

Requests for Records under SC Freedom of Information Act

The South Carolina Office of the Inspector General (SIG) complies with all requirements of the SC Freedom of Information Act (FOIA) found in SC Code of Laws §30-4-10 et seq. Under FOIA, the SIG has 10 business days (or 20 business days for requests for records over two years old) to inform the requestor of the availability of non-exempt publically available documents specific to the request and to arrange a mutually suitable date and time for document review and/or provide publically available documents.

The SIG follows the definitions, procedures, and exemptions listed in the FOIA statutes. In addition, there may be other state and federal restrictions applicable to the records requested from the SIG. The SIG abides by all laws and regulations protective of certain information.

When making a request for publically available documents, please state that the document(s) is (are) requested under provisions of the SC Freedom of Information Act. Be as specific as possible about the information requested.
