OFSAA Executive Director's Message

The formation of sport schools, sport academies and schools offering preparatory “prep” programs is on the rise in Ontario. On the surface, these programs are offered under the premise that student-athletes and families are looking to combine sport skill development in conjunction with academics. Promises of exposure to post secondary athletic opportunities have enticed students to transfer to

high schools offering these programs, but at what cost to the student-athletes and high schools involved?

At the core of OFSAA and school sport philosophy is student participation. Many studies have proven that students who are involved in co-curricular activities during high school have improved community representation, fitness, improved academics, social relationships, and leadership skills; just to name a few. Currently there are approximately 200,000 student-athletes and over 20,000 volunteer coaches participating in high school sport each year in Ontario. The majority of whom share stories of enjoyment, self-improvement, and lifelong personal development.

In recent years, member associations of OFSAA have adopted regulations to address the impact of prep programs in the province and to serve student-athletes who do not participate on prep teams or programs. The goal- to level the playing field and provide fair competition within school sport across the province.

There are some who will claim that the quality of skill at OFSAA championships and festivals has diminished yet others will argue that the growth of prep programs has given students- who may not have had that opportunity in the past- the opportunity to participate.

The question remains, what does the future hold? Within the United States and Canada many state and provincial high school athletic associations are dealing with this same issue, at an increasing rate, and with varying results. Some have drawn a clear line in the sand and do not allow high school programs to compete against prep programs during the school year, while others are finding ways, through policy, for the two to coexist.

In the January 2023 edition of the OFSAA Bulletin, OFSAA president Carolyn Chesney, addressed a new OFSAA five-year strategic plan. A new forward-thinking mission statement has evolved for the plan which reads: **“To enrich all individuals in the school community by providing opportunities for overall health, personal growth, and education through school sport.”**

As OFSAA continues to address the rise of prep programs, it is crucial as an organization to keep in mind the impact they have on student-athletes, coaches, and the schools we serve. OFSAA will continue to explore avenues and opportunities that will lead to increased participation for the entire school community.

If you would like to share your thoughts on this subject, please feel free to contact me at shamus@ofsaa.on.ca.

OFSAA Regional Events Gaining In Popularity!

OFSAA launched the Regional Events program earlier in the school year to increase and enhance opportunities for participation in 2022-23.

Year to date, we have now approved nine Regional Events, which include cheerleading, spikeball, ringette, rugby 7s, and arm wrestling.

On March 24, the arm-wrestling event was held in Hawkesbury Ontario and saw more than 150 students participating in this OFSAA Regional Event at École secondaire catholique régionale de Hawkesbury.

On April 6, Glendale High School hosted the inaugural Gemini Classic Ringette Tournament at the Tillsonburg Community Center. The event had 140 participants from seven schools in attendance.

Four cheerleading regional events were held across the province in Thunder Bay, Toronto, Gananoque, and Welland.

Thank you to the following participating host schools:

- Notre Dame College School (South) SOSSA
- Michael Power St. Joseph High School (Metro) TDCAA
- Gananoque Secondary School (East) LGSSAA
- St. Ignatius High School (North) SSSAA

More information and the application form can be found on our website. Successful applications are awarded a \$500 honorarium from OFSAA to assist with event expenses.

The philosophy behind Regional Events:

- Priority on participation, not competition
- Provide student leadership opportunities.
- Target students who are not currently participating in athletics at the school
- Event which introduces a new activity or one currently popular in the region
- No eligibility requirements (ex. Transfers)

The OFSAA Experience

Submitted By The Marathon Falcons

If you want to know how big Ontario is, just ask the Marathon High School Falcons. The Falcons became the first girls' team from Marathon in 33 years to qualify for the OFSAA volleyball championship by traveling to the NWOSSA Championships in Rainy River in February. The drive to Rainy River runs 720 km west of Marathon and ends at a community nestled beautifully beside the Manitoba/Minnesota border. The Falcons prevailed at NWOSSA and this victory left the Falcons 1900 km from Welland, ON and the OFSAA finals. It is no exaggeration to say that our volleyball team traveled the length of Ontario and between two time zones in order to live out our OFSAA experience.

