a student-athlete". We wish him well as he pursues a kinesiology program at university.

exemplifies OFSAA's values of leadership, commitment, respect and equity, and we are sure she will have continued success as she studies medical science at university.

## Patrick Desjardins

Throughout his years at ES Catholique Jean-Vanier in Welland, Patrick demonstrated that he was an excellent student and an exceptional athlete. He participated in almost every sport offered at the school - volleyball, basketball, golf, hockey, badminton, tennis and soccer. He also directed his energy to serve on the student council, the athletic council (serving 2 years as president), and several charitable fundraisers.. Patrick assisted with the coaching of junior teams, and officiated feeder school tournaments. He felt that there was no greater sense of satisfaction than representing and competing for your school. School sport enabled him to connect with his peers, teachers, competitors and other members of the community on a whole different level. For Patrick high school would not be complete without sports. All the best as you enter an exercise science program at university.

## Cassie Conboy

Cassie, a student at Ernestown SS in Odessa, stayed active throughout high school taking part in volleyball, soccer, field hockey, badminton and softball. She contributed positively to other aspects of the school culture working with the fall leadership camp and the Grade 9 orientation program. Cassie's eagerness, organizational skills, and easy way with peers ensured that anyone with whom she interacted was comfortable. In the community she volunteered at a pediatrician's office, and refereed and scored for an adult volleyball league. School sport taught Cassie time management, teamwork, appreciation towards others, and gratitude for opportunities she would not have had if not for others such as coaches, officials and organizers. Cassie

## OFSAA Alumni Association

The Alumni Association is composed of retired teacher-coaches and former student-athletes, and provides them with an opportunity to stay in touch with their peers. The main goal is to provide scholarships annually for students from around the province that wish to pursue a post-secondary education in a Canadian institution. Members receive copies of the Bulletin and newsletters. An application can be found on the OFSAA website. Donations towards the Alumni Scholarships are welcomed from current and former teachers, and student graduates.

## 2015 OFSAA Alumni Scholarship Applications

In 2014-15 applications for the OFSAA Alumni Scholarships will be accepted from students in schools in TDSSAA, LOSSA, and WOSSAA. The form and the criteria can be found on the OFSAA website and must be submitted by mail or courier, and received at the OFSAA office by April 1, 2015.

# Dealing with Parents and Elite Athletes – The Scholarship Myth

Reprinted with permission from NFHS. Story by Anna Wilson, originally published in April 14 edition of High School Today magazine

There is only one LeBron James and only one Serena Williams. However, that fact doesn't deter numerous young athletes from immersing themselves in a sport with the hope of becoming an athlete.

Often with the pressure from their parents, these athletes devote a great deal of time and money to receiving recognition and attaining a college scholarship. This specialization is sometimes at odds with an education-based athletic program. And it's an issue high school administrators and coaches have to deal with more and more each year.

At last year's NFHS Summer Meeting in Denver, Colorado, two state association executive directors addressed the issue during a workshop entitled, "Dealing with Parents and Elite Athletes: The Scholarship Myth." Harold Slemmer and Rhonda Blanford-Green covered a number of issues for athletes and parents to consider in the pursuit of athletic scholarships.

Slemmer, executive director of the Arizona Interscholastic Association (AIA) and NFHS president for the 2013-14 school year, presented the audience with common myths about scholarships, uncovering the truth behind each myth.

With athletes traveling around the country showcasing their talents, parents are there to support their children, often to the detriment of their grades. Slemmer noted that parents may think that their son's or daughter's talent alone will get them a college scholarship, despite a poor report card, but that's not true.

"Poor grades turn off a coach's interest more quickly than any other factor," Slemmer said. "Nearly every school has minimum grade requirements, which college coaches must adhere to. No matter how good an athlete a student is, he or she can't get around the minimum grade levels."

Parents play a large role in an athlete's life. They are there to support their child's ambitions. They do small things such as driving to and from practice. But, some parents have become more commonly known for a certain negative influence on their child – pressure.

"(Parents) force their children to specialize in one sport. It becomes a major focus of their lives. We plant a seed and there will become problems," Slemmer said. "We have to be careful not to make them think they have succeeded at that level in life. It's just a part of life it's not the main reason why they exist. Growing up academically and emotionally is more important."

As adults, parents have to work with their children, guiding them along the way, which can start at a young age. Athletics can become a beneficial part of children's lives when they're younger, which is why Slemmer suggests that parents are realistic about the athletic ability of their children.

