EUROLEAGUE FRAMEWORK AGREEMENT

This EuroLeague Framework Agreement, entered into on 23 July 2021 in Luxembourg, is made between:

Euroleague Properties S.A., with registered address at 60, Grand-Rue, L-1660 Luxembourg (hereinafter referred to as “EP”); and

The EuroLeague Players Association, with registered address at Hamburger Allee 4, 60486 Frankfurt am Main, Germany (hereinafter referred to as the “ELPA”).

EP and the ELPA are hereinafter jointly referred to as the “Parties” or individually as “Party”.

Both Parties mutually acknowledge each other’s legal capacity to be bound by and enter into this EuroLeague Framework Agreement (“EFA”) in their respective capacities, freely and spontaneously to make the following

RECITALS

- A. WHEREAS EP is the company responsible for the management and administrative organisation of the professional basketball competition at European level named EuroLeague (hereinafter referred to as the “EuroLeague”) and is the exclusive holder of all the audio-visual, marketing and commercial exploitation rights related to the EuroLeague on an international level; and,
- B. WHEREAS the ELPA is constituted as an association of professionals (*Berufsverband*) under German law, whose objective is to represent the professional basketball players participating in the EuroLeague.

NOW, THEREFORE, both Parties have agreed to enter into the present EFA, in order to regulate the relationship between the EuroLeague clubs and EuroLeague players (hereinafter jointly referred to as the “Clubs” and the “Players” respectively or individually as the “Club” and the “Player”) and to establish a standard set of regulations to govern this relationship as follows:

CHAPTER I: SCOPE

1. SCOPE OF APPLICATION

The present EFA will regulate the relationship between the Parties, in particular the relationship between the Clubs and Players.

Upon the entry into force of the present EFA, EP and its Clubs, as well as the ELPA and the Players, will guarantee its observance and implementation.

Each Party will apply and enforce the EFA vis-à-vis its members (i.e. EP and the ELPA will ensure that all its members comply with the EFA). Each Party will incorporate any and all necessary provisions into its regulations and agreements and into the club-player contracts (see Clause 4 below) in order to achieve this objective.

Any pacts or agreements between the Parties and/or their represented stakeholders which circumvent, modify and/or exclude the application of the present EFA or its related regulations, either totally or partially, will be declared ineffective.

2. TERM OF THE EFA

The present EFA is set to enter into force on the date of its signature and will last for two EuroLeague seasons (namely until 30 June 2023) or until the end of the 2022-23 sports season, whichever the later).

The Parties agree that at the start of the 2022-23 season they will negotiate in good faith a possible renewal of the EFA. The present EFA will be extended for a period of one additional season (until 30 June 2024 or the end of the 2023-24 sports season, whichever the later) should no agreement be reached prior to its expiry.

3. RECOGNITION OF THE ELPA

a. EP and the Clubs recognise the ELPA as the association exclusively representing the Players who are employed by the Clubs as professional basketball players or who may become so employed during the term of any framework agreement between the Parties or any extension thereof.

b. EP will previously consult the ELPA in respect of any change or amendment to the season calendar, health and safety protocols, doping regulations or rules of the game.

c. The ELPA has the right to represent any Player and/or make any petitions to EP on his behalf upon the presentation of the Player's corresponding authorisation.

d. The ELPA will be informed about the opening of any disciplinary proceeding of EP against any Player and will have the right to represent him before the different hearing bodies upon the presentation of the Player's authorisation.

CHAPTER II: CONTRACT

4. CLUB-PLAYER CONTRACT

A. TYPES OF CONTRACTS

The relationship between the Clubs and Players will be regulated by the following contract types:

- a. Professional contracts, which will follow the specifications of the Standard Player Contract ("SPC" or "Contract") enclosed as appendix hereto:
 - Full-season professional contract (a contract, irrespective of its commencement date, entered into until 30 June or until the end of the full relevant season, whichever the later, for a maximum of up to five seasons).
 - Temporary professional contract, a contract with a minimum duration of 30 days with an expiration date prior to the end of the season. A temporary contract may be extended by signing another temporary professional contract or a by a full-season professional contract, which expires at the end of the season. A temporary professional contract may be extended for a second time only by entering into a full-season professional contract.
- b. Other types:
 - Youth/linked team contract (being understood as the contract for a player from a team pertaining to the lower structures of the Club). When a player of the youth/linked team aged 23 or less (1 January being the cut-off date of birth) practices or participates within the structure of the professional team, the relationship will be ruled by the corresponding agreement

between the parties, to cover the working conditions for professional contracts.

