The Layar Designer Villas, Seminyak - Bali.

Palm Trees, Coconut water, Nasi-Goreng and Warm tropical weather is the only cure to a cold Melbourne Winter, So it was an easy decision to take up the offer from The Layar Villas to head up to Bali to stay a few nights with them.

Run by the team at Elite Havens, The Layar is nothing short of amazing. We stayed in the one bedroom villas complete with a private pool, outdoor shower and bathtub and enjoyed some in villa dining provided by their front facing restaurant, Settimo Cielo.

Located in Seminyak, the culturally bubbling suburb just north of popular (and tourists heavy) areas of Kuta and Legian, this villa provides a great location for people looking to explore both the typical tourist activities associated with Bali as well as close access to the neighbouring suburb of Canggu that hosts boutiques, resorts and artist spaces and a heap of nature based spaces to explore.

Take a look at our journey below, and if you're looking to book a get-away don't forget to hit up the team at The Layar here to find a spot or villa that suits you.
