 What kind of training and mentoring efforts take place in your region and/or its areas?  
**On the job training, mostly.**  
 Describe what kind of planning your region and/or its areas utilize.  
**The Region has a planning session in January.**  
 Does your region or its areas have any shared services with other service bodies?

**Yes Many of our Area PR subcommittees collaborate with the NEZF**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Remote and hybrid meetings and service meetings. BMLT for meeting lists.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**We do not have a regional PR but Area PR's are quite active with poster drives, facebook pages, event participation, and other activities. Most PR subcommittees participate in the NEZF PR. ABCD does not run along state boundaries so state events in MA, VT, MA and NY are done either through collaborating with the NEZF or other Areas within the state.**

How many statewide/national conferences per year do the PR/PI committees in your region and areas participate in/exhibit at: .....0

How many of these were virtual events? .....

**Reaching Decisions on WSC Issues**

---

Has your region hosted CAR workshops?

**Yes We will have one CAR/CAT workshop in each Area and one Regional assembly.**

**We will average about 10-15 members in attendance at each.**

Which method does your community use to reach a conscience on the CAR?

**Other tally - please describe below We use individual group tally but one group tally is taken at every assembly so we start off with a base of 7 group tallies (one per Area and one from the Regional Assembly).**

Does your region discuss the parts of the CAR not related to motions?

**Yes We will have to see what comes up but we take questions so you never know.**

Does your region engage in gathering a conscience for CAT material? **Yes We have to wait to do our assemblies until after the CAT is released because we collect a conscience in the CAT the same as the CAR: one group tally at every assembly plus any home groups who want to add in their individual tally.**

**Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **Remarkably well. We moved online very quickly. Most meetings were live as soon as possible and the protocols of meeting spaces were honored.**

What other subject generated the most interest and discussion in your region this cycle?

**MAT/DRT and other medications in NA meetings, getting H&I fully operational, and how we make decisions in service.**

What additional information would you like to share with other conference participants?

Is there anything in particular you want to discuss at the conference?

**What is the goal of WB or NAWS, Inc. in continuing the conversation on the 'Future of the WSC?' This conversation takes up a lot of time that could be spent elsewhere.**

**Perhaps if we had a goal, a monetary goal or a number goal or something to shoot for,**

**we could reach the goal and end the conversation. It's hard to understand what the issue is with the WSC and why we keep talking about it when the motive for WB always having it on the agenda is opaque.**

Does your region discuss the parts of the CAR not related to motions? .....No

Does your region engage in gathering a conscience for CAT material? .....No

**Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **We didn't really handle the challenges. Areas and groups were divided between Covid be a real health threat and others not believing it was a real threat. The fellowship divided by keeping the doors open and accepting the risk to infection others and their families and members shutting down the doors and going virtual. We lost about 40% of active meetings in the Region and are just starting to go back to face to face meetings. H&I completely shutdown bring a dead stop to a the flow of newcomers to the meetings, either online or face to face.**

What other subject generated the most interest and discussion in your region this cycle?

 Comments about how that works:  
**I think the southern Forum uses CBDM and it works for them. We will be looking into it for our Regional Meeting in the future**

**Service Delivery & Best Practices**

---

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes. With the Zoom meetings that have been set up smaller communities have been reached in a way not possible before and we do have increased members attending from Treatment centres and then coming back after they leave.**  
 Has your region discussed where NA does not exist in your region? ..... **Yes**  
 What kind of training and mentoring efforts take place in your region and/or its areas?  
**We have had some workshops on Sexual Harassment and how to deal with that.**

**Our PR Chair conducted some Workshops on Public Relations during his term 2018 to 2023.**

Describe what kind of planning your region and/or its areas utilize.

**We have a Forward Planning session and mark off goals achieved and add new projects at the RSC's quarterly meetings**

Does your region or its areas have any shared services with other service bodies?

**Yes PR the regional chair shares resources with the other areas PR committees. For instance a Print Run of the latest Poster was shared with Central and Southern and they simply changed the area name and contact details on the poster to suit their needs. Ideas on Back of Bus and Radio ads have been shared but so far not taken up by other areas**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**We did try Face Book Ads but they were disallowed because of the use of the word Narcotics.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**Back of Bus Ads in the largest city, Auckland.**

**Radio Ads which ran for a short period of time**

**(We have no way of counting the effect of these Ads until we do our Survey in March 11th to 18th where we have a question about how people heard of us.)**

**New Flyers with a Maori motif look really great and have been put up in Doctors Surgeries. and Citizens Advice Bureaux**

**The Drug Court continues to be a great advocate of NA but so far only Auckland has this option for addicts caught up in the Criminal Justice system**

How many statewide/national conferences per year do the PR/PI committees in your region and areas participate in/exhibit at: .....1

How many of these were virtual events? ..... 0

Which method does your community use to reach a conscience on the CAR?

**Discussion and vote by GSRs at regional workshop/assembly**

Does your region discuss the parts of the CAR not related to motions? ..... No

Does your region engage in gathering a conscience for CAT material? ..... No

**Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **Our Web committee swung into action and we had most of our meetings as Zoom meetings within a week of the Lock Down.**

**Web worked tirelessly to get information up on line with the Zoom logins for every meeting that they were asked to. They bought packages of Zoom meetings paid for by RSC so that every meeting could have access to a Zoom meeting**

**People attended their home groups and continued contributing their 7th Tradition to the Bank Accounts on line.**

**New comers were welcomed and people got clean in the Lock Downs, staying on line for a chat after meant people could ask for sponsorship support and were welcomed back each week.**

What other subject generated the most interest and discussion in your region this cycle?

**Sexual Harassment - we have put out a preamble which meetings can choose to read out during the Chairs introduction. Many meetings have taken up this offer of the wording.**

**The FSO Fellowship Services Office which is a separate but distinctive arm of NZNA, employs special workers and now has Charitable Status. as the income it generates comes up to the ammount where a business much register to pay GST. This was done with the help of a dedicated group of volunteers and a specialist .**

**FSO took advantage of a Government Rescue Package due to the decline in revenue during the pandemic. Some members felt this was a break of our Traditions and so are contributing to an account to repay the Resurgence Grant.**

**My role as RD was extended for a year to facilitate the change in the WSO cycles during my term**

What additional information would you like to share with other conference participants?

**Sorry this report is late. until out last RSC I did not know if i was going to attend this meeting as our RD, Our Gathering is in March and a new RD is elected at that meeting. (The AD is endorsed to become RD. ) But the Guidelines stated that I remain as RD until the following RSC in June so it was mooted that I attend and Tim P, our AD would still come as AD and learn the ropes.**

Is there anything in particular you want to discuss at the conference?

**How others handled the Pandemic?**

**Interested in starting a discussion around Sexual Harassment and Predatory Behaviour and how other regions handle it?**

**We are holding our Survey in a few weeks so I may have some initial (unofficial) stats to share at the conference.**

 What kind of training and mentoring efforts take place in your region and/or its areas?

**The sub-committees work smoothly holding workshops on PR/public information, H&I, development, problem behavior hotline, etc.**

Describe what kind of planning your region and/or its areas utilize.

**Planning currently has as its objectives between the Argentine region and the areas that compose it; to form new regions within our territory. For them we will hold virtual meetings, training workshops and what will allow us to generate closeness in services in the future and also the analysis of economic needs and optimization of financial and human resources helped by the strengthening of closeness. This work will allow us to generate the possibility of opening areas and groups in places where they do not exist.**

Does your region or its areas have any shared services with other service bodies?

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Communication between the regional sub-committees was improved, as well as between the areas and their groups, and the greatest success we generated is the marathon meeting held twelve meetings a day, seven days a week, 365 days a year.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**In the Argentine Region, PR and PI are two separate subcommittees, but, based on virtuality and the need to coordinate events together, many of them are held jointly. The subcommittees of the areas are supported with workshops, audiovisual material and training in social networks. Workshops were also held and groups were opened in vulnerable neighborhoods.**

Has your region hosted CAR workshops?

**Yes Each area was encouraged to carry out its own meeting prior to the assembly and they took this proposal positively, and the delegates together with the RCMs are preparing a virtual meeting prior to the assembly on March 4 face-to-face and a hybrid one on March 26**

Which method does your community use to reach a conscience on the CAR?

**Discussion and vote by GSRs at regional workshop/assembly**

Does your region discuss the parts of the CAR not related to motions?

**Yes By generating awareness of the importance of involving the GSRs of the Argentine region, we also encourage debate for decision-making. We also support the 7th Tradition to raise awareness among its members. In addition, the delegates encourage dialogue and participation, in short, unity. 1st tradition.**

Does your region engage in gathering a conscience for CAT material? ... **Yes In the same way that we are generating the CAR in the meeting prior to the assembly and on the face-to-face and hybrid assembly**

 Comments about how that works:

**We use a modified WSC approach to consensus discussion at the Region. We apply a higher percentage to pass proposals than WSC does. Various Areas have different approaches and most models of CBDM in Australia are watered down Roberts Rules in disguise. True CBDM hasn't been implemented.**

**Service Delivery & Best Practices**

---

Are fellowship development (FD) or outreach efforts provided within your region?