- Training agreement (being understood as the agreement for a player enrolled on the preseason and/or training activities of the Club without being registered to participate in the EuroLeague). This agreement may be used without limitations by the Club. The player will have at least a health insurance policy/coverage for sports injuries, which will be agreed between the parties before he undertakes any physical activity.

B. REMUNERATION

The SPC (applicable to full-season and temporary professional contracts) will detail the gross remuneration of the Player, which is understood as the aggregate amount of wages received by a Player on a regular basis, usually monthly, including any tax payments and/or social security contributions made by the Club and originating from the total net remuneration ("base remuneration"). The total gross remuneration will include all fees for services rendered by the Player to the Club, including payment for the player image rights granted to the Club, bonuses, fringe benefits or other payments in kind made to the Player.

The Club will provide the Player with the estimated net amount based on the applicable tax and social security regulations at the time of signing the SPC. Notwithstanding the above, the gross amount will prevail in case of discrepancy, while the Club and the Player may agree on additional clauses to offset potential tax deviations.

The Club will provide the Player with a detailed monthly record of payments in accordance with the terms of the Contract, including the gross and net payment, as well as taxes and social security contributions, if any.

The amount corresponding to variable bonuses related to Player and team performance may not exceed a maximum of 25% of the annual base remuneration. This limitation does not apply to contracts in the Tier 1 remuneration category (Clause 7.A.), youth/linked team contracts, contracts registered in the EuroLeague competition after Round 16, or to collectively negotiated/granted team bonuses.

The Players are prohibited from entering into additional contracts with clubs or from obtaining payments from the Club via a third party unless (i) the third-party payments are legal under the Club's applicable national law, (ii) the third party is clearly identified in the player Contract and (iii) the amount to be paid by the third party is fully disclosed in the player Contract. In any case, any additional income and/or benefit that the Player receives for his activity with the Club as a basketball player, will be considered as part of his remuneration for the purposes of the EuroLeague Financial Stability and Fair Play Regulations.

The Payments to be made under each contract type are the following:

- Full-season professional contract: the Clubs will pay a Player's annual base remuneration divided into a minimum of 10 equal monthly instalments. For cash flow reasons, the Clubs may pay up to 30% of a Player's annual base remuneration in the last two equal instalments, if specifically agreed in the Contract.

The monthly remuneration payments will be payable no later than the 15th day of the following month. The annual base remuneration for full-season professional contracts that are registered after the beginning of the season will be divided into monthly payments starting from the month of the registration until the end of the season. The total gross remuneration for each season will be paid no later than 15 July.

- Temporary professional contract: the monthly remuneration will be payable no later than the 15th day of the following month. The total gross remuneration will be paid no later than 15th day of the following month after the expiry of any temporary professional contract.

C. FRINGE BENEFITS

a. Club will provide and cover adequate superior health insurance/coverage and basic dental care for the Player for the duration of Player's contract. Club will also provide and cover basic health insurance/coverage (at Club's choice) to the Player's spouse and/or children in case they are continuously residing with the Player in the Club's city. This health insurance/coverage can be provided in cooperation with a medical institution cooperating with the Club.

b. The parties may agree on the provision by the Club of housing, vehicle, and/or arrival and departure conditions during the stay of the Player while the Contract is in force.

c. Should the Club and the Player negotiate housing conditions upon the Player's first arrival at the Club's city, the Player will receive hotel accommodation for up to 14 days, starting from the day of his arrival (not considering the period when the Player travels with the team outside the Club's city), if needed.

d. If during the course of the SPC the Player and the Club agree to loan the Player to another club, both clubs will agree on the payment of the expenses related to the relocation of the Player. In case of absence of an agreement between both clubs, the

original Club that is loaning the Player will bear the relocation expenses. The Player will provide written proof thereof within 30 days after the relocation. The club responsible for the payment of these expenses will be required to reimburse them up to 5,000 euros within 14 days after the Player has submitted the written proof. The relocation expenses may only include relocation of household items (i.e. furniture, furnishings, appliances and personal effects) and one vehicle.

