

Nebraska Extension’s career exploration simulations help high schoolers learn more about careers of interest and how to “connect the dots” to postsecondary education and the workforce.

As a 4-Her, Emily took advantage of every opportunity that the 4-H program offered. She gained leadership skills and established positive relationships with Extension personnel. This helped her grow in confidence and clarity about a future career. Following her dream, Emily is proud to have a rewarding career in the same program that helped shape her. “4-H helped pave a pathway of success from youth to adulthood that led me to a career in 4-H Youth Development. I feel fortunate to be able to give back to the same program that gave me so much.” The Cedar County 4-H program grows true leaders!

### Programs At-A-Glance

- Extension partners with Cedar County Communities for Kids (C4K) to elevate the early childhood workforce by offering local trainings and professional development scholarships.
- Rapid Relief: When a producer with steer bloat issues called, Extension worked with the support of experts and gave a quick response; delivering a swift solution to prevent further loss.

# 55%