**Yes. Because Australia's main population is on the coastal fringes of our continent, small groups or lone members in rural towns are supported by outreach as they are not encompassed by an area. FD runs a sponsorship program to develop connections with members that have limited resources in their surrounding communities. FD holds monthly meetings with interested RCMs and outreach members. FD collaborates with all sub committees of the region in achieving our planned goals sourced and prioritized by the strategic planning committee.**

## **Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **Australia already had a virtual area operating so it was an easy transition to virtual meetings, there was a lot of confusion in the beginning as it unfolded but NA Australia actually thrived during the pandemic welcoming new members and watching them grow, we celebrate zoom comers rather than newcomers (or zoom babies some of us older members like to say) celebrating their 1 year and now 2-year milestones. Our wonderful Information Technology committee had our new meetings up on our website na.org.au very quickly We changed the structure of the regional meeting schedule from meeting 3 times per year face to face going ton 4, 3 virtual meetings and one face to face in September, unfortunately seems we are Sydney centric again, which is thought of being a barrier to service for members that don't live there or get the opportunity to experience it so the challenges to service are still being realized. The challenges of losing members to the pandemic is still being felt by some and we stand with them, we lost our beloved Ron B who served on world. Our go at the World Convention was ruined by the pandemic and it was a hard blow to our fellowship, and we have asked or will be asking for it to come back to us sooner rather than later. .**

What other subject generated the most interest and discussion in your region this cycle?

**Working alongside our literature distribution center, the Australian fellowship office, which has been our legal entity when NA became somewhat manageable back in the 80's. Region has reached a level of maturity and with Australian tax/income laws we had to become an incorporated charitable organization, so, our relationship with the FSO has changed and we have been building on that. Keeping service positions filled and the lack of members on committees or in positions, implementing strategies to help people to serve at region. Meeting in person for the first time in 2 years was a big one. the CAR & CAT, the APF fund flow was cut to its minimum and all extra 7th was forwarded to NAWS, we worked with the APF to get clearer financial reporting. Other regions coming on board with the gender motion, the slow change to include all, especially people that do not resonate with him/her in our literature.**

Does your region discuss the parts of the CAR not related to motions?

**Yes WE TRY TO SEE MANY OTHER PARTS OF THE CAR AS WE HAVE A DELEGATE SUPPORT GROUP AND SOME MEMBERS FOCUS ON OTHER IMPORTANT ISSUES OF THE CAR**

Does your region engage in gathering a conscience for CAT material? ..... **Yes LIKE THE CAR, WE HOLD SOME WORKSHOPS ON THE CAT. WE ALWAYS TRY TO KEEP OUR COMMUNITY INFORMED ABOUT THE FUTURE OF THE WSC AND OUR FELLOWSHIP, EVEN THOUGH IT IS NOT TRANSLATED INTO SPANISH, WE HAVE A TRANSLATION COMMITTEE THAT SUPPORTS US IN THAT**

### **Innovations and Challenges**

Please describe how your region handled the challenges of the pandemic? **A GREATER USE OF TECHNOLOGY EVEN THOUGH WE ONLY HAD A BREAK IN OUR FACE-TO-FACE MEETINGS, WE ALWAYS TRY TO BE IN COMMUNICATION AND DOING SERVICE ON SOME OCCASIONS WITH VIRTUAL WORKSHOPS**

What other subject generated the most interest and discussion in your region this cycle?

**THE IMPORTANCE OF THE FELLOWSHIP CONTINUING IN PERSON AND WITH LESS VIRTUAL CONTACT SINCE WE SAW THE ISSUE OF LENGTHENING THE CONFERENCE CYCLE. WE THINK THAT WITH THIS THE FELLOWSHIP WOULD GET MORE AND MORE DISTANT, AND WE THINK WE WOULD HAVE TO MAKE EFFORTS SO THAT THE MEMBERS ARE CLOSER TO NAWA AND THE CONFERENCE**

What additional information would you like to share with other conference participants?

**WE SENT AN ESSAY THAT WE WOULD LIKE TO BE PUBLISHED BEFORE THE 2023 CONFERENCE, THIS IS IN REGARD TO THE SURVEY TO PRIORITIZE PROJECTS AND WHICH IN OUR VIEW IS VERY DISTANT FROM WHAT WE TRY TO CREATE OR MAKE DECISIONS ON, WE SEE THAT IT IS A LITTLE LIMITED OR LACKS INFORMATION AND THE FELLOWSHIP WILL NOT HAVE THE REAL CONTENT OF OUR MOTIONS OR PROJECTS TO CREATE RECOVERY SERVICE LITERATURE, SO WE BELIEVE THAT IT WOULD BE VISUALIZED BEYOND A SIMPLE SURVEY FOR THE FELLOWSHIP SINCE THE DECISIONS ARE CARRIED OUT IN THE WSC NOT IN THE SURVEY EVEN THOUGH WE TAKE THE VOICE OF OUR COMMUNITIES OR REGIONS, THE PLACE AND THE FORM WOULD BE BEYOND THE WSC SINCE MANY MEMBERS DO NOT HAVE ACCESS TO TECHNOLOGY AND WE SEE THAT SOME OF THE HEADLINES OF THE SURVEY ARE VERY POOR IN THEIR CONTENT**

Does your region or its areas have any shared services with other service bodies?

**Yes We provide website, bmlt, and phonline services to certain areas in Kentuckiana region and they allow us to take part in their group conscience on the floor of the conference per the KBARNA unity agreement. We also host chicagoland on our BMLT server to reduce duplication of efforts and costs.**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**The bmlt has really helped us to grow. We are one of the longest users of it and have seen drastic growth and great cost savings since we started using it for our meeting lists paired with Yap. We have been able to give Phonline's to every area in our region and some areas of our sister region Kentuckiana.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

Please describe how your region handled the challenges of the pandemic? **We were the most prepared region in the US for the pandemic other than maybe Alabama NW Florida. An area in our region, Kentucky Survivors Area, had been hosting hybrid meetings since 2018 and were the first hybrid H&I meeting in the US. When the pandemic hit members of that area mobilized and started creating training tools to train members of our region and members all over the world how to host, run, and best practices for virtual and**

What other subject generated the most interest and discussion in your region this cycle?

**The FIPT motions**

What additional information would you like to share with other conference participants?

**We would like to thank the Conference for recognizing the unity agreement with Kentuckiana Region allowing us to participate as an unseated region via the Kentuckiana seat. As one of three places left in the United States where Mother Theresa still has a mission we are a very poor region and in a lot of ways we find our thinking to be more similar to regions outside of the United States. We are grateful to the Conference for allowing us to participate without the need to expand the size of the Conference.**

**For us we have been growing throughout the pandemic by utilizing online meeting platforms. We have been able to gather online, build unity by rewriting our regional policy on zoom, and increase the number of meetings via mentorship through sponsorship. We believe sponsorship to be the heartbeat of our region and look forward to seeing what the next few years brings. We are happy to provide technical phonline, and virtual meeting list services to other regions and hope to have a good conference.**

Is there anything in particular you want to discuss at the conference?

**We would like to discuss a way to be more inclusive of our newer NA communities around the world.**

 Comments about how that works:

**Each proposal is widely discussed among the service structures involved. The goal is to try to reach consensus. Sometimes it takes more than one round of debate between representatives to reach agreement on a given issue. Naturally, it is not always possible to obtain this consensus, and in this case simple or absolute majority voting is the final decision tool.**

Does your region or its areas have any shared services with other service bodies?

**Yes We did, with Brazil Nordeste Region (unseated on WSC), a Unified Convention. We will also hold, with this Region, a Service Forum.**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Our Helpline is based on VoIP technology. Each attendant installs an application on their phone to receive calls. Calls are distributed through a VoIP-based switchboard, which is a service contracted by the Region. The use of VoIP totally eliminates the use of common telephone lines to receive and forward calls. We also provide helpline via WhatsApp, Facebook Messenger and Instagram. The amount of messages surpassed voice calls.**

Please describe how your region handled the challenges of the pandemic? **The first challenge was to keep Public Relations services active somehow, as well as the recovery meetings. To reach that pupose, we invested in online communication tools. We started a fully virtual H&I panel, which continues to be done. This initiative encouraged the Areas to do the same in their communities. Today, even PI panels are made in a hybrid way. Communities began holding virtual meetings, and s time passed by, a fully virtual Area Service Committee appeared and was seated in the Region. The Helpline service has evolved to also work with social media tools, assisting people who come to us via Facebook and Instagram. Regional meetings are now completely virtual, being hybrid once a year.**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**with the onset of COVID the use of technology has grown exponentially. development of new website technology and online meeting forums are now widely used.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**Currently our Public Relations Committee does not have any Outreach efforts and do not fall under FD as of yet. Our outreach has been an open position since before COVID. What we have done as a subcommittee is made it easier for loner groups to open meetings by going to our website and clicking a button to start a meeting. This email gets sent to the PR Chair, who sends it to Literature who put a startup package together and send out. The chair will reply to the email with this info and see if more assistance is needed.**

### **2. What kind of training or mentoring are taking place?**

**Again, we have not had any real efforts since before COVID. The chair mentors the vice chair by including him in workshops and conferences. Attending and guiding... We have training sessions when attending conferences but that's about it.**

