46TH YEAR

A new note in Piano Design— the Gulbransen Educational Model Minuet!

The Gulbransen Educational Model Minuet in mahogany or walnut with carved trusses and pilasters finished in DuPont Duco, 3 feet 8½ inches high, full metal plate, copper bass strings, quick repeating piano action, good quality hammers, continuous fall board hinges, brass trimmings, three pedals, full 88 note keyboard.

Here in this Gulbransen is a sensational opportunity for greater piano sales. A delightful little piano, particularly suited to the child's piano study needs. Remarkably low in price, beautifully compact in size and richly glorious in tone. Dedicated to the movement now in progress to teach 25,000,000 children to play the piano.

Nationally Priced at

\$295⁰⁰

IN WALNUT - \$299.00

The ideal piano for the small apartment, school, church or club. Easily moved—fits most any cozy nook.

Excellent musical qualities—
Abundant volume of tone—
Ability to stand hard usage—

Developed by Gulbransen to open up new fields of sales that are closed to the bulky grand and upright, at a price available to the average pocketbook. A truly modern piano for this modern age—an example of a wideawake, progressive spirit of piano building and merchandising.

TO THE DEALER who is anxious to make money selling pianos—tie-up with Gulbransen. 1500 Gulbransen Dealers can testify to the value of Gulbransen Products and the soundness of Gulbransen merchandising plans.

Write or wire today for complete details.

The Gulbransen baby trademark—the symbol of quality that has identified Gulbransen products for 25 years.

Tune in the program of the Gulbransen Symphony Orchestra every Saturday night, 9:30 to 10 P. M., Eastern Standard Time, over the Columbia Broadcasting System.