"Parents think their kids are elite right out of sixth and seventh grades, but then they find out they aren't as good as they think. Perhaps that becomes more realistic to them the older they get," he said. "Because an athlete specializes in one sport, they play year-round and that makes them think they are elite. That's not necessarily true. I look at the ones that are exceptional. They're rare and definitely have a gift of athleticism

that most athletes don't have. There's only one sprinkle out there in any school. There isn't an abundance (of them)."

Blanford-Green, executive director of the Nebraska School Activities Association (NSAA), agrees that there's a small percentage of elite athletes across the country.

"I would say maybe two per cent of all high school athletes are elite. Then, you have good athletes, and then, you have kids that are just out there participating. That's what our goal should be as high school associations. We should provide that platform," she said. "I think there are two percent (of elite athletes), but 75 per cent of the parents think that their kids are elite athletes. The reality versus the fantasy is where the conflict comes in."

With athletes finding their niches at young ages, they are identified early on and sought after by clubs and outside organizations. Because of the line drawn between those outside organizations and high school athletics, Blanford-Green believes there is a competition between the two aspects of an athlete's life.

She wants to close the gap between the two areas, which was the main focus of her presentation at the summer meeting.

"It used to be us versus them, but now, even in small communities, it is in the best interest for the state associations to build relationships with those outside groups. They have the common mindset of how they can serve the kids," Blanford-Green said. "Our primary focus should be the best interest of the students and building collaborative relationships. Parents should be aware of all the different arms that are touching their kids and not make it a competition."

While striving to become an elite athlete can be important, parents and their children can't overlook the ultimate goal of being in high school. Striving for an education and succeeding in the classroom, like Slemmer mentioned, is of utmost importance when preparing for the future.

Scholarships help reward those who have excelled in academics as well as athletics, but as the parent of two athletes, Blanford-Green believes that athletic scholarships are a bonus in the long run.

"If a student receives a scholarship, it's just icing on the cake. I would say that for the majority of the people that I've been in contact with pre-high school and high school education, we all know that if our kids get some kind of scholarship, it's just a pat on the back for a job well done, but it's not why our kids participate," she said. "You have to build a well-rounded kid, not only athletically but educationally, to maximize the dollars that will help for higher education."

Blanford-Green believes that an athlete has to be able to balance a life in athletics, as well as an education. They have to prioritize and keep education as an important focus. This can be accomplished with the correct guidance.

"It comes from parental and outside influences and guidance. Putting as much importance on the educational factors as the athletic or activity factors is key," she said. "It's all about guidance and balancing a life for athletics and education."

# OFSAA Boys' A/AA Field Lacrosse Festival

Brantford June 3-4

Hagersville SS, who had dominated the early years of the lacrosse festival and have consistently been a threat to capture the title again, have been eager to host and thanks to the efforts of Jeannie Martin, 2014 was the year they made it happen. Using the great facility at Six Nations, teams collected on the fields to observe an opening ceremonies, which included a First Nations blessing of the event. Despite threatening clouds, the only weather factor was a gusty wind, allowing the tournament to take place without any issues.

Following the first day of competition, participants gathered at the on-site community centre to celebrate the day's successes and enjoy a banquet dinner. Guest speaker Delby Powless, former professional lacrosse player and former coach of Hagersville, shared his positive message of how to achieve success. This included examples from his own life and how he overcame both athletic and academic challenges.

Although Hagersville wasn't able to replicate their past success, it was their neighbours from McKinnon Park SS (SOSSA) who found themselves in the gold medal game against a strong team from St. Stephens SS (LOSSA). A very evenly matched game ended in a one point victory for McKinnon Park, who may have got the edge they needed thanks to the support of their fans, who came out to cheer their team to victory.

Congratulations to Hagyhethwas Anderson, Sam Bleakney, Martin Burning-Bomberry, Micheal Davis, Kessler Doolittle, Kahn General, Madz General, Alex Henry, Aaron Hill, Owen Hill, Vernon Hill, Ryan Johnson, Brody Longboat, Jesse Longboat, Travis Longboat, Skahendade Martin, Joshua Miller, Riley Montour, Cecil Monture, Coleman Powless, Sidney Powless, Bailey Skye, Ryan Teichmann, Rheno Thomas, Spencer Thomas, Todd Thomas Jr., Garrett Vyse-Square, Brayden Watts, Wesley Whitlow, Rob Williams, Jake Winger, and coaches Jason Johnson and Geoff Stead.