D. VALIDITY AND EFFECTS

The entry into force of the Contract is subject to the Player passing, at the sole and reasonable discretion of the Club's doctors, the Club's first medical check-up, which will be carried out within five days from his arrival in the Club's city as agreed with the Club and prior to any physical activity. For this purpose, the Player is required to supply all information reasonably requested of him and submit to all reasonable examinations and tests required by the Club. A Player who is aware that he has an injury, illness or condition that renders him, or that he knows will be likely to render him, physically unable to perform the playing services required under a Contract may not validly enter into it without previously submitting in writing the information about his injury, illness or condition to the Club. The Player must likewise disclose any potential doping sanctions and/or criminal offences that may be likely to render him unable to perform his services.

5. STANDARD PLAYER CONTRACT

a. The contract to be entered into by the Player and the Club by which he is employed will be a Standard Player Contract ("SPC" or "Contract"). The parties to an SPC may amend individual clauses due to (i) mandatory laws of the country in which the Club is domiciled or (ii) mandatory regulations of the domestic basketball competition in which the Club competes, as long as the main contents of the EFA and the SPC are adhered to. Furthermore, if national law or collective bargaining agreements at a national level provide for a more favourable treatment of a Player, the more favourable rule will prevail.

b. The SPC, which will not contain amendments not specifically permitted by the EFA, will be deposited at EP for a Player to be able to be registered in the EuroLeague in accordance with the dates established in the EuroLeague Bylaws. As long as the submitted Contract does not meet the requirements under the EFA and the SPC, the registration of the Player in the EuroLeague may be denied, while the validity of the Contract in general will not be affected.

c. Any Player has the right to review his own Contract deposited at EP at any time.

6. MINIMUM REMUNERATION

The minimum gross remuneration of a Player with a full-season professional contract is set on a scale basis considering the number of seasons in the EuroLeague with a professional contract as established in 4.A.a:

Seasons in the EuroLeague	Minimum Remuneration/Season
Season 1	€60,000
Season 2	€80,000
Season 3	€100,000
Season 4	€120,000
Season 5+	€140,000

The minimum remuneration for a temporary professional contract will be prorated in relation to a full-season professional contract. The prorate will proportionally be applied to full season professional contracts that are registered after the start of the season.

To qualify for the minimum remuneration in seasons 2, 3, 4 and 5+, a Player who did not have a full-season professional contract must have been on the Game List of a EuroLeague team for a minimum of 10 games each season.

In any of the cases above, the seasons in which the Player has participated in the EuroLeague before the adoption of the EFA will be taken into consideration.

For Players with professional contracts that were signed prior to the EFA coming into force and that provide for a remuneration lower than the minimum remuneration mentioned above, the following transitory rule applies: during the 2021-22 season no adjustment to the remuneration may be demanded by the Player. Any potential adjustments for the following seasons will be discussed and agreed by the joint working group referred to in Clause 23 prior to the end of the 2021-22 season.

If a player with a youth/linked team contract has been on the Game List in at least 25 EuroLeague games (accumulated throughout different seasons of his youth/linked team contract after the entry into force of the EFA), he must be offered a professional contract, and his season's remuneration will be calculated again on at least a pro rata basis of the minimum remuneration established for a season 1 professional contract starting from the moment he reaches this threshold.

7. CONTRACT NEGOTIATION

A. TRANSPARENCY

a. The Players are required to notify EP of the identity of the player agent(s) acting on their behalf. This information will be available to those Clubs that request it from EP.

b. The Players' total gross remuneration category (including annual base remuneration and Player Image Rights, but excluding bonuses and fringe benefits) will be at the disposal of those Clubs that can demonstrate a legitimate interest in receiving this information from EP. The Contract length, as well as the potential renewal and/or early termination clauses will also be made available by EP to the Clubs upon request.

c. The remuneration categories will be divided as follows:

Tier	Remuneration
1	Up to €250,000
2	between €250,001 and €500,000
3	between €500,001 and €750,000
4	between €750,001 and €1,000,000
5	between €1,000,001 and €1,500,000
6	between €1,500,001 and €2,000,000
7	between €2,000,001 and €2,500,000
8	between €2,500,001 and €3,000,000
9	between €3,000,001 and €3,500,000
10	Above €3,500,000

The release of this information by EP will be subject to a data protection protocol to guarantee its confidentiality among the Clubs. The breach of said confidentiality will lead to a disciplinary sanction.

