**BUBBLY SUNDOWNER AT OBSERVATION HILL\***

Timed to start as the sun begins its descent, the evening commences with a gentle game drive, arriving at the sundowner site just as the sky turns gold-pink. The ‘sun-downer’ is an essential part of safari life and dates back to the time of the great safaris of the 1920’s when elegant cocktails were always served while watching the spectacle of the African sunset.