# OFSAA Boys' AAA/AAAA Field Lacrosse Festival

Mississauga/ Brampton June 4-6

The OFSAA 2014 Boys' AAA/AAAA Field Lacrosse Festival expanded to a three-day event as a result of the growth in the number of teams and safety of the athletes. However, convenors Jonathon Diamond and Jim Commandant of Our Lady of Mount Carmel (ROPSSAA) were up to the challenge. Using the fields at Sandalwood Park, the convenors were able to have all teams playing at one location, creating a great atmosphere for lacrosse action. The tournament saw a number of "newer" programs starting to emerge and close the gap with long-time powerhouse schools. This included a very excited host team gaining a win over last year's gold medallists from Msgr. Paul Dwyer. After two days of competition, the teams attended the festival banquet, which not only provided a gourmet meal but also included a Native dance demonstration and educated participants about the history of lacrosse.

At the end of the competition, St. Michael's College (CISAA) found their way back into the gold medal game, this time facing the top seed from Assumption College (CWOSSA). This match did not disappoint and for the second time in three years the gold medal needed to be decided in overtime. Unfortunately, the exciting high scoring affair had to end eventually with Assumption College claiming its first OFSAA Lacrosse title 16-15.

# OFSAA Boys' Baseball

Qualification Tournaments London/Durham June 4-5 2014  
 Championships Toronto June 11 2014

St Anne's from Lakeshore representing SWOSSAA lost their first game at this year's championship. In order to win the championship they had to win their next 4 games in order to qualify for the semi finals. The team accomplished that daunting task and then beat Sinclair S.S. in the semi finals and Bishop Allen Academy in the finals to win this year's Prentice Cup emblematic of the OFSAA Baseball Championship.

Congratulations to team members: Dalton Boyle, Matthew Broderick, Cole Brunet, Jonah Fuerht, Kody Gagnon, Kyle Gagnon, Bobby Galli, Daniel Gore, Beau Hunter, Gibson Krzeminski, Christopher Rinaldi Ross, Joseph Romaniuk, Liam Ryan, Colin Sanders, Mitchell Sobocan, Shane Way, Tyson Way, Jack Zimmerman, Mitchell Zimmerman and coaches Larry Loebach and Steve Burke.

Taylor Jones from Clarke Road in the west and Geoff Whent from Sinclair in the east and their committees did an outstanding job in organizing the regional competitions. OFSAA very much appreciates the experience they provided for the high school baseball athletes. Geoff was presented the Leadership in School Sport Award for his long time work in promoting high school baseball in the province. This was the fourth time in the last five years that he has convened an OFSAA regional baseball competition.

A special thank you to our Toronto groundskeepers Matt Ferreira at Connorvale and Patrick McConnell at Millwood for getting both diamonds in playing condition after heavy rainfall in Toronto on the day of the championship games. Both were at their respective sites at 6:30 a.m. working on the fields.

# OFSAA Boys' A/AA & AAA/AAAA Rugby

Pickering

June 5-7

Boys' Rugby returned to the Durham area with both the A/AA and AAA/AAAA Championships. Convenors George Burford and Ethan Markham and their team of volunteers did an outstanding job in showcasing the province's most exciting rugby programs. This included taking on the huge challenge of organizing a banquet for over 1000 attendees, most of which being hungry rugby players. However, the banquet went off without a hitch as students were fed and presenters provided words of encouragement and inspiration. This included the presentation of the Leadership in School Sport Award to Ian Gilbride (Eastdale CVI) for the A/AA event and to an unknowing George Burford (Pine Ridge SS) for the AAA/AAAA. Ian, a teacher-coach for 25 years, has been responsible for getting rugby programs started and mentoring many young coaches at multiple schools in the LOSAA area. In addition to rugby, Ian has coached football, hockey and golf and been on the organizing committee of three OFSAA Championships. George has also dedicated 25 years to coaching within the school setting, including football, volleyball, and of course rugby. George has also volunteered on the LOSSA executive, convened LOSSA rugby, and been involved in hosting multiple OFSAA championships.

The strength and depth of competition continues to grow in boys' rugby and particularly in the A/AA event. Defending champions and number one seeded Barrie Central (GBSSA) looked prepared to take home another OFSAA title. However, they may have met their match when number six seeded Erin DHS demonstrated just how far their program has come in recent years, snatching gold from the long-time rugby powerhouse.

