DELAWARE DIVISION OF REVENUE FORM RTT-BPA

Form RTT-BPA implements an Act of the Delaware General Assembly, which provides a realty transfer tax (at a rate of 2% against amounts exceeding \$10,000) on the value at a cost of construction or alteration of, or addition to, buildings on property that was transferred to the grantee within one year prior to the issuance of the building permit for such construction, etc. In the case of alterations of, or additions to existing buildings, the tax applies only if the cost of the alteration or addition exceeds 50% of the value for realty transfer tax purposes, of the realty on which the construction etc., is to occur. No tax is imposed on construction when the conveyance of the realty was itself not subject to the realty transfer ACT.

The Act is effective for all contracts entered into after September 1, 1990, for which building permits or certificates of occupancy are sought after that date. The Act does not pertain to the application for a building permit by a builder or developer who acquires the realty with the intention of erecting improvements for resale.