B. NEGOTIATION

a. The Clubs are prohibited from negotiating with a player who is under contract (or his agent) with another club unless they receive prior authorisation from the club with whom the player is under contract.

b. Neither the Player nor his agent may negotiate contracts with another club while the Player is under contract with a Club without the prior authorisation of the Club with whom the Player is contracted.

c. The aforementioned provisions will not apply within 60 days before the expiry of the Contract.

d. EP has the authority to supervise the negotiation procedure and impose sanctions and precautionary measures against the Club and/or the Player.

e. EP and the ELPA undertake to develop a set of rules on the involvement of player agents in their relationship within the EuroLeague, to be implemented for the 2022-23 season taking into consideration the collective view of player agents.

8. OVERDUE PAYABLES

The EuroLeague Financial Stability and Fair Play Regulations will be applied to guarantee the timely payment of the Players' remuneration.

A. MONITORING PROCESS

In case of overdue payables, the Management Control Commission (MCC) will initiate a monitoring process against a Club in the following cases:

- At the request of a Player:
 - in the case that the Player's remuneration has been overdue for more than 15 days; or
 - if the Club has failed to pay the Player's total gross remuneration by 15 July; or
- Automatically,
 - if the Club's declarations of quarterly remuneration payment to be sent to the MCC (on 15 October, 15 January, 15 April and 15 July) reveal that the Player's remuneration has been overdue for more than 15 days; or
 - if a Club fails to report its declarations of quarterly remuneration payment on the abovementioned dates.

The MCC will initiate a period of up to 30 days (non-extendable deadline), depending on the time elapsed from the moment the payment of the remuneration became overdue, to monitor the claim for overdue payables. The cases in which the Club's declarations of quarterly remuneration payment show that the payment of the remuneration has been

overdue for at least 45 days or the cases in which the payment of the remuneration become overdue for 45 days during the MCC monitoring process will be referred to the Finance Panel ("Finance Panel") without delay.

For training agreements, each of the aforementioned overdue periods will be reduced to 10 days.

If a Player reports an overdue payment after 20 July, the monitoring process will start no earlier than 15 September.

The monitoring process by the MCC will automatically stop from the moment that a legal claim has been brought or contested to the competent authority to deal with the club-player contract. If the MCC considers that this claim or contestation has been brought or the relevant proceedings have been opened for the sole purpose of avoiding the deadlines set out in the EuroLeague Financial Stability and Fair Play Regulations (i.e. in order to buy time) and/or that this claim or contestation is unfounded, the relevant amount will still be considered as an overdue payable.

B. ADJUDICATORY PROCEEDING

Upon the case being referred to the Finance Panel, a temporary ban on the registration of Players will automatically be imposed on the Club with immediate effect.

A Player may notify the MCC of additional remuneration payments that become overdue once the adjudicatory proceeding has been opened.

The Finance Panel will issue the operative part of the decision in respect of overdue payables within 20 days of its referral. This deadline may be extended by the Finance Panel for a maximum of 15 days when there are justified reasons.

Should the Finance Panel issue a decision confirming the overdue payables, it will grant the Club a final deadline of 10 days to settle the amount.

C. SUSPENSION OF SERVICES

In the case that the payment of a Player's remuneration has been overdue for more than 45 days, the Player may stop rendering his services to the Club (e.g. participating in practices and games). For temporary contracts with a duration of less than four months, this period will be reduced to 15 days.

D. UNILATERAL TERMINATION

In the case that the payment of a Player's remuneration has been overdue for more than 60 days, the Player may unilaterally terminate his contract and seek compensation for its remaining value while taking into consideration the duty to mitigate. For temporary contracts with a duration of less than four months, this period will be reduced to 30 days.

The Player's unilateral termination will not have any effect on an adjudicatory proceeding of the Finance Panel that is already pending.

The Club may seek remedy before the competent jurisdiction in the event that it considers that the Player wrongfully terminated the contract.