Congratulations to Guillaume Barret, Austin Blackwell, Trent Blackwell, Bradley Bollert, Iain Brooksbank, Wesley Dickson, Adam Drysdale, Stuart Elias, Benjamin Fitzpatrick, Liam Fowler, Matthew Fritz, Graeme

# OFSAA Boys' A Soccer

London

June 5-7, 2014

Holy Cross CSS from Strathroy played host the 2014 OFSAA Boys' A Soccer Championship. Convenors Jonathon Hasson and Cameron Hagel provided a first-class event to go along with the first-class soccer that was on display. Following pool play on day 1, the teams gathered at the London Convention Centre to celebrate at the championship banquet. The athletes and coaches were treated to a great dinner, which included the presentation of the Leadership in School Sport Award. This year, the recipient is John Walsh of St. Thomas Aquinas (WOSSAA) who has coached soccer, tennis, and basketball over his 25 years at the high school level. John is known for promoting the values of sportsmanship and being a role model to his athletes.

Gross, Avery Gunn, Kyle Howes, Adam Hurtubise, Aaron Lalonde, Spencer Lordz, Jordan Lunny, Duncan MacDonald, Leiland MacDonald, Alexander MacMaster, Liam MacNaughton, Tommy McDonell, Benjamin Poirier, Tyler Stewart, Sullivan Van Loon, and coaches Glen Campbell, David Filion, Logan Leger, and Laurent Rivard.

Following pool play both the host school, Holy Cross and Glengarry DHS looked like the teams to beat and on Saturday afternoon the two met in the gold medal match. The two evenly matched teams battled hard and in the end, Glengarry edged out a 1-0 win. What might be most impressive, is that Glengarry did not concede a single goal throughout the tournament.

Also to be congratulated is JL Forster (SWOSSAA) for being the being award the Team Sportsmanship Award. The committee indicated that the team played with passion and was extremely polite and respectful to organizers and volunteers.

Congratulations to Michael Bissonnette, Yale Chadsey, Onur Dilmac, Brennen Filion, Colton Gallant, Karl

# OFSAA Boys' AA Soccer

Leamington

June 5-7

A big thank you must be extended to Jim Kittl and his crew at Cardinal Carter SS (SWOSSAA) for picking up this championship on short notice in September. The well-organized team worked hard to ensure a positive experience for everyone visiting the tomato capital of Canada in Leamington. Kicking the championship off was the tournament banquet, which allowed the teams to meet each other and share a meal at the Leamington Roma Club. The Leadership in School Sport Award was presented to Mark Renaud of Cardinal Carter SS. Mark has been coaching for over 26 years in a variety of sports including football, baseball, basketball, volleyball, badminton, and golf. He is always willing to help coach where needed and has also volunteered his time to convening junior boys football in SWOSSAA for over 10 years.

Under sunny skies, the tournament kicked-off the next day with a number of closely contested matches, leaving much to be decided in the group stage until day two. The returning champions, St. Martin SS (ROPSSAA), found their back into the gold medal game, this time facing a tough team from ESP Louis Riel (NCSSAA). However, the high scoring Mustangs proved too much tallying four

goals to win the championship 4-1 and repeat as OFSAA Champions.

Congratulations to Amadeus Bialy, Noah Birhane, Kristian D'Amore, Philip DeCouto, Brandon Duarte, Luke Ewach, Paul Fila, Bryan Medwin, Kyle Melo, Lucas Melo, Marcin Misiak, Michael Misiak, Harvey Nsambah, Matthew O'Byrne, Alex Pinto, Nick Russo, D.J. Rutherford, Dorian Slizowski, Eric Trindade, and coaches Anto Cosic, Chris Daigle, and Amir Morgan.

Despite leaving without the gold, ESP Louis Riel should be proud to be awarded the Team Sportsmanship Banner for their fair play and good sportsmanship throughout the tournament.

# OFSAA Boys' AAA Soccer

North Bay June 5-7, 2014

This championship is the first in a series of OFSAA soccer championships headed to North Bay. Returning convenor Ryan Culhane has got hosting down to a science and with the weather co-operating, there was no doubt about how seamless this championship would run. Using the fields at Omischl Park provided a great setting for championship action.

The Leadership in School Sport Award was presented at the banquet to Stan Gough of Widdifield SS (NOSSA). Stan has coached high school soccer for over 16 years at both the junior and senior level. Stan has also volunteered his time as the NDA league and playoff convenor on numerous occasions, convened the NOSSA A, AA and AAA boys' soccer championships, and sat on the organizing committee for the 2012 OFSAA Boys' AA and 2014 Boys' AAA Soccer Championships. Congratulations Stan for all your work in school sport.