It's true that Ontario is a huge province and Marathon often feels a long way from everything. Our hometown of 3000 people is at the top of Lake Superior in the middle of the boreal forest- an hour from the nearest town and three hours from the nearest city. In lots of ways, we are remote and the Covid shutdowns made us feel even more isolated. This isolation made our team's dream of making OFSAA even more important to us- not only was it a chance to prove we could play- it was a chance to get away!

Aside from geography, the Falcons also had history against us. No team from Marathon has been to an OFSAA volleyball championship in 33 years. This year's team decided in grade 9 that we were going to change that fact. As a group we committed ourselves to working hard and building our skills. When the Covid shutdowns came we got creative, playing in an abandoned yard beside our local church and rigging up a net in our old community hall which we lovingly called our

'hobo net'. It wasn't always pretty, but we were a team with a dream!

With all this in mind, you can imagine how excited we were when we qualified for OFSAA. We were even more excited when the community rallied behind us and raised the \$20,000 it was going to cost to rent a bus and drive down to Welland. There is no coach bus service to or from Marathon and for most of us it was the first time taking a team bus. We rolled out of Marathon in the pitch black

at 5am along the shores of Lake Superior and watched (or slept) until we drove out of the Canadian Shield and into the urban sprawl of southern Ontario. After 15 hours we were approaching Welland and most of our players were now as far south as they had ever been.

Our OFSAA experience would not have been as wonderful as it was without the hospitality of Ecole secondaire catholique Saint-Jean-de-Brebeuf. From the moment we stepped off the bus, the conveners and vendors took the time to welcome us and make sure that we felt at home. The conveners, Jason and Glen, made sure to talk with our players and make them feel comfortable. Jason also got us to the vendors at the school. It is a bit embarrassing, but the Falcons probably broke the all-time record for OFSAA merchandise purchased at one event! The hoodies and shirts are an important part of the experience and our whole team still wears our merch with pride.

After the Covid shutdowns of the last few years, it was also a new experience to get dressed up and attend the OFSAA banquet. The formality of the banquet really brought home the unique opportunity of an OFSAA championship. The venue in Welland was awesome and our team enjoyed getting to sit with other teams (thank you Woodstock HS!) and to dress up for the night.

One of our biggest challenges in playing at OFSAA was the venue. We have never played outside of a small gymnasium and when we walked into the Canada Games Centre for our first match, we were more than a little freaked out. The formality of a pre-game national anthem, the enormously high ceiling, and the space around the court were all new to us. When we moved to ECS St-Jean-de-Brebeuf there were also announcers! One of the great souvenirs from our trip is the chance to hear our team talked about on the school broadcast. The other thing that was new was the quality of the other teams! It was amazing to share the court with teams as talented as those at OFSAA. We did not win many matches (only one!) but we played our best and really got to see what it takes to succeed at the next level.

We played our last game on Tuesday evening and lost 3-0 despite playing our best. It is funny how sports isn't always

about wins and losses. For many of our seniors, this was the last competitive volleyball game they were ever going to play. On the scoreboard we had lost our last game, but as we gathered our things and thanked the organizers, each of us knew that we had won more than we had lost. Our team did something remarkable and we had learned that hard work can lead to some pretty amazing places. OFSAA provided a space for a little team from Northwestern Ontario to compete at a provincial level. Our hosts at ECS St.-Jean-de-Brebeuf had made us feel welcome and treated us like professional athletes. Our school community had made us feel loved and supported. When our players look back on their high school experience, they are sure to think of this OFSAA trip first.