9. FORCE MAJEURE SITUATIONS

a. If the performance of the contractual duties under the SPC is wholly or partially unfeasible or is provided in a reduced or modified form (e.g. cancellation of games; games with partial or complete exclusion of spectators) for reasons for which neither the Club nor the Player is responsible (e.g. in case of a pandemic, government measures or other official interventions or similar circumstances), the Parties agree that a disruption of performance due to force majeure exists. Any further legal consequences of a disruption of performance due to force majeure will depend on the respective contractual duties of the Parties, which may be affected by said disruption in different ways.

b. In case of an alteration or cancellation of the EuroLeague season by EP (not merely the postponement of games) or the complete or partial exclusion of spectators from official games of the Club either by EP or by a local authority as a direct result of force majeure, the Club will be entitled to adjust the total gross remuneration of the Player as follows:

- i) Adjustment of the Player's yearly total gross remuneration (excluding bonuses and fringe benefits):
 - In the event of any cancelled EuroLeague Regular Season games of the Club: 2.25% per game.
 - In the event of any EuroLeague Regular Season home games of the Club played behind closed doors (i.e. complete exclusion of spectators) or with limited attendance (i.e. up to 30% of the Club's usual arena capacity): 1% per home game.

ii) Additional adjustment of bonuses in case of cancelled games:

- A bonus for a team's performance in the EuroLeague may be reduced if EP prematurely cancels or otherwise modifies the EuroLeague, unless the respective bonus was already achieved before the cancellation or modification. A bonus for reaching the EuroLeague Playoffs or the EuroLeague Final Four may be fully or partially reduced if the phase for which its qualification was obtained does not take place.
- Individual bonuses will be awarded in full if the respective bonus of each Player has already been achieved before the EuroLeague is cancelled or modified. If the condition precedent for an individual bonus is only partially met at the time of the cancellation or modification of the EuroLeague, the bonus will be reduced on a pro rata basis according to the number of games played until that time.

c. The adjustment of a Player's remuneration must not exceed the total percentage of the force majeure related reduction of the Club's net income (understood as the reduction of income caused due to the force majeure event minus the balance of costs caused by such circumstances) for the relevant EuroLeague season in comparison to the net income of the last season that was not affected by the force majeure event. In order for a Club to reduce the Player's remuneration, the Club must submit to EP and the ELPA verifiable financial statements for the relevant EuroLeague season and the season not affected by the force majeure event. EP and the ELPA reserve the right to request an independent audit of the Club to verify the submitted financial information.

d. If the Club exercises its right to adjust the remuneration as set out above due to the cancellation of games, and if the number of cancelled games is above 12, the Parties agree to enter into good faith negotiations regarding the excess reduction in the remuneration stated above.

e. The abovementioned percentages will be renegotiated in good faith in the case that other competitions in which the Club participates (including domestic competitions) are partially or totally cancelled due to a force majeure event during the same season.

f. To the extent possible, the remuneration reduction will be prorated over the season's monthly payments and adjusted on the basis of the updated figures of revenue reduction presented by the Club.

g. The above will be a compulsory minimum standard principle for all Clubs, i.e. the Clubs will not be allowed to reduce the Players' remuneration by higher percentages based on individual agreements with the Players.

h. These provisions will apply to all contracts in force during the 2021-22 and following seasons, excluding those contracts that came into effect prior to the 2021-22 season with a clause that allows a reduction of the individual remuneration for similar situations more favourable to the Player.

i. In the event that a Club and a Player have already renegotiated an existing contract prior to the 2021-22 season due to the financial implications of the COVID-19 pandemic and did not entail a contract extension, the reduced percentage will be taken into consideration before applying any additional reduction based on the above.

10. IMAGE RIGHTS

a. The Clubs and EP acknowledge that the Players are the owners of their image rights.

b. The Player grants the Club the abovementioned rights during their contractual relationship with regard to all the activities of the Club to exploit these rights, declaring and ensuring that he has not assigned these rights to any third party. These rights include the Player's name, nickname, initials, signature, number, image, likeness (photograph, caricature, etc.), voice, personal or biographical data or any combination, reproduction or simulation thereof ("Player Image Rights"). It is understood that the Player's trademarks (e.g. registered personal logo) are excluded. In the case that the Player has granted the Player Image Rights to an image rights company, he will be responsible that the image rights company grants them to the Club.

