Sandy

It's time to book that flight to Bali but rather than staying on the mainland, venture over to the neighbouring island of Nusa Lembongan.

This is everything you imagine a small tropical island to be and more: turquoise waters, white sandy beaches, incredible marine life, stunning sunsets, traditional ceremonies and friendly locals combined with an altogether slower pace of life.

If you really want to unwind, this island is the place to be and on Nusa Lembongan, it's got to be Sandy Bay.

It started with a small beach club and has now grown to a bigger beach club - the iconic Sandy Bay Beach Club. Ocean front sun loungers around the infinity edge pool, oversized daybeds, alfresco dining, live music and Saturday DJ sessions, fabulous cocktails, ice cold beers and an extensive wine list not to forget a great choice of food from 8am right through until dinner. Sandy Bay even has its own ice creamery.

Popular with families and groups as well as couples, The Beach Club welcomes everyone.

Should you tire of ocean gazing (and it's a really spectacular ocean setting so this is unlikely), you can wander up to The

Bay

NUSA LEMBONGAN

Boutique which stocks a fabulous range of resort wear, sunnies, bags, hats, gifts and more but their top seller has to be the Pitch & Gum resin home-wares. Don't leave the island without buying at least one piece. You will be the envy of your neighbours back home!

If you fancy a little bit of pampering (or even a lot) then look no further than The Spa - delectable treatments ranging from body scrubs to a fantastic range of massages - mani/pedis to keep those extremities looking just tip top, spray tan, salon services and more.

As for accommodation, you are spoilt for choice. First up is The Beach Shack - a spectacular 3 bedroom absolute beach front property which you will never want to leave. Fully staffed with an ocean front infinity pool, this spacious property has so many different relaxation areas you may just spend your day flitting from sofa to daybed to sun-lounger to the ocean front gazebo. Ideal for groups of friends or families, you can even book it selfishly just for you and your partner. "Room service" is available from the next door beach club so there really is no need to leave!

And then there are The Garden Shacks. Six individual shacks - fully equipped with everything you need for a delightful holiday, these form the heart of the Sandy Bay boutique hotel.

Everything seems to have been thought of in the en-suite bedrooms from high-end luxury toiletries to divinely comfortable beds (twin or double option) with top linen, premium tea and coffee making facilities and not to forget delightful touches of those Pitch & Gum home-wares. You won't want to leave here either.

Children over 12 are welcome and The Café & Bar are open to the public as is The Spa. The Spa is located next to The Garden Shacks and The Sunset Lounge is a popular spot to enjoy the great views in a peaceful setting whether it be for breakfast or that sundowner.

Offering boules/bocchi, board games, it's own pool area and delicious breakfasts, this is the place to stay if you don't want to splash out on The Beach Shack but still want to be in heart of Sandy Bay.

Should you be feeling adventurous, the lovely staff are always happy to help make your stay exceptional and they can book diving, snorkeling, tours etc for you during your stay. And to make it even easier, they can organise a pick up for you from the airport or your Bali accommodation direct to Sandy Bay.

Couldn't be easier than that. So book that flight to Bali and shack up at Sandy Bay!
