

Ebook Central™

Millions of Ebooks. One Platform.

The Right Content – Delivered to the Right Users – at the Right Time

Ebook Central is an all-in-one ebook platform for research, discovery, selection, acquisition and administration for libraries. It brings content from an unparalleled selection of publishers into one unified experience giving students, faculty and researchers seamless and immediate access to the ebooks they need.

And librarians also benefit from LibCentral, the administrative module where they can manage their entire Ebook Central acquisition program and produce reports to help understand what's working and what isn't – and make on-the-fly changes to accommodate budget as well as student and faculty needs.

An Overview

- **The most complete collection:** Provide the content your users need in one complete platform. With more than 2.2 million ebooks* from 1,300+ leading publishers covering all academic disciplines, researchers have access to everything they need in one place.
- **Flexibility and value:** Whether your library is on the path to ownership, access or mixture of both, we have solutions to support your unique needs. Mix-and-match from a variety of classic and innovative acquisition models to prevent turnaways and stay within budget.
- **Ebook program support:** Customers have access to a wide range of ebook program management services including our Content & Workflow Strategy Consultants and technical services team.
- **Expert curation:** Explore expertly selected title lists and collections featuring the latest, most in-demand ebooks on trending topics.
- **Stress-free workflows:** Our workflow solutions were built by librarians for librarians and evolve with you to provide end-to-end support to meet your unique workflow challenges. Order Ebook Central titles from your preferred workflow whether that is LibCentral, OASIS, Rialto or others.
- **Books without boundaries:** 320,000+ digital rights management (DRM)-free ebooks on Ebook Central come without download, print, copy or sharing restrictions.
- **The industry's best user experience:** In a peer-reviewed study published in Evidence Based Library and Information Practice, Ebook Central was voted students' platform of choice** and easiest to use***.

**As of April 2023; territory restrictions may apply.*

Robust Ebook Program Management

Mix and match acquisition models

Librarians are using multiple ebook acquisition models. Regardless of your library's size or budget, you need a wealth of options to bring in the content you need, and to ensure you never pay for the content you don't. Ebook Central offers a variety of models — available in any combination — to meet your collection-building and budget needs. You can choose any combination of:

- **Firm Order:** Select from 2.2M Ebook Central ebooks to purchase outright using flexible ways to buy such as 1-User, 3-User, Non-Linear (NL) and Unlimited Access (UA).
- **Subscription:** Multi-disciplinary ebook subscriptions at an affordable price that support curricula, graduation rate trends and emerging courses.
- **Demand-Driven Acquisition (DDA):** Let usage be your guide. Ebook Central offers conventional DDA, short-term loan (STL) to expand your collection with no commitment to purchase, or Access-To-Own (ATO) to apply spend on access toward ownership
- **Evidence-Based Acquisition (EBA):** Blend usage-based decision making with unlimited access to inform perpetual purchases. Choose from Pub direct EBA on Rialto or our Publisher EBA on Ebook Central.

Apply the Power of the ProQuest Family of Products

Integrate Ebook Central into your full collection development workflow by using **Rialto** and **OASIS**. You can select and acquire ebook titles in the same system as print titles, providing a more complete view of orders and budget expenditures.

In addition to Ebook Central content, librarians can purchase from a variety of Publisher Direct Platforms through Rialto and OASIS, eliminating the time-consuming task of purchasing directly from multiple publisher and aggregator sites.

A partner that supports you every step of the way

When you design your collection with ProQuest, a team of librarians and product experts will help you get access to the content, workflow and support that your librarians and patrons deserve. Whether you're adjusting your approval plans or have technical issues that need to be addressed immediately, the team at ProQuest is here to help you make rapid, accurate and data-driven decisions.

We can help you make sure the right content is delivered to the right users – at the right time. Want to learn more? Contact your **Content and Workflow Strategy Consultant** today.

- Access vetted, multidisciplinary titles and DRM-free content*
- Discover whole books or chapters in Primo and Summon

*where available

Consistent Productive Research

One unified experience with Ebook Central

Multiple platforms means students are often subjected to varying and inconsistent experiences. Tools like note taking and highlighting, for example, are available on one platform, but may not be available on another. The result is that students can become frustrated, especially at the lost time. Users will enjoy Ebook Central's modern design, which provides the same experience every time, allowing them to focus their time and energy on learning.