When asked to reflect on our OFSAA experience, our team was quick to acknowledge all the support it takes for small, remote schools to attend. The Falcons would not have been in Welland without the fundraising of our parents, the time put in by our coaches, and the support of our school community. But none of that would have mattered if OFSAA did not provide an opportunity for athletes to come together and celebrate. There are undoubtedly schools who go to OFSAA almost every year and it might not seem like a big deal to them. Maybe the Falcons are a reminder that OFSAA remains a dream and goal for many teams. It had been 33 years since the Falcons traveled to OFSAA- after such an amazing experience we don't plan on waiting that long again!

A Try Day grant has led to an amazing opportunity for equity and inclusion for high school students in Ottawa and the surrounding areas.

Pre-pandemic, John McCrae Secondary School applied for the Try Day grant to introduce wheelchair basketball to their physical education classes. They partnered with Emily Glossop of Abilities Centre Ottawa who runs an incredible para sport program and the classes learned about para sports and inclusivity, and got to try wheelchair basketball, a sport which they loved.

This led to the idea of creating a mixed ability wheelchair basketball tournament for high schools in Ottawa. Students with and without disabilities play together and compete for their high school team. All of the high schools playing in the tournament have had a para sport day with Abilities Centre Ottawa which included an education session on para sport and the opportunity to play wheelchair basketball.

Assisted by the athletic leadership class at John McCrae, the tournament was designed with the goals of fostering an environment of inclusivity in sport, reducing stigma and increasing awareness. Students with a disability participate on a team with their peers, leading to increased participation, confidence and inclusion beyond the tournament itself. This event heightened the other students' awareness about disability and the barriers their classmates with a disability face, reduced stigma, and fostered a community of inclusion within the school. Educators gained a better understanding of how they can offer variations to participation within their class curriculum to meet the needs of students with a disability. Coaches selected diverse and inclusive teams to compete in the tournament on behalf of their schools.

Carleton University has been an excellent partner and the

tournament takes place in their Ravens Nest gym. Last year the tournament had eight teams. This year it took place on May 3 and was expanded to include twelve teams with a school even traveling from Arnprior to join. All of the teams that participated in the tournament are getting free tickets to attend an International game at the Ravens Nest to watch Canada's Men's National Wheelchair Team take on the Netherlands team on May 18th.

The John McCrae leadership students partnered with Abilities Centre Ottawa, Wheelchair Basketball Canada, Ottawa Carleton Wheelchair Sports Association and the NCSSAA to make this successful tournament come to life.

OFSAA Boys' & Girls' Curling Championships

North Bay

March 22 - 25, 2023

Curling came back to OFSAA after a three-year absence. Dan and Sara Coutu, along with their committee from West Ferris Secondary School in North Bay, ran an excellent championship at the Granite Curling Club in North Bay and the Sturgeon Falls Curling

Club. Eighteen girls' teams and eighteen boys' teams took to the ice over four days showing off some fantastic shot making ability.

The Leadership in School Sport Award was presented to Kareena Lindsay from É.S.C. Élisabeth Bruyère by Tim Lowe. The Team Sportsmanship Award winners were Assumption HS for the Girls and Fort Francis for the Boys.

The boy's curling team from École secondaire catholique Pierre-Savard (NCSSAA) captured the gold medal. In the school's 12-year history, the win marked the school's first ever OFSAA team championship in any sport. The team also captured the city championship by going undefeated in its NCSSAA season before heading to OFSAA where they won seven of eight matches. The team defeated Georgetown District High School in the final.

Congratulations to teacher-coaches Kilda Butler, Annie Lafleur, and to students Sean Blythe, Wade O'Reilly, Justin Anderson and Hannah Robert!

Full marks are extended to the gold medal-winning girls' entry from St. Patrick High School (NWOSSAA) from Thunder Bay!

Congratulations to team members Sienna Desilets, Rylie Paul, Rhys Pearson, Raili Tyrvaïnen and to teacher-coaches Kim Bevilacqua, Mike Desilets and Julie Beach. Well done!

OFSAA Boys' A/AA Hockey Championship

St. Catharines

March 21 – 23, 2023

The 2023 OFSAA Boys' A/AA Hockey Championship was held in the Garden City of St. Catharines, under the direction of Billy McLaren of Denis Morris Catholic High School and his hard-working committee. The event was held at the Seymour-Hanna Complex and featured many excellent games.