c. The Player acknowledges that the Club has granted EP all the commercial and advertising exploitation of the Player Image Rights for all the activities of the Club exclusively relating to the management, organisation, promotion and commercialisation of the EuroLeague, including but not limited to filming and broadcasting audiovisual content related to the EuroLeague, licensing this content (including all scoring, statistical, performance or other data relating to the EuroLeague) to third parties, entering into partnership arrangements, producing, advertising, distributing, selling, promoting and marketing products and services including those of any EuroLeague sponsors, licensees, TV broadcasters and other business parties (hereinafter collectively referred to as "EuroLeague Partners") and including merchandise, by any means at EP's sole discretion.

d. The Club will maintain the right to commercialise and transfer the Player Image Rights in the above context to EP or the relevant domestic league also for the time period after the expiry or termination of this Contract, provided that such exploitation clearly refers to the period of time during which the Player was under contract with the Club, as well as to the Player's position as former player of the Club.

e. EP will use the Players IP and the Player Image Rights for the EuroLeague Partners with a minimum of three Players from three different EuroLeague teams appearing in equal prominence and without implying any direct endorsement. In the case that the promotion of a EuroLeague Partner is conducted only on a regional basis and there are two EuroLeague teams in that region, it is accepted that the creativity may include only two Players, one from each Club of the region.

f. Each individual Player reserves the right to refuse to advertise alcoholic beverages (alcohol-free drinks are excluded) or tobacco products whenever a valid reason exists.

g. The ELPA and EP may enter into an agency agreement to reward the ELPA's involvement in assisting EP to reach a licensing and/or partnership agreement with a business party as per Clause 10.c above on the sole or joint initiative of the ELPA.

h. The Players retain the image rights that are not related to the activity of their Club ("Personal Image Rights"). Nonetheless, the Players may not exercise them by entering into agreements with partners competing with the seven designated partners of each Club and/or the five designated EuroLeague Partners, nor use either the Club brands and/or logos or the EuroLeague brands and/or logos when exploiting their Personal Image Rights, unless otherwise agreed with the Club and/or EP following consultation with their respective partners.

i. On a yearly basis, each Club will announce its seven designated partners before the first EuroLeague game of the season. In the case that the Club does not announce and notify the Player of its seven designated partners by the due date, it will be deemed as if the Club does not have these designated partners. Any new designated partner will be communicated by the Club as soon as possible. In the event that the Player already has an existing agreement with a partner of the same category of the designated partners, the partnerships may coexist on a non-exclusive basis, provided that the Player has notified this partnership to the Club before signing the Contract.

j. Prior to signing an agreement regarding his Personal Image Rights with a direct competitor of an existing partner of the Club and/or EuroLeague Partner that is not

one of the designated partners above, the Player will inform the Club/EP in order for the latter to grant a matching right to the relevant partner of the Club and/or EuroLeague Partner to be exercised within 14 days of the notification by the Player to the Club/EP.

k. The technical apparel category is excluded; therefore, the Players are free to associate their Personal Image Rights with any technical apparel company.

l. The Players are prohibited from associating their Personal Image Rights with any other basketball league, federation or competition without EP's and the Club's prior authorisation. It is understood that associations with the Club's domestic competition and with the Players' national team are allowed.

m. The Players will have limited rights to use the IP of EP and the Club. In particular they will be entitled to the following:

- Use of the EP and Club logos on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).
- Use of the game action pictures for free on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player).
- Use of up to two minutes of personal highlights per EuroLeague game on the Player's digital channels (for brand building purposes only, not to be sponsored by a partner of the Player). The content will be published as delivered by EP and may not be edited. This content will be provided upon the Player's request within EP's reasonable capacity, subject to the restrictions of EP's broadcast agreements.
- Use of up to 10 minutes of EuroLeague game footage per season in the Player's content (e.g. docu-series, video podcasts, etc.). This content will be provided upon the Player's request within EP's reasonable timings capacity, and subject to the restrictions of EP's broadcast agreements.
- Use of up to five merchandise items of the Club (e.g. official warm-up shirt, playing uniform or similar) per season, to be used by Players for giveaways (fan contests and charity gifts) but not for resale.

n. The ELPA will have limited rights to use the IP of EP and the Club. In particular it will be entitled to the following:

- Use of the EP and Club logos on the ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner).
- Use of the EP logos for the ELPA's events, subject to EP's discretionary approval.
- Use of the game action pictures for free on the ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner).