Ebook Central usability features intuitive functionality and minimizes restrictions to content

- Instantly access the widest collection of scholarly ebooks spanning all academic disciplines
- Discover, evaluate, and access titles easily and efficiently with intuitive search and user-centered design
- Get hundreds of thousands of chapters or full books DRM-free – no special hardware or e-reader required
- Highlight, cite, take notes and annotate directly in each book

Accessibility

Ebook Central is aligned with your institution's priority to provide a broad range of access to all users, with features like simple design, descriptions on the page, keyboard navigation browser magnification and more. Ebook Central meets international standards and complies with:

- **Section 508 of the US Rehabilitation Act**
- **Web Content Accessibility Guidelines 2.1**

Users can highlight passages as well as make annotations to them

The book detail page provides chapter-level downloads, indicates content that is fully DRM-free, recommends similar titles, and more*

*For Academic Complete subscribers

Meeting the Needs to Faculty and Students

Faculty count on Ebook Central

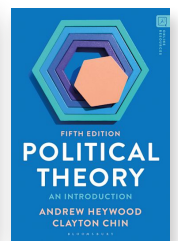

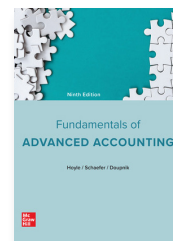

With Ebook Central, faculty can have the confidence their students are using authoritative, reliable and vetted titles matched to today's enrollment, curriculum and graduation trends. ProQuest partners with leading publishers from around the world to bring diverse content into universities, community colleges and other institutions.

With Ebook Central, faculty can:

- **Seamlessly access millions of titles** – anytime, anywhere, from any device – even directly through the institution's learning management system such as Canvas, Moodle and Blackboard
- **Explore content from around the world** that addresses curriculum and research trends
- **Instruct students** in proper bibliographic citation formats, building on the strength of the citation generator
- **Get access to eTextbooks** - exploring a universe of award-winning, cross-disciplinary content from renowned publishers including a robust collection of over 49,000 eTextbooks.
- **Explore books without boundaries** - Ebook Central offers more than 320,000+ DRM-Free ebooks (33,400+ titles in Academic Complete) and book chapters with unlimited download, print, copy and sharing capabilities.

Blackboard
LEARN™

Did you know?

Libraries can engage with faculty by offering no-cost course materials, which support student success initiatives across the institution with Ebook Central's **Open Access Complete**. Faculty and students gain access to more than 9,000 open access monographs from over 60 publishers including Walter de Gruyter, Springer, Open Book Publishers, and more!

Ebook Central Offers Unparalleled Choice in Content

Ensure your content is always timely and relevant with expert curation based on the latest data and trends from a universe of award-winning, cross-disciplinary content from renowned publishers – including essential trade publications, textbooks, popular academic imprints and unique university presses.

230,000+

New titles added in 2022

In 2022 alone, Ebook Central added over 230,000 new titles and in 2023 we have already added over 48,000 titles from a variety of publishers, including Faber & Faber, Facts On File, HarperCollins Publishers, Editorial Reverté, Editorial UOC, Québec Amérique, Duncker & Humblot and many more.

Content from Around the World

Libraries need a reliable and easy access to non-English, multidisciplinary content from a variety of publishers to meet the needs of their faculty and students. ProQuest's extensive catalogue of over 2.2 million ebooks in over 50 languages gives selectors access to a universe of award-winning, cross-disciplinary content. In addition, the Ebook Central interface can be translated into 10 languages and offers tens of thousands of non-English language.

Content available to academic libraries includes*:

- 255,000+ German titles
- 91,000+ Spanish titles
- 67,000+ French titles
- 35,000+ Portuguese titles
- 20,000+ Arabic titles
- 16,000+ Chinese titles
- 6,000+ Italian titles
- 5,000+ Japanese titles
- 2,500+ Dutch titles
- 40+ additional languages

Curated Ebook Collections and Curated Topics

ProQuest curates relevant and timely topic lists to supplement curriculum. We're constantly reviewing our collections and adding new titles to support evolving trends. Ensure your content is always timely and relevant with expert curation based on the latest data and trends from a universe of award-winning, cross-disciplinary content from renowned publishers.

Explore **Curated Topics** - focused, expertly selected title lists featuring the latest front-list books on trending topics. New lists include Entrepreneurship 2023, ADHD & Executive Functioning, Doody's Special Topics, Addiction and Mental Health Counseling.

Explore **Curated Collections** - comprehensive, expertly curated collections based on usage trends on key research topics like Mental Health, Sustainability, Supply Chains and Migration Studies (*coming soon!*)
