NoKu Beach House Exceptional Beachfront House

NoKu Beach House is a glittering star of exclusive beachfront in Seminyak, Bali. It is a holiday home where you don't need to leave the premises to have a good time. Designed by the award-winning and internationally acclaimed fashion and interior designer Alex Zabotto-Bentley, the beachfront residence is one of 300 Elite Havens' properties dubbed the most scenic destinations in Asia. The residence comprises six sumptuous bedrooms, five-star facilities, a spectacular sunset view and a solid team of 25 professional staff. It is also a gourmet getaway with a private chef, who prepares customised meals including the floating breakfast in the pool.

NoKu Beach House has been hand-picked to be featured in a top Netflix reality series, "The World's Most Amazing Vacation Rentals". The show premiered on 18 June 2021 and is available for viewing to 208 million subscribers across 190 countries. The show hosts have explored and lived in some of the dreamiest properties ever built, yet one of them, Jo Franco, felt that NoKu's raised oceanfront deck is one of the coolest rooftop bars in Seminyak and that she was transported to a different place.

You don't need to worry about the quality of stay in Noku Beach House because it is hand-picked and exclusively managed and marketed by Asia's market leader in high-end holiday rentals, Elite Havens Luxury Villa Rentals and Management. [®]
