

Elite Seminyak Stay

Elite's villa on view is definitely worth a look for your short or long break.

Villa Ramadewa is the epitome of contemporary tropical living. Within its intelligently blended traditional Balinese and cosmopolitan interiors, museum-quality antiques sit comfortably with modern art installations. Heritage artefacts coexist with an astonishing array of high-tech gadgets – iPods in every room, centralised Bose sound system, Apple TV and an iMac among them.

There's a vaulted living pavilion, dining bale suspended over the 17-metre pool, three glamorous bedroom suites, home study, and gym. Ramadewa will appeal to design-conscious vacationers seeking an uber-chic, fully staffed villa in a stand-out Seminyak location, moments from La Lucciola, Ku De Ta and Petitenget Beach.
