Go Fly a Kite in Paradise (For a Third Off the Price)!

Kubu's beautifully-appointed villas blend traditional Balinese design with contemporary elegance, each with a large private swimming pool set in vibrant, tropical gardens. Honeymooners and couples will love the tropical romance of the one-bedroom villas, while our two and three-bedroom villas provide ample space for families and larger groups.

This stunning enclave combines the privacy of luxury pool villas with the convenience of full hotel services, including The Oasis Restaurant, Spa Venus and our renowned Kubu Koncierge™, who starts tailoring your experience on booking.

For families, our concierges will ensure each child has their own kite-making kit and pool toys waiting in their villas, and can then organise anything from nannies, pool fences, elephant rides or water slides.

The concierge team especially love pampering honeymooners and can

pre-prepare villas with your favourite flowers, food and drinks, while the room service team from the on-site Oasis Restaurant & Bar could ensure you never have to leave your villa.

The estate is just minutes from Seminyak's very best stretch of beach, swept pristinely clean each morning and home to some of Bali's most fashionable restaurants, bars and boutiques. There's a regular shuttle by luxury 4WD or free bicycles for the more energetic.

Notes to Editors: Villa Kubu Boutique Hotel & Spa

Villa Kubu is boutique all-villa hotel situated in the centre of Seminyak, Bali, one kilometre from the Seminyak Beach. With the convenience of the on-site Spa Venus, The Oasis Restaurant & Bar and the Kubu Koncierge™, all guests experience luxury hotel services.

Villa Kubu was designed and created by Dee Mytton, an Australian with European roots and an intimate knowledge of Asian style. Her vision for Kubu, meaning 'home away from home' was to create each villa as a sanctuary from the daily grind, to holiday without a care in the world.

Each of the 17 beautiful villas has a unique design and character, private pool, lush tropical gardens and custom furnishings. They range from romantic one-bedroom havens, to spacious two and three bedroom holiday retreats and interconnecting villas of up to four bedrooms for larger groups.

Ponds brim with lotus flowers, stone statues peep out from leafy foliage, and exotic tropical blooms fill private walled gardens with vibrant splashes of colour. Cream-coloured walls are accented with teak wood pillars, touches of ornate carvings and gracefully arched doorways; while richly textured soft furnishings, hand-crafted Jenggala ceramics and contemporary Balinese artwork add artisanal flavour.

The Villa Kubu Experience includes:

- 1. Private swimming pool with lush gardens**
- 2. Indoor and outdoor living areas**
- 3. Room service and in-villa dining with butler service**