### **3. How did PR handle the challenges of the pandemic?**

**I'm not sure.... We concentrated a lot into getting literature out to people as for many it was the only recovery possible. We held subcommittees online and tried to keep moral up.**

### **4. What current project are happening now?**

**Currently our PR Subcommittee is putting together graphics to order new PR booths, we have just elected a new Writing Steps for Recovery liaison who will restart the program of connecting people who are incarcerated with members of Narcotics Anonymous to complete a set of steps through the mail.**

**We also have a Jail Liaison position who is in charge of distribution of books to BC jails. We focus on the jails who are in areas where there is not enough money to provide literature to the prisons. We generally send in a bunch of White Booklets, if members on the inside want more literature they are to write to the address in the book. At times literature is sent into some jails for the chaplain or counsellor to hold onto for addicts who are looking to read.**

### **5. What future projects are on the books?**

**I am unsure.... I feel like the biggest project will be a switch from Public Relations to Fellowship Development. The next year or so will be spent readjusting to a new chairperson as I will be no longer there.**

Please describe how your region handled the challenges of the pandemic? **Chesapeake and Potomac**

**Region of Narcotics covers a very wide range of communities. From the inner city, urban Washington, D.C. to the suburbs of Maryland and Northern Virginia. It also includes small towns and the very rural section of Southern Maryland. In March of 2020 when we were all stunned by the immediate closure of buildings, every aspect of our lives were changed. Work places, restaurants, schools, essentially all public gathering came to a halt! Narcotics Anonymous meetings as we always knew them had to react quickly. Some Groups formed their virtual platform without missing even one week. Other Groups folded and have not yet returned. New Groups formed which had never met in person and are still thriving today, reuniting members who got clean here and have since moved. Some Areas never really fully shutdown but were limited by capacity or availability of space to meet. One of the challenges regionally is that we were regulated by conflicting jurisdictions. Reactions by three states, numerous counties and municipalities with different levels of requirements such as masks and seating capacity were changing almost weekly.**

**Today, nearly three years later, about half of our 351 meeting are still virtual or hybrid.**

**Most of our Area Service Committees meet virtually or hybrid. Many of the challenges**

**we had to overcome were just like the rest of society. Isolation, lack of human contact, social separation impacted us as a society as a whole bringing with it mental health issues. Many of our members adjusted to Zoom without hesitations, other were reluctant due security concerns. Virtual meetings became more available to members with disabilities or no transportation. And Bombers were a real nuisance until we could deal with that disruption.**

**Some members are celebrating three years clean, meaning they were able to hear our message before ever attending an in-person meeting. It is impossible to know how many addicts were unable to connect but we can try to reach them as best we can. It would be difficult to say that the addicts that are dying everyday would be saved if not for the pandemic but as we all know this disease is relentless.**

Has your region hosted CAR workshops?

**Yes I held two for the Region and 7 other workshops at various areas. These were much better attended than ones I have attended in the past.**

**I am still waiting on more information from our PR Chair and will forward more information once he responds.**

Which method does your community use to reach a conscience on the CAR?

**Tally-one vote per Area**

Does your region discuss the parts of the CAR not related to motions?

**Yes I began the workshops with describing how World Service works before getting into the CAR motions. I still find a severe lack of knowledge on World Services within the Region and have done extra work to try and better educate the Georgia Region**

Does your region engage in gathering a conscience for CAT material? ..... No

Please describe how your region handled the challenges of the pandemic? **We canceled one Region and then adopted Hybrid format that still continues but now about 80% of participants are in person.**

What other subject generated the most interest and discussion in your region this cycle?

**One is a debate about keeping Hybrid Region as many people prefer live and feel it is better with everyone in the room. That debate continues Adopting better Policy around CBDM.**

**How to get more people involved with Service as we need more people for our Sub Committees**

What additional information would you like to share with other conference participants?

**The Georgia Region has had a huge increase in donations in the past 2 years.**

**Traditionally the average donations were about \$15,000 per year. The last Annual Report it grew to \$26,000 and this year it will be closer to \$50,000.**

**I think there are two reasons; One is the fellowship stepping up to the financial crisis and the other is electronic donations. Prior to COVID our donations were almost all Cash. Groups quickly switched to electronic and that seems to have made the biggest impact.**

Is there anything in particular you want to discuss at the conference?

**WSC of the future in getting Regional Motions discussed at CP Meetings prior to CAR Publication. This way the fellowship has more time to absorb and give feedback**

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes. We have an Outreach subcommittee which supports all ASC subcommittees. We follow the workgroups of new ASC creation and we seek to support all ASCs with the Sectors project**  
 Has your region discussed where NA does not exist in your region? ..... **Yes**  
 What kind of training and mentoring efforts take place in your region and/or its areas?

**We did events to help ASCs and groups in the Regional service forum (biannual). Overall, the event was organized by the Events subcommittee. Each subcommittee developed workshops with themes about service. Furthermore, we had separate events in all subcommittees for training and service development. Every 2 months we have a meeting of the specific subcommittees to discuss and share experiences among the regional and ASC trusted servants. This meeting is open to every member who want to serve. Furthermore, the administratives and regional subcommittees servants have an amount of money available to go to ASC meetings, both in regular ASC meetings and subcommittees meetings.**

Describe what kind of planning your region and/or its areas utilize.

**Monthly regional meeting with the ASCs representatives: If an area doesn't have an RCM elected, any administrative trusted servant may represent the ASC with the right of voice and vote. The following month, we have a specific meeting for subcommittees, where all NA members can join and discuss about the service as a whole. The ASC meetings happen once a month and the ASC subcommittees happen weekly with service training.**

Does your region or its areas have any shared services with other service bodies?

**Yes The regional delegates participate in the ABNA (Brazilian Association of NA) structure, one meeting every 3 months, one virtual and another in person. In these meetings we discuss and make decisions about national services, specifics requests of the regions (in Brazil we have 10 regions) that need help for any local project.**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**During the pandemic, the Grande São Paulo Region began using the Zoom Platform for its regular and specific meetings. Today the Grande São Paulo Region uses it for extraordinary meetings, meetings of the Regional Convention and Regional Subcommittees. ASCs in need can also request to use the Zoom platform.**

**In addition, the website [www.na.org.br](http://www.na.org.br) is being developed by the ABNA Group, and has specific areas for the Brazilian Regions and the Grande São Paulo Region, where all the reports of regional meetings and ASCs are available to all NA members.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**The Grande São Paulo Region produces publicity materials (posters, leaflets, bathroom stickers, wall stickers, leaflets, institutional folders) distributed as a form of incentive to the PI and PR subcommittees in the areas that are part of the region. In addition to these materials, the ASCs produce other types of promotional materials on their own, such as bags of bread with NA advertising to distribute to bakeries, mannequins dressed in advertising vests with leaflets for advertising and garbage bags for cars.**

**We publicize the fellowship in events such as: September 7th parade (Brazilian Independence Day), Freemind (International Congress on subjects related to chemical dependency).**

An ASC held the FAL event (Local Action Forum) where members sign up and during the week of the event participate in various local actions such as: Public Information presentations, H&I Panels, outreach panels, etc.)

The Grande São Paulo Region promotes the national social networks of NA on a monthly basis, through ABNA's Social Media Services Group (R\$ 300.00 per month that reach an average of 260,000 people).

A regional Visual Identity Manual was also developed, that is, a PDF containing an explanation of the importance of maintaining consistent communication in terms of publicizing the Fellowship, a button for downloading the logo, fonts used, technical codes of colors and publicity pieces, all finalized for use in brochures, flyers, institutional folders, banners, presentation videos, billboards, etc. Project so well accepted that it was taken and approved by the entire Brazilian community of NA.

Please describe how your region handled the challenges of the pandemic? **We held regional and subcommittee meetings virtually, purchasing a Zoom platform ID for the Region. In addition, we suggested that the ascs hold their meetings in the same way and made the region's virtual room available for use by the ASCs. Some are still gathering in this way. Our PR/PI instructed ASCs to seek health surveillance standards for reopening groups according to each municipality.**

**The Outreach and Helpline committees created a list of virtual group meetings.**

What other subject generated the most interest and discussion in your region this cycle?

**Virtual meetings and virtual structures, plus PR, Literature, and Fellowship Development services**

What additional information would you like to share with other conference participants?

**Help Line - Service in cooperation between structures with a national number with a 3-digit 24-hour service. List of groups being organized by the national website, which the trusted servants of the groups fill in directly, keeping the information up to date.**

**H&I - Service being developed through the Cartas Project organized regionally and answered by the ASCs. Prisoners are sponsored by ASC H&I workers**

Is there anything in particular you want to discuss at the conference?

**1. Make a visual identity manual targeting the regions**

 Comments about how that works:

**Although our region does not use consensus-based decision-making per se, our discussion time usually involves feeling out people's motives and reaching compromise, and trying to use CBDM. Sometimes it still goes to vote. Most areas do the same. A couple of areas use it fully and say it is working ok. Others still might have a vote but only after lots of discussions.**

**Service Delivery & Best Practices**

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes. We communicate between our areas and the region and work on doing outreach. Some areas have Rural NA or Outreach committees.**  
 Has your region discussed where NA does not exist in your region? ..... **Yes**

What kind of training and mentoring efforts take place in your region and/or its areas?

