

## Villa Mandalay

***Waking up in the morning to the sweep of terraced rice paddies down to the Indian Ocean one can be sure that their holiday at Villa Mandalay will be so much more than average.***

Here at Villa Mandalay, Balinese-style pavilions have been arranged in a U-shape configuration around the attractive central point of a 25-meter rectangular swimming pool. The villa features 2 master bedrooms that flank the main living and dining areas. Each bedroom has its own large bathroom with separate his and her vanities as well as an oversize terrazzo bathtub. There are also 4 guest bedrooms located around the swimming pool with direct access to the pool's wooden deck. A smaller studio bedroom is situated next to the sauna just off from the lower garden that overlooks a six-tee 'pitch and putt' golf course.

Careful thought has been put into the design detail of Villa Mandalay to ensure a relaxing and comfortable stay for guests. The open-air dining area is regaled by a lovely tropical garden and is a great place to enjoy breakfasts, sunset cocktails and candlelight dinners. Spa treatments can be had in the comfort of the villa or at the garden bale (pavilion) upon request. An in-house private chef is on hand to prepare and serve a mouth-watering selection of Asian and western dishes.

A 7-seater car with driver at a special daily rate is available for excursions to galleries, Hindu temples, Bali's cultural hub of Ubud or the world class shopping and dining experience of Seminyak.

Villa Mandalay offers luxurious accommodation in a stunning location with friendly, attentive service and 5-star facilities. (Photo By Christopher Leggett)