The banquet was held on Tuesday, March 21st at the Holiday Inn and Suites Conference Centre and was attended by all participants. Guest speaker Jared Maidens spoke about how involvement in school sports is key to overcoming adversity. His remarks spoke to many in the audience and undoubtedly will help the young student-athletes in the future.

Albert Venneri of Denis Morris - a long-time teacher-coach at the school who has been involved in school sports throughout his career - was honoured with the Leadership in School Sport

Award. Humble, as always, Albert quipped that his streak is alive at not being drafted into the NHL!

Following round-robin play, the eight teams advancing to the quarterfinals played some terrific, close games. The Semi-Finals were both thrillers and both games went into overtime. This was foreshadowing for the gold medal game later in the day. In the bronze medal game, Regiopolis- Notre Dame (EOSSAA) defeated Paris District (CWOSSA) by a 3-1 score.

This all set up what many are calling the greatest comeback in the history of OFSAA hockey. Down 4-0 with 5:40 left in the third, St. Michael dug deeper than ever before and roared back, scoring four straight goals to send the game into extra time! St. Michael continued the drama by securing the overtime victory, 5-4!

In addition to the gold medal win, the OFSAA Team Sportsmanship Award was presented to St. Michael Catholic Secondary School.

OFSAA Boys' and Girls' AAA Hockey Championships

Windsor

March 21 – 23, 2023

The 2023 Boys' and Girls' AAA Hockey Championships were held for the first since time 2019 due to the COVID shutdown. With that in mind, we had a very exciting return to action, with some terrific hockey being played throughout the championship.

The Leadership in School Sport Awards were given to two long-time WECSAA/ SWOSSAA teacher-coaches. Beth McCabe of St. Anne's was recognized for her commitment and dedication to school sports. She has coached numerous sports throughout her career and has provided excellent leadership in a variety of roles. The male recipient was another long-time teacher-coach, Andy

Kiss, also of St. Anne's. Andy has been a hugely positive influence to many young athletes in his teaching and coaching career.

The banquet was held at the Giovanni Cabota Club. Over 700 student-athletes and coaches enjoyed a wonderful meal, and great company and were privileged to listen to the guest speaker- former Windsor Spitfire, Windsor native, and practicing Immunologist, Dr. Derek Lenoue. Derek's message was that of lessons learned from participation in school sports, citing his experience as a hockey player on the Windsor Spitfires Memorial Cup team in 2010, as well as his challenges as a student-athlete while a university and medical school student. We were fortunate to be able to hear such a great message!

The Team Sportsmanship Awards were given to Brother Andre in the Boys' Division and St. Peter Secondary School for the Girls' Division.

BOYS' RESULTS

Steve Burke of St. Anne Catholic High School in Belle River led a terrific committee who took on the challenge of both the girls and boys hockey events. This was a huge undertaking and the organizing committee had the support of the Greater Windsor community to bring this tournament to fruition.

The bronze medal was captured by Mother Teresa (WOSSAA) with a hard-fought 4-2 win over St. Peter (COSSA).

This set up a battle between the top-two seeds going into the final and it was Brother Andre (YRAA) with a dominant performance defeating Brooklin (LOSSA) by a 6-2 score.

OFSAA Alpine Skiing Championship

Collingwood

February 27 - 28, 2023

The 2023 OFSAA Alpine Ski Championship was held February 27- 28 at Osler Bluff Ski Hill in Collingwood. After a three-year hiatus due to COVID, and coming on the heels of one of the more challenging winter seasons ever, it was a championship event that was very well run and highly competitive.

The OFSAA Leadership in Sport Award winners were Jamie Inglis from St. Andrews College in Aurora and Jeannine MacIssac of Waterdown District High School. Both of these dedicated teacher-coaches were very deserving of recognition of their long-time dedication to school sport and contributions in their respective associations- CISAA and SOSSA.

