

# Nutrition Research and Practice

pISSN 1976-1457  
eISSN 2005-6168

Vol. 17 · No. 1 · February 2023

## Contents

### Original Research

- 1** Schisandrol A and gomisin N from *Schisandra chinensis* extract improve hypogonadism via anti-oxidative stress in TM3 Leydig cells  
Jia Bak, Seung Ju Lee, Tae Won Kim, Seonhwa Hwang, Min Ju Park, Rohith Arunachalam, Eunsoo Yoo, Min Hi Park, Yun-Sik Choi, Hye Kyung Kim
- 13** Physiologic and epigenetic effects of nutrients on disease pathways  
Soo-Hyun Park, Jaemin Lee, Jin-Taek Hwang, Min-Yu Chung
- 32** Mixture of Corni Fructus and Schisandrae Fructus improves testosterone-induced benign prostatic hyperplasia through regulating 5 $\alpha$ -reductase 2 and androgen receptor  
Hyun Hwangbo, Min Yeong Kim, Seon Yeong Ji, Beom Su Park, TaeHee Kim, Seonhye Yoon, Hyunjin Kim, Sung Yeon Kim, Haeun Jung, Taeiung Kim, Hyesook Lee, Gi-Young Kim, Yung Hyun Choi
- 48** Magnesium intake and dietary sources among Koreans: findings from the Korea National Health and Nutrition Examination Survey 2016–2019  
Jee-Seon Shim, Ki Nam Kim, Jung-Sug Lee, Mi Ock Yoon, Hyun Sook Lee
- 62** Minor alleles in the *FTO* SNPs contributed to the increased risk of obesity among Korean adults: meta-analysis from nationwide big data-based studies  
Oh Yoen Kim, Jihyun Park, Joungee Lee, Cheongmin Sohn, Mi Ock Yoon, Myoungsook Lee
- 73** Ethnic differences in attitudes, beliefs, and patterns of meat consumption among American young women meat eaters  
Sung Eun Choi, Kyou Jin Lee
- 91** Life stress, dietary attitudes, and frequency of snack intake for college students in Seoul and Gyeonggi area: the difference between male and female students  
Hyun Seung Oh, Yu bin Kim, Soyoung Park, Kyunghee Song
- 103** Who has experienced better or worse health conditions since the outbreak of COVID-19?: results from a representative cross-sectional survey in Seoul  
Eunbin Jo, HyeLim Yoo, Kirang Kim, Sunup Kim, Chul-Kyoo Kim, Haeyoen Lee, Jinsook Jeong, Sohyun Park
- 122** Association between soy products, fruits, vegetables, and dairy products and gastric cancer risk in *Helicobacter pylori*-infected subjects: a case-control study in Korea  
Jung Hyun Kwak, Chang Soo Eun, Dong Soo Han, Yong Sung Kim, Kyu Sang Song, Bo Youl Choi, Hyun Ja Kim

- 135** Development of nutrient-based nutritional standards for foodservice at shelters during disasters in the Republic of Korea  
*Satoko Abe, Meeyoung Kim, Jihyun Yoon*
- 149** Application of draft nutritional standards for school lunches in the Republic of Korea: a feasibility study from the supplier perspective  
*Youngmin Nam, Jihyun Yoon, Meeyoung Kim*

### Short Communication

- 164** Sodium butyrate inhibits high glucose-induced inflammation by controlling the acetylation of NF- $\kappa$ B p65 in human monocytes  
*Ha-Rin Moon, Jung-Mi Yun*