**Mostly informal with experienced people pairing up with newer servants. Also, we have learning days and events to help mentor, sometimes inviting people from other regions or zones to participate. Usually done more individually or personally though areas do some training through workshops.**

Describe what kind of planning your region and/or its areas utilize.

**Nothing formal though we have done some planning in the past at both regions and areas. Pandemic probably affected a lot of this.**

Does your region or its areas have any shared services with other service bodies?

**Yes We try to collaborate between areas and we are currently discussing ways to better collaborate with ChicagoLand Region. Sometimes it is better than others depending upon the servants we have at the time.**

Has your region hosted CAR workshops?

**Yes These are still ongoing so no exact number yet.. I have an online form for all areas/groups/members to vote on and we are actively having these as we go.**

Which method does your community use to reach a conscience on the CAR?

**Other tally - please describe below I have an online form for all areas/group/members to vote on and we are actively having these as we go. Areas count the highest but we are taking in total numbers to get a better consensus or feeling of how the region feels about issues.**

Does your region discuss the parts of the CAR not related to motions?

**Yes We discuss it in general.I am presenting an overview and answering questions. The primary focus is on the CAR.**

Does your region engage in gathering a conscience for CAT material? ..... **Yes I am presenting an overview and answering questions. I will ask for input on the CAT but it is the CAR that most of the conscience is from.**

## **Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **Mostly came together and supported each other online as much as possible. Some meetings and areas were still able to do some things in person but most went online. We did an online greater gathering for our convention in 2020 which was well supported even with speakers from other countries. In 2021 and 2022 we were able to do in-person conventions again. We definitely used online support to share information. It was amazing how fast many of our meetings went online. Now most meetings in our region are back in person though there are some virtual and hybrid meetings.**

What other subject generated the most interest and discussion in your region this cycle?

**The most interest and discussion was about supporting our groups especially as we are coming out of the pandemic. We also have been discussing a lot about our convention, financial budgets, and insurance for meetings. We are trying to find cost-effective ways to provide insurance support for meetings that need it. We have interacted with the ChicagoLand Region to look at ways to maybe collaborate on these and other issues such as PR. Any experience on this is appreciated. We've also been looking at 5013c**

What additional information would you like to share with other conference participants?

Is there anything in particular you want to discuss at the conference?

**What can we do to remain transparent and clear with fellowship things? Maybe we can provide a medium to help with this to make things more clear and more transparent to help share information better.**

**How can we make better use of all of our experience and volunteer resources around the world We seem to have many experienced members that can and will do a lot but seem to be challenged on how to best use these resources.**

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes. We have 2 FD committees from 2 of our Areas where they try face the needs of our Region/Areas. They organize Learning Days, Unity Days. go to the remote groups and do workshops/ give support and experience, the FD members contribute with their**

experience to open new meetings and generally in collaboration with the PR of region/areas help the development of the local and national NA fellowship. A new ASC was also created which has the support of FD subcommittee. Presentations of NA program into refugee structure were achieved with the help of members who spoke the language of the refugees/immigrants. FD members have built over 30 workshops of 12 Traditions using the questions from the book "Guiding Principles" and presenting them to groups with hope and faith. The response from the members was encouraging.

Has your region discussed where NA does not exist in your region? ..... Yes

What kind of training and mentoring efforts take place in your region and/or its areas?

Many workshops are held by H&I, PR, FD in collaboration with members and committees from abroad. Through the RD we are looking for connection and experience with other European and non-European regions. There is extroversion and search for new knowledge and experience. We encourage the service bodies and committees and consistency in chairs so that one trusted servant can pass his experience to another before his service ends. We also encourage the RDs to bring workhops from other NA fellowships.

Since the publication of our "Guiding Principles" book, members, groups, service bodies and committees have been working with the questions of the 12 Traditions. There is an upgrade and improvment. Workhops are held, many kinds of inventories and in general the understanding of members and trusted servants has changed. There is hope and faith for our NA future and for the addict who still suffering and has yet come.

Describe what kind of planning your region and/or its areas utilize.

We try to set long-term goals as well as short-term ones. This depends on the financial budgets reported by the committees and on the needs we have as a region or areas. Rising and creating guidlines of new areas, planing for regional convention, Unity Days with groups which help the relationship between members and find the ties that bond us, pre convention events, annual summer local conventions from different areas, various workshops in different areas to face local issues..

Does your region or its areas have any shared services with other service bodies?

Yes There is frequenty collaboration between the areas. H&I .PR,FD,PHONELINE,LITERATURE committees are constantly in communicartion and do jointly actions. We belong to the European Zone (EDM) and many of our sub-committees cooperate with other regions, exchanging experiences and doing joint workshops and presentations.

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

We use technology in order to hold recovery meetings, service and business meetings. A lot of virtual and hybrid workhops, virtual conventions and Learning Days events during the Covid pandemic. Dynamic update of regional website (more information&server). Connection with isolated members and groups who needed

**help. We also building new virtual groups. The CAR workshops were carried out via Zoom platform and had the participation of all GSRs of 4 ASCs..**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**We have very active PR/PI committees. Many presentations to the Goverment bodies, PR interviews on radio stations and on web radio, contacts with the National coordinator for drugs issues, pre-coference events, during PR week there were street events with banners, video, pamphlets,, poster on buses and our message was there for 24 hours at bus stops in the form of telematics, as well as a bench in a drug addict's square was painted blue (BT color) with the telephone numbers and details of the local NA fellowsip. -The Regional PR committee planning to spread awareness throughout the legal system including judges etc. Presentations tp police and local Bar Association. PR in collaboration with FD visited remote groups and trained members with workshops around PR policy (11th Tradition). Also in collaboration with the phone line committee they go to pharmaciew and leave cards and PI pamphlets with information about NA programme.**

Please describe how your region handled the challenges of the pandemic? **We responded quickly to the challenges of the pandemic. The web site was upgraded, we created a national framework of information, knowledge and training for virtual meetings via zoom. An appeal was made to members to come forward and contribute money to help NAWs. We tried to help isolated members and groups connect with the rest of local NA. We made financial budgets of expences and needs since member's contributions and literature distribution decreased. We learned to do the right thing for thr right reason and become**

**better organized. Through virtual events( Learning Days, marathom meetings, conentions) we kept warm the faith & hope of members and newcomers. During pandemic period, most of the workshops were organized by our committees and members who never had the opportunity to take part in a workshop participated. We connected with the global fellowship through technology and became more outgoing. We came out of our "borders" and saw the greatness of the whole fellowship. We realized that we were not alone in these challenges. So as a result new friendships were created between the members and new collaborations between our committees with other regions. The pandemic was in itself a challenge to revise and re-examine several of our guidlines.**

What other subject generated the most interest and discussion in your region this cycle?

**We were generally concerned with the literature and what materials we would like to have either as members or as service bodies to assist us in our personal recovery and development/evolution of our services. As well as about FIPT.**

What additional information would you like to share with other conference participants?

**We believe that all the information we provide reflects our growth and year by year our fellowship grows and matures more and more. through our passion and our love for our NA. We are grateful that as a region we have "voice" and a place in the global Narcotics Anonymous conscience and we try to contribute the best possible we can so that we all fulfill our Vision together and that our message goes to the language and culture of every addict who still suffer.**

Please describe how your region handled the challenges of the pandemic? **There was no communication experience in the face of the pandemic. The challenge in communication was key and difficult. The Zoom platform was key to getting started with communications between service members and groups. Another challenge impacted H&I, since the technology was not available in the institutions to transmit the message. When the government allowed meetings with a large capacity to come in, this service was restored. In the same way, the service structure had to be adapted to virtual meetings, using tools in the cloud to keep minutes, and for online money transfers for the Seventh Tradition. Another impacted service was that of literature. The person in charge of this service began to use a private courier to send it, until the government lifted the quarantine, and was able to deliver the orders it received. In short, many members in the region had a hard time participating and/or using digital tools to continue recovery meetings and services. Financially, the usual amounts in Seventh Tradition contributions stopped being received and the facilities of the Guatemala**

 Does your RSC meeting use CBDM to reach decisions? ..... **Yes**  
 Do any of your areas use CBDM to reach decisions? ..... **Yes**  
 Comments about how that works:

**IN THE MINAS RSC MEETINGS, WHEN WE HAVE A PROPOSAL TO VOTE ON, THE MEETING CHAIR GUIDES US AT FIRST TO REACH CONSENSUS. IN CASE IT IS NOT POSSIBLE WE LISTEN TO ONE OF THE MINORITY VOICES AND ONE OF THE MAJORITY VOICES AND AFTER DISCUSSION, WE TRY THE CONSENSUS AGAIN. IF WE DON'T REACH CONSENSUS, WE GO FOR A FORMAL VOTING PROCESS USING ROBERT'S RULES. THE SAME SYSTEM HAS BEEN USED IN THE ASC. WE CONSIDER CONSENSUS WHEN WE REACH AT LEAST 80% OF VOTING MEMBERS.**

**Service Delivery & Best Practices**

Are fellowship development (FD) or outreach efforts provided within your region?