The banquet was held at Georgian Peaks and all students, teacher-coaches and volunteers who attended were treated to a wonderful meal and great camaraderie throughout the evening.

Under the leadership of Jane Audet and her committee of experienced teacher-coaches from CISAA, the event saw over 320 skiers from 14 OFSAA member associations.

OFSAA Nordic Skiing Championship

Lakefield

February 23 – 24, 2023

The 2023 Nordic Skiing Championship returned after a two-year hiatus and was hosted by Lakefield College School (CISAA). Convenors Adam Ross and Todd Harris, along with their organizing committee, put on an incredible event that resulted in an amazing experience for all participants. The fantastic facilities at Lakefield allowed for challenging trails and great viewing areas for spectators.

Lack of snow was an issue across the province leading up to the event which meant multiple contingency plans were put in place to ensure the event went off successfully. Thanks to the help of “mother nature” and snowfall the night before the competition, it meant perfect racing conditions for our skiers.

Following the conclusion of races on day one, athletes and coaches attended the championship banquet. Festivities began with guest speaker, and former two-time OFSAA Nordic champion, Alexander Maycock sharing his experience and the lessons learned as a high school and college athlete. Following the award presentations, the Leadership in School Sport Award was presented to convenor Todd Harris for his outstanding work within the sport, which includes serving as Chair of the Nordic Sport Advisory Committee.

Congratulations to all skiers, and once again, we would like to thank Adam and Todd for their leadership and commitment in hosting a memorable championship.

OFSAA Swimming Championship

Windsor

February 28 - March 1, 2023

After a two-year absence from the OFSAA Championship Calendar due to COVID, the 2022-23 OFSAA Swimming Championship returned with a splash! Almost 2350 student-athletes representing 300 high schools from each of OFSAA's 18 member associations came to the Windsor

Ohio Swimming Officials Association High School Invitational in Cincinnati hosts 2,450 swimmers.

As in past years, live streaming has been critical in bringing the event to individuals who could not otherwise attend the championship. This year there were a total of 6918 viewer sign-ins equalling a total of 39,350 viewing sessions. This allowed people from 52 countries to watch student-athletes compete.

International Aquatic and Training Centre to participate in this year's event that was hosted by SWOSSAA.

At the pre-championship Coaches Meeting, the OFSAA Leadership in School Sport Award was presented to long-time teacher-coach and meet manager Ben Balkwill. The amount of work and effort that went into pre-meet organization was far greater than previous years because of the inability to use the time standard qualification method. Clearly Ben's love for swimming and his commitment to getting things exactly right reflects his dedication and he is a most deserving recipient of this prestigious award. Congratulations and thank you, Ben!

Convenor Danielle Parent and her incredible committee did a fantastic job hosting the event, in large part because of the number of well-organized student volunteers and community swimming officials who helped over the two days. To put it into perspective, this annual swimming championship is believed to be the second-largest in the world. The Annual Southwest

OFSAA Wrestling Championship

Ottawa

March 7 – 8, 2023

OFSAA Wrestling returned after an extended absence due to the pandemic. Convenors Guy MacDougall and Jason Kirby hosted an outstanding championship at TD Place in Ottawa. Seven hundred and fifty athletes from across the province competed in 34 weight classes, including the five new weight classes in the girls' category to even the number of events for boys and girls. Many hard-fought matches showed the spirit and sportsmanship

involved in an OFSAA Wrestling Championship.

Some of the highlights included: Leadership in School Sport Awards to Tara Feeney from Trenton High School and Scott Pepper from Smiths' Falls District Collegiate Institute; a fabulous performance from Elberlyn Gerritson-Hill; and an historic picture (see above) on International Women's Day with many of the female coaches and officials present at the championship!

Congratulations to all the winners particularly the girls' team from Bishop Ryan, the boys' team from Great Lakes, and in a very close finish, the overall team champions from Fletcher's Meadow Secondary School (ROPSSAA).
