Re: Kern River Gas Transmission Company
Docket No. RP24-_____
KRF-1 Service Agreement Form - Exhibit A Revisions

Dear Acting Secretary Reese:

Pursuant to Part 154 of the regulations of the Federal Energy Regulatory Commission (Commission or FERC), Kern River Gas Transmission Company (Kern River) hereby tenders for filing and acceptance the following tariff sheet as part of its FERC Gas Tariff, Third Revised Volume No. 1 (Tariff), to be effective September 1, 2024:

Sheet No. 303, Version 7.0.0

Purpose

Kern River is submitting the revised tariff sheet listed above to provide for minor formatting changes to Exhibit A to the Form of Firm Transportation Service Agreement for Rate Schedule KRF-1 (TSA). The purpose of these formatting changes is to allow for more flexibility in displaying variable Demand Maximum Daily Quantities (DMDQ).

Summary of Revisions

The current Exhibit A does not allow Kern River to display differing quantities in Monthly DMDQ in a concise manner, at times resulting in a TSA with an extensive Exhibit A spanning numerous pages.

Ms. Debbie-Anne Reese, Acting Secretary

July 31, 2024

Page 2 of 3

Kern River is proposing for administrative ease to add an “if applicable, Monthly DMDQ, repeat as needed” column. Kern River will continue to use the Exhibit A option to display one DMDQ for each receipt and delivery point combination when a TSA provides for a uniform DMDQ over the term of the agreement. However, if a TSA provides for variable monthly DMDQ, the new “if applicable, Monthly DMDQ, repeat as needed” column will allow Kern River to insert a table to display variable monthly DMDQ. Appendix A to this filing provides examples to illustrate how Exhibit A will be used to display the DMDQ provided for by the TSA.

With the inclusion of the additional column for monthly DMDQ, Kern River is removing the “[if applicable, Receipt/Delivery Pressure]” column and footnote references. Kern River will retain the option for any receipt/delivery pressure provisions currently on Exhibit A of the TSA. The column format is simply being removed for pressures to accommodate the proposed change for monthly DMDQ.

The proposed formatting revisions are non-material items that will not impact customers, nor service on Kern River’s system.

Marked Version of Tariff Sheets

In accordance with Section 154.201 of the Commission’s regulations, a marked version of the proposed tariff sheet comparing the currently effective language with the proposed changes is attached.

Materials Submitted

This filing is comprised of an eTariff.xml filing package containing:

- this transmittal letter;
- the proposed tariff sheet in electronic format, with metadata attached;
- a clean copy of the tariff sheet for posting on the Commission’s eLibrary; and
- a marked copy of the tariff sheet.

Waivers and Effective Date

Kern River respectfully requests that the Commission grant waiver of Section 154.207 and any other waivers of its regulations that it may deem necessary to allow the revised tariff sheet to become effective September 1, 2024.

Ms. Debbie-Anne Reese, Acting Secretary