**Yes. FD IN THE MINAS REGION AIMS TO SUPPORT THE GROWTH OF ALL 13 ASCs WHICH ARE PART OF THE REGION. HOWEVER THE MAIN OBJECTIVE IS TO DEVELOP THE NORTH OF MINAS STATE, A LOCATION THAT THE IS DIFFICULT TO REACH AND HELP NA GROW.**

**THROUGH FD, WE CREATED A LOCAL STRUCTURE IN THE NORTH OF MINAS STATE AND WE MANAGED TO OPEN 4 GROUPS IN THE LAST CYCLE, WE GOT CLOSER TO THESE GROUPS' TRUSTED SERVANTS AND WE PAID THEIR EXPENSES TO BE IN ALL RSC MEETINGS. IN MAY OF 2023, WE WILL HAVE A LOCAL SERVICE FORUM IN THIS PART OF THE STATE WITH THE TRUSTED SERVANTS OF THE 13 ASCs.**

**THERE WILL BE PR SERVICES IN THE CITY, WE WILL GO IN THE INSTITUTIONS TO PRESENT OUR FELLOWSHIP, MAKE A POSTER COLLAGE, PROVIDE PI ON THE RADIO, AND DISTRIBUTE MEETING LISTS ON THE FREEWAYS.**

Has your region discussed where NA does not exist in your region? ..... **Yes**

What kind of training and mentoring efforts take place in your region and/or its areas?

**AS DESCRIBED ABOVE, IN OUR VISION FOR NA SERVICE IN THE MINAS REGION, WE HAVE AS A MAIN FOCUS FELLOWSHIP DEVELOPMENT IN THE NORTH OF THE STATE. WE HAVE MOVED FORWARD IN THE LAST YEAR OPENING 4 NEW GROUPS AND WITH DEVELOPING OUR TRUSTED SERVANTS. SOON WE WILL FORM A NEW ASC IN THAT LOCATION.**

## **Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **We were already meeting hybrid and converted to virtual-only meetings until July 2022. We provided support and guidance to groups that requested it. We supported groups and members learning to use virtual meeting platforms. In order to be sure we were not providing inaccurate information to addicts, we were forced to start our meeting list from scratch by supporting Areas in confirming that meetings actually resumed activity before putting them on the regional websites meeting list again.**

What other subject generated the most interest and discussion in your region this cycle?

**The decline of trusted servants willing to sponsor newcomers and participate at Area level service. The decline of experienced members in service.**

What additional information would you like to share with other conference participants?

**Member willingness to serve seems to be on the rise in the past few months as people become comfortable meeting again in-person and newer members who got clean on the screen, are joining in the service structure.**

Is there anything in particular you want to discuss at the conference?

**MAT as a life-saving avenue for newcomers amidst the epidemic of overdose and death. Gender Neutral and welcoming language-adaptation in our literature. Approaches to explaining the need for a transition from financial dependence on literature sales to reliance on member contributions- perhaps a kind of introductory reading card or flyer?**

Please describe how your region handled the challenges of the pandemic? **I personally just moved back into the State of WV a little over 2-years ag, after being away from the Mountaineer Region for about 16-17 years. I was in Texas for the beginning of the pandemic. This is what I've gathered from asking and being an observer. At first it wasn't very organized or successful. I imagine that was true universally across the US & the Globe. Definitely was the case in the Panhandle of Texas, and it's apparently true of here as well. Like Many of us we strove to find ways and means to keep meetings going by moving outdoors, requiring masks, distancing, whatever-we could to help us keep carrying the messages-because the mechanisms distributing the drugs weren't closing-Addicts we're still dying. Still are I'm afraid. We all had to learn how to navigate technology quickly and figure out what works well and what doesn't. We lost essentially all H&I, and are still struggling to get some back. Our region is unfortunately at or near the top of**

**overdose and death of addicts per capita nationally-probably indicating we aren't doing well yet. We're growing, but we're not getting ahead of our problem yet.**

What other subject generated the most interest and discussion in your region this cycle?

**Outreach, how to carry the message. H&I; how to get back into the facilities. Re-ignition of peoples' zeal to get back into service... and convention to help finance all the outreach and instill that zeal.**

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes. We consistently add new meetings and try to reach more rural communities in our area of the state. Generally, this happens in a rather informal way. People interested in starting a meeting often reach out to myself or other trusted servants who have significant clean time. We encourage them to attend our ASC meeting. I also make sure**

to help them find ways to get readings, register meetings with NAWS, and request starter kits. We have several treatment centers that bring in people from smaller communities. When they leave treatment, folks often want to bring NA to their hometowns. We work with them to identify strengths and challenges they might have in doing this. We also try to help them identify other addicts close to where they live to support them and the possibility of a new meeting. Obviously, it is sometimes difficult for a newcomer to navigate the challenges of staying clean and trying to get a meeting off the ground, so we try to be realistic about what has worked and not worked, as well as the challenges posed.

Has your region discussed where NA does not exist in your region? ..... Yes

Please describe how your region handled the challenges of the pandemic? **When our state shut everything down, our Zonal forum immediately had zoom meetings and training available. Most of our groups began meeting virtually. Everyone was very conscious of keeping everyone safe. The closure here was very temporary. We were soon back to meeting regularly by the end of the year (2020).**

What other subject generated the most interest and discussion in your region this cycle?

**When we posed this question to our Area's... our responses were as follows:**

**Policy updates in our area.**

**The SPAD was an exciting topic of conversation. Also, as we came back from the pandemic, our meetings exploded in numbers. We have at least two meetings per week that regularly see attendance of around 100 people or more. Our small meetings are about 40 or 50. This caused some growing pains with trying to be good stewards of our meeting facilities.**

**How to handle a lockdown it were forced to go virtual again.**

**NA Funds**

**new SPAD book approval and using in meetings a lot now. using the new revised white book**

What additional information would you like to share with other conference participants?

 Do any of your areas use CBDM to reach decisions? ..... **Yes**  
 Comments about how that works:

**When we first introduced CBDM in 2017, we decided that consensus can only be reached when a motion carries a 100% support, and if someone has a profound grievance, then the motion doesn't pass or has to be adapted as such, that the person with a grievance no longer blocks the consensus. Due to lack of practicality, we now are discussing if a motion may pass when there is an 80% support, but a decision on this has not be taken yet in the RSC, although some Areas do have this system.**

**not a whole lot**

Does your region or its areas have any shared services with other service bodies?

**Yes All public facing services are shared with the Northern NJ Region: Website, PR/PI, Meeting Directory and Helpline. Shared Services meets 4 x per year and includes from both regions: V-Chair, Treasurer in addition to the regional chairperson of each of the above sub-cmte's**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Technology advances: Our RSC is now hybrid. Many if not most of the sub-cmte meetings are solely virtually. A few of our ASC's never returned to in-person. Our Service Forum held at the convention had virtual presenters. Regional CAR workshops are now hybrid.**

**Interesting counter-point is the new process of using QR codes to scan to access our website meeting database is being pushed back on, especially by the professionals. H&I is also being constantly asked for printed meeting directories, so we have just recently returned to printing meeting directories.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**We hosted a professional panel at our convention location with representatives from the Dept of Corrections, a rep from the State Atty General office and a mental health professional trainer that works for the state. NJ encouraged other regions in our zone to attend the multi-day Middle Atlantic States Correctional Association Conference that involves 7 states - both NY and CT participated with NJ (we had 10-notice. With longer lead-time, we would've gotten more regions involved. Several areas are doing alot of PI presentations to public schools. Lots of poster drives. PI & H&I are collaborating for a Health Fair hosted by the Federal Prison in Fort Dix NJ for the incarcerated. We are bringing Basic Text's. Our transportation program with NJ Transit has recently ended, we are analyzing results. We paid for 16-weeks of posters in buses, trains and platforms on the busiest line. We used a special QR code so any scans from the posters can be identified as coming from the program. PI is presenting both nationally and internationally to discuss their collaboration with H&I. We hope to anniversary TY our program where we send an introductory lit package sent to ALL drug court judges and counselors state-wide. NJRSC mostly covers the cost of this program. Another new workgroup is creating a document regarding our language to educate the treatment professionals since they tend to assume they understand how we address addiction has more similarities to their approach than they think.**

Please describe how your region handled the challenges of the pandemic?

What other subject generated the most interest and discussion in your region this cycle?

**BIG topic is DRT/MAT, still. Came up REPEATEDLY at our professional panel by all our invited guests since how we deal with medically-assisted treatment vs how the treatment industry handles it still presents a conflict, as well as the advancing disconnect with our language since they no longer use the terms "addict" and "addiction". What are we doing as a fellowship to address this? I'm advised it is not smart to expect an IP any time soon, so we leave our groups and our trusted servants scrambling... which I believe is a big reason WHY the CAR motion passed because we do NOT have directives on the nuances of this subject.**

What additional information would you like to share with other conference participants?

Is there anything in particular you want to discuss at the conference?

