<i>Preface</i>	viii
<i>Introduction</i>	x
<b>1 Correctness and norms of language</b>	<b>1</b>
1.1 Correctness in linguistics	1
1.2 Types of correctness in language	4
1.2.1 Correctness of the basic means of expression	4
1.2.2 Correctness of lexical items	8
1.2.3 Correctness of syntactic form	9
1.2.4 Correctness of texts	18
1.2.5 Semantic correctness	23
1.2.6 Pragmatic correctness	40
1.3 The relation between notions of correctness and norms	70
<b>2 The theory of norms with respect to law and language</b>	<b>76</b>
2.1 Theories about existence and validity of norms	76
2.2 Theories about emergence and functions of norms	104
2.2.1 Ullmann-Margalit (1977)	104
2.2.2 Luhmann (1972)	124
<b>3 Validity and justification of linguistic norms</b>	<b>133</b>
3.1 Conditions for issuing and validating linguistic norms	133
3.2 About justification and change of linguistic norms	141

<b>4</b>	<b>Norms and rules in linguistics</b>	<b>150</b>
4.1	'Norm' in traditional, structural, and functional linguistics	150
4.2	'Rule' in structural and theoretical linguistics	160
4.3	Definitions and classifications of norms	166
4.3.1	Delineation of the concept 'norm'	166
4.3.2	The analysis of the concept of 'norm'	172
4.4	Learnability and systematization of linguistic norms	178
<b>5</b>	<b>Linguistic change in the light of the theory of norms</b>	<b>193</b>
5.1	Norms of language and types of linguistic change	193
5.1.1	Discrepancies between justification, validity, and existence of norms	198
5.1.2	Changes by deviation on the basis of natural and social processes	202
5.1.3	Changes in systematizations	205
5.2	The change of semantic norms	208
5.2.1	The dialectic of norm and tolerance, and of stability and change	209
5.2.2	The highest norm of communication	212
5.2.3	Semantic change and context-dependent meaning	215
5.2.4	Illustrations of semantic change	219
<b>6</b>	<b>Linguistic norms in language planning and development</b>	<b>227</b>
6.1	Linguistic norms in status planning	233
6.1.1	The choice of official and national languages	235
6.1.2	The choice and development of standard languages	248
6.2	Linguistic norms in corpus planning	278
6.2.1	Linguistic norms in language elaboration	278
6.2.2	Linguistic norms in language cultivation	287
<b>7</b>	<b>Kinds of norm conflict</b>	<b>294</b>
7.1	A classification of norm conflicts in multicultural and multilingual societies	294
7.1.1	Conflicts between two different norms or norm systems that are carried by two disjunct populations	296

7.1.2 Norm conflicts which arise with respect to one norm(system) where this norm(system) exists heterogeneously in a population	301
7.1.3 Conflicts between different norms within one population	310
7.1.4 Conclusion	316
7.2 Norm conflicts in situations of communication	316
7.3 Conclusion	326