- Use of up to two minutes of personal highlights per EuroLeague game on the ELPA's digital channels (for brand building purposes only, not to be sponsored by a partner). The content will be published as delivered by EP and may not be edited. This content will be provided upon the ELPA's request within EP's reasonable capacity, subject to the restrictions of EP's broadcast agreements.
 - Use of up to 10 minutes of EuroLeague game footage per season in the ELPA's content (e.g. docu-series, video podcasts, etc.). This content will be provided upon the ELPA's request within EP's reasonable timings capacity, and subject to the restrictions of EP's broadcast agreements.
 - Use of up to 30 seconds of EuroLeague game footage per up to two (2) ELPA partners to be used to create a partnership announcement trailer.
- o. The content produced by the ELPA and/or its title must be different to any current content and/or content title created by EP and/or the Clubs.

11. APPLICABLE RULES

- a. The Clubs and Players fully accept the EuroLeague Bylaws in force for the relevant season, including full compliance with the Euroleague Basketball Disciplinary Code.
- b. The Clubs and Players undertake to cooperate in any inquiry and/or investigation initiated by EP.
- c. The non-fulfilment of the provisions foreseen in the EFA or any attempt by either the Club or the Player to circumvent them may be considered as an infringement pursuant to the Euroleague Basketball Disciplinary Code.
- d. The Contract must contain a provision providing for an alternative jurisdiction to the Euroleague Basketball Dispute Resolution Chamber or the Basketball Arbitral Tribunal to hear any dispute arising from or related to the Contract, depending on the claimant's choice of forum. The jurisdiction of state courts will be excluded to the extent permissible under applicable law.
- e. The Players agree to comply with the anti-doping regulations in force throughout each season.

f. The Player and the Club accept that the personal data resulting from the application of the EFA may be managed by the different bodies of the EuroLeague in accordance with the General Data Protection Regulation.

g. At the beginning of each season, all Players will be provided with a copy of the applicable rules and regulations.

12. TEAM RULES

a. The ELPA will contact each Club no later than 15 September each season to propose the most suitable dates, times and venues. The Clubs will cooperate to allow the Players to attend the sessions.

26. EQUAL TREATMENT, ELPA FEES, CHECK-OFF AND ENFORCEMENT

A. EQUAL TREATMENT

Commencing with the execution of the EFA, the working conditions negotiated hereunder as well as the benefits and protections guaranteed by the ELPA to its members will be granted to all Players participating in the EuroLeague without discrimination, i.e. irrespective of whether a Player is an ELPA member or not. This clause does not apply to statutory rights under the ELPA Statutes reserved to ELPA members, such as voting in the

General Assembly or being eligible to be elected to office. All Players participating in the EuroLeague are eligible for ELPA membership as per Section 4 of the ELPA Statutes.

B. ELPA MEMBERSHIP FEE OR SERVICE FEE

All Players will pay an ELPA membership or service fee, as the case may be, as follows:

a. A Player on a full-season professional contract who is or subsequently becomes an ELPA member will pay his annual ELPA membership fee to the ELPA according to the ELPA Membership Fee Regulations.

b. A Player on a full-season professional contract (including any future Player) who is not an ELPA member will pay to the ELPA an annual ELPA service fee for the working conditions negotiated under the EFA as well as for the benefits and protections guaranteed by the ELPA as per Section A above. The ELPA service fee will be in the same amount as the ELPA membership fee required of a Player who is an ELPA member.

c. A Player with a temporary professional contract will pay the ELPA membership or service fee at a reduced rate in accordance with the ELPA Membership Fee Regulations.

The current amounts of the ELPA membership fees will be provided to the Players at the time of signing the SPC. The ELPA service fee may not be increased during the contractual period of the EFA.

If a Player also pays a membership or service fee to a national players association in the country where the Club is domiciled, this fee will be deducted from the annual ELPA membership or service fee stated above. Upon the presentation of a receipt of the payment made to the national players association, the ELPA will reimburse the relevant amount to the Player.

The funds from the ELPA membership or service fee payments stated above will be allocated for statutory purposes of the ELPA only (Section 3 of the ELPA Statutes). In particular, they will be used to improve the working conditions of all Players participating in the EuroLeague as per Section A above.