**LITERATURE decisions! the confusion created by the survey vs the CAR motions at the member-level is vast. As a fellowship we need to make it CLEAR how the membership will make our literature decisions. The feedback during the workshops was intense. Constantly asked WHY they need to prioritize literature projects that have already passed in a CAR motion vs the myriad of other options. and we had NO real answer to the question as to whether the already CAR-motion-passed projects will ever come to fruition if they dont rise to the top of the survey. If we are not going to honor the WSC vote on a CAR motion to create a new piece of literature, we need to OWN it, admit it and advise clearly defined next steps. If the survey can supersede a passed CAR motion, WB should submit a CAR motion asking the fellowship's agreement to make these decisions via the survey. and since individuals AND groups can vote on the world website in addition to the regional consciences, HOW will these votes be weighted IF they conflict?? we owe our members straight answers and clear direction.**

 Comments about how that works:

**Regarding decision-making in the Regional Service Committee, the board that is elected every two years makes decisions to carry out administrative procedures and matters before the country's regulatory entities in order to streamline processes. However, the areas make decisions through the GSRs, considering that the GSRs consulted their group conscience and the same conscience is presented during the meetings of the areas.**

Are fellowship development (FD) or outreach efforts provided within your region?

**Yes. Through the project “Carrying the Message” we have a workgroup; our periodical UNITY & SERVICE; our pamphlet brochure “Group Strong Choice”, which will have some format changing to be posted on na.org and extend this experience to other Portuguese speaking communities. All services delivered in the last cycle cost the Nordeste region BRL 10,589, with all six states which are part of the RSC contributing. The committee budget for the cycle which finishes in August was BRL 20,000. It is worth pointing out that the majority of this resource was invested in FD/Extension. To help with the project development, we created two virtual meetings open to the general public that also helped to identify places where there are no NA meetings.**

Describe what kind of planning your region and/or its areas utilize.

**We utilize regional planning between the RSC and the ASCs with a defined meeting calendar and budget for the cycle. Despite the pandemic, our virtual meetings kept sending money to the region. We have plans for this year to make an unified forum between the Brazil and Nordeste regions. This plan also includes our regional convention which happens every two years. Our ASCs plan events, service forums and workshops.**

Does your region or its areas have any shared services with other service bodies?

**Yes Local Service Forum between the Outreach Committees of Brazil 10 Region and Cajuina ASC of the Nordeste Region. Unified Convention of Brazil and Nordeste Regions. If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Yes, because of the pandemic COVID-19, we improved virtual services between our areas and the Nordeste Region. We are specialized in long distance development, due to our geographical, cultural and socio-economic characteristics. Each area structure has a WhatsApp or Telegram group to improve communication. The Nordeste Region has a WhatsApp group for effective communication. Furthermore, the Region has two virtual**

rooms on the Zoom platform to assist all parts of its structure on doing service. Some ASCs have virtual rooms to assist distant groups. Nordeste Region has great experience with virtual services. All Regional meetings are hybrid since November 2021.

Three workshops CAR and CAT (2020) were made in the Zoom and we had all ASCs of the Region. In 2022 we had only one workshop because there were just a few motions.

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

Helpline outreach services for each ASC performed by loudspeaker cars with audio media. Wall painting with our Helpline number; Placing posters on buses, which during the PR week we did a great job with in this regard; Collage of stickers with the Helpline number inside urban trains; mannequins in bus stations, shops and community centers, with bags of leaflets with our Helplines, to preserve personal anonymity during the pandemic; sticker collage in restrooms at bus stations, health centers and subway stations. Interviews on radio and TV programs. Distribution of pamphlets on public roads at traffic lights. 30-second radio spot with helpline information.

Has your region hosted CAR workshops?

Yes As we are a geographically very large Region, at WSC 2020 we held, as mentioned above, three CAR and CAT Workshops through the Zoom tool, with an average of 55 participants for each event. We highlight the participation of all the ASCs in the Region, which we believe is a result of the virtual format. In 2022 we held only one workshop because we had few motions with 28 participants. And at this WSC, we will also be doing 3 Workshops. The first will be on 02/11/2023; 02/25/2023 and 03/11/2023

Which method does your community use to reach a conscience on the CAR?

Tally-one vote per Area

Does your region discuss the parts of the CAR not related to motions?

Yes We start with the introductory matters of the CAR and then move on to the motions. In addition, we have developed two workshops: Attracting Members to Service and Effectively Carrying the Message.

Does your region engage in gathering a conscience for CAT material? .....Yes To help with the translation, we used our Literature Translation committee, which made the voting process much easier. And then we were given a translated CAT Power Point to use in our studies.

## **Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **We did a lot of virtual events, unified with other Regions and ASCs. We learned how to do virtual H&I panels as well as virtual PR panels. We had 87 virtual meetings in the Nordeste Region alone. We developed the Taking the Message Project for places where there are no NA Groups and for the reopening of groups that closed during the Pandemic and were having difficulties opening.**

**We developed a very accurate map of meetings in the Northeast Region. Many trainings and workshops were developed as a whole.**

What other subject generated the most interest and discussion in your region this cycle?

**Virtual Meetings and SPAD. We had a discussion about increasing the cycle from two to three years. To this day, we continue with the SPAD translation project.**

What additional information would you like to share with other conference participants?

**Yes. After the event between RSC Brasil and RSC Nordeste that was the Unified Convention, we decided to create a special service event together again. And so we created the First Unified Brazil Northeast Service Forum. The motion was sent to both Regions for a vote, and both Regions approved it.**

**On August 8, 2022, we created a Working Group to start the project of the First Unified Forum of Services in Nordeste Brazil. This event will be the first in Brazil between two regions.**

**The event will take place from the 18th to the 20th of August 2023. In Natal, so far, we have 130 registrations. The goal is 250 attendees, but perhaps we will reach 300 members of the Brazilian community. Some people call it the Service Convention. The name of the theme is Surrender, Commitment and Gratitude. The event will be open to the public, family members and education, health and public safety professionals.**

**The city of Natal is in the state of Rio Grande do Norte. This decision to be in Natal was taken because the city is located in the middle of the Nordeste Region of NA.**

**ALL ARE WELCOME!**

Is there anything in particular you want to discuss at the conference?

**The translation of the CAT has become a frequent issue at every WSC, the Regions that do not dominate the English language, we Brazilians pay a translator so that we do not delay in debating the matters contained therein**

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes We have a Standing FD subcommittee which, per-pandemic, hosted a service workshop after each RSC which was chosen by the area hosting that RSC based on that local area's greatest need. More recently, the FD subcommittee took on the project of transitioning the region and our member areas to BMLT (meeting list) and YAP (phone line). It followed that project by co-hosting the Northeastern States Service Symposium (NESSNA) with the New England Region and the Western NY region. This was a**

What kind of training and mentoring efforts take place in your region and/or its areas?

**Our FD subcommittee hosts service workshops after RSCs and more recently hosted NESSSNA, which was primarily an effort to train and mentor local members.**

Describe what kind of planning your region and/or its areas utilize.

**Nothing specific. We budget for administrative expenses, FD expenses and delegate travel. We also planned and budgeted for NESSSNA (2 members per area for hotel and travel expenses).**

Does your region or its areas have any shared services with other service bodies?

**Yes Our regional phonenumber and meeting list are shared among member areas (BMLT and YAP). Our region shares a BMLT root server with the New England region. The two Maine areas share a website and phone line. Our region collaborated with the New England Region and Western NY region to plan and execute NESSSNA.**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Our region transitioned to YAP and BMLT. All our RSCs and service workshops are offered as hybrid.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

**A six-months bus campaign was held in Nashua where six buses which ran throughout the city had NA posters hung inside of them for six weeks. Two years ago years ago we had a digital sign campaign where a digital NA advertisements were put up at a busy intersection. We attend PR recovery rallies for table sittings, we do poster hangings and we are currently looking at our budget to decide what the next project will be. We are in discussion to get digital literature into state and federal institutions. We have literature racks in healthcare facilities and other public places stocked up with IPs and meeting list. We give PR presentations to facilities that request them. We wrote jails/prisons to see if they wanted zoom meetings.**

Does your region engage in gathering a conscience for CAT material? ..... **No**

**Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? **The transition to zoom meetings at the onset of the pandemic was ubiquitous or well handled. We followed state masking, social distancing and contact tracing mandates. In some cases we were slow to act: meetings shut down and we didn't know how to update the meeting information or communicate to members and the public. Some groups were hesitant to meet on zoom, and chose instead to meet outside. Newcomer outreach suffered during the pandemic, except for newcomers who were directed to meetings from rehabs. Other newcomers had trouble finding meetings. Some home groups struggled. Region as a whole did well. ASC and RSC had some experience with zoom before the pandemic which was helpful in the transition.**

What other subject generated the most interest and discussion in your region this cycle?

**The Spiritual Principle a Day book. Whether people on DRT/MAT are considered clean, can collect keytags, take service positions. Increase in insurance premiums. Fund flow to NAWS and the NEZF.  Comments about how that works:

**At RSC we use CBDM for all votings except elections. Consensus means that all the voting participants vote for yes or all except one, where one is voting abstain. Some areas also use CBDM for things other than elections and (in some cases) financial decisions. The systems vary - strict 100% consensus, 75% as consensus and sometimes 2/3 are required for voting. They follow decision-making guidelines from international diagram.**

### Service Delivery & Best Practices

Are fellowship development (FD) or outreach efforts provided within your region?

