

# DELTA FREEZE WINE SLUSHY™

The Heringer Estates Delta Freeze Wine Slushy is made from certified sustainable California wine grapes and is the perfect icy beverage to cool down with. Produced in Clarksburg, Ca, the Delta Freeze was inspired by warm, sunny days on the Sacramento River. Enjoy deliciously fruity notes of summer berries, cranberry, and pomegranate in this refreshing and sweet red wine slushy. Made from fruit juice, natural sweeteners, and of course – sustainable wine!

Enjoy this delicious slushy frozen or over ice!

# The Delta Freeze is about making wine fun and sustainable!

## Amazing Sweet Fruity Taste

Enjoy deliciously fruity notes of summer berries, cranberry, and pomegranate in this refreshing and sweet red wine slushy.

## Easy to Freeze Pouch

Take your wine slushy anywhere! The Delta Freeze Wine Slushy comes in an easy to freeze pouch with a spout or tear away top. You can enjoy it frozen or over ice, like sangria!

## All Natural and Sustainably Produced

No hidden ingredients or additives here! The Delta Freeze Wine Slushy is made from certified sustainable California wine grapes and all natural ingredients.

# The Delta Freeze is grown and produced by Heringer Estates

The Heringer family has been farming in the Clarksburg region since 1868, creating a deep bond with the community and the land. With a rich agricultural history, the family fell in love with Clarksburg while raising cattle, growing alfalfa, tomatoes, corn, and sugar beets. Through research the family found that the Clarksburg silty loam soil and climate were ideal for growing wine grapes and planted their first vineyard in the 1970s. The family sold wine grapes to winemakers across the country and grew the business to build their own winery in 2006. Now with over 24 wine grape varieties and 650 acres of vineyards, the family is committed to sustainable vineyard and winery practices in the Clarksburg AVA of the Sacramento River Delta. With Mike Heringer as head winemaker and President, the winery produces approximately 5,000 cases a year of award winning wines to showcase the Clarksburg region. Some of the most popular varieties are Tempranillo, Chardonnay, Petite Sirah, Malbec, & Tannat.

**Heringer Estates is 100% certified sustainable through Protected Harvest via Lodi Rules.**

# Winemaker Mike Heringer

The Delta Freeze is a pet project of Heringer Estates owner and winemaker, Mike Heringer. First realizing the idea in the early 2000, Mike has worked to make the Delta Freeze a reality not only at the Heringer Estates Tasting Room, but now as a frozen wine slushy you can enjoy anywhere in a take home pouch.

Mike graduated from California State University, Fresno, with a degree in food and nutritional sciences, and an option in enology. Before heading back to Clarksburg to start up Heringer Estates, he was assistant winemaker at Pietra Santa Vineyards & Winery in Hollister, CA, and an intern at Raymond Vineyard and Cellar in St. Helena, CA.

## Where can I buy the Delta Freeze Wine Slushy?

The Delta Freeze Wine Slushy is sold exclusively at:

- Heringer Estates webstore
- at the tasting room,
- and at select farmers' markets in the Sacramento and Davis area.

To taste the Delta Freeze in person you can visit the family estate by reservation at 37375 Netherlands Road in Clarksburg, CA.

## Enjoy the first club for wine slushy enthusiasts with the Delta Freeze Club!

Chill out, relax, and enjoy delicious red wine slushies delivered right to your door! Membership includes four (4) boxes of the Delta Freeze Wine Slushy with each bimonthly shipment, complimentary wine flights when you visit the Heringer Estates tasting room, and discounts on wine and merchandise.