Following pool play, the playoff rounds demonstrated how even the caliber of play was with a number of matches requiring extra-time and shootouts. The final was no different as Corpus Christi (GHAC) and St. Michael (EOSSAA) couldn't decide a winner after extra-

time and required a shootout before St. Michael emerged victorious.

Congratulations to Luca Aureli, Rino Bonsignore, Anthony Canosa, Gianluca Celenza, Luca Cortese, Josh D'eri, Chris DeFazio, Antonio Ficociello, Carlos Gonzalez, Evan Kieraszewicz, Peter MacDonald, Alex Marcucci, Anthony Marino, Brendan Mizzen, Francesco Molinaro, Nick Ribeiro, Michael Scarpone, Matt Strangis, Andrew Villella and coaches Paolo Ceccarelli, Mike Gallo, Noah Marano, Adam Moroney, and Sean Raposo.

The host organizing committee selected Galt CI (CWOSSA) as their Team Sportsmanship winners indicating that these students were very polite to committee volunteers and were great to have at the tournament.

# OFSAA Boys' AAAA Soccer

Belle River June 5-7, 2014

One of three soccer championships taking place in the Windsor area may have created some logistical concerns but in the end all events, including the Boys' AAAA Championship ran perfectly. Using the fields at McHugh Park allowed teams to remain at the same venue for all matches, creating a great atmosphere for soccer. The perfect temperatures allowed athletes to showcase their skills over the three-day tournament, often wowing fans with exceptional speed and talent. The OFSAA popular Caboto Club hosted the banquet, which meant athletes and coaches would have more than enough to eat after a long day of action. Following dinner, convenors Angelo Geremia and Steven Richardson introduced Denis Gagnac of St. Anne HS (SWOSSAA) as the Leadership in School Sport recipient. Denis has been coaching for over 25 years and although he has a strong interest in hockey, he has also committed time to coaching volleyball, track and field, basketball, football, and golf.

Multiple gold medallist and returning champions St. Edmond Campion (ROPSSAA) were determined to return to the gold medal game and after winning in extra-time in both the quarterfinals and semifinals, they would face St. Theresa of Lisieux CHS (YRAA). Continuing their trend, St. Edmond found themselves in extra-time once again. However, the composed and aggressive team from St. Theresa would convert on a penalty shot with a minute remaining in extra-time to claim the AAAA championship.

Congratulations to Adam Bernardi, Matthew Calder, Michael Calder, Christian Cordero, Alessio Curti, Jonathan Davis, David Di Monte, Milano DiCianna, Remy Favero, Robert Fazzari, Glen Gershon, Arya Hemati, Kyle Hewitt, Calvin Koehl, Adam Lofranco, Gian-Louis Marinucci-Mayta, Jahsua Mills, Sid Nahidi, Matthew Pastor, Francisco Peralta, Austin Ricci, Mario Rossetti, Christian Teixeira, Lucas Ventura, and coaches Luca Savo and Gianluca Saggese.

Also to be congratulated are the players from Agincourt CI (TDSSAA). The committee respected the way they choose to play the game of soccer, which included not taking a single card during the tournament.

# OFSAA Tennis

Toronto

June 2 – 4, 2014

On June 2 – 4, the 2014 OFSAA Tennis Championships saw 363 tennis players from 149 schools competing in over 450 matches.

Fortunately on Monday, the weather conditions were favourable so that all the first day matches were outdoors at the Rexall Centre and York University. With rain showers throughout the day on Tuesday, some matches were played indoors. However, when the sky cleared, the outdoor matches resumed and all scheduled matches were completed that day.

All the athletes and coaches must be congratulated in qualifying for the championship. During the three day event, there were many excellent matches played.

OFSAA would like to thank the convenor, Michael Robinson, and his organizing committee of Tami Hawkins, Dave Hawkins, Mary Jane Robinson, and David McCallum in organizing an excellent championship. Thank you must also go to all the volunteers who helped make the championship run smoothly. OFSAA would like to thank David Lea of the Ontario Tennis Association for his assistance with OFSAA Tennis.

This year's recipient of the OFSAA Leadership in School Sport Award for tennis was David McCallum from Westgate Collegiate and Vocational Institute in Thunder Bay. His commitment to coaching in NWOSSAA over the past seventeen years has been very commendable.
