Seaside Space

Keeping the family happy and entertained is a breeze at **Grand Cliff Nusa Dua**. Spanning three levels, this contemporary seaside property features a private pool, two living rooms, indoor and outdoor dining, a games room, home theatre, poolside spa and relaxation pavilion.

The five-bedroom villa is well-equipped for families – including high chairs, car seats, baby cots and games – and comes fully staffed, with a private chef and a driver. Big and little kids will enjoy watching movies in the theatre and playing games on the Playstation 4. There's also a karaoke machine, board games and billiard table to keep everyone content.

Away from the villa, little ones will enjoy a trip to Pirates Bay at Nusa Dua, with its pirate ship, treehouses and hanging bridges. Older kids could try Surf & Turf, a trendy beach club that houses the first FlowRider in Bali. You could also head to Tanjung Benoa for watersports, and end the day at Jimbaran beach for a seafood dinner as the sun sets.

Rural Retreat

Surrounded by rice terraces and greenery, **Kaba Kaba Estate** in Bali's Tabanan regency (north of Canggu) is an expansive eight-bedroom villa with a main pool, two plunge pools and a pool specially for little ones. Kids will also love their own special bunk-bed room. Besides a living room, a dining pavilion that seats 18, a library and media room, there's also a swanky rooftop bar ideal for entertaining.

Prefer a more relaxing holiday vibe? The dedicated spa has two massage tables, a spa bath and private garden. Or, head to the tennis court and croquet lawn for a quick game, or hop on one of the bikes (including two children's bikes) and explore the surrounding villages.

Besides enjoying the pools, spa and games in the villa, you can also arrange for Balinese dance lessons and yoga sessions, or make a trip to visit sacred Pura Tanah Lot, an ancient Hindu temple perched on a cliff.

Villa Vacay

Sohamsa Ocean Estate boasts two stunning cliff-side villas that offer loads of space for the whole family. Located about half an hour from Bali's airport, the five-bedroom Villa Soham and four-bedroom Villa Hamsa share a dedicated team of 10 staff who'll be at your beck and call so you won't need to lift a finger!

The villas feature private pools and spacious living and dining areas, and both are well-equipped with mod-cons – think Wi-Fi, game consoles, Sonos sound systems and more. Villa Soham even has its own gym and massage room with a steam room and sauna to boot. Special items for families such as high chairs, cots and pool toys can be arranged.

You can also rent a seven-seater car for up to eight hours a day to explore the area – go shopping at Nusa Dua's Bali Collection, enjoy a day out at Pandawa Beach, or pay a visit to famous Uluwatu temple.

A GRAND BALINESE INDULGENCE

Imagine staying in one of Bali's finest destination villas, where every room is blessed with a jaw-dropping view of the Indian Ocean...

Allow us to introduce Grand Cliff Nusa Dua, a new and spectacular five-bedroom property carved into the southernmost cliffs of Bali's Bukit Peninsula. Covering three levels, this villa is characterised by contemporary architecture, comfortable furnishings and the full gamut of relaxation and recreation facilities, including a 16-metre cliff-edge swimming pool. Sleek indoor and outdoor living and dining areas provide a collection of zones to chill, engage or play; beds are incredibly comfortable, while a relaxation pavilion, the partially shaded pool terrace, balconies and daybeds all offer quiet corners to curl up with a book or to enjoy a massage. In this secluded bubble of bliss, you can turn your family holiday dream into a reality far away from the madding crowds and the traffic-filled streets.

Here, you can spend your days lazing beside the pool and being waited upon by a lovely team of obliging and endearing staff, including a manager, personal butlers and a topnotch chef. You will surely appreciate the pampering diversion of a luscious body-scrub or a massage to the rhythm of the waves in the villa's spa. Your competitive nature may be enticed by the possibility of a billiard tournament in the games room, or the opportunity to show off your singing voice with a karaoke contest in the home theatre, after which you can relax with a cocktail at sunset on the bar-terrace, or an epic movie on the 65-inch screen.

With all of these facilities, you may have no real desire to venture out. However, if you do wish to go sightseeing, shopping, play golf or participate in watersports, the lively tourist enclave of Nusa Dua is a mere 5-kilometre-drive courtesy of the villa's comfortable 6-seater car and driver.

Perfect for family and friends, what's not to love?

For an equally indulgent stay, you might also consider the villa's sister property, Grand Cliff Ungasan.