**Yes Regional FD committee's work is mainly focused on workshops. They do workshops during conventions and online, ex. for Sponsorship or Service Day. Outreach efforts are mainly performed locally. Area FD committees reach out to new groups and to the groups that state (for example during Area Service Conference) they need support.**

Has your region discussed where NA does not exist in your region? ..... **No**

What kind of training and mentoring efforts take place in your region and/or its areas?

**Last year we had translation workshop for present/future LTC members, done online and recorded. There are various training activities performed within particular committees.**

**One of the biggest training events is regional Group's Assembly. It is an event held mainly for GSRs (their attendance is funded by their groups or by Region in case of new groups that need funding). There are all kinds of workshops provided (depending on the event's topic) along with member shares and informational meetings and materials. In 2021 it was held online. In 2022 we focused on safety in NA - for example we had very successful predatory behavior workshop. In 2023 we did workshops regarding NA as a whole. We had EDM PR committee representative doing workshop, we held CAR workshop with good attendance, FIPT and copywrite workshop, finance workshops and few other. In the past we usually invited our sponsoring region, Sweden, to do the workshop as well and we may do it again in the future. Throughout the years they've been of great help to our Region, mentoring us and helping.**

**Areas are also periodically holding local workshops for members.**

Describe what kind of planning your region and/or its areas utilize.

**We plan budget on regional and area level. We plan conventions. Recently our members translated Planning Basics tool (we are now in proces of revision) to help in organizing conventions. We plan each year for the region, taking into account regional meetings with its committees, EDMs, WSCs, Regional Service Conferences, Regional Convention, Group's Assembly and special NA days.**

Does your region or its areas have any shared services with other service bodies? ..... **No**

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**We had recently created new regional website, with the function that allows service members (area delegates, regional servants) to create live and online events.**

**We had great success in establishing safe online meetings, including Discord meetings - a group holds a meeting on Discord channel every day in the morning (with attendance reaching as much as 87 members!) - it is easy to create different chat, voice and informational channels on Discord so it is very useful in keeping all the information in place for service members.**

Please describe the different types of public relations efforts (PR/PI) carried out in your region.

Currently we have a problem with finding Coordinator and/or Vice Coorrinator for PI committee (we don't have PR committee) so all the efforts are done by areas and PI subcommittees dedicated to particular evens, for example Poland Rock Festival subcommittee or mutli-fellowship event in Licheń.

As for areas, an example is performing presentations/shares at medical university for students and professionals.

Has your region hosted CAR workshops?

Yes We had one workshop during Group's Assembly. Around 70-80 members attended. The materials from workshop including CAR, workshop detailed presentation, audio recording of the workshop, service structure diagram, key translated revisions from FIPT, short voting guidelines, Google Form for voting and a link to literature survey (in Polish) were provided to the groups through official mailing list (via area delegates) and put on our website.

Which method does your community use to reach a conscience on the CAR?

Tally-one vote per Area

Does your region discuss the parts of the CAR not related to motions? ..... No

Does your region engage in gathering a conscience for CAT material? ..... No

**Innovations and Challenges**

---

Please describe how your region handled the challenges of the pandemic? Our Online Area doubled the number of meetings and switched from Skype to paid Zoom account. The Discord group also appeared which held meetings every day in the morning which was of great support during lockdown and is still very popular until today. We held conferences online as well as events such as Group's Assembly. We have provided groups with information from World Services regarding live meetings and there were some local efforts to keep the members safe.

What other subject generated the most interest and discussion in your region this cycle?

Online meetings, predatory behaviour, live meetings during pandemic, translation efforts

What additional information would you like to share with other conference participants?

We are very grateful to be a part of WSC. Our region's awareness of it's place in NA and resources we can use, such as zonal resources is growing. We face challenges, such as impact of inflation that is very high in Poland but despite this the Fellowship in Poland is growing - new groups are created, many of them outside of Poland, conventions have such a big attendance we have hard time to find suitable place to host them. There is

**new area, Western Europe (Polish groups) that may decide to join us in the future - for now we are happy that there are addicts out there that can hear the message in our own language.**

Sierra Sage Regional Report  
WSC  
2023

Greetings from the Sierra Sage Region.

The fellowship is back to functioning as it was, prior to the pandemic, with in person meetings at all the areas. There continues to be an online presence as there are members who feel more comfortable with the online setting for the recovery meetings. The regional Outreach Coordinator and the regionally hosted online meeting are working together to create and foster a fully self-supporting online area.

The region had a very successful convention this last November that brought unity to the region. This has taken some time and convention committee has committed to working with the regional service bodies to continue to foster unity. Elections for the current cycle of the convention was held and all positions on the body are filled, with representatives from 4 of the 6 areas. The new body is fully committed to making the convention a truly inclusive regional event. The RSO board has been asked by the convention committee to help during the convention and to participate throughout the convention cycles. The RSO now has three members that actively attend the convention meetings, to offer help or support should it be asked. The convention committee chooses two members from the board, that they feel they are comfortable with, and the RSO/RSC rotates a third member to participate in the meetings. The members that are attending from the service bodies, carry no votes, and offer only support and suggestions. The last convention was very successful financially.

Another positive outcome from this last convention cycle, was the start of a strategic planning session. What started as a meeting to identify some issues that existed between the convention committee and the regional service bodies, has now become a monthly meeting that is held. The meeting is conducted once a month online and is open to all members that wish to attend. Topics or issues are brought up by those who are attending, and an open forum is held. Some of the topics are regional, while others cover group issues. There are no titles or positions at this meeting, it is only to offer a venue to talk about finding solutions.

With the financial success of the convention, the RSO board made its largest contribution to NAWS at their last meeting. Also, a decision to invest in more equipment, that will be used for all the regional meetings and events was made. As is customary, the RSO will purchase literature and donate to all the areas, based off the needs of each individual area.

The Sierra Sage Region will be starting to form a committee that will be focused on the WSLD and hosting it in 2025. The members will be working closely with Steering committee and seeking input/advise from regions that had experience with hosting this event.

The region is still struggling to fill the H&I and PR positions at the RSC, but the RSO body is fully represented by all 6 of the areas.

Our region is in the process of upgrading our website to a private rather than shared site. This should solve most of our "speed" issues and make for a much more user friendly experience. We are also joining the full BMLT. Although we had a very forward-thinking webmaster and used this system for

several years, we were not part of the full WSZF. Our areas use several different providers for their phonelines, and this new system should enable everyone to use the same number and system. More will be revealed.

We are looking forward to attending the conference and are working on gathering information for all motions.

In Loving Service

Sierra Sage Regional Delegate Team.

**Related with car and cat and the translation for the all the delegate and for the literature**

What additional information would you like to share with other conference participants?

**Our regions Our achievement since last meeting was after 2 years we have done our physical regional meeting which was not able to conduct by COVID 19, all the area from SOSONA region was participated, we have done a PR meet which the Doctor, Police, law was present on that PR meet, we have conduct the Indian Regional Convention IRCNA XI. Participant member was around 1001, now after pandemic now we are able to conduct the FD on loner areas. Some areas have started the women's meeting both physical and virtual. We host the APF 3 CONVENTION at darjeeling which was around 956 participants.**

Is there anything in particular you want to discuss at the conference?

- a. After the pandemic in person NA meeting attendance are very less, and it's shifted on online Virtual meeting on some areas. Effecting on 7TH traditions .
- b. Lack of service person we are not able to conduct a PR & H&I meeting at jails and institutions, and on home groups and ASC which the service positions are still vacant, by caring the message lots of old timer and new comers are not coming to meetings. We have started facing a new issue in our region that few areas are having internal dispute/dividing issues so region forming their new ASC/Groups.
- c. We were facing the literature supply from NAWS we are not able to get the full consignment, with that the area was suffering, slowly the problem is solving right now, troubling in LTC as we are the only region with highest number of languages, and we have that discuss about the printing of literature on our own regions which we have lots of vendors to print the literature we will provide the vendors details which you can directly talk with them for printings .
- d. Our regions are also growing we are wondering that if the NAWS can supports us to host the world convention on our regions which we have the lot of numbers of 203 Groups with 325 Meeting per week. with Approximately 15,780 members many members with clean time/service experience members approximately including all the Area's in the Region. We have a good places to host the Convention and it will be very low costing to host the events ,the contain is that lot of middle east, Asian countries can participate it will be GREAT help for the new Comers and to those members whose dreams to attend WCNA .hope on future we are waiting.

Are fellowship development (FD) or outreach efforts provided within your region?  
**Yes The efforts in our Region could best be described as workgroups since we do not, as of yet, have a standing fellowship development subcommittee.**  
**We generally use a team approach for FD and/or outreach efforts. Typically the Region admin committee (Region Chair and/or Co-Chair, the RD team, Region PR and H&I subcommittee chairpersons, literature review chairperson, current and/or future Regional Convention committee members,) work with the pertinent Area Admin team**

and subcommittee chairs. We meet in the Area asking for or needing help. Frequently we have participation from nearby Areas and/or Areas who want to help. We will hold workshops on fellowship development including (but not limited to): starting NA meetings; how we can better support existing meetings; holding PR for professionals panels in the vicinity; and exploring H&I possibilities in the vicinity. It is an observation in our Region and in each Area that we should always provide food because if you bring food they will come.