C. CHECK-OFF

Whenever legal, each Club will deduct the membership or service fee, as the case may be, from the Player's remuneration during the relevant season and will forward the deducted amount to the ELPA no later than 30 days after the date the Player has been registered in

the EuroLeague, for each player for whom a written current check-off authorization has been provided to the club.

In the case that a Club is not legally allowed to deduct the membership or service fee from a Player's remuneration, or if the check-off authorisation has not been provided, the Player will pay to the ELPA the ELPA membership or service fee himself no later than 30 days after his registration in the EuroLeague.

D. ENFORCEMENT

Upon written notification to EP by the ELPA that a Player's ELPA membership or service fee has not been paid, EP and the ELPA will raise the matter for discussion with the Player and his Club. If there is no resolution on the case within 14 days of the notification being received, the non-payment may be considered an infringement pursuant to the Euroleague Basketball Disciplinary Code in accordance with Clause 11.c. hereof.

Furthermore, the ELPA has the right to pursue a claim against (i) the Player or (ii) his Club if a written current check-off authorization has been provided to the club, and the club is entitled legally to deduct the player's membership or service fee from a player's remuneration, but fails to do so. While the payment is outstanding, the ELPA has the right to withhold from the Player the benefits and protections guaranteed by the ELPA as per Clause 26.A hereof.

27. MISCELLANEA

a. EP, the Clubs and the ELPA will establish joint initiatives to support the Players' transition from their playing career to their next step in life.

b. The Players will receive one complimentary EuroLeague TV season pass from EP.

c. During the EuroLeague Regular Season and the EuroLeague Playoffs, the Players will receive a minimum of two lower bowl complimentary tickets for every home game and one complimentary ticket for every away game. The Players will have an option to purchase additional tickets for every home game, and the Clubs will make their best efforts to offer them the possibility of purchasing additional tickets for every away game. Players may not re-sell the tickets.

28. OFFICIATING

EP undertakes to hold EuroLeague-wide preseason meetings individually with each team in order to present officiating rules and guidelines to the Players before the upcoming season and discuss open issues.

29. INTERPRETATION OF THE EFA AND DISPUTE RESOLUTION

a. All operational matters related to the EFA will be managed directly between EP and the ELPA.

b. Only in the event of a conflict arising from the interpretation of the present EFA, the Parties and the Clubs' EFA commission will form a trilateral commission, which will be made up of a maximum of three members from each organisation and the members of the Clubs' EFA commission, in order to discuss the matter in good faith.

c. Should no agreement be reached, the parties agree to submit any dispute arising from or related to the present EFA exclusively to the Court of Arbitration for Sport, in Lausanne, (Switzerland), which will be resolved definitively in accordance with the Code of sports-related arbitration.

d. If any provision of this EFA is found to be invalid, illegal or unenforceable by a forum of competent jurisdiction, the remaining provisions will not be affected or impaired thereby, except to the extent reasonably necessary to preserve the intent of the Parties, and the Parties will negotiate in good faith to seek legal remedy for the inapplicable provision.

e. Any amendment to the EFA as well as any other matter affecting the working conditions of the Players and not yet covered hereunder will only be made by agreement between EP and the ELPA. Any additional pacts between the Parties throughout the term of the present EFA or any agreements that add information and/or remove or modify its content will automatically become an integral part of it.

30. SUBSIDIARITY

The present EFA and its implementation in the SPC will operate to the extent that they are not contrary to the mandatory laws and regulations of the country in which the Club is domiciled. In the event of conflict, the latter will prevail.

The EFA is a compulsory minimum standard agreement for all participating Clubs and Players of the EuroLeague. The Clubs and Players are allowed to deviate from the EFA (including the SPC) only in the Players' favour, and only if the obligations towards EP and the ELPA hereunder are not affected.

31. NO PARTNERSHIP OR JOINT VENTURE

This EFA is made between principals, and nothing herein contained will be deemed to constitute a partnership or joint venture between the Parties hereto.

32. TRANSITORY PROVISION

For those Players with existing contracts already in force prior to the EFA, an SPC addendum will be signed between them and their respective Clubs to include the terms of the present EFA.

In witness whereof, the Parties have caused the present EFA to be executed by their duly authorised representatives as of the place and date mentioned on the first page hereof, in two original copies, each of which will be deemed an original, but all of which together will constitute one and the same instrument.
