

IMDb Announces Top 100 Most Viewed Indian Stars of the Last Decade

Deepika Padukone is the most viewed Indian star over the past 10 years, based on the page views of the hundreds of millions of IMDb customers worldwide

MUMBAI, India—May 29, 2024—IMDb (www.imdb.com), the world’s most popular and authoritative source for information on movies, TV, and celebrities, today announced the list of the Top 100 Most Viewed Indian Stars of the Last Decade, as determined by the actual page views of the more than 250 million monthly visitors to IMDb worldwide.

[Deepika Padukone](#), who made her debut in the Hindi film industry opposite [Shah Rukh Khan](#) in [Om Shanti Om](#) in 2007, is the most viewed Indian star of the last 10 years on IMDb. In her almost two-decade-long career in the film industry, she has headlined several blockbusters, including [Cocktail](#), [Yeh Jawaani Hai Deewani](#), and [Padmaavat](#). She made her Hollywood debut in 2017 with [xXx: Return of Xander Cage](#), starring alongside [Vin Diesel](#).

“I’m deeply grateful to be included in a list that captures the sentiment of a global audience,” said Padukone. “IMDb stands as a beacon of credibility, reflecting the true pulse of people’s passion, interests, and preferences. This recognition is truly humbling and inspires me to continue connecting with and reciprocating the love I receive from audiences, both on and off screen, with authenticity and purpose.” She will next be seen in [Kalki 2898 AD](#) (releasing June 27, 2024), and [Singham Again](#) will release in theaters later this year.

“For years, entertainment fans have relied on IMDb to stay updated on their favorite stars. This definitive list, powered by our authoritative data, offers insight into the evolution of India’s entertainment landscape over the past decade,” said Yaminie Patodia, head of IMDb India. “As we celebrate the immense fandom of Indian actors across the globe, IMDb will continue to help fans connect more deeply with emerging and established talent.”