Does your region or its areas have any shared services with other service bodies?

Yes We actively participate in the Southern Zonal Forum and the proposed Multi-Zone meetings.

If you have had any particular successes with utilizing technology in new ways within your region and/or areas, please share them.

**Our Region policy has been amended to make all RSC meetings and Region Assembly meetings hybrid.**

**Some of the Areas hold their ASC meetings hybrid, and at least two ASC meetings are virtual.**

**Several Area H&I committees and the Region H&I committee continue exploring providing tablets to prisoners inside and outside of our Region, and patients in long term care facilities. We believe this will allow increased participation with H&I panels, and may also aid in the effort to help those who can't get out to regular meetings to also find sponsors and work steps while in the institution(s)**

**The Region PR chair has created QR codes for each Area website, and distributes stamps of those codes to each interested Area so that the H&I / PR literature has the QR code stamped on it.**

**The current Region PR committee chair works cooperatively with each Area PR committee to increase frequency and effectiveness of those efforts. At the Region Convention, and at most of the Area Conventions the Region PR chair sets up the booth/display and works with other members to keep that booth ready at all times to answer questions, provide literature, and discuss other options that might be possible. The Region PR chair has created QR codes for each Area website, and distributes stamps of those codes to each interested Area so that the H&I / PR literature has the QR code stamped on it. The Region IT chairperson also helps any interested Area to provide that QR code on the Area websites.**

**One Area has printed their Area QR code on post-it notes and this is becoming the new "Poster Day" effort. Members take a pad of the QR codes and stick them up in public areas. (One of the more interesting places is on the inside of the door of toilet stalls.) I am going to take this space to explain the answer to the next question. Texas has 5 Regions. There is one convention that proclaims itself the "Texas State Convention," but past performance indicates that it is not state wide. Our PR committees will cross into other Regions, or Area events in other Regions and participate at that level, but there is no such thing as a Statewide conference in Texas.**

Has your region hosted CAR workshops?

**Yes We have a Region Assembly in March. Attendance varies. The last couple of Region Assemblies have been hybrid and that seemed to improve attendance.**

**The RD team this year has been requested to host CAR/CAT workshops in 3 Areas and to participate in at least one other CAR/CAT workshop being put on by a 4th Area in the Region.**

Which method does your community use to reach a conscience on the CAR?

**Other tally - please describe below Each GSR and each RCM have a vote. We collect votes in-person at the Region Assembly, and we collect votes virtually on the Region Website.**

**The RD team tallies the votes and determines if CBDM consensus is reached, or not. Where consensus from the participants exists we carry the group conscience of the Region.**

**Where no clear consensus is present we generally go with whatever the "strong support" indicates.**

**On motions with no clear direction we talk with each other and decide how best to serve our Region.**

Does your region discuss the parts of the CAR not related to motions?

**Yes By request only. If a member asks then we provide information that we have. If there is no request, then no such discussion takes place.**

Does your region engage in gathering a conscience for CAT material? .....**Yes The CAT motion tally sheet is presented. Discussion as requested by participants for clarification and understanding.**

## Innovations and Challenges

---

Please describe how your region handled the challenges of the pandemic? **We handled the challenges of the pandemic virtually.**

**We had as much in-person participation as was allowed by institutions given the circumstances and requirements of the institution, and the government mandates that were in place.**

**Initially all H&I meetings were closed, but eventually virtual meetings were organized to replace the in--person panels and to continue to carry the message of recovery to the addicts who could not get out to regularly scheduled meetings..**

**Since no "scientific study" was possible, an observation made by comparing old meeting schedules archived by Areas and each subsequent meeting schedule provided by each Area since the beginning of the pandemic indicates that meeting attendance dropped by about 30% across the Region. (Some Areas were more drastically affected, and others less so.)**

**When presented at the RSC no Area disputed the findings of the observation. If anything the Areas thought that the devastation wrought by the pandemic was actually worse. When this casual observation was presented at the Southern Zonal Forum many if not all of the participating Regions indicated that they had noticed similar effects within their Areas.**

**Recently generated meeting schedules indicate that the Areas and the Region are bouncing back from the pandemic and starting to grow again, but we have not quite fully returned to the pre-pandemic status.**

What other subject generated the most interest and discussion in your region this cycle?

**Mentorship.**

**Fellowship development.**

**How do we get more addicts interested in being of service to their respective Groups, Areas, and the Region.**

**Literature review and development.**

**DRT/MAT discussions.**

**Other workshops on topics requested by Areas or Groups.**

**We learned how to conduct hybrid meetings of our RSC, online events and Service Assembly (learning days).**

What other subject generated the most interest and discussion in your region this cycle?

**Printing the literature by the region and inside the region.**

**First reason that brought this discussion on the surface was suggestion of the literature committee chair to rise the price in order to go closer to be a self-supportive.**

**Second reason were shortages in delivery cause the beginning of the war.**

What additional information would you like to share with other conference participants?

**Hardships related to the war in wich our region stuck is very difficult and tough.**

**We were forced to close some meetings, to adapt to curfew and war laws, many members go to serve to the army and some unfortunately died.**

**However, NA is such a great Fellowship which can handle any situations and recovery addicts are the people who recover no matter what.**

**So, we adopted to current circumstances very fast, we did many services online thanks the experience of pandemic it wasn't difficult.**

**Then we came back to in person meetings, in person service trips, in person assemblies (learning days).**

**Also our last update even showed that we are growing no matter what.**

**Even the war is the worst thing in the world - WE DO RECOVER!!!**

Please describe how your region handled the challenges of the pandemic? **In our country strictly pandemic restrictions were short time. During restriction we transferred meeting to virtual format. Some of groups remains at online and form new groups added to existing areas. Some of this online groups gone to virtual region Transit. One of problem was losing clean time of our servants and members.**

What other subject generated the most interest and discussion in your region this cycle?

**How to increase 7th tradition because our 7th tradition donations from area decrease. We inform about NA service and importance of money with various workshops with samples of detailed reports from different reports, photo of events. Constantly require explanation why our literature not free.**

**Negative interest from government political security officer in one area due to absence of a legal entity at area. Officer pushed to servants in private contact that absence of a legal entity not allow distribution of literature at area territory, ask legal documents of fellowship and etc. We contacted with him through qualified PR member and involve Russian-Speaking Zonal Forum legal entity. And using experience of PR presentation. After some time interest has disappeared.**

**Creating of regional legal entity to secure our treasury in process of purchasing literature and other financial transaction. Usually we using private debit card of members with common opportunity in Russia of fast money transaction. In this case we could face with risk that servants being placed under suspicion of illegal money transaction.**

**Separating of several areas in new region.**

**Risk of problem with government in light of political situation due to connection of fellowship with WSO. Also in Russia government create new law about prohibit propaganda of LGBT. We afraid that our literature could be recognized as material with propaganda of LGBT.**

**Stealing of 7th tradition by regional treasurer.**

But we continue to offer help whenever this is requested.**

Which method does your community use to reach a conscience on the CAR?

**Other tally - please describe below We generally do one vote per area, but as we are collecting the votes, we are mindful of the number of members who are in attendance and the questions that come up during any discussions.**

**The RD team is also given discretion if necessary.**

Does your region discuss the parts of the CAR not related to motions?

**Yes We do our best to talk about all parts of the CAR when members are interested and have questions. Again, the PowerPoints have been quite useful.**

Does your region engage in gathering a conscience for CAT material? .....**Yes As time allows, we discuss the CAT with members who are interested and if needed we will discuss the CAT at the March Region.**

**Innovations and Challenges**

Please describe how your region handled the challenges of the pandemic? **We met virtually for the first 2 years and then expanded to a hybrid solution, for some of the regional meetings.**

**We meet 6 times per year, and we did our best to continue to do business as usual during the pandemic.**

**Our web team was able to keep everyone informed of the changes in meeting types and locations by using the BMLT and ensuring that members understood how to update the meeting lists.**

**Our RD team continued to give updates and sent out email notifications when changes were happening.**

**Our regional also began to use the SLACK application to share information between cycles. We formed an email list to ensure that all members of our service body could stay in touch between cycles.**

What other subject generated the most interest and discussion in your region this cycle?

**We discussed how to ensure that we were able to get an accurate treasurer report when our treasurer became ill suddenly. As of recently, we have this problem solved, but it**

**did cause some discussions that were necessary and allowed us to make responsible and transparent changes.**

What additional information would you like to share with other conference participants?

**Welcome to the WSC. Don't forget to breath, and remember we all have passion and love for NA.**

Is there anything in particular you want to discuss at the conference?

**Women's literature.**

**Future of the WSC workgroup.**

**How to complete a project plan**

**How to stay in touch with delegates between cycles.**

**how to collaborate with other regions for service solutions and motion writing**
